ALABAMA GREAT SOUTHERN RAILROAD CO.

(Controlled by Southern Railway Co.)

A corporation formed in 1877, being a reorganization of the Alabama & Chattanooga Railroad Co., which was foreclosed in that year. Road owned, Wauhatchie, Tenn., to Meridian, Miss., 201 miles; trackage, Attalla to Gadsden, Ala., 6 miles; Wauhatchie to Chattanooga, 5 miles; Woodstock to Blocton, Ala., 8 miles, total operated, 309 miles. Locomotives, 75; passenger cars, 43; freight cars, 6,253; service cars, 9.

The entire capital stock was owned by an English corporation, the Alabama Great Southern Railway Co., Limited. Control of this company was held by the Southern Railway Co. and the road operated as part of the Southern Railway system, but under its own organization. In 1906, the English company was wound up, its shares being exchanged for those of the American company.

In 1895 this company leased for fifty years the Belt Railway of Chattanooga and acquired all of its \$300,000 capital stock, guaranteeing sufficient revenue to the Belt Line to meet its fixed charges. See separate statement of that company.

In May, 1895, an agreement was made between the Cincinnati, Hamilton & Dayton Railway Co. and the Southern Railway Co., regarding control of this road. This company owns \$833,300 stock of the Southwestern Construction Co., which controls the Cincinnati, New Orleans & Texas Pacific Railway Co.

THE ATCHISON, TOPEKA & SANTA FE RAILWAY CO.

A corporation formed under the laws of Kansas, December 12, 1895. The company acquired the property of the Atchison, Topeka & Santa Fe Railroad sold under foreclosure December 10, 1895, and took possession January 1, 1896.

The original company was reorganized without foreclosure in 1889. Receivers were appointed in December, 1893, and a reorganization plan was issued in March, 1895. The plan is given in detail in the *MANUAL* for 1901.

This company's system of lines extends from Chicago via Kansas City to San Francisco and San Diego, Cal., with branches to Galveston, Tex., Denver, Col., and El Paso, Tex., besides local extensions in Kansas, Texas, California and other States.

Road operated, June 30, 1907, 9,350.28 miles, comprising the following, which includes leased lines and trackage:

	Miles		Miles
Atchison, Topeka & Santa Fe Ry.....	7,025.27	Eastern Railway of New Mexico Ry..	221.47
Gulf, Colorado & Santa Fe Railway....	1,490.81	Pecos & Northern Texas Ry.....	151.80
Rio Grande & El Paso Railroad....	20.17	Pecos River Railroad.....	54.27
Southern Kansas Railway of Texas...	129.17	Santa Fe, Prescott & Phoenix Ry.....	257.32

In addition, the company on June 30, 1907, had under construction, nearly completed, 488.43 miles of road. It also controls through stock or bond ownership 140.82 miles and is jointly interested in 540.93 miles.

The controlled companies include The Grand Canyon Railway, 66.45 miles; Kansas Southwestern Railway, 59.35 miles; Northwestern Pacific Railway, 404.17 miles, and Leavenworth & Topeka Railway, 44.66 miles.

The company owns the New Mexico & Arizona Railroad, 87.78 miles, and the Sonora Railway, 262.61 miles, which are operated by the Southern Pacific Co.

In 1903 this company, through a subsidiary organization, the Santa Fe Land Improvement Co., acquired control of the San Francisco & Northwestern Railway Co., Eureka, Cal., to Pepperwood, Cal., and Arcata, Cal., a total of 51.03 miles. In January, 1907, that property, the California Northwestern Railway Co., the San Francisco & North Pacific Railroad Co., the North Shore Railroad Co., and other companies were consolidated under the title of the Northwestern Pacific Railroad Co., the Atchison, Topeka & Santa Fe Railway Co., and the Southern Pacific Co., each owing one-half of the \$35,000,000 stock. See separate statement of the Northwestern Pacific Railroad Co.

In October, 1898, this company acquired control of the San Francisco & San Joaquin Valley Railroad, Stockton, Cal., to Bakersfield, Cal., 235 miles, and branch, 69 miles, and in 1899-1900 constructed an extension of 70 miles, from Stockton to Point Richmond, on San Francisco Bay. Also in 1899 acquired trackage over the Southern Pacific from Bakersfield, Cal., to Mojave, Cal., 68 miles. From Point Richmond to Market street, San Francisco, the company has a ferry, 7½ miles.

The Santa Fe Pacific, formerly the Atlantic & Pacific, Western Division, Isleta, N. M., to The Needles, Cal., 563 miles, was acquired and reorganized in 1897, being taken over by the Atchison, Topeka & Santa Fe Railway in 1902-03.

In November, 1899, the company acquired the Hutchinson & Southern Railway, Hutchinson, Kan., to Cross, O. T., 142 miles. In July, 1900, purchased control of the Gulf, Beaumont &

Kansas City and Gulf, Beaumont & Great Northern Railway, 77 miles. In January, 1901, a controlling interest in the Pecos Valley & Northeastern, 370 miles, was acquired. In November, 1903, control of the Cane Belt Railroad, 105 miles, was acquired. In 1905 the Arizona & Utah Railway, 25 miles, was also acquired, and a new company, known as the Western Arizona Railway, was formed to take over the property.

Locomotives, 1,791; passenger cars, 1,135; freight cars, 49,770; service cars, 221; floating equipment, 9.

The preferred stock is 5 per cent., non-cumulative. The unissued preferred stock, \$17,312,270, is held in special trusts for the acquisition of auxiliary lines and for improvements and extensions.

The authorized common stock was increased from \$102,000,000 to \$152,000,000 at a special meeting held January 24, 1905, in order to provide for the conversion of the \$50,000,000 of convertible bonds authorized at the same time. Another special meeting was held January 30, 1907, at which a further increase in the common to \$250,000,000 was authorized for the conversion of \$98,000,000 of similar bonds.

Transfer agencies, 5 Nassau street, New York; Boston Safe Deposit & Trust Co., Boston. Registrars, Guaranty Trust Co., New York; Old Colony Trust Co., Boston.

The first dividend on the preferred stock of the present company was declared in December, 1898. It was 1 per cent., payable January 26, 1899. Another dividend of $1\frac{1}{4}$ per cent. on the preferred was paid July 20, 1899, and a semi-annual dividend of $1\frac{1}{2}$ per cent. was declared payable February 1, 1900. A semi-annual dividend of $2\frac{1}{2}$ per cent. on the preferred was paid August 1, 1900, and another of the same amount February 1, 1901, thus putting the preferred on a 5 per cent. basis. The preferred dividends are now $2\frac{1}{2}$ per cent. semi-annual, February 1 and August 1.

The first dividend on the common stock was $1\frac{1}{2}$ per cent. semi-annual, paid June 18, 1901. On December 2, 1901, 2 per cent. semi-annual was paid on the common, and dividends of the same amount were subsequently paid until December 1, 1906, when the semi-annual rate was increased to $2\frac{1}{2}$ per cent. In June, 1907, it was again increased to 3 per cent., placing the common stock on a 6 per cent. dividend basis. The dividend periods for the common are semi-annual, June (1) and December.

Interest on all classes of bonds is paid at the company's office, 5 Nassau street, New York.

The 4 per cent. adjustment income bonds were non-cumulative until July 1, 1900, and cumulative thereafter. Interest on these bonds was payable November 1, out of net earnings of each fiscal year up to 4 per cent., the rate to be determined in October each year. In 1899 at request of holders of a large amount of these bonds an agreement was formulated, dated September 14, 1899, by which semi-annual payments, May and November, are made on bonds whose holders accept the agreement, the same being stamped on assenting bonds and semi-annual coupon sheets attached. A charge of 1 per cent. was at first made for such stamping, but the company in 1901 announced that holders of adjustment bonds could assent and have their bonds stamped without expense.

The serial debenture bonds were issued February 1, 1902, and fall due—\$2,500,000—on February 1 of each year from 1903 to 1914. They were issued to pay for properties acquired and to provide for improvements and additional equipment.

There were \$18,500,000 new general 4s reserved to retire old underlying bonds, guarantee fund notes and car trusts, \$20,000,000 to acquire certain auxiliary properties and \$30,000,000 for improvements at rate of \$3,000,000 a year.

The convertible mortgage 4 per cent. bonds were authorized in January, 1905, to provide for extensions, additional equipment, etc. The authorized issue is \$50,000,000. Trustee, Morton

Trust Co., New York. These bonds can be converted into common stock at the option of the holder on and after June 1, 1906, and prior to June 1, 1918. Stockholders of record February 25, 1905, received the right to subscribe at par for these bonds to the extent of 15 per cent. of their holding, subscriptions being payable, 25 per cent. between April 3 and April 8, 1905, 37½ per cent. on or before July 5, 1905, and 37½ per cent. on or before September 30, 1905. Bonds may be called at 110 and interest at any interest period, but without affecting the right of conversion while it exists. In February, 1906, the stockholders had the right to subscribe for \$17,296,000 additional of the convertible bonds. At a special meeting held January 30, 1907, additional of convertible bonds to the amount of \$98,000,000 were authorized, and an issue of \$30,000,000 10-year 5 per cent. bonds created thereunder. Of this amount \$16,113,000 was sold and \$9,943,000 subscribed at par by the stockholders in July, 1907, payable 30 per cent. on subscription; 35 per cent. between Jan. 5 and 10, 1908, and 35 per cent. between June 5 and 10, 1908, or in full at any of these dates. The bonds up to June 1, 1913, can be converted into common stock at par at the holder's option, and can be called at 110 on any interest day, but without affecting the right of conversion while it exists.

There were held in the treasury of the company June 30, 1907, \$7,018,800 estimated value of its own securities.

The general mortgage 4s and the adjustment mortgage 4s of this company are both issued in denominations of \$500 and \$1,000.

ATLANTA, BIRMINGHAM & ATLANTIC RAILROAD CO.

A corporation formed under the laws of Georgia, April 21, 1905, to build extension of the Atlantic & Birmingham Railway Co. to Birmingham, Ala., and Atlanta. In 1906 this company purchased the Atlantic & Birmingham Railway and a consolidation of the two roads became effective April 12, 1906. The Atlantic & Birmingham Railway Co. was formed under the laws of Georgia, December 3, 1903, and was a consolidation of the railroad company of the same title with the Tifton, Thomasville & Gulf Railway Co. and the Tifton & Northeastern Railroad Co. The old Atlantic & Birmingham Railroad Co. was formerly the Waycross Air Line Railroad Co. The Brunswick & Birmingham Railroad Co. was acquired and consolidated with it April 1, 1904. The company controls the Georgia Terminal Co., The Alabama Terminal Co., The Birmingham Coal & Iron Co. and The Brunswick Steamship Co. The latter has five steamers in operation between Brunswick, Ga. and New York.

Road owned, Brunswick to Wadley, Ga., 326 miles; Sessoms to Waycross, Ga., 26 miles; Fitzgerald to Thomasville, Ga., 81 miles; Talladega, Ala., to Ashland, Ala., 32 miles; branch, 33 miles; total, 498 miles. Under construction in latter part of 1907, extension to Birmingham, Ala., and to Atlanta, approximately 206 miles, making on completion a total mileage of 651 miles. Locomotives, 53; passenger cars, 65; freight cars, 2,709.

THE ATLANTIC COAST LINE CO.

A corporation formed under the laws of Connecticut, May 29, 1889. It owns a majority of the capital stock of the Atlantic Coast Line Railroad Co. See statement of the latter company below.

Stock.....Par \$100.....Authorized, \$30,000,000.....Issued, \$12,600,000

Certificates of indebtedness, 5 per cent. currency, irredeemable, June and Dec..... \$5,000,000

Certificates of indebtedness of 1900, 4 per cent., redeemable after 1920, Jan. and July. 5,000,000

Certificates of indebtedness of 1905, 4 per ct., due Jan., 1925, redeemable after Jan. 1910. 3,000,000

In 1903, \$500,000 of additional stock was sold to the stockholders at \$250 per share. On November 1, 1898, a stock dividend of 100 per cent. was declared and issued to stockholders of record at that date. In 1906 \$2,100,000 new stock was sold to the stockholders at par, payments for the same being made, 50 per cent. May 10, 1906 and 50 per cent. September 10, 1906, making the outstanding stock \$12,600,000.

The 5 per cent. certificates of indebtedness were authorized in 1897, \$6,000,000 in amount. The \$5,000,000 outstanding were issued to reduce the capital stock from \$10,000,000 to \$5,000,000.

The 4 per cent. certificates of indebtedness, of which \$7,500,000 are authorized, were created in 1900, and were distributed as a dividend to the stockholders in January, 1901. The dividend was 100 per cent., and included the \$7,500,000 of this company's 4 per cent. certificates and \$2,500,000 of Atlantic Coast Line Railroad Co.'s certificates held in this company's treasury. In 1901 the company purchased and retired \$2,500,000 of the 4 per cent. certificates. The certificates are redeemable at 105 after twenty years from the date of issue.

The 4 per cent. debenture certificates of indebtedness due January 1, 1925, are redeemable at par and interest at any interest date after January 1, 1910, the authorized issue being \$5,000,000. Interest upon this issue is a fixed charge. There are deposited with the Safe Deposit & Trust Co. of Baltimore, trustee, as security for the principal of the 5 per cent. certificates and 4 per cent. certificates (old issue), bonds and certificates of indebtedness of the par value of \$11,500,000.

No mortgage or deed of trust can be made upon the company's property without the consent of two-thirds in amount of all issues of certificates of indebtedness outstanding, and if such mortgage should be authorized, certificate holders have the right to take bonds at par.

A dividend of $1\frac{1}{2}$ per cent. was paid in October, 1895. In 1896 paid 3 per cent., in 1897 $3\frac{1}{2}$ per cent., in 1898 4 per cent., and 100 per cent. in stock. In 1899 paid $4\frac{1}{2}$ per cent. In 1900 paid 5 per cent. in two half-yearly dividends, March (15) and September. A half-yearly dividend of 2 per cent. was paid March 11, 1901, and $2\frac{1}{2}$ per cent. each was paid September 16, 1901, and March 10, 1902. The dividend paid September 10, 1902, was 2 per cent., quarterly, which continued to be the rate paid quarterly in March, June, September and December, until September, 1905, when the quarterly dividend was increased to $2\frac{1}{2}$ per cent. which has continued to be the rate.

ATLANTIC COAST LINE RAILROAD CO.

(Controlled by The Atlantic Coast Line Co.)

A corporation chartered in Virginia in 1836 as the Richmond & Petersburg Railroad Co. The name was changed to the Atlantic Coast Line Railroad Co. of Virginia, in 1898, when the Petersburg Railroad Co. was consolidated with the Richmond & Petersburg Railroad Co. On April 21, 1900, the said company consolidated with the Wilmington & Weldon Railroad Co., the Norfolk & Carolina Railroad Co. and the Atlantic Coast Line Railroad Co. of South Carolina, and the name was changed to Atlantic Coast Line Railroad Co.

In July, 1902, the company consolidated with the Savannah, Florida & Western Railway Co., known as the Plant system, which company owned a majority of the stock of the Florida Southern and the Sanford & St. Petersburg Railways, which were also merged with the Atlantic Coast Line Railroad Co. April 1, 1903, together with other branch lines. In 1904-05 the Jacksonville & Southwestern Railroad was acquired.

In October, 1902, the company acquired ownership of a majority of the stock of the Louisville & Nashville Railroad Co., which system is operated separately.

Road owned 4,227.66 miles, leased lines and trackage 140.31 miles; total, 4,367.97. Owned, but not operated by the company, 7.05 miles. Mileage operated June 30, 1907, 4,360.92 miles. The company's lines extend from Richmond and Norfolk, Va., to Wilmington, N. C., Charleston, S. C., Augusta, Ga., Savannah, Jacksonville, Fla., Tampa, Montgomery, Ala., etc. The leased lines include the Central of South Carolina, 40.20 miles. Locomotives, 641; passenger cars, 562; freight cars, 23,009; service cars, 595; floating equipment, 15 tugs, transfer floats, etc.

This company also owns one-sixth interest in the Richmond-Washington Co., Richmond to Washington, 115 miles. It has a one-half interest in the lease of the Georgia Railroad and dependencies, 571 miles. It owns all the stock of the Washington & Vandemere Railroad Co., 40 miles, and has an interest in the Charleston Union Station Co., the Jacksonville Terminal Co., the Augusta Union Station Co. and the Savannah Union Station Co. The Louisville & Nashville Railroad and dependencies, 6,891 miles, as well as the Charleston & Western Carolina, 341 miles, and the Northwestern Railroad of South Carolina, 71 miles, are affiliated with the Atlantic Coast Line Railroad Co.'s system, aggregating over 12,200 miles.

A majority of the stock is held by the Atlantic Coast Line Co. of Connecticut. See statement of that company.

The preferred stock is entitled to 5 per cent. dividends. It was originally \$18,850,000, and was issued in exchange for stocks of the constituent companies. The preferred stock is exchangeable at 125 for the 4 per cent. irredeemable certificates of indebtedness.

The company assumed the tax-exempt A stock of the Richmond & Petersburg Railroad, which is \$1,000,000 and which is given above as the common stock, Class A, of this company.

On March 8, 1906, an increase in the common stock to \$60,000,000 was authorized by the stockholders. On the same date the directors voted that stockholders of record March 19, 1906, should have the privilege of subscribing at par to the extent of 10 per cent. of their holdings for the new stock, up to May 10, 1906, subscriptions to be payable at the office of J. P. Morgan & Co., New York, or at the Safe Deposit & Trust Co. of Baltimore, in two instalments, one of 50 per cent., not later than May 10, 1906, and 50 per cent. on or before September 10, 1906.

Transfer Agent for common stock, J. P. Morgan & Co., New York. For preferred stock, Safe Deposit & Trust Co., Baltimore.

The first dividend paid on the preferred stock was 2½ per cent. semi-annual, November 10, 1900. Preferred dividends are now paid semi-annually, 2½ per cent. each, in May (10) and November. An initial dividend of 1 per cent. on the common stock was paid January 10, 1901; 1½ per cent. was paid on the common July 10, 1901, and a similar amount January 10, 1902. In July, 1902, 2 per cent. was paid; on January 10, 1903, 2½ per cent. was paid, which thereafter was the regular semi-annual rate on the common stock. In November, 1904, the regular January dividend of 2½ per cent. on the common was supplemented by an extra dividend of 25 per cent., payable 20 per cent. in common stock scrip and 5 per cent. in The Atlantic Coast Line Co. certificates of indebtedness, the amount of the latter, which was \$1,824,000, being taken from the certificates held in the company's treasury. In January, 1906, half yearly dividend on the common was increased to 3 per cent., putting the stock on a 6 per cent. basis. In December, 1907, the half-yearly dividend payable January 10, 1908, was declared at the rate of 3 per cent., but was in 5 per cent. certificates of indebtedness of which the company had \$3,835,000 in its treasury.

The 1st consolidated mortgage is \$80,000,000 authorized and is a first lien on 958 miles of road. The issue was created in 1902. Of the total amount \$35,102,000 was reserved to retire prior liens and \$13,864,000 for improvements, etc. \$31,031,750 of the bonds outstanding were issued to retire Savannah, Florida & Western 4 per cent. consols and to retire the Atlantic Coast Line 4 per cent. certificates of indebtedness and the 6 and 7 per cent. irredeemable certificates of indebtedness of the Wilmington & Weldon; also for the purchase of the Savannah, Florida & Western Railroad and allied railroad properties, known as the Plant System. Trustee and agent for the payment of interest, United States Trust Co., New York.

Prior to the issue of the 1st consolidated mortgage 4 per cent. bonds, this company had \$3,000,000 4 per cent. irredeemable income certificates of indebtedness issued to retire the preferred stock of the Atlantic Coast Line Railroad Co. of South Carolina. There were also \$2,500,000 7 per cent. and \$380,000 6 per cent. certificates of indebtedness of the Wilmington & Weldon which this company assumed, and of which \$1,000 of the 7 per cents. were outstanding June 30, 1907.

The collateral trust 4 per cent. mortgage, secured by \$30,600,000 stock of the Louisville & Nashville Railroad, was created in November, 1902, to carry out the plan for the acquisition of a majority of that company's stock. The arrangement included also the payment of \$10,000,000 in cash, \$5,000,000 in Atlantic Coast Line Railroad common stock and \$35,000,000 of the collateral trust bonds, the Atlantic Coast Line Railroad Co. obtaining 306,000 shares out of the total 600,000 shares of Louisville & Nashville stock outstanding. Interest on the collateral trust bonds is paid at the office of J. P. Morgan & Co., New York.

The three year 5 per cent. coupon notes were issued in March, 1907, to provide for improvements.

BALTIMORE & OHIO RAILROAD CO.

A corporation chartered by the State of Maryland, by act approved February 28, 1827, and chartered by the Commonwealth of Virginia, March 8, 1827.

Receivers were appointed for the company and its auxiliary roads in 1896, and the company was reorganized without foreclosure in 1899, the property being returned to the stockholders. The Pennsylvania Railroad Co. acquired a large stock interest in the company in 1900-01, but in September, 1906, sold a large block thereof, which was acquired by the Union Pacific Railroad Co.

The lines of the company extend from Baltimore and Philadelphia via Pittsburg and Wheeling, W. Va., to Chicago, Cincinnati and St. Louis. It obtains an entrance to New York by trackage over the lines of the Reading and Central Railroad of New Jersey systems. The property is operated under the following grand divisions:

	Miles	Included in the total are the following roads operated separately:	Miles
New York Division.....	5.38	Ravenwood, Spencer & Glenville Ry..	32.40

Mileage of roads whose earnings are included in the accounts of the Baltimore & Ohio Railroad Co., June 30, 1907..... 4,006.32

In addition to the above the company controls through stock ownership the Staten Island Rapid Transit Railway Co., 11 miles, and the Staten Island Railway Co., 13 miles.

The company in 1901 acquired the majority of the stock of the Cleveland, Lorain & Wheeling Railway Co. It also acquired complete control of the Ohio River Railroad Co. and the Pittsburgh & Western Railway Co. In 1902 this company, in conjunction with the Lake Shore & Michigan Southern Railway Co., acquired large holdings of the stocks of the Reading Company, but in 1904, each company sold part of the same. On June 30, 1907, the Baltimore and Ohio owned the following amounts of stocks of the Reading Company: 1st preferred, \$6,065,000; 2d preferred, \$14,265,000, and common stock, \$10,002,500. In 1903 one-sixth

interest in the Hocking Valley Railway's common stock was purchased. The company also owns a one-sixth interest in the Richmond-Washington Co. The company owned \$5,353,200 of the \$10,250,000 stock of the Consolidation Coal Co., but sold the same in 1906.

The company used at Chicago the terminals of the Chicago Terminal Transfer Co. under rental. In 1907 arrangements were made for the acquisition of that company and for the joint use of its property by this company and the Chicago, Burlington & Quincy Railroad Co. The company has a running arrangement with the Philadelphia & Reading and Central Railroad of New Jersey between Philadelphia and New York.

Locomotives, 1,949; passenger cars, 1,176; freight cars, 8,350; service cars, 2,964. Floating equipment, 142 steamers, tugs and barges. The above includes the equipment of the auxiliary companies.

The preferred stock is 4 per cent., non-cumulative. Question having been raised as to whether the preferred was entitled to only 4 per cent. per annum or should share with common in the surplus over that amount, a suit was brought in November, 1900, to test the question, and it was decided that only 4 per cent. could be claimed by the preferred. Both classes of stock were held in a voting trust, which was dissolved in 1901.

The amount of preferred stock originally authorized was \$40,000,000, which was subsequently increased to \$60,000,000. The common stock was originally \$45,000,000, authorized, which was increased to \$60,000,000 in February, 1901, to provide for the redemption of the convertible debentures. In November, 1901, it was increased to \$100,000,000 to acquire the stocks of auxiliary roads and for improvements. In 1902 it was again increased to \$125,000,000. In April, 1900, the common stockholders had the right to new common stock at 80 to the extent of one share for each six shares they held. In December, 1901, the stockholders subscribed for \$22,537,200 new common at par, and in September, 1902, the stockholders subscribed at par for 30 per cent. of their holdings in new common stock, adding about \$42,500,000 to the amount of the latter outstanding. In April, 1906, \$27,750,000 additional common was authorized and offered to stockholders at par, the new stock to participate in dividends after September 1, 1906.

The first dividend after the reorganization was 2 per cent. on the preferred, paid April 1, 1900. Since that time semi-annual dividends on the preferred have been regularly paid on March 1 and September 1. A dividend of 4 per cent. on the common stock out of the earnings of the fiscal year ending June 30, 1900, was declared payable, 2 per cent. September 4, 1900, and 2 per cent. March 1, 1901, and the common dividends were on the same basis with payments semi-annually in March and September, until September 1, 1905, when the semi-annual rate was increased to 2½ per cent. In March, 1906, 2½ per cent was also paid, but the September, 1906 dividend was increased to 3 per cent., putting the common stock on a 6 per cent. annual basis.

There are outstanding \$128,900 of old bonds and stocks which were not deposited under the reorganization plan. Also \$1,102,280 of real estate obligations, and \$164,000 of car trusts.

Interest on the various bonds of the parent company is paid at its New York office, 2 Wall street.

The prior lien $3\frac{1}{2}$ per cent. mortgage is a first lien on the main line and Pittsburg Division aggregating 1,017 miles. The 1st mortgage 4s are a lien on the Philadelphia and the Chicago & Akron divisions and branches, altogether 570 miles. Trustee of the mortgage, Mercantile Trust Co., New York.

The 1st mortgage 4 per cent. mortgage is \$165,000,000 authorized, \$75,000,000 being reserved to retire the prior lien $3\frac{1}{2}$ per cent. bonds. Trustee of the mortgage, United States Trust Co. New York, and John A. Stewart, New York.

The 4 per cent. convertible debentures, of which there were \$15,000,000, were created in February, 1901. On March 1, 1902, or any subsequent interest date, on thirty days' notice in writing, these bonds were convertible, at the holder's option, into common stock. The company may on any interest day after March 1, 1902, retire these debentures at par and interest. Holders of the common and preferred stocks of record on February 21, 1901, were given the right of subscribing for the convertible debentures at par in the proportion of \$1,000 of the same for each 70 shares of stock held. In July, 1907, all but \$140,000 of the debentures had been exchanged for stock. Trustee of the convertible debentures, Standard Trust Co., New York.

The Pittsburg, Lake Erie & West Virginia refunding 4 per cent. mortgage was created in February, 1902, in connection with the reorganization of the Pittsburg & Western and the practical consolidation of it and other lines belonging to the system with this company.

The \$10,000,000 of $4\frac{1}{2}$ per cent. collateral trust notes' secured by the company's holdings Reading preferred stocks which were sold in 1904, due May, 1907, were retired at maturity with part of the proceeds of the \$27,750,000 of new common stock sold at that time.

The New York Division and Terminal 4 per cent. 1st mortgage was created in 1905, and is \$10,000,000 authorized. It is secured by bonds and stocks of the Staten Island Rapid Transit Railway, and the Baltimore and New York Railway Companies.

An account of the capitalization of the company prior to the reorganization under the plan of June, 1898, with full details of the receivership and reorganization, was given in the MANUAL for 1902.

The second mortgage was created in 1895 to provide for cost of road in excess of 1st mortgage bonds and preferred stock subscriptions, and has been mainly retired with part of the consolidated refunding bonds.

In August, 1901, the consolidated 4 per cent. mortgage for \$20,000,000 was created to retire the outstanding bonds and preferred stock and provide for improvements, \$12,500,000 being reserved to retire old bonds and preferred stock, \$3,000,000 was to be used for improvements, and \$4,500,000 for additional mileage. Interest on the consolidated refunding bonds is paid at the offices of Brown Bros. & Co., New York, and Lee, Higginson & Co., Boston.

In 1898 this company acquired control of the Bangor & Piscataquis Railroad and sold \$1,500,000 5 per cent. bonds to retire \$600,000 6 per cent. and \$325,000 7 per cent. City of Bangor mortgages on the Bangor & Piscataquis maturing April, 1899, also \$300,000 Greenville extension ss due 1913, the balance of issue to be used for improvements. These bonds are secured by a first mortgage of the Bangor & Piscataquis road, now the Piscataquis Division.

The Northern Maine Seaport Railroad Co., 1st and terminal mortgage is \$5,000,000 authorized. The issue is guaranteed, principal and interest, by the parent company. Trustee of mortgage, United States Mortgage & Trust Co., New York. Agents for payment of interest, Brown Bros. & Co., New York.

BOSTON & ALBANY RAILROAD CO.

(Leased to New York Central & Hudson River Railroad Co.)

Road owned, Boston to Albany, 200 miles; branches owned, 104 miles; leased, Pittsfield & North Adams Railroad, Ware River Railroad and North Brookfield Railroad, in all 88 miles; total, 392 miles.

Stock.....Par \$100.....Authorized, \$30,000,000.....Issued, \$25,000,000

Stock is transferred at the office of the company, Boston.

Dividends of 8 per cent. have been paid for many years in quarterly payments of 2 per cent. each in March (31), June, September and December. The December 30, 1900, dividend, was, however, 2½ per cent., the additional ½ per cent. being derived from the income of the \$5,500,000 3½ per cent. bonds received from the New York Central in payment for surplus assets. Since 1900 the company has paid extra dividends of ½ per cent. in each June and ¼ per cent. each December, making the annual rate 8¾ per cent.

The bonds are not secured by mortgage, being plain obligations. Interest is paid at the company's office, South Terminal Station, Boston.

The company also guarantees 5 per cent. dividends on \$450,000 stock of Pittsfield & North Adams Railroad and 7 per cent. on \$750,000 stock of the Ware River Railroad.

Company has an interest in Boston Terminal Railroad Co. and uses the South Terminal Station in Boston.

In 1899-1900 a plan was ratified for the leasing of this road to the New York Central & Hudson River Railroad Co. for 99 years. The lease fixed the amount the New York Central was to pay for the reserved assets amounting to \$5,500,000 in 3½ per cent. bonds. The income from this fund adds ¾ of 1 per cent. to the 8 per cent. guaranteed dividend, as stated above. It was provided that \$2,500,000 should be expended in the improvement of the terminals in Boston harbor, this expense to extend over ten years' time. The lease was ratified by the stockholders, and, having been authorized by an act of the Massachusetts Legislature, the New York Central assumed the operation of the road July 1, 1900.

The earnings are now included in those of the lessee.

BOSTON & MAINE RAILROAD

This company is a consolidation, May 9, 1890, of the Boston & Maine Railroad, the Eastern Railroad Co. and the Portsmouth, Great Falls & Conway Railroad Co. In 1899 it absorbed the Eastern Railroad in New Hampshire, and the Portsmouth & Dover Railroad, the Portland, Saco & Portsmouth Railroad, and the Portland & Rochester Railroad in 1900. The Central Massachusetts Railroad was consolidated with this company April 1, 1901.

Road operated, Terminal Division at Boston and vicinity, 13.76 miles; Western Division, Boston to Portland, Me., and branches, 254.84 miles; Eastern Division, Boston to Portland, and branches, 289.71 miles; Worcester, Nashua & Portland Division, Worcester, Mass., to Portland, Me., and branches, 230.15 miles; Southern Division, Boston to Concord, N. H., and branches, 365.60 miles; White Mountain Division, Concord to Groveton, N. H., and branches, 246.86 miles; Concord Division, Concord to White River Junction, Vt., 200.20 miles; Connecticut & Passumpsic Division, Springfield, Mass., to Sherbrook, P. Q., 229.60 miles; Fitchburg Division (Fitchburg Railroad), Boston to Rotterdam, N. Y., and branches, 457.36 miles; The Concord & Manchester Electric Branch, 27.88 miles, is included in the mileage of the Concord Division and the Portsmouth Electric Street Railway, 18.10 miles, is included in the mileage of the Eastern Division. Total operated, 2,288.08 miles, of which 648.53 miles are owned, and 1,639.55 miles leased.

The leased roads include the Fitchburg Railroad, 458 miles; Worcester, Nashua & Rochester Railroad, 94 miles; Nashua & Lowell Railroad, 15 miles; Connecticut River and branches, 80 miles; Concord & Montreal and branches, 477 miles; Boston & Lowell Railroad and branches, 469 miles; other branches leased, 46 miles.

This company also controls the Maine Central, 931 miles; St. Johnsbury & Lake Champlain, 131 miles; Vermont Valley Railroad, 24 miles; Sullivan County Railroad, 26 miles; York Harbor & Beach Railroad, 11 miles.

Locomotives, 1,073; passenger cars, 1,719; freight cars, 20,782; service cars, 537.

In June, 1907, the New York, New Haven & Hartford Railroad Co. acquired \$10,994,800 of the company's stock, giving its own stock, share for share, for the same, it being proposed to merge the two companies. The State of Massachusetts, however, passed an act prohibiting such merger prior to July 1, 1908, and further exchanges of stock ceased while the merger was held in abeyance, awaiting the final decision of Massachusetts as to permitting or prohibiting it altogether.

The Boston & Lowell was leased in 1887 for 99 years for all charges and 7 per cent. on that company's stock until January 1, 1897, and 8 per cent. per annum thereafter. The Concord & Montreal Railroad was leased in June, 1895, for its charges and 7 per cent. upon its capital stock for 91 years. On January 1, 1893, the Connecticut River Railroad was leased for 99 years for charges and 10 per cent. per annum on its stock. The Boston & Maine leased the Fitchburg Railroad for 99 years from July 1, 1900, having purchased all the outside holdings of the common stock of that company, amounting to \$5,454,000, with the proceeds of an issue of 3 per cent. collateral trust bonds. The lease provides for dividends of 5 per cent. on the Fitchburg preferred and 1 per cent. on its common stock. In the same year an arrangement was proposed for the purchase of the stock of the Central Massachusetts Railroad Co., this plan being delayed by litigation, a final decision being reached in February, 1901, that this company should pay \$65 per share for the Central Massachusetts preferred and \$21 for its common, and nearly all the stock of that company was acquired.

Stock.. Par \$100....Authorized	{ com., \$28,856,825 { pref., 3,149,800 }	Issued	{ com., \$28,271,790 { pref., 3,149,800 }	\$31,421,590
---------------------------------	--	--------	--	--------------

The preferred stock is 6 per cent., non-cumulative. The 6 per cent. dividends on the preferred stock are paid semi-annually, 3 per cent. each, in March (1) and September. On the common stock 6 per cent. was paid from 1894 to 1898, both inclusive. The October, 1899, dividend was increased, making the annual rate 7 per cent., which has since been paid. Dividends on the common are 1½ per cent. quarterly, January (1), April, July and October.

The common stock was increased by \$4,641,400 in 1891 and by \$865,300 in 1892, to provide for the purchase of leased roads. In 1900 the common stock was increased \$2,683,538 to provide for merger of Portsmouth & Dover, Portland, Saco & Portsmouth and Portland & Rochester. In February, 1901, an increase of \$1,735,200 was authorized to provide for purchase of the stock of the Central Massachusetts, the new stock to be offered to stockholders at 190. In October, 1902, an increase of \$1,000,000 in the common stock was authorized, and in October, 1905, \$4,203,700 was again authorized. In August, 1906, stockholders were given the right to subscribe for \$3,633,700 of new common at 165, payments therefor to be either in full by September 1, 1906, or in four instalments on September 1, 1906, June 29, 1907, August 31, 1907, and December 31, 1907, making the issued common stock \$28,271,790, there being also about \$2,800,000 of stock available for sale. Of the new stock \$1,852,000 was paid in full.

BUFFALO & SUSQUEHANNA RAILWAY CO.

BUFFALO & SUSQUEHANNA RAILROAD CO.

A corporation formed under the laws of New York, September 22, 1902. The company owns 86 miles of railroad extending from Buffalo to Wellsville, N. Y., where connection is made with the lines of the Buffalo & Susquehanna Railroad Co.

The Buffalo & Susquehanna Railway Co. leases and operates the line of the Buffalo & Susquehanna Railroad (see that company), for rental of interest on bonds and 4 per cent. dividends on preferred stock of latter company. The common stock of the Railroad company is owned by the Railway company. The Railway Company operates a total of 366 miles, extending from Sagamore, Pa., 60 miles north of Pittsburg, to Buffalo. Extensive terminals have been acquired at Buffalo, located on Lake Erie immediately adjacent to the furnaces of the Buffalo & Susquehanna Iron Co. Here a ship canal has been built jointly by the Buffalo & Susquehanna Railway Co., the Pennsylvania Railroad, the Buffalo & Susquehanna Iron Co., and the Lackawanna Steel Co.

Tributary to the lines of the system are the mines and ovens of the Buffalo & Susquehanna Coal & Coke Co. and of the Powhattan Coal & Coke Co., which have extensive coal properties in Elk, Jefferson, Clearfield, Armstrong and Indiana Counties, Pennsylvania, containing about 130,000,000 tons of steam and coking coal.

BUFFALO & SUSQUEHANNA RAILROAD CO.—Road operated, Sagamore, Pa., to Wellsville, N. Y., and branches, 28.39 miles, of which 24.61 miles is owned; 19.84 miles leased, and 16.94 miles is trackage.

The line of the Railroad Company is leased by the Buffalo & Susquehanna Railway Company for rental of interest on bonds and 4 per cent. dividends on preferred stock of the Railroad Company. See statement of the Railway Company above.

The Railroad has a twenty year contract with the Buffalo, Rochester & Pittsburg Railway Co. for the joint use of the latter's track from Stanley, Pa., 16 miles, to Juneau, Pa., beyond which point, 21 miles of owned road gives access to the largest single coal holdings of the Buffalo & Susquehanna Coal & Coke Co. at Sagamore, Pa., where the company has established a plant with a maximum tippie capacity of 1,500 tons of coal per hour.

Located on the line of the railroad are the mines and ovens of the Buffalo & Susquehanna Coal & Coke Co. and the Powhattan Coal & Coke Co., at Tyler, Du Bois, Sykesville, Troutville, Onondaga and Sagamore, Pa., containing about 130,000,000 tons of bituminous coal. Shipments of over 1,000,000 tons of coal and coke were made in the fiscal year 1907. The output is being increased as rapidly as development of the mines permits.

The preferred stock is 4 per cent., non-cumulative. \$4,000,000 was authorized in 1902, and is now outstanding. Dividends on the preferred are quarterly, 1 per cent. each in September (1), December, March and June.

In 1895 a dividend of 4 per cent. was paid on the common stock, and from 1896 to fiscal year 1908, dividends of 5 per cent. were paid; since, 1 per cent. quarterly. The dividends on the common were paid yearly, in January, up to 1901. In April of that year the company paid a quarterly dividend of $1\frac{1}{4}$ per cent., and quarterly dividends have been since regularly paid in January, April, July and October.

The common stock of the company is owned by the Buffalo & Susquehanna Railway Co. and deposited with the United States Trust Co., New York, as collateral security for its bonds.

BUFFALO, ROCHESTER & PITTSBURG RAILWAY CO.

A corporation formed March 11, 1887, as successor to the Rochester and Pittsburg Railroad, which was foreclosed in 1885.

Road owned, Buffalo, N. Y., to Mount Jewett, Pa., 100.40 miles; Rochester, N. Y., to Ashford, 93.70 miles; Clarion Junction to Lindsey, Pa., 60.43 miles; Lincoln Park, N. Y., to Charlotte, N. Y., 10.30 miles; Indiana Junction to Pennsylvania Railroad Junction, Pa., 44.60 miles; Creekside to Iselin, Pa., 18.42 miles; branches, 20.01 miles; total owned, 347.86 miles; leased Clearfield & Mahoning Railway, 25.87 miles; Allegheny & Western Railway, Punxsutawney, Pa., to Butler, Pa., and branch, 66.12 miles; Allegheny Terminal Co., 0.12 miles; Mahoning Valley Railroad, 1.89 miles; trackage, 126.66 miles; total operated, 568.52 miles. It has trackage on the Baltimore & Ohio Railroad into Pittsburg. Locomotives, 290; passenger cars, 102; freight cars, 13,508; service cars, 487.

In 1898 the Allegheny & Western Railway, Punxsutawney to Butler, Pa., 60 miles, was built in interest of this company.

This company controlled the Rochester & Pittsburg Coal and Iron Co., which has large coal, coke and iron properties in the territory tributary to its system of lines. In 1906, these and other coal mining interests were transferred to the Mahoning Investment Co., the consideration therefor being \$4,125,000 of the latter's \$4,200,000 capital stock. Stockholders of the railway company of record December 20, 1906, received on December 27, 1906, a dividend of 25 per cent., in the stock of the Mahoning Investment Co.

--------------------------------	--	--------	--	--------------

The preferred stock is 6 per cent., non-cumulative. After the common has also received 6 per cent., both classes of stock share *pro rata* in any further distribution of surplus earnings. In September, 1904, the authorized common stock was increased from \$9,000,000 to \$12,000,000, and in January, 1905, both preferred and common stockholders were given the right to subscribe at par for \$1,500,000 additional common stock in the proportion of 10 per cent. of their holdings.

Stock is transferred at the office of the company, New York. Registrar, Union Trust Co., New York.

Dividend payments on the preferred began in February, 1892, at the rate of $1\frac{1}{4}$ per cent. quarterly, but were suspended after February, 1893. In August, 1897, 1 per cent. was again paid on the preferred. In 1898 2 per cent. was paid on the preferred in semi-annual payments of 1 per cent. each in February and August, and in 1899 1 per cent. was again paid in February and August. On February 15, 1900, 3 per cent. was paid on the preferred, and the dividends have since been on that basis or 6 per cent. per annum, the payments being semi-annual in February and August. The first dividend on the common stock was 2 per cent., paid February 15, 1901. Similar dividends on the common were then regularly paid August 15 and February 15, but the February, 1903, dividend was increased to $2\frac{1}{2}$ per cent. and in August, 1903, a further increase to 3 per cent. was made, which remained the regular semi-annual dividend rate on the common stock until August, 1907, when only $2\frac{1}{2}$ per cent. was paid. The Mahoning Investment Co., however, paid a dividend of 2 per cent. in August, 1907.

Interest on all bonds of this company (except the real estate mortgages) and on the Clearfield & Mahoning 1st mortgage and Allegheny & Western 1st mortgage, is paid at the office of A. Iselin & Co., 36 Wall street, New York. The interest on the real estate mortgages is paid by the Treasurer of the company at Rochester, N. Y.

In 1892-93 the company built a line under title of the Clearfield & Mahoning Railway, 26 miles, from Du Bois, Pa., to Clearfield, connecting there with the Beech Creek Railroad. This company guarantees the bonds of Clearfield & Mahoning Railroad and 6 per cent. dividends (semi-annual 3 per cent., January and July) on \$750,000 of the latter's stock.

In 1897, debenture bonds for \$3,000,000 were authorized, running 50 years at 6 per cent. with right to retire same at 105 at any interest period on twelve weeks' notice. \$1,000,000 debentures were sold to pay loans incurred for construction and for equipment. The interest rate on the debentures was reduced from 6 to 4 per cent. and the bonds made convertible into stock, and were all retired in 1902.

The new consolidated mortgage, created in 1907, is for \$35,000,000, of which \$18,145,000 is to be reserved to retire underlying obligations. Trustee of the mortgage, Central Trust Co., New York.

In connection with the construction of the Allegheny & Western Railway, in 1898, stockholders of this company were given the privilege of subscribing at par for 4 shares of Allegheny & Western stock for each 25 shares of Buffalo, Rochester & Pittsburg. This company guarantees 6 per cent. dividends on \$3,200,000 Allegheny & Western stock (of which an additional \$200,000 was issued and sold in 1905-06), and interest and principal of its \$2,000,000 4 per cent. 100-year bonds. The Allegheny & Western bond issue is \$2,500,000 authorized, \$500,000 being reserved for an extension from Butler Junction, Pa., to New Castle, Pa.

CALGARY & EDMONTON RAILWAY CO.

(Leased to Canadian Pacific Railway Co.)

A corporation formed under the laws of the Dominion of Canada in 1890. Calgary to Edmonton, Alberta, 191 miles; Calgary to Fort McLeod, Alberta, 105 miles; total, 296 miles.

Until 1903 the road was operated for account of its owners by the Canadian Pacific Railway Co. On July 1, 1903, the property was leased for 99 years to the Canadian Pacific, the lessee guaranteeing 4 per cent. per annum on the company's new consolidated debentures as rental.

Stock.....Par \$100.....Authorized, \$1,000,000.....Issued, \$1,000,000

All of the company's stock is owned by the Canadian Pacific Railway Co.

FUNDED DEBT

Consolidated debenture stock, 4 per cent., due July, 2002, Jan. and July..... £1,121,700
Branch line bonds, 4 per cent., due 1935, Jan. and July..... \$1,040,000

The company had £1,121,700, or \$5,474,513, of 1st mortgage 6 per cent. bonds. Under the arrangements made for the lease to the Canadian Pacific Railway in 1903 the 1st mortgage bonds were retired by an exchange for an equal amount of 4 per cent. consolidated debenture stock, the Canadian Pacific guaranteeing interest on the same and the principal at the expiration of the lease.

The branch line bonds were authorized in September, 1904, for the construction of 100 miles of extensions.

The company has a subsidy of \$80,000 per annum from the Canadian Government until July 1, 1911, for hauling government traffic up to that amount. It also received a land grant of 1,888,000 acres.

The Canada Atlantic Transit Co. is owned by the Canada Atlantic Railway Co., and is operated as a portion of the Grand Trunk Railway System, consisting of a line of four steamers, operating between

The \$14,000,000 of 5 per cent. 1st mortgage bonds matured January 1, 1908, and the issue was extended for five years at 6 per cent.

By an agreement for working the property by the Michigan Central, the latter was to operate the road from January 1, 1883, for 21 years, applying the joint earnings to payment of working expenses and fixed charges of both roads, the surplus over these payments to be divided, two-thirds to the Michigan Central and one-third to the Canada Southern. In 1892, a reapportionment of earnings between the two companies was effected for the 5 years beginning January 1, 1893. By this arrangement the Canada Southern Railway Co. was allowed in each year 40 per cent. of the first \$1,000,000 and 33½ per cent. of any excess above \$1,000,000 of earnings, after paying operating expenses and the fixed charges of both companies.

In June, 1903, a new lease of the company's road to the Michigan Central for 999 years was made, to take effect January 1, 1904, under which the Michigan Central guarantees dividends of 2½ per cent. per annum on the Canada Southern stock until 1910, after which 3 per cent. is guaranteed.

CANADIAN NORTHERN RAILWAY CO.

A corporation formed under the laws of the Dominion of Canada in 1899. The company is a consolidation, in 1898, of the Winnipeg Great Northern Railway, the Lake Manitoba Railway and Canal Co., and other companies. In 1901 this company sub-leased from the Province of Manitoba the lines in that Province owned by the Northern Pacific and which the Province leased from that company with an option to purchase the same for \$7,000,000.

Road owned, June 30, 1907, Port Arthur, Ontario to Winnipeg, 438.6 miles; Stanley Junction to Gunflint, 66.9 miles; Emerson Junction to South Junction, 72.7 miles; Central Division, Portage Junction to International Boundary and branches, 498.7 miles; Northern Division, Winnipeg to Kamsack and branches, 961.9 miles; Western Division, Kamsack to Edmonton, Alberta, 600.6 miles; total, 2,639.4 miles. The mileage is located as follows: In Ontario, 353.7 miles; Manitoba, 1,427.2 miles; Saskatchewan, 600.6 miles; Alberta, 214.2 miles; Minnesota, 43.7 miles. Further extensions are planned, including lines to the Pacific Coast and to Fort Churchill on Hudson Bay.

In 1906 this company acquired the Qu'Appelle, Long Lake & Saskatchewan Railroad & Steamboat Co., Regina to Prince Albert, 249 miles, the lease of which property to the Canadian Pacific Railway Co. expired July 1, 1907. Locomotives, 190; passenger cars, 191; freight cars, 6,868.

The Canadian Northern Ontario Railway Co. (formerly the James Bay Railway Co.) Toronto to Sudbury, Ont., 208 miles, is controlled in the interest of this company. See separate statement of that company. Extensions of the line in question to Ottawa and to a connection with the main system are planned.

The company controls the Great Northern Quebec Railway Co. See separate statement of that company, the lines of which are to afford the Canadian Northern system an entrance to Montreal and Quebec, and alternately to the Maritime Provinces.

A land-grant subsidy was granted to the company in aid of the construction of certain of the lines in Manitoba and the Territories, being at the rate of 6,400 acres per mile in Manitoba and 12,800 acres per mile in the Territories. Cash subsidies have been paid as follows by the Dominion Government, in aid of the Ontario Division, at the rate of \$6,400 per mile for 212 miles, and \$3,200 per mile for about 55 miles. A further cash subsidy at the rate of \$4,000 per mile was paid by the Ontario Government on about 268 miles of the Ontario Division.

Shareholders paying in full on any instalment date are allowed 5 per cent. interest on the amount paid in; when this stock is issued the common will be \$146,016,000 in amount.

Stock is transferred at the office of the Secretary, Montreal. Transfer Agent in New York, the Bank of Montreal, 31 Pine street. London transfer agency, 62 Charing Cross.

Dividends of 4 per cent. on the preferred stock are paid, 2 per cent. half-yearly, April 1 and October 1.

On the common 4 per cent. was paid in 1885; in 1886, 1887, 1888 and 1889 3 per cent. was paid; in 1894, 5 per cent.; in 1895, none; in 1896 and 1897, 2½ per cent.; in 1898, 4½ per cent.; in 1899, 4 per cent. In 1900 3 per cent. was paid in April and 2½ per cent. in October. The April, 1901, dividend was also 2½ per cent., which was the regular rate until the October, 1903, dividend which was increased to 3 per cent., putting the common stock on a 6 per cent. basis. Dividends on the common are half-yearly, April (1) and October.

At the bi-annual meeting, October 3, 1906, it was announced that in 1907, 1 per cent. extra would be paid on the common stock in addition to the regular dividends, the same to be derived from interest received in land contracts, and to be paid ½ per cent. April 1 and ½ per cent. on October 30, 1907, respectively.

The common stock authorized was originally fixed at the sum of \$100,000,000. In 1883 the company purchased from the Dominion Government an annuity of 3 per cent. per annum for ten years, 1884 to 1893, on \$65,000,000 of the stock outstanding; and the remaining \$35,000,000 of stock was deposited with the Government, to be withdrawn by the company as the completion of its road called for it, and issued with the same guarantee. The Government modified the agreement February, 1884, and loaned the company \$22,500,000, taking a lien on the company's property subject to the prior liens. In May, 1885, it was agreed to cancel the \$35,000,000 of stock deposited as above, and issue instead mortgage bonds to an equivalent amount, of which \$20,000,000 were to be held by the Government.

In February, 1902, an increase of \$20,000,000 in the common stock was authorized, and the stockholders were given the right to subscribe for \$19,500,000 of the new stock at par to the extent of 30 per cent. of their holdings, and payments to be made in four instalments, June 27, August 27, October 27, and December 27, 1902. This increased the issue of common stock to \$84,500,000. In October, 1904, the authorized common stock was increased to \$110,000,000 and stockholders of record October 27 were given the right to subscribe at par for 20 per cent. of their holdings, or \$16,000,000 of new stock, making the amount outstanding \$101,400,000.

In May, 1888, the company surrendered its exclusive right to operate lines in Manitoba, the Government as consideration agreeing to guarantee \$15,000,000 3½ per cent. new land grant bonds. The company, in 1905-06, deposited proceeds of land sales with the government to the amount of \$13,500,000 against the above bonds, leaving a balance due on account of this mortgage of \$1,500,000, there being to offset the same on June 30, 1906, deferred payments on account of land sales of \$16,382,823. It was stated in the latter part of 1906 that provision had also been made for the balance of the issue. The company guarantees 4 per cent. on the 1st mortgage bonds of the Minneapolis, Sault Ste. Marie & Atlantic and the Minneapolis & Pacific roads.

This company guarantees 6 per cent. dividends in perpetuity upon \$2,000,000 stock of the Ontario & Quebec Railway. It guarantees 4 per cent. per annum as rental on £1,121,700 stock of the Calgary & Edmonton Railway Co.

THE CAPE BRETON RAILWAY CO., LIMITED

A corporation formed under a special charter granted by the Province of Nova Scotia, March 30, 1899, its original title being the Cape Breton Railway Extension Co. In July, 1901, the company was reorganized and the name changed to the present style. The company in 1902 began the construction of a line from Sydney and Louisbourg, Cape Breton Island, to Port Hawkesbury. In 1903, 31 miles, Port Tupper to St. Peters, was completed. The line was built by the Dominion Securities Co., which formerly controlled the road. See statement of the last named company in the Industrial Section of the MANUAL. In January, 1905, the finances of the company were rearranged, the plan involving an exchange of the \$550,000 of 5 per cent. for stock at 85 for the latter, claims for about \$300,000 being also adjusted in stock on the same basis. Locomotives, 3; passenger cars, 4; freight cars, 50.

Stock.....Par \$100.....Authorized, \$1,000,000.....Issued, \$1,000,000

CENTRAL OF GEORGIA RAILWAY CO.

A corporation chartered by the State of Georgia, October 17, 1895. Road owned, Savannah, Ga., to Atlanta, 294.73 miles; Macon Junction, Ga., to Athens, Ga., 101.78 miles; Columbus, Ga., to Birmingham, Ala., 156.34 miles; Columbus, Ga., to Andalusia, Ala., 137.96 miles; Carrollton, Ga., to Chattanooga, Tenn., 137.57 miles; Montgomery to Eufaula, Ala., 79.65 miles; other branches owned, 467.37 miles; total owned, 1,435.40 miles; leased, Augusta & Savannah Railroad, 53.21 miles; Southwestern Railroad of Georgia, 332.61 miles; Chattahoochee & Gulf, 91.47 miles; trackage, 0.72 miles; total operated, 1,913.41 miles. In 1906, the Georgia Central & Gulf Railway Co. was incorporated in the interest of this company to build a line from Albany, Ga., to Apalachicola, Fla., 157 miles. In 1905 the company bought from the Tunnel Coal Co. a large coal property in St. Clair County, Ala.. The line from Meldrim, Ga., to Lyons, Ga., 58 miles, is leased to Seaboard Air Line Railway. Also controls the Ocean Steamship Co., operating between New York and Savannah and the New England & Savannah Steamship Co., Savannah and Boston line, with 9 steel steamships.

In January, 1897, this company purchased the Middle Georgia & Atlantic Railway, Milledgeville to Covington, Ga., 64 miles. In 1898 purchased the Bruton & Pineora Railway, 58 miles, and in 1901 extended it 9 miles to Statesboro, Ga. In 1901 purchased the Dover & Statesboro Railroad, 10 miles; the Chattanooga & Durham, 18 miles, and the Chattanooga, Rome & Southern, 138 miles, which have all been merged with this company.

Locomotives, 292; passenger cars, 229; freight cars, 10,218; service cars, 480.

The present company is a reorganization in 1895 of the Central Railroad & Banking Co. of Georgia, which was chartered in 1815, and for many years paid regular dividends on its stock. See the MANUAL for 1903 for a detailed account of the old company and the reorganization.

The entire capital stock of this company was held by the reorganization committee of the Richmond & West Point Terminal Railroad & Warehouse Co., it being provided that the

Southern Railway Co. should receive the benefit from any sale thereof. In June, 1907, the stock was sold to Oakleigh Thorne, New York, and Marsden J. Perry, Providence, who agreed to retain voting control for at least two years. The price paid was reported to be about \$3,500,000. In November, 1907, these gentlemen transferred the stock to William Nelson Cromwell and John W. Castles, New York. In March, 1908, it was announced that the purchase of the stock had been made for Edward H. Harriman, and that his intention was to transfer the same at cost to the Illinois Central Railroad Co.

On June 30, 1907, the company had outstanding car trust notes for \$4,570,527.

In 1903-04 the company issued \$966,000 serial bonds, 5 per cent., January to July, maturing in fourteen equal semi-annual payments, to provide for deferred payments on three new steamships for the Ocean Steamship Co. The latter endorsed the bonds and has assumed the payment of the installments thereof as they severally mature. There are \$510,000 of these bonds outstanding.

The Mobile Division 1st mortgage covers the former Mobile & Girard road, and the Macon & Northern Division firsts are a lien on the former Macon & Northern road, Macon Junction, Ga., to Athens, 102 miles. The company guarantees 5 per cent. dividends on \$1,022,900 Augusta & Savannah stock, and the same on \$5,191,100 of Southwestern Railroad stock, and 6 per cent. on \$843,400 stock and bonds of the Chattahoochee & Gulf Railroad Co.

The consolidated mortgage is a first lien on 600 miles, comprising the old Savannah & Western, Montgomery & Eufaula and Savannah & Atlantic roads, and a second lien on the main and certain other lines. The issue may be increased to a maximum of \$18,500,000, at the rate of not more than \$500,000 a year, for additions and improvements.

The Chattanooga Division 4 per cent. bonds were issued in 1901 to acquire the Chattanooga, Rome & Southern Railway and the Chattanooga & Durham Railroad. The mortgage is for \$2,400,000, there being \$343,000 of the bonds reserved to retire the Chattanooga, Rome & Southern ss. The Upper Cahaba branch 4 per cent. bonds were created in 1905 to provide for the acquisition of coal lands in St. Clair County, Ala., and the building of a 10-mile branch thereto. The Chattahoochee & Gulf ss are not an obligation of the Central of Georgia Railway Co.

The three classes of preferred income bonds are in order of priority entitled to 5 per cent. each when earned, non-cumulative.

In October, 1896, company paid $1\frac{1}{2}$ per cent. on 1st preference incomes; on October 1, 1897, paid $2\frac{1}{4}$ per cent.; on October 1, 1898, 2 per cent.; October 1, 1899, 2 per cent.; October 1, 1900, $3\frac{1}{4}$ per cent.; October 1, 1901, 5 per cent.; October 1, 1902, 3 per cent.; October 1, 1903, 5 per cent.; and October 1, 1904, 5 per cent. On October 1, 1904, an initial payment of 2 per cent. was also made on the second income bonds. On October 1, 1905, 5 per cent. was paid on all three classes of the income bonds, the payment being the initial one on the third incomes. On October, 1906, 5 per cent. was again paid in all three classes. In October, 1907, the payments were 5 per cent. on the 1st and 3,729 per cent. on the 2d incomes, and none on the 3d incomes.

In September, 1905, it was announced that the company had made arrangements whereby holders of the income bonds could on depositing them with the Guaranty Trust Co., New York, and paying 50 cents per bond have coupon sheets for the interest attached to same.

In September, 1907, certain holders of the 2d and 3d incomes formed a protective committee, Charles Altschul, New York, Chairman, and Joseph S. Dale, Secretary. Deposits were requested

by the committee of the 2ds with the Central Trust Co., New York, and of the 3ds with the Manhattan Trust Co., New York.

Total..... \$111,065,773

The Southern Pacific Co. endorsed the new bond issues, principal and interest. The 1st refunding 4s are \$100,000,000 authorized, of which \$17,644,000 were held as collateral for notes to United States Government, and the bonds thus held are released as the maturing notes are paid. \$51,240,000 of the refunding 4s were used in exchange for old bonds, \$1,600,500 purchased by reorganization syndicate and \$12,500 were sold for cash. The 3½ per cent. mortgage is a second lien on property covered by 1st refunding 4s. The 3 per cent. notes issued to the Government in settlement for its claims under subsidy were \$58,812,714, payable in half-yearly instalments, February and August to February, 1909, of \$2,940,635 and were secured by the deposit of refunding 4s. The syndicate paid the notes maturing from August 1, 1899, to February 1, 1901, inclusive. The company has paid the notes since maturing.

Details regarding the Government subsidy bonds of the old company, its relations to the Government and the lease of the road to the Southern Pacific Co. and so forth are given in full in the MANUAL for 1904, as well as the readjustment of the company's finances under the plan of February 18, 1899.

CHESAPEAKE & OHIO RAILWAY CO.

A corporation formed under the laws of Virginia in 1868. The property was foreclosed and the company reorganized under the present title July 1, 1878. In 1888 it was again reorganized without foreclosure.

The system extends from Fort Monroe, Va., to Cincinnati, O., and Louisville, Ky., including the James River Division, formerly the Richmond & Allegheny Railroad, Fulton, Va., to Clifton Forge, Va.

The road operated June 30, 1907, consisted of the following:

	Miles		Miles
Owned.....	1,174.9	Leased	25.0
Controlled.....	432.6		
Trackage.....	199.2	Total.....	1,831.7

Included in the road leased or operated jointly is Orange, Va., to Alexandria (Southern Railway), 76 miles; Alexandria to Washington (Washington Southern Railway), 7 miles; Lexington, Ky., to Louisville, Ky. (Louisville & Nashville Railroad), 84 miles.

This company has one-sixth interest in the Richmond-Washington Co., controlling the Washington Southern Railway Co.

In 1903 this company purchased an interest in the common stock of the Hocking Valley Railway Co. See statement of that company. It had an interest in the Chesapeake and Ohio Steamship Company, but sold the same in 1905-06.

Locomotives, 670; passenger cars, 301; freight cars, 31,593. Floating equipment consists of 20 passenger steamboats, tugs, ferryboats, floats, etc.

In August, 1888, this company absorbed the Richmond & Alleghany Railroad. The Elizabethtown, Lexington & Big Sandy was acquired in 1892 by purchase of its stock. In 1903 the Greenbrier Railway Co. and the Guyandot Valley Railroad Co. were absorbed.

In 1900 the Pennsylvania Railroad Co., the New York Central & Hudson River Railroad Co. and the Cleveland, Cincinnati, Chicago & St. Louis Railway Co. obtained a large interest in this company's stock, with representation in the directory, but in December, 1906, the Pennsylvania sold its stock holdings, and those of the New York Central and the Cleveland, Cincinnati, Chicago & St. Louis were understood to have been reduced.

Stock.....Par \$100.....Authorized, \$63,260,300.....Issued, \$62,779,100

There was outstanding June 30, 1907, \$7,700 of old 1st preferred and \$700 of 2d preferred stock convertible into bonds. Under the reorganization in 1888 the stock issued was \$46,000,000 common, \$13,000,000 1st preferred and \$12,000,000 2d preferred. In 1892 a proposition was submitted to preferred stockholders for conversion of their holdings, 1st preferred to receive two-thirds of its face value in 4½ per cent. general mortgage bonds and one-third in common stock, and 2d preferred to receive one-third in 4½ per cent. bonds and two-thirds in common stock.

Transfer Agents, J. P. Morgan & Co., New York. Registrar, Central Trust Co., New York.

On October 25, 1899, the company paid a dividend of 1 per cent. on its stock, being the first in its history. In 1900 a second dividend of 1 per cent. was declared, payable November 26, 1900, and similar dividends of 1 per cent. were also paid November 27, 1901, November 26, 1902, November 27, 1903, November 30, 1904, November 29, 1905, November 30, 1906, and December 12, 1907.

Interest on the company's bonds is paid at the office of J. P. Morgan & Co., New York.

The general 4½ per cent. mortgage, created in 1892, is for \$70,000,000. Of this \$15,000,000 was devoted to retiring preferred stocks and \$32,700,000 reserved for prior liens, balance to be sold at the rate of \$2,000,000 per annum, for additions to property, etc. In January, 1898, \$2,287,000 additional consolidated mortgage ss were issued to retire a like amount of purchase money 6 per cents. maturing July 1, 1898.

In July, 1907, general improvement and equipment mortgage 5 per cent. bonds for \$10,000,000 were authorized, and \$5,000,000 6 per cent. three-year notes were issued and sold, secured by \$6,500,000 of the bonds.

This company, with the Cleveland, Cincinnati, Chicago & St. Louis Railway Co., controls the Louisville & Jeffersonville Bridge Co., and is joint guarantor (to extent of one-third) of \$3,000,000 4 per cent. bonds of that company.

This company is one of the joint guarantors of the bonds of the Richmond-Washington Co. and has a one-sixth interest in that company. See separate statement of the Richmond-Washington Co.

THE CHICAGO & ALTON RAILROAD CO.

A corporation formed under the laws of Illinois, March 14, 1906, as a consolidation of the Chicago & Alton Railway Co. and the Chicago & Alton Railroad Co. The Chicago & Alton Railway Co. was formed under the laws of Illinois, April 2, 1900, and on April 30, 1900, leased for 99 years the property of the Chicago & Alton Railroad Co. acquiring or controlling all the latter's stock.

In 1904 the Rock Island Co. acquired a controlling interest in this company consisting of \$14,420,000 common and \$10,343,100 preferred stock, but in August, 1907, the stock was sold to the Toledo, St. Louis & Western Railroad Co. The Union Pacific Railroad Co. in 1904 also acquired \$10,343,100 preferred stock.

Road operated, Chicago to East St. Louis, 279.95 miles; Bloomington, Ill., to Kansas City, Mo., 361.58 miles; Dwight, Ill., to Lacon, Ill., 80.77 miles; Mexico, Mo., to Cedar City, Mo., 50.12 miles; Grove, Ill., to Sherman, Ill., 50.66 miles; Springfield to Murraysville, Ill., 34 miles; branches, 123.32 miles; total 980.40 miles; trackage, 23.93 miles; total operated, 1,004.33 miles. In addition, this company and the Cleveland, Cincinnati, Chicago & St. Louis Railway Co. jointly operate the line between Wann, Ill., and East St. Louis, 17.78 miles, as a double track line, each company owning one track. From Joliet to Pequot, Ill., 19.74 miles is also operated jointly with the Atchison, Topeka & Santa Fe Railway Co. The Chicago & Alton Railway Co. acquired in fee the portion of the St. Louis, Peoria & Northern Railway between Springfield, Ill., and Grove, Ill. Locomotives, 249; passenger cars, 205; freight cars, 10,548; service cars, 389.

The plan of consolidation for the Chicago & Alton Railway Co. and the old railroad company dated February 19, 1906, stated that all the latter stock, except \$7,300 preferred and \$138,700 common, was owned by the railway company. It proposed to exchange the common and 4 per cent. non-cumulative preferred stocks of the railway company for equal amounts of similar stocks of the consolidated company. Holders of the outstanding preferred stock of the old railroad company were offered \$3 par value of new 4 per cent. cumulative, participating and prior lien stock for each \$1 of the old preferred, and holders of the outstanding old company's common were offered \$2 in the participating stock for \$1 of the old. The plan also provided that the total share capital of the consolidated company should be limited to \$40,000,000 of all classes of stock, \$899,300 of the railway company's shares held in its treasury being cancelled for this purpose. The plan was ratified at special meetings of both the railroad and railway companies held March 8, 1906.

-------------------------------	--	--------	--	--------------

The preferred stock is 4 per cent., non-cumulative. The participating and prior lien stock is 4 per cent. cumulative, having a priority as to dividends over the preferred stock, and is entitled to receive additional dividends equal in amount to any which are paid on the common stock of the consolidated company. Transfer agency, 60 Wall Street, New York. Registrar, United States Trust Co., New York.

The first dividends on both the preferred and the participating and prior lien stocks were each 2 per cent. semi-annually, beginning July 2, 1906, and similar dividends have been paid in January and July.

The share capital of the Chicago & Alton Railway Co. was as follows: Authorized, \$20,000,000 each of common and 4 per cent. non-cumulative preferred. Issued \$19,542,800 of common and \$19,542,800 of preferred.

The first dividend on the preferred stock of the Chicago & Alton Railway Co. was 2 per cent. semi-annual, paid January 10, 1901, and dividends on the preferred were paid at the full rate of 4 per cent. per annum, the payments being made semi-annually, 2 per cent. each, January (1) and July until January, 1906, inclusive.

The stock of the old Chicago & Alton Railroad Co. consisted of \$3,479,500 7 per cent., non-cumulative preferred and \$18,751,100 common. See below for details regarding the purchase of this stock by the syndicate which organized the railway company.

The old railroad company paid from 1885 to 1896, inclusive, 8 per cent. on both classes of its stock; in 1897 paid 7½ per cent.; in 1898 and 1899, 7 per cent. In May, 1900, 30 per cent. was paid on the old stock to represent distribution of old company's surplus. Regular quarterly dividends of 1½ per cent. each were paid in March and June, 1900, on the preferred, and in March, 1900, on the common. The dividend period on old stock was changed to half-yearly, June and December, and the dividends on each class of that stock made at the rate of 7 per cent. per annum.

In February, 1899, a syndicate represented by Edward H. Harriman, George J. Gould, Jacob H. Schiff and James Stillman of New York made an offer of \$200 per share for the preferred and \$175 per share for the common stock of the old company. All but a small amount of the stock passed into the hands of the syndicate.

In May, 1899, the syndicate acquired the St. Louis, Peoria & Northern (St. Louis & Northern Short Line) road. A contract by the St. Louis, Peoria & Northern with the Chicago Terminal Transfer, for the use of the latter's terminal at Chicago, was also assumed, but this contract was cancelled in 1902-03.

The 3 per cent. refunding mortgage of the old Railroad Company was created in October, 1899. The bonds authorized are \$40,000,000. Of this amount the proceeds of \$15,000,000 were reserved to retire prior liens. The company offered the stockholders the right to subscribe for 80 per cent. of the issue at 65, and \$32,000,000 of the bonds were sold, including the \$15,000,000 referred to above.

The railway company in April, 1900, created a 1st lien mortgage for \$22,000,000 at 3½ per cent., secured on the 57 miles of the St. Louis, Peoria & Northern Railway acquired by the company, by the lease of the Chicago & Alton Railroad and the further deposit of 34,722 shares of preferred and 183,224 shares of common stock of the railroad company. The purpose of this issue was to pay for the acquisition of the line from Springfield to Grove and for the shares of the railroad company deposited as additional security for the mortgage.

The collateral trust 5 per cent. notes are secured by \$8,000,000 of refunding 3 per cent. bonds, and part thereof were used to retire \$5,000,000 4 per cent. notes which matured July 1, 1907. The joint equipment notes were issued in 1902 in conjunction with the Mobile & Ohio Railroad Co. for the purchase of 500 freight cars and are due \$9,500 semi-annually.

The stock trust certificates were created in November, 1902, and were issued at par against the amounts of Chicago & Eastern Illinois common and preferred respectively acquired by the St. Louis & San Francisco Railroad Co. That company obligates itself to retire the same on or before July 1, 1942, at 250 for the common and 150 for the preferred trust certificates. The first payment of 5 per cent. semi-annual on the common and of $1\frac{1}{2}$ per cent. quarterly on the preferred certificates was made January 2, 1903. These payments have since been regularly made in January and July on the common, except in July, 1905, and quarterly in January, April, July and October on the preferred stock certificates.

In 1905 the greater part of the common stock trust certificates were exchanged for the St. Louis & San Francisco Railroad Co.'s certificates of \$1,000 each, representing four shares of the stock for each certificate, the same being payable at their face value July 1, 1942, with interest at 4 per cent. per annum, payable January and July.

The first consolidated mortgage (\$6,000,000 authorized) was created in May, 1884, of which \$4,500,000 were to be exchanged for other issues. The general consolidated mortgage, for \$30,000,000, created in 1887, is a first lien on property acquired since consolidation. In 1892, the Chicago & Indiana Coal Railway was leased in perpetuity and interest on its bonds guaranteed. The company uses the Chicago terminal of the Chicago & Western Indiana, for freight service, and owns \$1,000,000 of the latter's stock. It uses the terminals of the Rock Island and Lake Shore roads for passenger service.

In July, 1905, the stockholders authorized a new 50-year refunding and improvement mortgage, Bankers' Trust Co., New York, trustee, for \$55,000,000, to bear not exceeding 4 per cent., of which \$5,000,000 were sold to provide for the company's investment in other properties, and for additions and improvements. \$15,374,000 are issuable for additions and improvements, and \$34,626,000 reserved to retire the general consolidated mortgages, the Chicago & Indiana Coal Railway 55 and other bonds.

CHICAGO & NORTH WESTERN RAILWAY CO.

A corporation formed June 6, 1859, to acquire the Chicago, St. Paul & Fond du Lac Railroad, sold under foreclosure.

Road owned, 7,407.71 miles; leased, 186.47 miles; trackage, 38.23 miles; road operated June 30, 1907, 7,622.91 miles. In 1901 the company purchased the Sioux City & Pacific by an arrangement with the United States Government, the road being sold under the subsidy debt. The Chicago, St. Paul, Minneapolis & Omaha, is controlled, comprising 1,538 miles. The Fremont, Elkhorn & Missouri Valley, 1,362 miles, which this company controlled, was absorbed in February, 1903, and is now operated as part of the system. In 1905 the company began the construction of an extension from Casper, Wyo., to Lander, Wyo., 148 miles. At the end of 1907 the company also had other branch lines and extensions in progress.

Locomotives, 1,422; passenger cars, 1,260; freight cars, 58,130; service cars, 558.

The preferred stock is 7 per cent., non-cumulative. The preferred has a right to receive 3 per cent. additional after common stock has received 7 per cent.

In October, 1906, the common stock was increased to \$177,604,800, making the authorized share capital \$200,000,000. Stockholders of record February 2, 1907, had the right to subscribe at par to the extent of 25 per cent. of their holdings for \$24,401,625 new common, subscriptions being payable March 16, 1907. On June 30, 1907, the company owned \$3,834 of preferred stock and scrip, and \$2,336,867 of common stock and scrip, in addition to amounts issued given above.

Stock is transferred at the office of the company, New York. Registrar, Farmers Loan & Trust Co., New York.

Dividends on the preferred stock are paid quarterly, January, April, July and October. For many years 7 per cent. per annum was paid on the preferred. The July, 1902, dividend was, however, 1½ per cent. and 1 per cent. extra, and the quarterly dividends on the preferred have since been 2 per cent. each or 8 per cent. per annum.

In January, 1900, the dividend on the common stock was increased from 2½ to 3 per cent. semi-annual. The July, 1902, dividend was 4 per cent. In January, 1903, 3½ per cent. was paid on the common, which has since been the regular rate. The dividends on the common are paid in January and July, usually about the 1st of the month.

In 1897 a new mortgage for \$165,000,000, running 90 years, to refund existing bonds, was authorized. Bonds under this mortgage bear such interest, not over 5 per cent., as may be deemed advisable at time of issue. A sufficient amount was reserved to retire \$131,645,000 of underlying obligations, and the remainder was to be used for additions and improvements, the company receiving \$1,000,000 per annum thereafter for betterments. The first issue, in 1897, of \$20,000,000 of the new bonds bore 3½ per cent. interest.

In 1882 this company acquired a controlling interest of 93,200 common shares and 53,800 preferred shares in the stock of Chicago, St. Paul, Minneapolis & Omaha Railroad (see statement of that company), and issued the 5 per cent. debenture bonds of 1933 in payment for same.

On June 30, 1907, the company had in its treasury bonds of its own issues to the amount of \$13,092,000.

In December, 1891, the company acquired control of the Milwaukee, Lake Shore & Western, purchasing the entire stock of the latter company in exchange for its own common stock. On September 1, 1893, the Milwaukee, Lake Shore & Western was merged with the Chicago & Northwestern and became the Ashland Division of the latter.

CHICAGO, BURLINGTON & QUINCY RAILROAD CO.

(Controlled by Great Northern Railway Co. and Northern Pacific Railway Co.)

A corporation originally chartered in Illinois in 1849, the name being changed to the present style in 1855. In 1901 the Great Northern Railway and Northern Pacific Railway Companies acquired nearly all of the stock of the company, and a new company was formed under title of the Chicago, Burlington & Quincy Railway Co., to which the lines of the railroad company were leased, the Great Northern and Northern Pacific each owning one-half the railway company's stock. This lease was, however, cancelled in 1907, and the old company resumed possession July 1, 1907.

Road operated, June 30, 1907, 8,660 miles, including 215 miles leased or operated jointly with other companies. The principal lines extend from Chicago to Council Bluffs, Nebraska City to Denver, Omaha to Hastings, Rock Island to East St. Louis, Oregon, Ill., to St. Paul, Minn.; also extensions to Cheyenne, Wyo., Billings, Mont., and Deadwood, S. D. The mileage includes 72 miles of narrow gauge road.

In 1899 the Chicago, Burlington & Northern, which had hitherto been operated separately, was consolidated with the railroad company. In November, 1900, a number of controlled lines, including the Hannibal & St. Joseph Railroad, were formally merged with the parent company. In 1902 the company purchased the Kansas City, Peoria & Chicago Railway, and in the same year acquired the Jacksonville & St. Louis Railroad Co., which was leased in 1904. In 1903 the company purchased the Iowa & St. Louis Railroad, 52 miles.

Locomotives, 1,604; passenger cars, 1,219; freight cars, 51,662; work cars, 6,866.

Stock.....Par \$100.....Authorized, \$111,200,000.....Issued.....\$110,839,100

In January, 1901, the outstanding stock was \$98,511,700. In that month it was increased to \$109,266,400, and the stockholders of record February 7, 1901, were offered rights to subscribe at par for 10 per cent. of their holdings.

In June, 1901, the Great Northern and the Northern Pacific jointly offered the holders of the stock of the Chicago, Burlington & Quincy Railroad Co. \$200 per share for their stock, payable in joint 20-year 4 per cent. bonds, issued by the Great Northern and Northern Pacific Companies, said bonds to be secured by a deposit of the stock thus acquired. In pursuance of this offer a large majority of the old company's stock was exchanged for the bonds, the total amount being in 1907, \$107,613,000.

Transfer Agents of railroad company, National Bank of Commerce, New York; Edward B. O'Connor, Boston. Registrars, Union Trust Co., New York; National Bank of Commerce, Boston.

For dividends paid in successive years, see below in earnings. In September, 1898, the quarterly payment was increased to 1½ per cent. Dividends were declared and paid quarterly, March (15), June, September and December. In June, 1901, 2 per cent. was paid for the four

months ending July 1, 1901. Under the lease to the railway company the dividends were at the rate of 7 per cent. per annum, payable quarterly, in January (1), April, July and October. On October 1, 1907, the old company paid 2 per cent. quarterly and 6 per cent. extra.

In April, 1899, the company created the Illinois Division mortgage, due 1949, covering lines east of the Mississippi. The issue is limited to \$85,000,000. This mortgage covers the company's properties east of the Mississippi, and became a first lien on payment of the \$21,699,200 consolidated mortgage bonds, due 1903, and the \$2,320,000 Chicago & Iowa ss, due 1905. To retire the bonds of the Chicago, Burlington & Northern and the Ottawa, Oswego & Fox River Valley 8 per cents., due 1900, and to provide for improvements, the company, in April, 1899, issued \$16,166,000 of the Illinois Division bonds, bearing 3½ per cent. interest, and offered same to stockholders at 75, together with \$4,041,000 of new stock at par. In November, 1904, the company sold to J. P. Morgan & Co., New York, \$19,689,000 of Illinois Division 4s., to refund the extended consols due 1905.

The Nebraska extension bonds are a mortgage on 297 miles of road, and are secured by deposit of Nebraska branch 1st mortgage bonds at \$20,000 per mile.

There has been paid into and accumulated in the various sinking funds \$27,590,564. Sinking funds, exclusive of canceled securities, on June 30, 1907, amounted to \$17,262,788.

The 4 per cent. debenture stock has voting rights at all meetings and is cumulative with interest payable in gold in January and July. The authorized amount was increased from \$15,000,000 to \$30,000,000 in 1898.

The holders of the 4 per cent. debenture stock and preferred A stock appoint the company's finance committee, which has large powers over its affairs. The preferred stock A has voting powers at the company's meetings, and is entitled to receive 5 per cent. per annum, non-cumulative, if earned, and if any question should arise about the amount of earnings applicable to such dividends, the decision of the finance committee is final.

The preferred stock B has voting powers and is entitled to 4 per cent. per annum, non-cumulative, in preference over the common stock.

In February, 1903, the authorized common stock was increased from \$30,000,000 to \$50,000,000 to provide for the acquisition of the Mason City & Fort Dodge Railroad, and in September, 1905, the preferred B stock was increased from \$10,000,000 to \$24,000,000, for the same purpose.

Transfer office, 31 Nassau street, New York. Registrar, Manhattan Trust Co., New York. Dividends of 2 per cent. semi-annual are regularly paid, January 15 and July 15, on the 4 per cent. debenture stock, such payments being made to European holders at the office of Robert Benson & Co., London, England. In December, 1898, the first dividend on preferred A was declared of 2 per cent., payable January 31, 1899. July 31, 1899, paid 2 per cent. on preferred A, and January 31, 1900, 2½ per cent., thus putting the preferred A on a 5 per cent. basis. Similar dividends of 2½ per cent. semi-annual were paid on the preferred A on February 28 and August 31 of each year, until February, 1904, inclusive, the August, 1904, dividend having been passed, and none were paid until April, 1906, when 2½ per cent. was again paid. On October 1, 1906, 2½ per cent. was paid and 2½ per cent. on April 1, 1907, but no dividend was paid in October, 1907.

CHICAGO, INDIANA & SOUTHERN RAILROAD CO.

A corporation formed under the laws of Indiana and Illinois, April 9, 1906. The company is a consolidation of the Indiana, Illinois & Iowa Railroad Co., the Indiana Harbor Railroad Co., and the Danville & Indiana Harbor Railroad Co. Road owned, South Bend, Ind., to Seatonville, Ill., 191.82 miles; Indiana Harbor, Ind., to Danville, Ill., 109.09 miles; branches, 11.14 miles; trackage on Lake Shore & Michigan Southern Railway from Indiana Harbor to Chicago, 19.30 miles; other trackage, 8.72 miles; total operated, 340.24 miles. In addition to the above mileage the company owns 117.32 miles of branches which are leased to and operated by other companies. Locomotives, 116; passenger cars, 17; freight cars, 5,190.

This company is controlled by the Lake Shore & Michigan Southern Railway Co., and the Michigan Central Railroad Co., the Lake Shore owning 85 per cent. of the stock and the Michigan Central the remaining 15 per cent. The Indiana, Illinois & Iowa Railroad Co. was formed in 1893, and was a consolidation of a corporation of the same name with the Indiana, Illinois & Iowa Railroad Co., of Indiana. Its lines extended from South Bend, Ind., to Seatonville, Ill., 192 miles, with branches, 11 miles. In 1902 a controlling interest in it was acquired by the Lake Shore & Michigan Southern Railway Co. The Indiana Harbor Railroad and the Danville & Indiana Harbor Railroad Companies, whose lines extend from Indiana Harbor to Danville, were organized to afford the Lake Shore, Michigan Central and other properties affiliated with the New York Central System an entrance to the coal regions of Southern Illinois. The line was completed in 1905-06 and a consolidation with the Indiana, Illinois & Iowa Railroad Co. followed as stated above.

CHICAGO, INDIANAPOLIS & LOUISVILLE RAILWAY CO.

(Controlled jointly by the Louisville & Nashville and Southern Railway Companies.)

A corporation formed under the laws of Indiana, March 31, 1897. The company was created in pursuance of a plan to reorganize the Louisville, New Albany & Chicago Railway, the property of which was sold under foreclosure March 10, 1897, and transferred to this company, which took possession July 1, 1897.

Road owned, New Albany, Ind., to Michigan City, 288.86 miles; State Line, Ind., to Indianapolis, 161.94 miles; Bedford to Switz City, 40.29 miles; Orleans to French Lick Springs, 17.70 miles; total, 508.79 miles. Leased, 81.75 miles, including track and bridge from New Albany to Louisville, 6.42 miles; Chicago & Western Indiana, Hammond to Chicago, 19.86 miles; Gosport Junction to Switz City, 35.40 miles; Indiana Stone Railroad, Harrodsburg to Clear Creek, Ind., 9.22 miles; other leased lines, 20.07 miles; total operated, 599.76 miles. The company owns one-fifth of the Chicago & Western Indiana. In 1900 the company obtained joint ownership with the Baltimore & Ohio Southwestern and the Southern Railway Co. in the Kentucky & Indiana Bridge and terminals at Louisville. In 1906, the Indianapolis & Louisville Railway was organized to build from Indianapolis to Evansville, Ind., of which about 54 miles were completed in 1907. The company owns the entire stock and guarantees the bonds of the Indianapolis & Louisville. Locomotives, 119; passenger cars, 99; freight cars, 5,428; service cars, 212.

In July, 1902, the Louisville & Nashville and the Southern Railway acquired control of this company, the stockholders of which were offered \$78 per share for the common and \$90 per share for the preferred stock, payable in 50-year collateral trust 4 per cent. joint bonds of the two purchasing companies, 60 per cent. of the price being payable in cash, if desired. Under this

arrangement a large majority of the stock was acquired, but the road is operated independently for the benefit of the two purchasing companies.

The preferred stock is 4 per cent., non-cumulative. Transfer office, 80 Broadway, New York Registrar, Central Trust Co., New York.

The first dividend on the preferred stock was 1 per cent., paid March 30, 1899. No further dividend was, however, paid until October 15, 1900, when a semi-annual dividend of 2 per cent. was paid on the preferred, and similar semi-annual dividends of 2 per cent. on the preferred have since been regularly paid. The dividend periods for the preferred were formerly April (15) and October, but are now June (30) and December. In March, 1902, 1 per cent. was paid on the common stock and 1½ per cent. on January 29, 1903; June, 1903, and thereafter in June and December until June, 1905, when the semi-annual dividend was increased to 1½ per cent., which has since been the regular rate.

CHICAGO, MILWAUKEE & ST. PAUL RAILWAY CO.

A corporation organized under the laws of Wisconsin in 1863 as the Milwaukee & St. Paul Railway Co., the present title being adopted February 11, 1874.

Road owned, June 30, 1907, 7,158.60 miles; owned jointly, 28.09 miles; used under contracts, 224.13 miles; total operated, 1,731.75 miles. An extension from Chamberlain, S. D., to Rapid City, 250 miles, was completed in the latter part of 1903, which is not included in the foregoing mileage.

The Milwaukee & Northern, North Milwaukee, Wis., to Champion, Mich., and branches, 362 miles, was acquired in 1890 and absorbed by this company. This company also purchased in 1898 and controls the Des Moines, Northern & Western, 147 miles.

In December, 1905, it was announced that an extension of the company's system from Everts, S. D., to Seattle and Tacoma, Wash., a distance of about 1,500 miles, had been determined on and work thereon was in progress during 1907. The company acquired the Montana Railroad Co., 157 miles, which will form part of the new line.

Locomotives, 1,016; passenger cars, 1,034; freight cars, 39,429; service cars, 784.

The preferred stock is 7 per cent., non-cumulative. The preferred and common stocks share equally in any further division after 7 per cent. has been paid on both classes. The authorized amount of common stock was increased from \$58,183,900 to \$83,183,900 in October, 1902. In October, 1906, the authorized common stock was increased to \$158,183,900 and the authorized preferred from \$75,000,000 to \$124,654,400.

Various classes of the company's bonds were convertible into preferred stock, and the amount of the latter was increased from \$12,274,483 to the amount outstanding mainly by such conversions. On June 30, 1907, only \$350,000 of bonds available for conversion remained outstanding, viz., the Iowa & Dakota Division extension, 1st mortgage 7s., due July, 1908.

In August, 1906, stockholders were given the right to subscribe at par for \$25,000,000 new common stock, increasing the amount of common outstanding from \$58,183,900 to \$83,183,900.

In December, 1906, it was decided to give stockholders the right to subscribe at par for \$33,164,300 new common and \$66,328,500 new preferred stock, or in the proportion of 25 per cent. of their holdings in common and 50 per cent. in preferred. Payments in subscription for the new stock were to be made in instalments as follows: on December 31, 1906, 10 per cent.; June 1, 1907, 15 per cent.; December 1, 1907, 20 per cent.; June 1, 1908, 20 per cent.; December 1, 1908, 20 per cent. and March 1, 1909, 15 per cent., at which time the preferred and common stocks, respectively, will be increased by the amounts in question. The subscription was to furnish funds for the building of the Pacific extension.

Transfer agency, 42 Broadway, New York. Registrar, Union Trust Co., New York.

Dividends paid on the preferred stock are at the rate of 7 per cent. per annum, in half-yearly payments of 3½ per cent. in April and October, about the 20th of each month.

Dividends on the common stock are also paid semi-annually in April and October. The October, 1888, dividend on the common was passed and none was paid until October, 1892. In April, 1895, the dividend on the common stock was reduced to 1 per cent. for the half year. In April, 1896, October, 1896, and April, 1897, 2 per cent. was paid. In October, 1897, 3 per cent. was paid, including 2 per cent. regular and 1 per cent. extra. In April, 1898, the dividend was 2 per cent. regular and ½ per cent. extra. The October, 1898, dividend was 2½ per cent. regular, putting the common stock on a 5 per cent. basis. Regular payments were made at the same rate until the dividend paid April 25, 1901, which was increased to 3 per cent., which rate was maintained until the October, 1902, dividend, which was 3½ per cent., with ½ per cent. extra, making 7 per cent. on the common for the year, and subsequent dividends on the common have since been 3½ per cent. semi-annually.

The 1st mortgage is for \$16,500,000, of which \$1,305,000 was reserved to retire underlying bonds and \$2,195,000 to provide for new property, as provided in the mortgage. On June 30, 1907, the company had \$55,000 of the 1st mortgage bonds in its treasury. The January, 1905, coupons on the 1st mortgage bonds were purchased by the Guaranty Trust Co., New York. The July, 1905, interest was not paid when due and a foreclosure was instituted. In April, 1907, the Baltimore & Ohio obtained permission from the court to take up the 1st mortgage, 4 per cent. bonds. A committee representing minority stockholders, George I. Malcolm, New York, Chairman, intervened in the matter and offered an option to the Baltimore & Ohio on 45,000 shares of the preferred stock at \$25 per share, but in January, 1908, the option had not been exercised.

In May, 1906, the Receiver obtained permission to issue not exceeding \$3,500,000 of 5 per cent. Receiver's certificates, which are to have a lien prior to that of the general mortgage 4 per cent. bonds. The purpose of this issue was to meet the cost of track elevation in Chicago.

CINCINNATI, HAMILTON & DAYTON RAILWAY CO.

A corporation formed under the laws of Ohio in 1895, being a consolidation of the railroad company of same name with the Cincinnati, Dayton & Ironton Railroad Co. and the Cincinnati, Dayton & Chicago Railway Co.

In July, 1904, control of the Pere Marquette Railroad Co. was acquired through the purchase of \$12,854,500 out of the \$16,000,000 of the latter's common stock, and the Chicago, Cincinnati & Louisville Railway was also acquired jointly with the Pere Marquette. In January, 1905, a lease of the Pere Marquette was authorized, this company guaranteeing 5 per cent. on that company's common stock. At the same time a lease of the part of the Chicago, Cincinnati & Louisville Railway within the State of Ohio was authorized. See below for further details.

In September, 1905, a controlling interest in the company's common stock was acquired by J. P. Morgan & Co., New York, for a price stated to be \$160 per share, and that the firm in question had at once resold said control to the Erie Railroad Co. A management representing the Erie Railroad Co. was installed, and it was stated that the Cincinnati, Hamilton & Dayton Railway, its leased property the Pere Marquette, and their auxiliary properties would be operated as part of the Erie system. In November, 1905, the Erie Railroad Co.'s directors voted to accept the offer of J. P. Morgan & Co. to resume the control and relieve the Erie Company from responsibility or contracts in connection with the matter.

On December 4, 1905, Judson Harmon, Cincinnati, was appointed Receiver of the Cincinnati, Hamilton & Dayton Railway and the Pere Marquette Railroad on a petition alleging insolvency and the existence of rental obligations beyond its power to carry.

In December, 1905, the directors of the Cincinnati, Hamilton & Dayton passed resolutions to

annul the lease of the Pere Marquette and the acquisition of an interest in the Chicago, Cincinnati & Louisville Railway Co. as being beyond the powers of the company. At the annual meeting in October, 1907, the lease was formally abrogated. On January 1, 1907, the Chicago, Cincinnati and Louisville Railway was returned to its former owners.

Road owned, Cincinnati to Dayton, O., 60 miles; Dayton to Deans, O., 176 miles; Dayton to Delphos, O., 98 miles; total owned, 320.23 miles; leased, Dayton & Michigan, Dayton to Toledo, 142 miles; Cincinnati, Findlay & Fort Wayne Railway, 80 miles; total leased, 144.97 miles; controlled, Cincinnati, Indianapolis & Western, Hamilton to Springfield, Ill., 379 miles; other branches, 132 miles; total controlled, 511.07 miles; trackage, 61.53 miles; total, 1,037.80 miles.

Including the Pere Marquette Railroad, 2,396 miles, and the Chicago, Cincinnati & Louisville Railway, 264 miles, the system prior to December, 1904, comprised 3,675 miles of railway.

The company has a joint interest in the Dayton & Union, 47 miles, which is operated by the Cleveland, Cincinnati, Chicago & St. Louis. In 1904 the company acquired in perpetuity traffic rights and the use of the terminals of the Toledo Railway & Terminal Co., in connection with the Pere Marquette Railroad Co. In December, 1895, control of the Indiana, Decatur & Western Railway was acquired. In 1901, acquired the Findlay, Fort Wayne & Western Railway, which was reorganized as the Cincinnati, Findlay & Fort Wayne Railway and leased by this company in 1903. The company has a joint interest with the Southern Railway in the control of the Cincinnati, New Orleans & Texas Pacific Railway, 338 miles. In August, 1902, the Cincinnati, Hamilton & Indianapolis was consolidated with the Indiana, Decatur & Western, under the title of the Cincinnati, Indianapolis & Western Railway Co., all the stock of the latter being owned by this company. See statement of the latter company. Locomotives, 234; passenger cars, 215; freight cars, 13,563.

The \$1,074,500 of old preferred stock is 4 per cent. cumulative and can be called at par. The new preferred is 5 per cent. non-cumulative. Old preferred shares, 4 per cent. cumulative, had an option of exchange share for share for new, or of remaining undisturbed.

In July, 1904, the company offered the holders of its own 4 per cent. preferred \$100 per share, and those of the 5 per cent. preferred \$110 per share for their stock, it being proposed to retire the preferred stocks. Under this arrangement all the \$1,074,500 4 per cent. preferred and the greater part of the 5 per cent. preferred stocks were acquired. Of the preferred stocks thus acquired by the company \$7,574,500 were deposited as part of the collateral for the \$15,000,000 of 4½ per cent. collateral gold notes issued by the company in 1905.

Stock is transferred by the Secretary of the company, Cincinnati. Registrar of preferred stock, Central Trust & Safe Deposit Co., Cincinnati. Registrar of common stock, Providence Savings Bank & Trust Co., Cincinnati.

The company from 1895 regularly paid 5 per cent. per annum on the new preferred stock in quarterly payments of 1¼ per cent. each in February, May, August and November, but the dividend due in February, 1905, was made payable in March of that year. On the old preferred, 4 per cent. was paid in quarterly payments of 1 per cent. each on \$612,100 of said stock in January, April, July and October, and on \$462,400 in March, June, September and December. The last dividend on the preferred was in August, 1905. The only dividend on the common stock was 2 per cent., paid December 24, 1903.

On June 30, 1907, receiver's certificates for \$1,023,660 were outstanding.

The company also guarantees 8 per cent. on the \$1,211,250, preferred stock, and 3½ per cent. on \$2,401,950 of the common stock of the Dayton & Michigan and 5 per cent. on \$100,000 of Home Avenue Railroad common. In 1891 leased the Cincinnati, Dayton & Ironton, one of the divisions of the former Dayton, Fort Wayne & Chicago, and guaranteed its bonds. This

company guarantees principal and interest of \$933,000 of the Indiana, Decatur & Western 5 per cent. 1st mortgage bonds, and also guarantees principal and interest of the Cincinnati, Indianapolis & Western 4 per cent. first refunding mortgage bonds. See statement of the last named company.

The refunding mortgage created in 1904 is for \$25,000,000. Of the authorized amount of bonds, \$15,023,000 are reserved to retire the underlying mortgages, and \$1,477,000 were to be devoted to improvements, etc., \$8,250,000 being issued in exchange for the Pere Marquette common stock acquired by this company. Trustee of the mortgage, United States Mortgage & Trust Co., New York. Agents for the payment of interest, J. P. Morgan & Co., New York.

In January, 1905, a new 4½ per cent. 50-year consolidated mortgage was authorized for \$50,000,000, due January, 1955, January and July, of which \$25,000,000 was reserved to retire existing bonds at or before maturity.

The gold collateral trust 4½ per cent. notes, due 1908, for \$15,000,000, were created and sold in 1905. The notes were secured by the deposit of \$15,000,000 of the new 4½ per cent. consols described in the preceding paragraph, together with \$7,574,000 of the company's preferred stocks (acquired in 1904, as referred to above), \$375,000 bonds of constituent companies, and \$750,100 shares of the Southwestern Construction Co.'s stock, the latter being the company by joint ownership of which this company and the Southern Railway Co. control the Cincinnati, New Orleans and Texas Pacific Railway Co. Trustee for the notes, Central Trust Co., New York. The interest due March 1, 1906, upon the 4½ per cent. notes was not paid at that date.

In December, 1904, a committee, James N. Wallace, New York, Chairman; F. C. Randall, Secretary, 54 Wall street, New York, was formed for the protection of the refunding 4 per cent. bonds, and requested deposits of the same with the Central Trust Co., New York.

In December, 1904, a committee, James N. Wallace, Chairman; F. C. Randall, Secretary, 54 Wall street, was also formed for the protection of the 4½ per cent. collateral trust notes, and requested deposits of the same with the Central Trust Co., New York.

In January, 1908, it was proposed to issue \$14,286,000 of 4 per cent. collateral trust notes to mature July, 1913, of which \$11,558,000 were to be exchanged for the same amount of refunding 4 per cent. bonds due 1954.

CINCINNATI, NEW ORLEANS & TEXAS PACIFIC RAILWAY CO.

This company owns no road, but leases the Cincinnati Southern Railway, Cincinnati to Chattanooga, Tenn., 335.92 miles, from the city of Cincinnati; trackage, 1.81 miles; total operated, 337.73 miles. The original lease dated from October 12, 1881, until October 12, 1906. A new lease was negotiated in 1901 and submitted to the voters of the city of Cincinnati in November, 1901, the same to run for 60 years from expiration of old lease. The lease having been approved was executed June 7, 1902. Locomotives, 174; passenger cars, 86; freight cars, 11,201; service cars, 65.

A controlling interest in the company was acquired in 1890 by the East Tennessee, Virginia & Georgia system. In November, 1893, it was, however, announced that the property had been surrendered by the East Tennessee to the original owners, who were identified with the so-called Erlanger syndicate of English capitalists, and in January, 1894, it was stated that the property would not be included in the proposed reorganization of the Richmond Terminal and East Tennessee systems. In 1894 a controlling interest in the English company owning the stock was secured by the Cincinnati, Hamilton & Dayton. The Southern Railway, representing the minority, however, opposed the carrying out of this plan, and in May, 1895, arrangement was concluded by which the two companies agreed to a joint control of this line, a majority interest being vested in the Southwestern Construction Co., a corporation formed to carry out this purpose.

CLEVELAND, CINCINNATI, CHICAGO & ST. LOUIS RAILWAY CO.

A consolidation, June 27, 1889, of the Cincinnati, Indianapolis, St. Louis & Chicago Railway, the Cleveland, Columbus, Cincinnati & Indianapolis Railway and the Indianapolis & St. Louis Railway.

In 1900 and 1901 the New York Central and the Lake Shore & Michigan Southern acquired a controlling interest in the stock of the company.

The total mileage owned and operated by company December 31, 1906, was 1,983.28 miles, which includes main lines 1,679.91 miles; branches, 168.75 miles and trackage, 134.62 miles. The system extends from Cleveland and Sandusky, O., to Columbus, O., Cincinnati, Indianapolis, Chicago, St. Louis, Cairo, Ill., etc. The company also controls and operates the Peoria & Eastern Railway, Springfield, O., to Peoria, Ill., 351.61 miles, the earnings of which are reported separately; and the Cincinnati Northern, 247.59 miles, which is operated separately. It also controls the Evansville, Mount Carmel & Northern Railway Co., which in 1907 built a line 30 miles from Mount Carmel, Ill., to Evansville, Ind.

Locomotives, 648; passenger cars, 498; freight cars, 23,857.

In 1903 this company obtained a one-sixth interest in the majority of the common stock of the Hocking Valley Railway Co. It also, in 1903, in conjunction with Pennsylvania Company, acquired control of the Central Indiana Railway Co., 127 miles, together with an interest in the Chicago, Indianapolis & St. Louis Short Line Railway Co.

The preferred stock is 5 per cent. non-cumulative. Transfer Agents, J. P. Morgan & Co., New York. Registrar, Central Trust Co., New York.

In June, 1905, the authorized amount of common stock was increased from \$28,700,000 to \$40,000,000. Of the additional stock \$2,872,100 was subscribed for at par by the stockholders and \$4,772,900 sold. The new issue was for the purpose of providing for improvements, etc. In October, 1906, the authorized common stock was increased to \$50,000,000. In 1907, \$4,806,580 new common was subscribed for at 90, and \$2,249,720 was also sold in September, 1907.

Dividends of 5 per cent. per annum have been paid on the preferred stock since 1890, except in 1897, when only 2½ per cent. was paid. The preferred dividends are paid quarterly, 1½ per cent. each, in January (20), April, July and October. On the common stock 4 per cent. was paid in 1890; 3 per cent. in 1891, 1892 and 1893. No dividends were paid from 1894 to 1899, inclusive, but in March, 1900, they were resumed by a payment of 1½ per cent., semi-annual, another dividend of 1½ per cent. being paid September 1, 1900, making 3 per cent. on the common for 1900. The March, 1901, dividend on the common was also 1½ per cent., but the September dividend on the common was 2 per cent., and the same rate, or 4 per cent. per annum, was the regular rate paid on the common half-yearly in March (1) and September, until September, 1907, inclusive. The March, 1908, dividend was reduced to 1 per cent.

The consolidation agreement provided that the consolidated company shall not issue any evidences of funded debt or execute any lease of railway property which may entail increased fixed charges, except by the consent of a majority in interest of the holders of the preferred stock.

The main line of the St. Louis, Alton & Terre Haute was purchased in December, 1890, for \$10,000,000 in 4 per cent. collateral trust bonds. In 1890 the company bought the stock of the Cincinnati, Wabash & Michigan Railway, and issued \$4,000,000 4 per cent. bonds on that property. In 1890 purchased common stock of the Cincinnati, Sandusky & Cleveland, agreeing to pay 6 per cent. dividends on \$428,850 preferred stock and interest on bonds of that company. Also acquired control of the Cincinnati & Springfield. In 1890 leased the Peoria & Eastern, acquiring one-half of its stock and guaranteeing interest, but not principal, of that road's 1st consolidated mortgage bonds. In 1901 the company sold \$397,000 Peoria & Eastern 1st consolidated mortgage bonds held in the treasury. In 1901 it also purchased a control of the Cincinnati Northern Railroad.

In 1890 a 100-year 4 per cent. mortgage for \$50,000,000 was authorized. Of this \$29,252,000 was reserved to retire existing liens, and \$5,000,000 was sold for double tracking, equipment, etc., the balance, \$15,748,000, to be issued only after July 1, 1894, for construction and improvements at the rate of \$1,000,000 per year. Additional amounts have been issued to retire maturing underlying bonds. Company guarantees jointly with Chesapeake & Ohio \$3,000,000 of the Louisville & Jeffersonville Bridge Co.'s 4 per cent. bonds.

In November, 1903, the stockholders of this company authorized a guarantee of \$2,000,000 1st mortgage 4 per cent. bonds of the Central Indiana Railway Co.; \$3,000,000 4 per cent. 1st mortgage bonds of the Chicago, Indianapolis & St. Louis Short Line Railway Co., and \$300,000 bonds of the Springfield Union Depot Co.

The \$5,000,000 of 5 per cent. four year gold notes were created and sold in May, 1907.

In 1904 the company's fiscal year was changed, making it end December 31 instead of June 30.

COLORADO & SOUTHERN RAILWAY CO.

A corporation formed under the laws of Colorado, December 20, 1898, to take over the property of the Union Pacific, Denver & Gulf Railway, which was sold under foreclosure November 19, 1898, and purchased by the reorganization committee.

The company operated June 30, 1907, 1,857.67 miles, of which 385.56 is narrow gauge. It owned 1,058.74 miles, of which 703.15 miles is north and west of Denver, and 355.59 miles south of that point. Trackage on Union Pacific and Denver & Rio Grande Railroads, 59 miles; controlled and operated Fort Collins Development Railway, 17.16 miles; Colorado Railroad, 19.46 miles; total of Colorado & Southern Railway, 1,154.36 miles. Controlled: Fort Worth & Denver City Railway Co., 454.14 miles; Colorado Springs & Cripple Creek District Railway

Co., 74.77 miles; Wichita Valley Railway, 174.40; total, 1,857.67 miles. The Trinity & Brazos Valley, 422 miles, including 114 miles of trackage, is also controlled, making the total mileage of the system, 2,279 miles.

Locomotives, 288; passenger cars, 264; freight cars, 10,248. These figures represent the equipment of the system, including the controlled roads.

In 1905 this company and the Rio Grande Western Railway Co. jointly purchased the stock of the Colorado Midland Railway Co., which is now jointly controlled by this company and the Denver & Rio Grande Railroad.

In 1900 this company acquired the Colorado Springs & Cripple Creek District Railway and the Fort Collins Development Railway Co. In the same year it acquired the securities of the Trinity & Brazos Valley Railway, Cleburne, Tex., to Mexia, Tex., 79 miles, an extension of which road from Mexia to Houston, 157 miles, was begun in a half interest in 1906, the same being sold to the company in 1907. See below, Chicago, Rock Island & Pacific Railway Co. In 1907 arrangements were made for trackage over the Gulf. Colorado & Santa Fe Railway (Atchison System) from Fort Worth, Tex., to Cleburne, 28 miles, and from Houston, Tex., to Galveston, 53 miles. The above constitutes a through line from Fort Worth to Galveston. In 1905, the Colorado & Southern Railway Co. acquired the Wichita Falls & Oklahoma Railway, the Wichita Valley Railway and the Abilene & Northern Railway, aggregating 173 miles.

The mileage of the system, with the auxiliary roads, will be approximately 2,250 miles exclusive of the company's interest in the Colorado Midland. It will also have the shortest line between the Rocky Mountain section and tidewater at Galveston.

The 1st preferred stock is 4 per cent., non-cumulative, and the 2d preferred stock is 4 per cent., non-cumulative. All classes of stock were held in a voting trust for five years, from January 1, 1899, or until the 1st preferred would receive 4 per cent. dividends for three consecutive years. The voting trust was terminated in February, 1905.

Transfer Agents, Hallgarten & Co., 5 Nassau street, New York. Registrar, Central Trust Co., New York.

The company in January, 1900, began the payment of dividends on the 1st preferred by declaring 2 per cent., payable February 14, 1900, out of the earnings of the year 1899. An annual dividend of 2 per cent. was also paid on the 1st preferred February 14, 1901. On October 1, 1901, a semi-annual dividend of $1\frac{1}{2}$ per cent. was paid on the 1st preferred, which was also the rate of the dividend paid April 1, 1902. The October, 1902, dividend was 2 per cent., putting the 1st preferred on a 4 per cent. basis, and regular semi-annual dividends of 2 per cent. each were paid in April (1) and October, until October, 1904, when the usual dividend was passed, and none were paid until 2 per cent. was paid April 2, 1906, which has since been the regular half yearly rate. In 1907, 2 per cent. semi-annually was paid on the 2d preferred in April and October.

The 1st mortgage 4 per cent. bonds authorized are \$20,000,000. Trustee of the mortgage and agent for the payment of interest, Central Trust Co., New York.

In June, 1905, the stockholders authorized the creation of the $4\frac{1}{2}$ per cent. refunding and extension mortgage for \$100,000,000. Of this amount \$37,000,000 are reserved for refunding bonds and equipment obligations of the system, \$15,000,000 are reserved for betterments and improvements at the cumulative yearly rate of \$500 per mile of operated and controlled lines beginning January 1, 1905, \$2,500,000, and \$45,500,000 are available for the acquisition of additional property. The latter item embodied provision for the acquisition of the Trinity & Brazos Valley Railway and its extension to Galveston. A syndicate agreed to purchase \$17,000,000 of the refunding and extension bonds and furnish \$15,000,000 cash for the same. Securities of controlled roads, aggregating \$9,618,536 are pledged under the mortgage for these bonds. Trustee of the mortgage and agent for the payment of interest, Central Trust Co., New York.

In 1905-06, an agreement was made with the Chicago, Rock Island & Pacific Railway Co. whereby the latter company took a half interest in the securities of the Trinity & Brazos Valley Railway, subject to their pledge under the Colorado & Southern's refunding and extension mortgage, and assumed one-half the requirements for interest on account of the Trinity & Brazos Valley Railway as they accrue.

This company and the Chicago, Rock Island & Pacific Railway Co. jointly guarantee \$500,000, 5 per cent. equipment bonds of the Trinity & Brazos Valley Railway Co., due 1907-17, April and October.

THE DELAWARE & HUDSON CO.

A corporation chartered by the State of New York, April 23, 1823, as "The President, Managers and Company of the Delaware & Hudson Canal Company." This company built and operated a canal from Rondout, N. Y., to Honesdale, Pa., 108 miles. By Act of the Legislature, passed

April 28, 1899, its title was changed to "The Delaware & Hudson Company," and the sale of its canal was authorized, which was effected in the following June.

Road owned, including branches, 148.89 miles. Leased and proprietary lines, 632.60 miles; trackage, 63.27 miles; total operated, 844.76 miles. The leased lines include the Albany & Susquehanna, 143 miles; Rensselaer & Saratoga Railroad and branches, 192 miles; Northern Coal & Iron Co., 22 miles; Chateaugay & Lake Placid Railway, 80 miles; Cooperstown & Susquehanna Valley Railroad, 19 miles; New York & Canada Railroad, Whitehall, N. Y., to Rouse's Point, N. Y., and branches, 151 miles. The Utica, Clinton & Binghamton and Rome & Clinton Railroads, 44 miles, are leased, but are sub-leased to the New York, Ontario & Western. The Adirondack Railway, 57 miles, was merged with this company in November, 1902, as was also the Schenectady & Duanesburg Railroad, 14 miles, in August, 1903. In 1905 the Quebec Southern Railway, 89 miles, and the South Shore Railway, 55 miles, were bought at judicial sale in the interest of this company. In 1906, the Quebec, Montreal & Southern Railway Co. was organized to take over these properties. See below. Locomotives, 409; passenger cars, 423; freight cars, 13,783; service cars, 791. The company owns a large coal property, and nearly 200 miles of tramways and mine roads in its mines.

In February, 1905, this company and the New York Central & Hudson River Railroad Co. jointly acquired control of the Schenectady Railway, an electric traction property, and in November, 1905, this company acquired the stock of the United Traction Co., of Albany and Troy, New York. In January, 1907, the last named company acquired control of the Hudson Valley Railway Co. See statement of the United Traction Co. in the Industrial Section of the MANUAL.

Statements of the leased and operated lines will be found under their respective titles. See Albany & Susquehanna, Rensselaer & Saratoga and New York & Canada.

Stock.....Par \$100.....Authorized, \$57,711,500.....Issued, \$42,400,000

In 1899 the stockholders adopted a resolution establishing a sinking fund for the gradual retirement of the stock and bonds of the company contemporaneously with the mining and sale of its coal. This provides that at the end of each year there shall be credited to the sinking fund a sum not less than five cents for every ton of coal mined by the company, and any additional amount which the managers may deem expedient, which same shall be invested in the securities or stock of the company and said securities or stock forthwith retired and canceled. Pursuant thereto the company purchased and canceled 2,000 shares of its stock for 1899; for 1900, 1,418 more shares were thus retired; for 1901, 1,511 shares; for 1902, 1,000 shares; for 1903 and 1904, 4,171 shares; for 1905, 500 shares; for 1906, 2,285 shares.

In March, 1904, an increase of \$10,000,000 in the authorized stock was ratified, and the stockholders of record March 19, 1904, had the right to subscribe for \$7,000,000 of the new stock at 135 in the proportion of one share of the new for each five shares held. The purpose of this issue was to retire the New York & Canada Railroad bonds maturing May 1, 1904, and to pay for the reconstruction of the Chateaugay & Lake Placid Railway. This increased the outstanding stock at the time to \$41,107,100.

In May, 1905, an increase of \$5,000,000 in the authorized stock was ratified, and in June, 1905, the stockholders were given *pro rata*, in the proportion of a \$1,000 bond for each 41 shares of stock, the right to subscribe at par for \$10,000,000 Albany & Susquehanna 3½ per cent. bonds, guaranteed by this company, said bonds to be dated April 1, 1906, and to be convertible up to April 1, 1916, at the holders' option, into Delaware & Hudson stock on the basis of \$500 of stock for \$1,000 of bonds. The purpose of this bond issue was to retire the Albany & Susquehanna 1st mortgage 6 and 7 per cent. bonds, maturing April 1, 1906, for \$10,000,000.

On February 19, 1906, an increase of \$7,000,000 in the authorized stock was ratified to provide for the conversion of \$14,000,000, 4 per cent., debentures of 1906 at the rate of \$500 in stock for each \$1,000 bond.

Stock is transferred at the office of the company, New York. Registrar, National Bank of Commerce, New York.

The directors of this company in January each year declare the dividend for the year out of the earnings of preceding years. The dividends are payable quarterly on the 15th day of March, June, September and December. In January, 1897, the dividend for the year was fixed at 5 per cent., which was also the rate in 1898, 1899 and 1900. In 1901, 7 per cent. was paid, which was also the annual rate decided upon for each successive year to 1906, inclusive. The rate for 1907 was, however, increased to 9 per cent., which is also the rate for 1908.

The Delaware & Hudson Co. guarantees dividends as follows on stock of leased roads: Albany & Susquehanna, 9 per cent. on \$3,500,000 stock; Rensselaer & Saratoga, 8 per cent. on \$10,000,000 stock; Rome & Clinton, 6½ per cent. on \$350,000 stock; Utica, Clinton & Binghamton, 5 per cent. on \$200,000 stock and 1½ per cent. on \$650,000 stock.

In 1899 car trust certificates for \$1,500,000 at 3½ per cent. were authorized for new equipment. These bonds are payable \$150,000 per annum each May, and \$300,000 are now outstanding. In 1900 the company created \$2,500,000 4 per cent. debentures for equipment, payable \$200,000 annually in January. \$1,100,000 are now outstanding.

In 1904 the company received from the New York & Canada Railroad Co. \$5,000,000 of the latter's 5 per cent. preferred stock as consideration for the payment by this company of its bonds for \$5,000,000, which matured May 1, 1904, and \$2,000,000 preferred stock from the Chateaugay & Lake Placid Railway Co. in payment for reconstruction of its road. In 1906 the company received \$1,000,000 additional preferred stock from the same company in payment for further advances to it.

In February, 1906, an issue of \$14,000,000, 10 year, 4 per cent. debentures was authorized, convertible into stock at \$200 per share for the latter or \$500 of stock for \$1,000 of the debentures, beginning June 15, 1907, and extending until June 15, 1912, inclusive. Stockholders of record February 19, 1906, were given the privilege of subscribing, at par, for a \$1,000 bond, of this issue, for each 30 shares of stock held, the debentures to be delivered on and after June 15, 1906. The purpose of these bonds was to finance the purchase of interests in the United Traction Co. Schenectady Railway Co. and to defray the cost of improvements and equipment.

In February, 1908, \$8,000,000 of 4½ per cent. collateral trust notes were issued, payable August 6, 1908, to take up the \$6,000,000 notes, of The Quebec, Montreal & Southern Railway Co., falling due in February, 1908, and for final payments for new coal lands in Schuylkill County, Pa. At the maturity of the notes the company made an issue of \$6,000,000 4½ per cent. notes, due August 6, 1908.

DENVER & RIO GRANDE RAILROAD CO.

(Controlled by Missouri Pacific Railway Co.)

A corporation formed under the laws of Colorado July 14, 1886, being a reorganization in 1886 of the railway company of same name.

Road operated June 30, 1907, 2,552 miles; the chief lines being from Denver, Col., to Ogden, Utah, and to Leadville, Aspen, Santa Fe and Grand Junction; Pueblo to Alamosa and San Juan and Cuchara to El Moro. Of this 1,757 miles are standard gauge and 795 miles narrow gauge. The Rio Grande Junction Railway, 62 miles, included in the above, is leased jointly to this company and the Colorado Midland, with other joint mileage, making a total of 70 miles. In 1901 this company acquired the Rio Grande Western, Grand River Junction to Ogden, and branches, 712 miles. The Rio Grande Southern Railroad, 180 miles, narrow gauge, was built and is operated in interest of this company, but is under a separate management. Locomotives, 533; passenger cars, 367; freight cars, 14,100; service cars, 144.

This company and the Rio Grande Western Railway Co. own a majority of the stock of the Western Pacific Railway Co., which is constructing a line from Salt Lake City to San Francisco, and in 1905 agreed to guarantee the bonds of that company under a traffic contract. See statement of the Western Pacific Railway Co.

In 1901 control of this company was acquired by the Missouri Pacific Railway Co.

The preferred stock is 5 per cent., non-cumulative. Stock is transferred at the office of the company, New York. Registrar, United States Trust Co., New York.

Dividends on the preferred stock have been as follows: In 1887, 2 $\frac{1}{2}$ per cent.; in 1888, 3 $\frac{1}{4}$ per cent.; in 1890, 2 $\frac{1}{4}$ per cent.; in 1891, 2 $\frac{1}{2}$ per cent.; in 1893, 2 per cent.; in 1896, 2 per cent.; in 1897, 2 per cent.; in 1898, 2 $\frac{1}{2}$ per cent.; in 1899 and 1900, 4 per cent. The January, 1901, dividend on the preferred was increased to 2 $\frac{1}{2}$ per cent., putting the stock on a 5 per cent. basis, which has since been the established rate. Dividends on the preferred stock are paid half-yearly, January (15) and July.

In May, 1901, arrangements were concluded for the purchase of the stock of the Rio Grande Western Railway Co., which had \$10,000,000 common and \$7,500,000 preferred stock outstanding. The common stock of that company was bought at \$80 per share and the preferred exchanged for preferred stock of this company in the proportion of ten shares of the Rio Grande Western preferred for eleven shares of Denver & Rio Grande preferred.

To carry out this arrangement the preferred stock of this company was increased from \$23,650,000 to \$44,400,000. Of the new preferred stock \$12,500,000 was taken by stockholders at 90 and the proceeds used to buy the common stock of the Rio Grande Western. Nearly all of the latter's preferred stock was exchanged on the terms above stated.

In January, 1898, an arrangement was made to refund the 7 per cent. 1st mortgage bonds into 4½ per cent. consols. By this the consolidated mortgage became a first lien on entire property.

This company is interested in the Rio Grande Southern Railroad, which has \$4,510,000 4 per cent. 1st mortgage bonds, due 1940. In 1900 the company guaranteed \$2,277,000 of the same, preparatory to their sale. There are consequently \$2,233,000 of the total of \$4,510,000 of these bonds which are *not* guaranteed. In 1896 this company acquired the Santa Fe Southern Railroad from Espanola to Santa Fe, 34 miles. This company, with the Colorado Midland, lease and jointly guarantee principal and interest of \$2,000,000 5 per cent. bonds of the Rio Grande Junction Railway.

The consolidated mortgage is \$42,000,000 authorized, and in May, 1901, authority was granted to issue \$6,900,000 of the consolidated mortgage bonds theretofore reserved for acquiring the Rio Grande Western and for other capital requirements. The improvement mortgage was authorized in June, 1888, at the rate of \$5,000 per mile.

The 4½ per cent. equipment bonds, Series A, were created in 1903, and are payable semi-annually, \$75,000 each in May and November from November, 1904, to May, 1913.

The company on June 30, 1907, had securities in its treasury of a par value of \$98,792,320 and a book value of \$36,300,059, and a renewal fund comprising \$433,812 in cash and securities.

The Detroit Southern's Ohio Southern Division 4 per cent. bonds were not disturbed in the reorganization. The mortgage, Central Trust Co., New York, trustee, is a purchase-money mortgage covering the lines of the former Ohio Southern Railroad, 224 miles. The total amount of the mortgage is \$4,500,000, and the issue was redeemable at 105, with interest, prior to March 1, 1906.

The Detroit, Toledo & Ironton general lien and divisional bonds outstanding are the full amount authorized, and cover all the company's property except the Toledo Terminal. Interest on the bonds accrued from December 1, 1905. Trustee of the mortgage, New York Trust Co.

The consolidated mortgage is for \$22,500,000, and has a first lien upon the stock of the Toledo Southern Railroad. Interest on the bonds began August 1, 1905. Trustee of the mortgage, Knickerbocker Trust Co., New York. Bonds are reserved to retire underlying liens and to provide for extensions, etc. In addition to amount outstanding, \$5,000,000 of these bonds are pledged as security for the company's 5 per cent. collateral notes.

The 5 per cent. collateral notes were created in 1905 and are secured by \$5,000,000 consolidated mortgage bonds of this company and by \$2,190,000 common and \$3,001,000 preferred stock of the Ann Arbor Railroad Co. An additional \$1,500,000 of the notes can be issued to acquire the remaining stock of the Ann Arbor Railroad Co. Trustee of the mortgage, United States Mortgage & Trust Co., New York.

The Detroit Southern Railroad Co. was formed in May, 1901, and took over the property of the Detroit & Lima Northern Railroad Co. and of the Ohio Southern Railroad Co., both of which were sold under foreclosure. Its capital consisted of \$10,500,000 common and \$6,500,000 preferred stock. Its funded debt comprised \$3,866,000 1st mortgage 4 per cent. bonds, due 1951, and \$4,294,000 Ohio Southern Division 1st mortgage 4s. The company defaulted on its 1st mortgage interest, due June 1, 1904, and a Receiver was appointed.

ERIE RAILROAD CO.

A corporation formed under the laws of New York, November 13, 1895, as successor to the New York, Lake Erie & Western Railroad Co. The latter was sold under foreclosure November 6, 1895, in accordance with the reorganization plan and the property transferred to this company, which took possession December 1, 1895.

Road operated June 30, 1907, 2,168 miles, of which 1,658 $\frac{1}{4}$ miles are owned or controlled by ownership of entire capital stock, 158 miles are controlled through ownership of a majority of stock, 276 miles are leased and 76 miles are trackage. In addition the company owns or controls 55 miles which are not operated and has restricted trackage over 109 miles. Total of system, 2,333 miles. The company also controls by stock ownership the New York, Susquehanna & Western Railroad, 238 miles, as well as the properties of the Hillside Coal & Iron Co., Blossburg Coal Co. and Northwestern Mining & Exchange Co., representing 10,500 acres of anthracite and 53,000 acres of bituminous coal lands in fee, and 14,000 acres under mineral rights. In 1901 acquired the whole capital stock of the Pennsylvania Coal Co. and its properties, including 15 miles of railroad. Also owns the Union Steamboat Co., with fleet of lake steamers. The company also has a one-fifth ownership in the Chicago & Western Indiana Railroad Co. The Pavonia Ferry between New York and Jersey City is owned. In 1907 the Erie & Jersey Railroad Co., was organized to build a low grade cut off line from Highland Falls to Gaynard, N. Y., about 40 miles and the Genesee River Railroad Co., to build from Hunts to Cuba, N. Y., about 30 miles.

Locomotives, 1,384; passenger cars, 1,096; freight cars, 51,514; service cars, 1,955. Also 9 ferryboats and numerous steamboats, tugs and barges. The equipment includes locomotives and cars held under car trust agreements.

The New York, Lake Erie & Western Railroad Co. leased the New York, Pennsylvania & Ohio Railroad Co. (Salamanca, N. Y., to Cleveland and Dayton, O.). It also controlled the Chicago & Erie Railroad. Under the reorganization plan the mortgages on the New York, Pennsylvania & Ohio were foreclosed and that road was reorganized as the Nypano Railroad Co., subject to \$8,000,000 prior lien bonds of the old company. All the stock and bonds of the Nypano Co. were transferred to this company. The Erie also owns the entire stock of the Chicago & Erie. Under the reorganization during 1896 a number of branch lines were amalgamated with this company either by merger or acquisition of their capital stock, including the Buffalo & Southwestern Railroad, Buffalo, New York & Erie, etc. The company also controls the New Jersey & New York Railroad, 37 miles, which is operated by its own management. The New York & Greenwood Lake Railway, 51 miles, is leased for rental equal to its fixed charges, and in 1899 the Northern Railroad of New Jersey, 26 miles, which was operated under contract, was leased and 4 per cent. guaranteed on its \$1,000,000 of stock. In January, 1898, the control of the New York, Susquehanna & Western system was acquired and the preferred stock of that company was exchanged at 90 for Erie 1st preferred and the common stock at par for Erie common.

In January, 1901, the company purchased from J. P. Morgan & Co. the entire capital stock of the Pennsylvania Coal Co. The company paid for this acquisition \$32,000,000 in its collateral trust fifty-year 4 per cent. gold bonds and \$5,000,000 in 1st preferred stock.

In September, 1905, this company acquired a controlling interest in the common stock of the Cincinnati, Hamilton & Dayton Railway Co., which controlled and leased the Pere Marquette Railroad Co. In December, 1905, however, the sale to the Erie was abrogated and J. P. Morgan & Co., New York, which firm had sold the Cincinnati, Hamilton & Dayton stock to the Erie Co., repurchased it on the same terms. See statement of the Cincinnati, Hamilton & Dayton Railway Co.

The 1st preferred stock is 4 per cent., non-cumulative. The 2d preferred is also 4 per cent., non-cumulative, subject to the prior rights of the 1st preferred. Both classes of preferred can be retired at par at the company's option.

The company's entire stock was held in a voting trust for 5 years, or until the 1st preferred received 4 per cent. in a year. Trustees, J. Pierpont Morgan, New York, Louis Fitzgerald, New York, and Sir Charles Tennant, Bart., London, Eng. It was proposed in February, 1904, to extend the voting trust for five years from May 1, 1904, when it expired through the payment of a full year's dividend on the 1st preferred stock, but a sufficient amount of the stock not having assented to this the trust was dissolved.

Transfer Agents, J. P. Morgan & Co., New York. Registrar, Mercantile Trust Co., New York.

The first dividend declared by the reorganized company was $1\frac{1}{2}$ per cent. on the 1st preferred stock, paid August 30, 1901. Semi-annual dividends of $1\frac{1}{2}$ per cent. each were also paid on the 1st preferred in February, 1902; August, 1902, and February, 1903. In July, 1903, the directors declared a semi-annual dividend of 2 per cent. on the 1st preferred stock, payable August 31, and another of 2 per cent. was also paid February 29, 1904, which put the 1st preferred on a full 4 per cent. basis. Subsequent dividends on the 1st preferred were at the rate of 4 per cent. per annum, paid half yearly, 2 per cent., the dividend dates in 1906 being February 28 and September 7. In April, 1907, 2 per cent. cash was again paid, but the dividend declared in September, 1907, was made payable in 10-year scrip, due October, 1917. See below. The first dividend on the 2d preferred stock was 4 per cent. annual, declared in September, 1905, and payable 2 per cent. in October, 1905, and 2 per cent. April 6, 1906. In 1906, 4 per cent. was again declared on the 2d preferred, payable, 2 per cent. October 9, 1906, and 2 per cent. April 9, 1907. In September, 1907, 4 per cent. was declared payable in 10-year scrip, 2 per cent. thereof to stockholders of record October 10, 1907, and 2 per cent. those of record April 10, 1908. See following paragraph.

The New York State Public Utilities Commission, Second Division, whose ratification of the issue of dividend scrip to pay the last mentioned dividends on the 1st and 2d preferred stock, refused its consent March 19, 1908, thereby preventing the payments in question.

The balance sheet, June 30, 1907, gives car trusts as follows: New company's \$13,347,399; New York, Pennsylvania & Ohio car trusts, \$352,060: total car trusts outstanding \$13,699,459.

See MANUAL for 1896 for old securities retired in reorganization, and also for 1896 and 1897 for terms of exchange and assessments for old bonds and stock under the plan.

The new first consolidated mortgage was created under the reorganization of 1895, and is for \$175,000,000, divided into \$35,000,000 prior lien and \$140,000,000 3 to 4 per cent. general lien

bonds. The latter's first coupons were payable January 1, 1897, and they bore 3 per cent. for two years and 4 per cent. thereafter. Of the general lien bonds \$79,918,000 are reserved for ultimate retirement of old bonds and guaranteed stocks left undisturbed, and \$17,000,000 for improvements after 1897, at rate of \$1,000,000 per annum.

The Northern Railroad of New Jersey in 1899 created a general mortgage of \$1,000,000 4½ per cent., guaranteed by the Erie, of which \$804,000 was reserved to retire prior bonds, the balance to be used for improvements and construction.

The collateral trust 4 per cent. mortgage was created in February, 1901, to pay for the acquisition of the Pennsylvania Coal Co. It is secured by a deposit of the majority of the latter's stock and 51 per cent. of the stock of the New York, Susquehanna & Western Railroad Co. The amount of bonds authorized is \$36,000,000.

The convertible 4 per cent. bonds were created in 1903, and are \$50,000,000 authorized. Trustee of the mortgage, Standard Trust Company, New York. The first issue or Series A \$10,000,000 (for which stockholders had the right to subscribe at 92½) are exchangeable for common stock at 50 for the latter, between April 1, 1905, and April 1, 1915. The purpose of this issue was to provide for improvements and betterments.

The second issue, or Series B, of the convertible bonds for \$12,000,000 was authorized in September, 1905, the purpose being to provide funds to pay for the acquisition of the Cincinnati, Hamilton & Dayton and Pere Marquette properties, stockholders of record October 21, 1905, being given *pro rata* the right to subscribe for the same at par. The series is convertible into common stock at \$60 per share for the latter at any time after October 1, 1907, and before October 1, 1917. On the abrogation of the purchase of control of the Cincinnati, Hamilton & Dayton, it was announced that the proceeds would be applied to the general improvements of the Erie system, but that stockholders who objected to this change of disposition would have their subscriptions for the bonds refunded. The issue was underwritten by a syndicate.

In April, 1907, the company issued \$5,500,000 of 1-year notes, payable April 8, 1908, which were discounted in advance, the same being to retire maturing notes.

The Erie and Jersey notes issued in June, 1907, are secured by \$4,000,000 of that collateral 4 per cent. 50-year 1st mortgage bonds. At the same time a loan of \$2,000,000 was made by the Genesee River Railroad Co., secured by its bonds. See above regarding those companies.

EVANSVILLE & TERRE HAUTE RAILROAD CO.

Road owned, Evansville, Ind., to Terre Haute, 108.56 miles, and the Evansville & Indianapolis Railroad, which owns 134.15 miles, and leases 11.80 miles, is controlled; branches, 74.45 miles; total owned, 183.01 miles. The Evansville Belt Railroad, 4.45 miles, is leased; the Rockville Branch, 23 miles, is leased to the Vandalia Railroad Co. and Chicago and Eastern Illinois Railroad Co. jointly; total operated by the company, 164.46 miles; total of system, 310.41 miles. Locomotives, 53; passenger cars, 33; freight cars, 5,905; service cars, 86.

In July, 1903, it was announced that a large interest in the common stock had been acquired by the St. Louis & San Francisco Railroad Co. The acquisition, with the stock already held by interests connected with the Chicago & Eastern Illinois Railroad Co., gave control of the Evansville & Terre Haute Railroad and its allied roads to the Rock Island-San Francisco-Eastern Illinois system.

FITCHBURG RAILROAD CO.

(Leased to Boston & Maine Railroad)

Road owned, Boston to Fitchburg, 50 miles; Greenfield to Troy, N. Y., 85 miles; Vermont to Rotterdam, N. Y., 61 miles; Ashburnham Junction to Bellows Falls, Vt., 54 miles; branches, 144 miles; leased, Vermont & Massachusetts, Fitchburg to Greenfield, 56 miles; other leased lines, 8 miles; total, 458 miles.

In 1900 this company leased its property for 99 years from July 1, 1900, to the Boston & Maine Railroad for interest on the bonds and expenses and dividends of 5 per cent. per annum on the preferred stock and 1 per cent. per annum on the common stock. It was also provided that the Boston & Maine should purchase the common stock (\$5,000,000) held by the State of Massachusetts, with an issue of its 3 per cent. bonds, the same terms being offered with respect to the common stock in the hands of the public, and all of the common is now held by the Boston & Maine Railroad or by this company itself.

Stock is transferred at the office of the company, Boston. Registrar, State Street Trust Co., Boston.

Preferred stock was increased \$360,000 in 1895 to provide for the merger of the Brookline & Pepperell Railroad. Of the common stock \$5,000,000 was owned by State of Massachusetts, the Boston & Maine now holding \$5,454,550 and the Fitchburg Railroad Co. itself the remaining \$1,545,450 of the \$7,000,000 outstanding stock of this issue. See above for treatment of common stock in the lease. The common stock has no voting power (except on questions of increases of preferred stock) until the common receives dividends for two consecutive years of not less than 4 per cent. per annum. No dividends were paid on the common stock prior to the lease.

Under the lease, dividends on the preferred stock are paid quarterly, $1\frac{1}{4}$ per cent. each, in January (1), April, July and October. The payments on the common are also quarterly, $\frac{1}{2}$ per cent. each, in the same months, but no dividends are paid on the common stock held by the Boston & Maine Railroad or the Fitchburg Railroad Co. itself.

GRAND TRUNK PACIFIC RAILWAY CO.

(Controlled by the Grand Trunk Railway Co.)

A corporation formed under a charter from the Dominion of Canada, October 24, 1903. The company was organized in pursuance of plans for an extension of the Grand Trunk Railway system to the Pacific, and the support of the Canadian Government was extended to the company in the manner hereafter described.

The main line projected is to extend from Moncton, N. B., to Quebec, thence to Winnipeg, and from that point to the Pacific at Prince Rupert, B. C., about 3,550 miles, exclusive of branches. The Eastern Division, Moncton to Winnipeg, about 1,800 miles, is to be built by the Canadian Government and to be leased on completion to the company for fifty years at a rental equivalent to 3 per cent. per annum on the cost of construction, the Government, however, agreeing if necessary to pay the interest charges for the first seven years of the lease. The Western Division, Winnipeg to the Pacific, about 1,754 miles is to be built by the company and is divided into two sections: the Prairie Section, Winnipeg to the Rocky Mountains, about 1,000 miles, and the Mountain Section, from the Rocky Mountains to the Pacific, about 745 miles. The Canadian Government agrees to guarantee principal and interest of 1st mortgage bonds on the Western Division at the rate of 3 per cent. per annum for fifty years to the extent of three-fourths the cost of the line which, however, for the Prairie Section shall not exceed \$13,000 per mile. The Government agrees to pay the interest on the proportion of bonds on the Mountain Section which it guarantees for the first seven years without recourse to the company. The Grand Trunk Railway Co. is to guarantee principal and interest at the rate of 4 per cent. on the bonds issued for the remaining one fourth the cost of the Western Division. In consideration of this guarantee the Grand Trunk Railway Co. is to receive all the capital stock of this company except the shares necessary to qualify the directors.

A line known as the Lake Superior Branch is to extend from Fort William, Ont., to a connection with the main line of the Eastern Division, about 190 miles. This branch is to be built by the company, and in aid thereof the Province of Ontario has granted a cash subsidy of \$2,000 per mile and a land grant of 6,000 acres per mile.

Branches connecting the Eastern Division with the lines of the Grand Trunk Railway Co. are also contemplated as well as extensions to various points in the Canadian Northwest and British Columbia, and also to Dawson, Yukon Territory. During 1907, construction work on a considerable part of the line was in progress.

From 1894 to 1897 nothing was paid on the 4 per cent. guaranteed stock. Since 1898 the full 4 per cent. has been paid. The dividends on the guaranteed stock are 2 per cent., half yearly, in April and October. In 1898 3 per cent. was paid on the 1st preference stock, and the full dividends of 5 per cent. per annum were paid in 1899 and until 1906, inclusive, the dividend periods being March (20) and September. The September, 1904, dividend was passed, but 5 per cent. was paid on the 1st preference in April, 1905, and 2½ per cent. in October, 1905. In 1906 and 1907, paid 5 per cent. A dividend of 3½ per cent. on the 2d preference stock for the year 1899 was paid, being the first for many years. In 1900, 3 per cent. was paid; in 1901, 4 per cent., and in 1902 and 1903 5 per cent. The semi-annual dividend of 2½ per cent. on the 2d preference was paid March 23, 1904, but no dividend was paid on it in September, 1904. In April, 1905, 5 per cent. was paid on the 2d preference, and 2½ per cent. in October, 1905, which has since been the regular semi-annual rate to October, 1907, inclusive. On the 3d preference stock 1 per cent. was paid in 1902 and 2 per cent. in 1903. A semi-annual dividend of 2 per cent. was paid March 23, 1904, and the same rate on April 30, 1906. In April, 1907, 3 per cent. was paid on the 3d preference.

The company controlled the Northern Steamship Co., running between Buffalo and Duluth, but sold its freight steamers and its elevator property at Buffalo in 1903, but retains and operates its passenger steamers. In 1897 the company instituted a trans-Pacific steamship line between Puget Sound, China and Japan. Locomotives, 943; passenger cars, 668; freight cars, 38,385; service cars, 1,658.

This company and the Northern Pacific in 1901 jointly purchased the stock of the Chicago, Burlington & Quincy Railroad. In payment for the Burlington stock the two purchasing companies issued their joint 4 per cent. collateral trust bonds at 200 for the old Burlington shares.

In November, 1901, the stockholders of the company were offered the right to sell their stock at 180 to the Northern Securities Co., the price being payable in the stock of the Northern Securities Co. See statement of the latter company.

Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

From 1892 to 1896 inclusive 5 per cent. dividends were paid. In August, 1897, the rate was increased, making $5\frac{1}{2}$ per cent. paid in 1897. In 1898 the rate was further increased to $6\frac{1}{4}$ per cent., and in 1899 and subsequent years 7 per cent. was paid on the stock. Dividends are paid quarterly, $1\frac{3}{4}$ per cent. each, in February (1), May, August and November. In May, 1901, $\frac{1}{2}$ per cent. extra, and in November, 1907, $1\frac{1}{2}$ per cent. extra were paid from the earnings of the Lake Superior Co., Limited.

In 1898 the stockholders received a dividend of 50 per cent. in stock of the Seattle & Montana.

This company, through a subsidiary organization, the Lake Superior Co., Limited, acquired a large amount of iron ore properties. In October, 1906, arrangements were made to lease these properties to the United States Steel Corporation, to be operated by it on royalty, and the properties and the lease were transferred to trustees to be held for the benefit of the stockholders of the Great Northern Railway Co. Under date of October 22, 1906, announcement was made that stockholders of record December 6, 1906, would receive certificates of a beneficial interest in the ore properties at the rate one share of said certificates (the same having no par value), for each share of Great Northern stock held, the total issue of the ore certificates being 1,500,000 shares. For details, see separate statement of Great Northern Iron Ore Properties in the Industrial Section of the MANUAL.

Originally, in 1890, \$20,000,000 6 per cent. preferred non-cumulative stock was issued at 50 to St. Paul, Minneapolis & Manitoba stockholders, the other 50 per cent. being paid for a transfer to this company of the St. Paul, Minneapolis & Manitoba treasury securities when this company leased the St. Paul, Minneapolis & Manitoba and guaranteed 6 per cent. on its \$20,000,000 of stock. The Great Northern common stock authorized was \$20,000,000, but none was issued. In 1893 \$5,000,000 additional preferred was issued at par to pay for equipment, terminals, etc. In 1898 preferred stock was increased \$25,000,000; of this \$15,000,000 was sold to stockholders *pro rata* at par and proceeds used to retire the company's \$15,000,000 of 4 per cent. collateral trust bonds and \$10,000,000 was given to stockholders in exchange for the \$12,500,000 stock of the Seattle & Montana Railroad which had been given to stockholders of the Great Northern as a 50 per cent. dividend. By these operations the Great Northern preferred stock was raised to \$50,000,000.

In November the company decided to surrender the right to issue common stock and to increase outstanding stock to \$75,000,000, making it of uniform character and having uniform rights. The \$25,000,000 of stock was offered to the holders of the St. Paul, Minneapolis &

Manitoba's \$20,000,000 of stock in payment for their shares at \$125 each. A large majority of the St. Paul, Minneapolis & Manitoba stockholders accepted in advance. By this operation the complete unification of the system was secured. On June 30, 1907, \$338,000 St. Paul, Minneapolis & Manitoba stock was outstanding.

In April, 1899, the stock was increased \$15,000,000, making the authorized total \$90,000,000, and the increase was offered to stockholders at par, proceeds being used to acquire the bonds and stock of the Spokane Falls & Northern and other branches, and \$7,500,000 new stock of Eastern Railway of Minnesota. In January, 1900, another increase of \$9,000,000 was offered to stockholders at par, the purpose being to acquire additional mileage. This increased the authorized stock to \$99,000,000. In April, 1900, a further issue of \$1,000,000 stock was authorized, to be offered solely to the Great Northern Employees Investment Co., a corporation organized for the benefit of the company's employees. This increased the capital stock to \$100,000,000. In March, 1901, a further increase of \$25,000,000 in the stock was announced, making the total \$125,000,000. Stockholders were given the right to subscribe at par for the increase in the proportion of 25 per cent. of their holdings, being credited with \$20 per share on such subscriptions, thus making the price paid by them for the new stock \$80 per share. In September, 1905, a further issue of \$25,000,000 stock was authorized, and was subscribed for at par by the stockholders.

Under date of December 11, 1906, the company announced a further increase in the stock of \$60,000,000, making the authorized amount \$210,000,000. The stockholders of record January 4, 1907, were offered the right to subscribe for the new stock at par to the extent of 40 per cent., of their holding. Payments for subscriptions were to be made in instalments as follows: January 7, 1907, 10 per cent.; February 7, 10 per cent.; April 8, 10 per cent.; May 7, 5 per cent.; June 7, 5 per cent.; July 8, 5 per cent.; August 7, 5 per cent.; September 6, 5 per cent.; October 7, 5 per cent.; November 7, 5 per cent.; December 6, 5 per cent.; January 7, 1908, 5 per cent.; February 6, 5 per cent.; March 6, 5 per cent., and April 7, 1908, 5 per cent. Interest on amounts paid was to be allowed at the rate of 5 per cent. per annum, payable semi-annually, May 1 and November 1, beginning May 1, 1907, and on completion of final payments, receipts would be exchangeable for stock which will rank with the old stock from May 1, 1908. Owing to objections raised by the Attorney-General of Minnesota to the validity of the new stock issue unless it were approved by the State Railroad Commission, the closing of the transfer books for the above privilege was postponed several times as was also the time for payment of the first payment, the matter being finally decided in the company's favor.

FUNDED DEBT (JOINTLY WITH NORTHERN PACIFIC)

Twenty-year joint collateral trust bonds, secured by Chicago, Burlington & Quincy stock, 4 per cent., gold, due July, 1921, Jan. and July.	\$215,226,000
--	---------------

In 1898 the Eastern of Minnesota Northern Division 4 per cent. bonds for \$5,000,000 were issued and guaranteed by this company to provide for the extension from Duluth to Fosston. The Great Northern collateral trust 4 per cent. bonds for \$15,000,000 were retired in 1898 with the proceeds of \$15,000,000 of this company's stock as referred to above. This released £3,000,000 of Manitoba Pacific extension sterling 4s held in trust as security for the Great Northern bonds.

The Great Northern-Northern Pacific joint collateral trust 4 per cent. bonds, due 1921, are secured by the deposit of \$107,612,600 out of a total of \$111,142,800 of the Burlington stock. The bonds are subject to call at 105 after January 1, 1906.

GULF & SHIP ISLAND RAILROAD CO.

A corporation chartered February 23, 1882, by the State of Mississippi with a perpetual charter.

Road owned, Gulfport to Jackson, Miss., 161 miles; Maxie to Mendenhall, Miss., 105 miles; Saratoga to Laurel, 41 miles; total operated, 307 miles. Locomotives, 51; passenger cars, 33; freight and service cars, 1,645.

The completed line was opened for operation in 1900. During 1902 the company authorized an issue of bonds for the purpose of acquiring land and constructing extensive terminals, docks, etc., at Gulfport, where the company has constructed a pier about 1 mile long and dredged a ship canal about 7 miles long and 310 feet wide with a depth of from 23 to 24 feet. An anchorage basin of the depth of the main channel and one-quarter mile by one-half mile in area adjoining the main pier is in use. The country tributary to the road affords a large and increasing cotton and lumber tonnage. Shipments of lumber from Gulfport have been as follows: in 1902, 19,035,252 feet; in 1903, 105,849,252 feet; in 1904, 245,213,829 feet; in 1905, 207,614,000 feet; in 1906, 293,125,000 feet and in 1907, 286,565,000 feet.

Voting trust dissolved June 29, 1905. See the MANUAL for 1905.

Quarterly dividends of 1 per cent. each have been paid on the stock since April, 1903, the dividend periods being January (15), April, July and October.

FUNDED DEBT

1st refunding and terminal mort., 5 per cent., due Feb., 1952, Jan. and July..... \$4,984,000
6 per cent. gold mort., due 1909-1911, April and Oct..... 1,000,000

Total..... \$5,984,000

The 1st refunding and terminal mortgage was created in 1902 for the purpose of retiring the old 1st mortgage 55, the acquisition of terminals, extensions and equipment. The authorized issue is \$5,000,000 and \$16,000 of the bonds are reserved to retire a like amount of old 55 of 1896. There is a sinking fund of 1 per cent. for the bonds, beginning in 1905, the bonds being purchased at 110 or less, but not drawn. Bonds so purchased are kept alive in the sinking fund as an investment. In accordance with this provision of the mortgage, \$210,000 bonds had been purchased to January, 1908. If unable to buy bonds at 110 or less, the trustee may invest the sinking fund in securities legal for savings banks in the State of New York.

The 6 per cent. gold mortgage was created to pay for the construction of an extension from Mendenhall to Columbia, Miss. and for other corporate purposes. The bonds are secured on the company's entire property, subject to the 1st refunding and terminal 55. The bonds mature \$250,000, April 1, 1909; \$250,000, April 1, 1910, and \$500,000, April 1, 1911. The entire issue is redeemable on any interest date at 101 and accrued interest. The authorized issue is \$1,000,000.

THE HOCKING VALLEY RAILWAY CO.

A corporation formed under the laws of Ohio, February 25, 1899, to take over the property of the Columbus, Hocking Valley & Toledo Railway Co. in accordance with a reorganization of the latter. See below for the proposed consolidation of the company with the Kanawha & Michigan Railway Co.

Road owned, Rockwell, O., to Pomeroy, O., 252 miles; Athens branch, 26 miles; other branches, 63 miles; trackage to Toledo, 6 miles; total, 347 miles. Locomotives, 142; passenger cars, 93; freight cars, 14,779.

This company owns all the \$8,421,000 bonds of the Middle States Construction Co., which are secured by nearly all the stocks of the Toledo & Ohio Central Railway Co. In September, 1903, it acquired control of the Kanawha & Michigan Railway Co., 188 miles, including trackage 19 miles and 11 miles operated by other companies.

In December, 1902, a syndicate was formed which called for deposits of the common stock with J. P. Morgan & Co., with power to sell the deposited stock and in June, 1903, the common stock so deposited was sold to a combination of railroad companies. The transaction involved \$6,924,200 of the common stock out of a total of \$11,000,000. The purchasing companies and the interest acquired by each were as follows: Pittsburgh, Cincinnati, Chicago & St. Louis Railway Co., two-sixths; Baltimore & Ohio Railroad Co., Chesapeake & Ohio Railroad Co., Lake Shore & Michigan Southern Railway Co., and Erie Railroad Co., one-sixth each. The purchase was paid for by \$7,270,410 three-year 5 per cent. participation certificates, due June 28, 1906, interest June 28 and December 28, secured by the stock acquired, the purchaser companies being responsible for the same to the extent of their respective interests. Holders of the certificates for deposited stock received on July 6, 1903, 1903 for the certificates.

In August, 1906, a plan was announced for a consolidation with the Kanawha & Michigan Railway Co., involving the retirement of the company's preferred stock, and the creation by the new company of a new general lien 4 per cent. mortgage for \$30,000,000. The new company it was provided should have \$13,750,000 of stock all of one class. For the old Hocking Valley preferred stock, 110 in new bonds was offered, the old common to be exchanged share for share for new stock and the \$14,490,000 of Kanawha & Michigan stock outstanding in the hands of the public to be exchanged for 60 per cent. of its face in new stock. Under these provisions the consolidated company would have \$13,750,000 of stock and \$17,000,000 of the new 4 per cent. general lien bonds in addition to the funded debts of the two constituent companies. Deposits of the old stocks under this plan were to be made with J. P. Morgan & Co., New York.

Legal proceedings having been instituted by the authorities of Ohio as to the validity of the merger, the limit of the time for making deposits of stocks under the plan was extended until March 1, 1908.

	{ pref., 15,000,000 }		{ pref., 15,000,000 }	\$26,000,000

The preferred stock is 4 per cent., non-cumulative, but after both classes of stock receive 4 per cent. in any year they share in any further division of surplus. The company has a statutory right to retire the preferred stock at par.

Transfer Agents, J. P. Morgan & Co., New York. Registrar, Central Trust Co., New York.

The first dividend on the preferred stock was declared in November, 1899, 1½ per cent., payable January 10, 1900. In July, 1900, 2 per cent., semi-annual, was paid on old preferred, and also 2 per cent., semi-annual, January 16, 1901. Since that time regular 2 per cent. semi-annual dividends have been paid on the preferred in January and July.

The first dividend on common stock was 1½ per cent. from the earnings of the year 1900-01, paid July 20, 1901, and 1½ per cent. semi-annual dividends, or 3 per cent. per annum, were paid on the common in January and July until July 15, 1907, when the rate was increased to 2 per cent.

The Indianapolis Southern Railway, Indianapolis to Effingham, Ill., 177 miles, is controlled. An extension from Jackson, Tenn., to Birmingham, Ala., was completed early in 1908, part of the line being trackage. In March, 1908, it was announced that this company would acquire the entire stock of the Central of Georgia Railway Co. See statement of the latter company.

In 1892 the Illinois Central Railroad Co. acquired control of the Louisville, New Orleans & Texas Railroad Co., and consolidated it with the Yazoo & Mississippi Valley Railroad Co. In November, 1893, acquired the Chesapeake, Ohio & Southwestern Railway. In 1896, leased the St. Louis, Alton & Terre Haute. In 1900 completed the construction of a line from Fort Dodge, Ia., to Council Bluffs, Ia., and Omaha, Neb., 130 miles, which is part of the Dubuque & Sioux City Railroad, owned by this company. In December, 1899, acquired 85 miles of the St. Louis, Peoria & Northern from Springfield, Ill., to Mt. Carbon, with trackage, 17 miles, to St. Louis. In 1900 took over the Peoria, Decatur & Evansville Railroad, 256 miles, having purchased control of that road from its bondholders. In 1901 the Cecilia branch of the Louisville & Nashville, 45 miles, which the company had operated under lease, was purchased. In 1905 in conjunction with the Southern Railway Co., it acquired control of the Tennessee Central Railroad Co. and on December 31, 1905, took over the portion of the latter road from Nashville to Hopkinsville, Ky., 85 miles.

Leased line stock.....	Par \$100.....	Authorized, \$10,000,000.....	Issued, \$10,000,000

The leased line stock is entitled to 4 per cent. per annum. It was issued in June, 1883, when a dividend on the stock was paid to the stockholders in the proportion of 17 shares of special for each 100 shares of stock. The leased line stock is secured by an equal amount of the stock of the Chicago, St. Louis & New Orleans Railroad Co.

In November, 1895, stock was increased \$10,000,000, making total issue \$60,000,000. Of increase \$2,500,000 was allotted at par forthwith, and in 1899, balance, \$7,500,000, was sold. In 1900 the stock was increased \$6,000,000 for equipment and extensions, and in October, 1900, the authorized amount was increased to \$79,200,000, part of the increase being offered to stockholders at par. A further increase of \$15,840,000 was made in August, 1902. The stockholders of record, September 19, 1902, were given the right to subscribe at par for the increase in the proportion of 20 per cent. of their holdings.

In March, 1908, a special meeting was called for May 18, 1908, to vote on a proposition to increase the authorized stock to \$123,552,000. It was stated that if this was ratified the stockholders might be invited to subscribe at par for one-half of the increase, the remaining one-half to be the basis of an issue of convertible bonds.

Stock is transferred at the office of the company, New York. Registrar, National Park Bank, New York.

For dividends paid see table of earnings below. In September, 1900, the half-yearly dividend was increased to 3 per cent., putting the stock on a 6 per cent. basis. The dividends are paid semi-annually, 3 per cent. each, on March 1 and September 1. The March, 1905, regular dividend was accompanied by an extra dividend of $\frac{1}{2}$ per cent. in commemoration of the fact that the dividend was the one hundredth consecutive semi-annual one declared and paid. In September, 1905, $\frac{1}{2}$ per cent. extra was also paid, and subsequent dividends have been $3\frac{1}{2}$ per cent. or at the rate of 7 per cent. per annum. Dividends on the special leased line stock are paid semi-annually, 2 per cent. each, on January 1 and July 1.

The company pays the State of Illinois 7 per cent. on gross earnings of the original 705 miles in lieu of taxes.

This company guaranteed under lease 2½ per cent. dividends on St. Louis, Alton & Terre Haute stock, but acquired nearly all the same and that of the Belleville & Southern Illinois in exchange for Illinois Central 3 per cent. bonds. In 1897 the company created the St. Louis Division & Terminal 3½ per cent. mortgage for \$15,000,000 upon the St. Louis, Alton & Terre Haute property.

The purchased lines 3½ per cent. mortgage was created in 1904 to acquire title to certain auxiliary roads and unify the system. The lines covered by the mortgage aggregate 750 miles. The mortgage is for \$20,000,000, of which \$5,338,000 was reserved to retire prior liens, and \$2,500,000 to acquire additional properties.

The Western lines 4 per cent. mortgage, created in 1895, is for \$10,000,000, but \$4,575,000 of the bonds cannot be issued until the Iowa Falls & Sioux City 7 per cent. mortgage for \$2,800,000 has been discharged and the property freed of the lien.

The collateral trust bonds, 4 per cent., due 1952, are secured by \$16,350,000 of bonds of the Yazoo & Mississippi Valley and other controlled railroads.

The Louisville Division 4 per cent. gold bonds, due 1953, are secured by \$35,840,000 bonds of the Louisville, New Orleans & Texas Railway Co., including \$16,832,000 1st mortgage bonds of that road.

The Litchfield Division 3 per cent. mortgage is for \$4,000,000, and was created in 1900 to acquire the portion of the St. Louis, Peoria & Northern from Litchfield at East St. Louis.

Interest on the various bond issues is paid at the office of the company, New York.

INTEROCEANIC RAILWAY OF MEXICO, LIMITED

A corporation formed under the laws of Great Britain in 1888. It acquired concessions from the Government of Mexico for the building and operation of a railroad from Vera Cruz to Acapulco, via the City of Mexico, the concession being for 99 years from 1883. The line from Vera Cruz to the City of Mexico was completed in 1891.

Road owned, main line, Vera Cruz to the City of Mexico, 342 miles; branches, 394 miles; total, 736 miles.

In 1901 the company acquired the Nautla Railway, 79 miles, and began the construction of a cut-off of 61 miles from Virreyes to San Nicolas to reduce the distance and grades on its main line. The arrangements made in this connection include the creation of a company under the title of The Mexican Eastern Railway Co. In 1903 the Mexican Eastern Railway, 139 miles, was completed and taken over by this company.

In 1903 the National Railroad Co. of Mexico obtained from the Mexican Government considerable interests in the securities of this company and a contract was made by which that company assumed the operation of the road on behalf of the company. A consolidation of this company with the National Railroad Co. of Mexico was authorized in 1903.

Locomotives, 93; passenger cars, 100; freight cars, 1,377.

Va., 94.09 miles; branches, 5.20 miles; total owned, 158.34 miles; trackage, 18.70 miles; total operated, 177.04 miles. Also owns Buckingham Branch, Gloucester, O., to Carrington, O., 11.17 miles, leased to Toledo & Ohio Central. Locomotives, 59; passenger cars, 23; freight cars, 5,091.

Formerly the Kanawha & Ohio Railroad, which was successor to River Division of the Ohio Central Railroad, foreclosed 1885, and reorganized by its bondholders, the road being controlled in the interest of the Toledo & Ohio Central, which company guaranteed the bonds.

In August, 1906, a plan was submitted for the consolidation of the company with the Hocking Valley Railway Co. Under its terms, holders of the \$4,490,000 of the company's stock outstanding in the hands of the public, were asked to exchange the same for 60 per cent., of their face in the stock of the new company. The consummation of the plan was, however, interfered with by legal opposition on the part of the Ohio State authorities, and the time for making deposits of stock extended until March 1, 1908. See statement of the Hocking Valley Railway Co., for details.

KANSAS CITY, FORT SCOTT & MEMPHIS RAILWAY CO.

(Controlled by St. Louis & San Francisco Railroad Co.)

A corporation formed under the laws of Kansas, June 14, 1901. The company took over the
 property of the Kansas City, Fort Scott & Memphis Railroad Co. in the interest of the St.
 Louis & San Francisco Railroad Co., which had purchased control of that property. The St.
 Louis & San Francisco leased this road for 99 years from August 23, 1901, and it is operated as
 part of the San Francisco system.

Road owned, Kansas City, Mo., to Memphis, Tenn., 485 miles; branches, 429 miles; total,
 914 miles. Controlled, Kansas City, Memphis & Birmingham Railroad, 286 miles; total, 1,201
 miles. The mileage includes a bridge over the Mississippi at Memphis, Tenn., completed in
 1892.

The Kansas City, Clinton & Springfield, 247 miles, and Kansas City, Memphis & Birming-
 ham, 286 miles, were also controlled in the interest of the old company, which guaranteed the
 bonds of former and made a traffic guarantee of bonds of the latter.

The Kansas City, Fort Scott & Memphis Railroad Co. was a consolidation on April 20, 1888, of the Kansas City, Fort Scott & Gulf and the Kansas City, Springfield & Memphis Railroad Companies. The Kansas City, Fort Scott & Gulf was the successor of the Missouri River, Fort Scott & Gulf, foreclosed and reorganized in 1879.

In February, 1901, it was announced that a majority of the stock of this company and of the stock and income bonds of the Kansas City, Memphis & Birmingham Railroad Co. had been sold to capitalists identified with the St. Louis & San Francisco Railroad Co. The terms of the sale were \$150 per share, in cash, for the preferred stock of this company, and \$75 cash and 25 per cent. in new securities for each share of common stock. All of the common stock is held by the St. Louis & San Francisco Railroad Co.

The preferred stock is 4 per cent., non-cumulative.

All of the preferred stock now issued is held in trust, and \$13,510,000 of preferred stock 4 per cent. trust certificates, have been issued against the same. Interest on the trust certificates is paid quarterly, in January, April, July and October, at the Mercantile Trust Co., New York. The St. Louis & San Francisco Railroad Co. guarantees the certificates and can retire them at par at any time, and is obligated to do so in twenty years, that is, in 1921. The outstanding trust certificates were offered to the St. Louis & San Francisco stockholders for subscription in June, 1901.

The terms of the lease to the St. Louis & San Francisco Railroad Co. provide for a rental equal to the interest on the company's bonds and 4 per cent. on the preferred stock.

Road owned, Buffalo to Chicago, 540 miles; branches, 338 miles; proprietary roads wholly owned by this company, Detroit, Monroe & Toledo, 54 miles; Kalamazoo & White Pigeon, 37 miles; Sturgis, Goshen & St. Louis Railroad, 36 miles; Northern Central Michigan Railroad, 61 miles; Detroit & Chicago Railroad, 26 miles; Elkhart & Western Railroad, 11 miles; Central Trunk Railroad, 5 miles; total proprietary roads, 231 miles; leased, Kalamazoo, Allegan & Grand Rapids, 58 miles; Jamestown & Franklin, 51 miles; Mahoning Coal Railroad, 71 miles; Detroit, Hillsdale & Southwestern, 65 miles; Fort Wayne & Jackson Railroad, 98 miles; total leased, 343 miles; Detroit, Toledo & Milwaukee, 66 miles; total operated, 1,520 miles. Also has a controlling interest in the stocks of the New York, Chicago & St. Louis, Pittsburg & Lake Erie and the Lake Erie & Western Railroad Co's. In 1901 purchased control of the Indiana, Illinois & Iowa Railroad Co., which in 1906 was consolidated with the Chicago, Indiana & Southern Railroad Co., the latter being controlled jointly by this company and the Michigan Central Railroad Co. The company has large holdings of stocks of the Cleveland, Cincinnati, Chicago & St. Louis Railway Co. In 1902 this company and the Michigan Central Railroad Co. acquired the Detroit, Toledo & Milwaukee Railroad Co., 133 miles, and in 1905 the road was divided and

one half leased to each road in perpetuity. In 1903, in conjunction with the Baltimore & Ohio Railroad Co., acquired a large holding in the stock of the Reading Company, part of which was, however, sold in 1905-06.

In 1903 this company also acquired a one-sixth interest in a majority of the common stock of the Hocking Valley Railway Co. Locomotives, 821; passenger cars, 603; freight cars, 35,167.

The guaranteed stock is entitled to 10 per cent. dividends. It was issued originally by the Michigan Southern & North Indiana Railroad.

Stock is transferred at the office of the company, New York. Registrar, Union Trust Co., New York.

Dividends of 10 per cent. per annum on the guaranteed stock are paid regularly, 5 per cent. each, in February and August. Dividends on the ordinary stock also are paid half yearly, January 29 and July 29. The rate paid each year is shown in the table of earnings, the same having been increased to 7 per cent. per annum in 1898. The January, 1904, dividend was increased to 4 per cent., putting the stock on an 8 per cent. dividend basis, which continued to be the regular rate until January, 1907, when 6 per cent. was paid for the half year, placing the stock on a 12 per cent. annual basis. The dividend paid January 29, 1908, was 6 per cent. and 2 per cent. extra.

In February, 1898, the New York Central & Hudson River Railroad Co. made a proposition to Lake Shore stockholders to give them for each \$500 of stock \$1,000 in its own issue of 3½ per cent. collateral trust bonds, secured by a deposit of the stock so acquired. It was announced that the Vanderbilt interests and other large holders had accepted this offer, and 60 days were given for assents of other holders. At the end of 1905 the New York Central had acquired \$45,289,200 of Lake Shore stock under this arrangement.

The new consolidated 3½ per cent. refunding mortgage of 1897 is for \$50,000,000. Trustee, United States Trust Co., New York. The saving of interest charges when the refunding was completed was about \$1,250,000 per annum.

In November, 1903, the company authorized the issue of \$50,000,000 4 per cent. gold debenture bonds, due 1928. Of the issue \$40,000,000 was sold to J. P. Morgan & Co., New York, and of the proceeds of the sale \$25,000,000 was used to retire the \$25,000,000 of one-year notes issued by the company in January, 1903, to pay for the purchase of an interest in the stocks of the Reading Company, the remaining \$10,000,000 of the new debentures being reserved for future requirements, but were disposed of in 1905 to pay for interests in other lines.

The 4 per cent. debentures, due May, 1931, were authorized in 1906, the total amount of the issue being \$50,000,000.

This company is a joint guarantor with the New York Central and other companies belonging to the same system of \$30,000,000 5 per cent. equipment trust certificates, created in 1907, and due November 1, 1908 to November 1, 1922. See statement of New York Central.

LITTLE MIAMI RAILROAD CO.

(Leased to the Pittsburg, Cincinnati, Chicago & St. Louis Railway Co.)

Road owned, Cincinnati to Springfield, O., 84 miles; branch, 16 miles; leased, Columbus & Xenia, 55 miles; Dayton & Western, 38 miles; branch, 4 miles; Cincinnati Street Connection Railroad, 2 miles; total, 195 miles. Locomotives, 68; passenger cars, 56; freight cars, 692.

This property was leased with all its auxiliary lines for 99 years to the Pittsburg, Cincinnati-Chicago & St. Louis Railway Co., from December 1, 1869, for 8 per cent. on stock, interest on the funded debt, \$5,000 per annum additional, and all the lease obligations. The contract is guaranteed by the Pennsylvania Railroad Co. The lease was modified in 1900.

which was formerly operated separately, but was leased in July, 1904; also controls the Prospect Park & Coney Island Railroad, 10 miles, but in 1899 the latter was leased to the Brooklyn Rapid Transit Co. Locomotives, 185; passenger cars, 575; freight cars, 1,456; service cars, 161; floating equipment, 30 ferryboats, tugs, etc.

In May, 1900, the Pennsylvania Railroad Co. purchased a controlling interest in the stock of this company and holds \$6,797,900 of the same, plans being carried out for a connection between this company's lines and the Pennsylvania Railroad system by tunnels under the East River to the new Pennsylvania passenger terminal in New York City. The New York Connecting Railroad has also been formed to build a line and bridge joining this company's system to the New York, New Haven & Hartford Railroad north of the Harlem River. In 1905, 45 miles of the road were equipped with electric power.

The company controls or is interested in various electric traction companies. In January, 1906, these interests were transferred to the Long Island Consolidated Electrical Companies, all the stock of which is owned by the Long Island Railroad Co.

Dividends are guaranteed as rentals on the stock of leased lines as follows: New York Brooklyn & Manhattan Beach, on \$650,000, 5 per cent. dividends; Prospect Park & South Brooklyn Railroad, \$50,000, $4\frac{1}{2}$ per cent.; New York & Coney Island, \$82,500, $4\frac{1}{2}$ per cent., and \$17,500, not guaranteed, 10 per cent.

The company owns stock and bonds of proprietary and leased roads to the amount of \$6,203,814. Considerable amounts from same source were also devoted to improvements. The Prospect Park & Coney Island bonds are guaranteed so far as bondholders have accepted reduction of interest to $4\frac{1}{2}$ per cent., and that road has been leased to the Brooklyn Rapid Transit Co.

In 1903 a new refunding 4 per cent. mortgage was authorized for \$45,000,000, to take the

place of the unified 4 per cent. mortgage, of which no additional amounts will be issued hereafter, and \$25,000,000 are reserved to retire prior lien obligations. The Pennsylvania Railroad Co. guaranteed the first issue of \$10,000,000 of the new bonds, both as to principal and interest, and in 1904 \$2,200,000 additional bonds were likewise guaranteed and sold.

In March, 1906, an issue of \$10,000,000 4 per cent. collateral trust bonds of the Long Island Consolidated Electrical Co.'s. was authorized, the same to be guaranteed, principal and interest, by this company.

In 1905 the company's fiscal year was changed so that it ends December 31.

MEXICAN CENTRAL RAILWAY CO., LIMITED

A corporation formed under the laws of Massachusetts in 1880. In 1907, a consolidation of this company with the National Railroad Company of Mexico was proposed, the new company to be called the National Railways of Mexico and to be controlled by the Mexican Government, which would acquire a majority of its stock. Securities of the new company were to be offered for those of the old companies on an agreed basis. The execution of this plan was, however, delayed by financial conditions.

In June, 1901, control of the Monterey & Mexican Gulf Railroad was acquired in this company's interest. In November, 1902, control of the Mexico, Cuernavaca & Pacific Railroad, 181 miles, was acquired. In 1905 the Coahuila & Pacific Railway was acquired, which line, it was stated, would be operated under a joint agreement by this company and the National Railroad Co. of Mexico.

The company had a subsidy from Mexican Government of \$15,200 per mile, payable in certificates receivable for a portion of customs. In June, 1885, the Government stopped the payment of the subsidy, but it was resumed 1886, and in 1890 the Government agreed to pay a lump sum of about \$14,900,000, Mexican currency, in liquidation of all subsidy claims. The amount was paid and applied to purchase of the priority bonds of the company. On June 30, 1907, there was a cash balance of \$213 in the hands of trustees of consolidated mortgage bonds and \$1,186,000 priority bonds costing \$1,297,384, purchased for investment. Deficits in fixed charges can be made good from subsidy fund.

Interest on all the bonds is paid at the office of the company, New York.

Interest on 2d mortgage bonds until August 1, 1895, was payable only if earned; after that date interest became obligatory. In 1896 common stock was increased from \$47,000,000 to \$52,450,000 to carry out amalgamation of the Missouri, Kansas & Eastern and other branches with the parent company. In 1900 the common stock was again increased to \$55,181,000 to provide for the acquisition of the Kansas City & Pacific and the Kansas City, Eldorado & Southern.

The St. Louis Division refunding bonds are \$6,000,000, authorized, sufficient being reserved to retire the old Missouri, Kansas & Eastern bonds.

The 1st mortgage extension 5 per cent. bonds are issuable at the rate of \$20,000 per mile on branch lines. The Missouri, Kansas & Oklahoma 5s and the Texas & Oklahoma 5s are issued at the rate of \$20,000 per mile. Both issues are guaranteed and have been assured. This company also assumed the Missouri, Kansas & Oklahoma extension 5s.

In March, 1906, a new general mortgage for \$20,000,000 was authorized and \$10,000,000 4½ per cent., 30-year bonds were offered to the stockholders of record, February 2, 1906, who had the privilege of subscribing for the same at 87½ to the extent of 13 per cent. of their holdings. The issue was underwritten by Speyer & Co., New York.

THE MISSOURI PACIFIC RAILWAY CO.

A corporation formed under the laws of Missouri, October 21, 1876, being the successor company to the Pacific Railroad Co. of Missouri, which was sold under foreclosure in 1876.

Road owned, main line, St. Louis to Kansas City, Mo., with extensions to Atchison, Omaha and other points in Missouri, Kansas and Nebraska, 1,556.63 miles; branches of main line leased, 283.73 miles; total, main line system, 1,840.36 miles; branch line system,

extending to Pueblo, Col., and other points in Missouri, Kansas and Colorado, 1,651.32 miles, of which 1,499.20 miles are owned and 152.12 miles leased.

This company also controls, through ownership of stock, and operates the St. Louis, Iron Mountain & Southern Railway, St. Louis, Mo., to Texarkana, Ark., and branches, 2,593.67 miles, of which 2,286.36 miles are owned and 307.31 miles leased; included in the latter are the Kansas & Arkansas Valley Railway, 171 miles, and Little Rock Junction Railway, 0.59 mile. The Missouri Pacific also controls through stock ownership and operates the Central Branch Railway, 388.19 miles.

Total of all lines operated by the Missouri Pacific Railway Co., 6,471.65 miles. Locomotives, 1,068; passenger cars, 693; freight cars, 37,318; service cars, 4,811.

The Texas & Pacific is controlled, but is operated as an independent corporation. See below for arrangement whereby the 2d mortgage bonds of that road were exchanged for Iron Mountain unified gold 4s of 1899. In 1901, control of the Denver & Rio Grande and the Rio Grande Western roads was obtained by this company. The company also has an interest in the Wabash Railroad Co.

The statements below are for the Missouri Pacific proper and the companies operated directly by it; the other lines will be found under their respective titles.

The company exchanged its stock in 1884, for that of the St. Louis, Iron Mountain & Southern at the rate of three shares for four of Iron Mountain, and owns stock of that company of the par value of \$44,335,000, out of a total of \$44,397,373.

Stock.....Par \$100.....Authorized, \$100,000,000.....Issued, \$77,817,875

Stock is transferred by the Treasurer of the company, New York. Registrar, Mercantile Trust Co., New York.

From 1883 to 1887, inclusive, dividends of 7 per cent. per annum were paid on the stock; in 1888, 5½ per cent.; in 1889 and 1890, 4 per cent.; in 1891, 3 per cent. No dividends were paid after the quarterly one of 1 per cent. in July, 1891, until July 20, 1901, when a half-yearly dividend of 2½ per cent. was paid. On January 20, 1902, 2½ per cent. was paid and semi-annual dividends at 2½ per cent. have since been paid in January (20) and July.

The stock outstanding at the end of 1899, was \$47,448,650. It was increased in 1901, by the conversion of \$11,628,000 of collateral trust debentures, by the sale of \$13,495,865 new stock to purchase control of the Denver & Rio Grande, by the issue of \$2,983,500 to purchase the Kansas City & Northwestern Railway by the sale of \$846,245 and by the issue of \$400,000 in part payment for branch lines.

There were on June 30, 1907, outstanding Iron Mountain car trusts to amount of \$6,608,000 and the Missouri Pacific had similar obligations for \$6,078,000.

The consolidated mortgage is for \$30,000,000 and is intended to include all prior bonds. The collateral trust bonds are secured by deposit of bonds of branch lines. Amount of bonds held in the trust is \$17,215,000. The trust mortgage, due 1920, is secured by deposit of underlying bonds of auxiliary companies.

The forty-year 4 per cent. collateral trust loan was created in 1905, and is for \$50,000,000. The bonds outstanding are secured by the deposit of the company's holdings of stock of the St. Louis, Iron Mountain & Southern Railway Co. Bonds may be redeemed on any interest day at 102½ and interest on three months' notice. Trustee, Mercantile Trust Co., New York.

In July, 1899, holders of the Texas, Pacific and mortgage income bonds (\$23,204,000) were offered the right to exchange them at 65 per cent. of their face value in Iron Mountain 4 per cent. unified and refunding mortgage bonds, a syndicate offering to purchase the Iron Mountain bonds. so received at 85. There were issued for this purpose \$14,479,000 of the Iron Mountain unified and refunding 4s.

The Iron Mountain River & Gulf Division 1st mortgage was created in 1903 and is \$20,000,000, authorized, but may be increased to \$50,000,000. It is a 1st lien upon 677 miles of new road and on various terminal properties.

MOBILE, JACKSON & KANSAS CITY RAILROAD CO.

A corporation created under the laws of Alabama and Mississippi. Mobile to Hattiesburg, Miss., 95.9 miles; Beaumont, Miss., to Decatur, Miss., 98 miles; branch, 6.1 miles; total owned, 200 miles; controlled and leased, Gulf & Chicago Railway, Pontotoc, Miss., to Middleton, Tenn., 62 miles; Decatur, Miss., to Pontotoc, 141 miles; total leased, 203 miles; total operated, 401 miles.

Sixty-two miles of narrow gauge road, Pontotoc, Miss., to Middleton, Tenn., under the name of Gulf & Chicago Railway, were purchased in 1902. The road was widened to a standard gauge, and forms part of the main line. The road from Mobile to Merrill has been in operation since 1898; from Merrill to Hattiesburg since 1902; from Beaumont to Decatur since 1904, and the line from Decatur to Pontotoc since August, 1905. Locomotives, 34; passenger cars, 21; freight cars, 1,002.

In December, 1906, a Receiver was appointed at the instance of certain creditors. The receivership was, however, immediately vacated, and the road returned to the management.

In January, 1907, control of the company was vested in a voting trust, the Trustees being Benjamin F. Yoakum, John E. Borne and Alexander McDonald.

In December, 1907, a reorganization plan was formulated under which the properties of both the Mobile, Jackson & Kansas City Railroad Co., and the Gulf & Chicago Railway Co., are to be taken over by a new company, the New Orleans, Mobile & Chicago Railroad Co. The new company it was provided should have \$8,073,800 of common stock and \$959,566 preferred stock

with \$9,595,663 new 5 per cent. bonds which are to be exchanged dollar for dollar for the bonds of the old companies, the bondholders to accept preferred stock at par for the January, 1908, coupons of the old bonds and for the three first coupons (July, 1908 and January and July, 1909) of the new bonds. A syndicate agreed to furnish \$1,500,000 to liquidate the floating debt, taking new bonds and preferred stock as security.

NATIONAL RAILROAD CO. OF MEXICO

A corporation formed under the laws of Utah, February 24, 1902, to take over the property of the Mexican National Railroad Co., which was reorganized without foreclosure as per plan given below.

Plans for the consolidation of this company with the Mexican Central Railway Co., under the auspices of the Mexican Government, were formulated in 1907, but were held in abeyance.

Road owned, standard gauge, Nuevo Laredo to City of Mexico, 802 miles; branches, 556 miles; narrow gauge lines, 373 miles; total of system, 1,732 miles. The gauge of this system was originally 3 feet. Under the reorganization provision was made for changing the main line and certain branches to standard gauge.

In November, 1903, the company completed the standard gauge on its main line from Corpus Christi, Tex., to the City of Mexico, via the El Salto cut-off, and opened the same for traffic.

In 1901 the company acquired control of the Mexican International Railroad. See separate statement of that company.

Locomotives, 257; passenger cars, 197; freight cars, 4,444.

In May, 1903, Speyer & Co., New York, announced that negotiations had been concluded with the Mexican Government by which the latter would acquire large holdings of the stock and would transfer to this company the Government's holdings of securities of the Inter-oceanic Railway of Mexico, which carry the control of that road. The Inter-oceanic Co. it was stated would be taken over by this company or consolidated with it. A further feature of the arrangement was the conversion of the company's common stock into 2d preferred and deferred stock.

	2d pref.,	22,233,333		2d pref.,	22,030,600		

The preferred stock is 4 per cent., non-cumulative, and the 2d preferred is 5 per cent., non-cumulative. The deferred stock is entitled to dividends out of the earnings of any year only after the full dividends have been paid on the preferred and 2d preferred stocks.

The company had \$33,350,000 of common stock. In connection with the arrangements described above with the Mexican Government, Speyer & Co., New York, submitted a plan in May, 1903, for the exchange of the common stock into 2d preferred and deferred stock, two shares of 2d preferred and one share of deferred stock to be given for three shares of the old common stock. The position of the old preferred stock was not affected by this plan. Speyer & Co. asked for deposits of the common stock, for which receipts were issued, convertible into the new stock, October 31, 1903. The proposition was accepted by a large majority of the holders of common stock and the plan was declared operative. The Mexican Government acquired \$10,000,000 of the 1st preferred, \$9,343,900 of the 2d preferred, and \$10,975,300 of the deferred stock.

Stock is transferred at the office of the company, New York. Registrar, New York Trust Co., New York.

The first dividend on the preferred stock was 1 per cent., paid August 10, 1906, and semi-annual dividends of that amount were also paid Feb. 11, 1907, and August 12, 1907.

NEW ORLEANS TERMINAL CO.

(Controlled by Southern Railway Co. and St. Louis & San Francisco Railroad Co.)

A corporation formed under the laws of Louisiana in 1902 under the title of the New Orleans & San Francisco Railway Co. In June, 1903, the name was changed to the above. The company was organized in the joint interests of the Southern Railway Co. and the St. Louis

& San Francisco Railroad Co., to own terminal properties and lines of road connected with the same in the city of New Orleans, and to operate the same in the joint interest of the two controlling companies. The company acquired the property of the New Orleans Belt & Terminal Co., which has a belt line around New Orleans connecting with all the railroads entering the city. The company has terminals at Chalmette, and obtained a valuable right of way through the city of New Orleans.

In July, 1903, the company's property was leased for 99 years to the Southern Railway Co. and the St. Louis & San Francisco Railroad Co. jointly, the rental being maintenance and interest charges. The New Orleans & Northeastern Railroad Co. also has rights to the use of this company's terminal property.

NEW YORK & HARLEM RAILROAD CO.

(Leased to New York Central & Hudson River Railroad Co.)

Road owned, New York to Chatham Four Corners, N. Y., 127 miles; leased, use of Boston & Albany tracks, Chatham Four Corners to Albany, 24 miles. The company also owns 8½ miles of street railroad (Fourth avenue line) in New York City, which was not included in the above

of the Lake Erie & Western, 880 miles, was acquired by the Lake Shore, and in the same year this company and the Lake Shore acquired control of the Cleveland, Cincinnati, Chicago & St. Louis, 2,228 miles, but this company's interest in the latter property was transferred to the Lake Shore. The Cleveland, Cincinnati, Chicago & St. Louis, controls the Cincinnati Northern Railroad, 245 miles. In 1901 the Indiana, Illinois & Iowa Railroad Co. was acquired, all of its capital stock being owned by the Lake Shore & Michigan Southern Railway Co. In March, 1906, arrangements were made to consolidate the Indiana, Illinois & Iowa Railroad with the Indiana Harbor Railroad Co., a line built and controlled jointly by the Lake Shore & Michigan Southern Railway Co., and the Michigan Central Railroad Co., extending from Michigan Harbor to Danville, Ill., 110 miles with a belt line around Chicago about 16 miles. These properties are now the Chicago, Indiana & Southern Railroad Co. which is controlled by the Lake Shore and the Michigan Central Companies. The whole system operated and controlled by the New York Central is about 12,000 miles.

In 1899-1900 this company and the Pennsylvania acquired interests in the Chesapeake & Ohio Railway Co. In 1903 the Lake Shore & Michigan Southern Railway Co., in conjunction with the Baltimore & Ohio Railroad Co., acquired large interests in the stocks of the Reading Co. In June, 1903, the company acquired an interest in the stock of the Hocking Valley Railway Co. See statement of that company. In December, 1904, the New York & Ottawa Railroad, 69 miles, was bought at foreclosure sale in the interest of this company. In January, 1905, this company acquired control of the St. Lawrence & Adirondack Railway, 65 miles, and of the Rutland Railroad, the latter with its controlled and leased lines comprising 415 miles.

In 1894 this company acquired control of a majority of the securities of the New York & Northern, which was reorganized as the New York & Putnam Railroad and leased. The acquisition of the Lake Shore and the Michigan Central roads, by an exchange of this company's 3½ per cent. collateral trust bonds for their stocks, was effected in 1899. In 1899 leased the Walkill Valley Railroad, the Fall Brook Railway, including the Pine Creek Railway and Syracuse, Geneva & Corning Railway, and on November 15, 1899, leased the Boston & Albany, possession of which was assumed July 1, 1900. In 1901 acquired the Beech Creek Extension Railroad, 59 miles. The company owns all the stock, \$1,000,000, of the Western Transit Co., which has a fleet of 14 vessels on the lakes, with barges, etc., and dock facilities at Buffalo. In 1904 the company acquired large interests in electric trolley properties in central New York, and in 1905 the Mohawk Valley Co., which the company controls, was formed to take over the interests in question which comprise control of the Utica & Mohawk Valley Railway, the Syracuse Rapid Transit Co., the Rochester & Eastern Rapid Railway Co., Rochester & Suburban Railway Co., the Rome City Street Railway and the Rochester Railway & Light Co., together with a half interest in the Schenectady Railway Co. In 1904-5 comprehensive plans were made and the work begun for the enlargement of the Grand Central Station and the passenger terminals at New York and the installation of electric power upon the line approaching the same, the last named being put in operation in 1907.

See separate statements of the New York & Harlem, Lake Shore & Michigan Southern, Michigan Central, Rome, Watertown & Ogdensburg, Boston & Albany, Rutland, St. Lawrence & Adirondack, New York & Ottawa, Beech Creek and Chicago, Indiana & Southern Railroads for details regarding leases of those properties.

Locomotives, 2,075; passenger cars, 2,243; freight cars, 69,070; service cars, 3,220. In addition the company owns 235 ferryboats, propellers, barges and floats.

Stock..... Par \$100..... Authorized, \$250,000,000..... Issued, \$178,632,000

The company's capital stock was increased in April, 1893, from \$89,428,300 to \$100,000,000, stockholders being given the privilege of subscribing for 10 per cent. of their holdings, payments on subscriptions to be by instalments, to be completed July 1, 1894.

In November, 1899, the authorized stock was increased \$15,000,000 for the purpose of providing additional equipment. The increase was allotted *pro rata* to stockholders for subscription at par.

In January, 1902, the stock was increased \$35,000,000, making the amount \$150,000,000. Of this \$17,250,000 was allotted to the stockholders at \$125. Stockholders of record December 15, 1905, had the privilege of subscribing at par for \$17,192,500 additional stock, being to the extent of 13 per cent. of their holdings, payments to be made by January 31, 1906.

On April 18, 1906, the stockholders ratified an increase in the authorized stock from \$150,000,000 to \$250,000,000. The additional stock was to be issued in the discretion of the directors, the stockholders to have, however, a preference as to subscribing for the same. In November, 1906, stockholders subscribed for \$29,839,560 new stock at par, the same to participate in dividends after January 15, 1907.

Stock is transferred at the office of the Treasurer, Grand Central Station, New York. Registrar, Union Trust Co., New York. Registrars in London, Union Bank of London; Smiths' Bank, Limited.

For dividends paid see table of earnings below. The January, 1900, dividend was increased from 1 to 1½ thus putting the company on a 5 per cent. dividend basis and the January, 1907,

dividend was $1\frac{1}{2}$ per cent., increasing the annual rate to 6 per cent. The April, 1908, dividend was, however, reduced to $1\frac{1}{4}$ per cent. The dividends are paid quarterly, $1\frac{1}{4}$ per cent. each, in January (15), April, July and October.

JOINT OBLIGATIONS OF NEW YORK CENTRAL LINES

N. Y. Central lines Equip. Trust cdfs., 5 per cent., due Nov. 1908-22, May and Nov. 30,000,000

See also statements of the New York & Harlem; Rome, Watertown & Ogdensburg Railroad Co.; Beech Creek Railway Co., etc., for funded debts of those companies.

In 1897 the company formulated a plan for refunding its bonded debt through an issue of \$100,000,000 $3\frac{1}{2}$ 100-year gold bonds, due 1997 (Jan. and July), of which \$15,000,000 are reserved for additions and improvements after 1903. The \$12,000,000 7 per cent. consols of the New York & Harlem Railroad, maturing 1900, were to be included in this arrangement, but controversy with that company's stockholders caused a new arrangement by which the issue was refunded by $3\frac{1}{2}$ per cent. bonds of the New York & Harlem itself.

In 1904 the company created an issue of \$50,000,000 4 per cent. debentures, due 1934, of which \$30,000,000 were sold to provide for improvements, including the substitution of electric for steam power in connection with New York suburban traffic and at the Grand Central terminal in New York.

On February 4, 1898, this company authorized a \$100,000,000 $3\frac{1}{2}$ 50-year gold bond issue to be exchanged for the stock of the Lake Shore & Michigan Southern at 200 for the \$50,000,000 of the latter. The offer, it was stated, was accepted in advance by the Vanderbilt interest, and other holders of Lake Shore were given until April 14, 1898, to accept. In December, 1902, \$90,578,400 of the bonds had been issued in exchange for \$45,289,200 of Lake Shore stock. The bonds are secured by deposit of the Lake Shore stock acquired with the Guaranty Trust Co., New York, trustee, interest being payable at the company's office, Grand Central Station, New York.

In February, 1898, the company authorized \$21,550,000 of similar $3\frac{1}{2}$ per cent. bonds to be offered in exchange for the \$18,738,000 of stock of the Michigan Central Railroad at 115 for the latter. These bonds are secured by the Michigan Central stock acquired. In December, 1902, \$19,336,445 of the bonds had been issued in exchange for \$16,814,300 of Michigan Central stock which is held as collateral for the bonds by the Guaranty Trust Co., New York, trustee. Interest on the bonds is paid at the company's office, Grand Central Station, New York.

The \$25,000,000 of 5 per cent. gold notes due 1910 were sold in June, 1907.

The \$30,000,000 of New York Central lines 5 per cent. equipment trust bonds were created in 1907 and are secured by certain rolling stock, being jointly and severally guaranteed by the New York Central itself, the Lake Shore & Michigan Southern, the Michigan Central, the Cleveland, Cincinnati, Chicago & St. Louis and the Chicago, Indiana & Southern Railroad Companies.

In December, 1885, the West Shore Railroad was leased for 475 years, lessee guaranteeing 4 per cent. interest on \$50,000,000 bonds. This company holds the entire capital stock of the West Shore Railroad, and its earnings are included in those of the lessee. The Rome, Water-

town & Ogdensburg was acquired in March, 1891, under guarantee of 5 per cent. on its stock and interest on its bonds. The Beech Creek was leased in 1890 for a guarantee of 4 per cent. on \$5,000,000 1st mortgage bonds and 4 per cent. dividends on \$5,000,000 stock. \$1,000,000 Beech Creek 2d mortgage 5 per cent. bonds are also guaranteed by this company. This company guarantees \$3,500,000 3½ per cent. 1st mortgage bonds of the Beech Creek Extension Railroad. The Dunkirk, Allegheny Valley & Pittsburg was leased 1873 for a guarantee of 7 per cent. interest on \$2,000,000 7 per cent. bonds and 1½ per cent. dividends on \$1,300,000 stock. The New York & Harlem (which see) was leased 1873 for interest on its bonds and 8 per cent. on its stock, the dividends being increased to 10 per cent. in 1900 in consequence of the refunding of the New York & Harlem bonds at 3½ per cent.

In 1899 the company leased the Walkill Valley Railroad, 33 miles, and guaranteed 3½ per cent. on its \$330,000 of stock and a like rate on \$250,000 1st mortgage and \$330,000 2d mortgage bonds.

In 1904 the fiscal year of the company was changed so that it would end December 31 instead of June 30. In consequence of this an interim report for the six months ending December 31, 1904, was issued.

The company has a four-fifths interest in the Boston Terminal Co. It controls all the stock of the New England Navigation Co., owning 30 steamboats. On May 31, 1907, this company absorbed by merger the Consolidated Railway Co., which comprised 640 miles of electric railways. It also controls the New England Navigation Co. and the New England Security & Investment Co. See statement of the Consolidated Railway Co. below and that of the New England Security & Investment Co., in the Industrial Section of the MANUAL. In 1906, control of the Hartford & New York Transportation Co. was acquired. In January, 1907, it acquired the Maine Steamship Co. and one half the stock of the Merchants & Miners Transportation Co., which latter company had acquired the Boston & Philadelphia Steamship Co.

In 1893 this company leased the Old Colony Railroad, carrying with it the lease to the latter of the Boston & Providence Railroad. In 1895 this company acquired the New England Railroad Co., which was a reorganization of the New York & New England Railroad Co., and merged the New England Railroad Co., in 1907.

In June, 1907, this company acquired \$10,994,800 stock of the Boston & Maine Railroad in exchange, share for share for its own stock, and it was proposed to merge the two companies. The Massachusetts Legislature enacted a law prohibiting such a consolidation prior to July, 1, 1908, and the acquisition of additional Boston & Maine stock was stopped.

At various times the company has merged with it companies, which had been controlled or leased, including the Hartford & Connecticut Valley Railroad, Shore Line Railroad, New York, Providence & Boston Railroad, Housatonic Railroad, New Haven & Derby Railroad Co., Danbury & Norwalk Railroad Co., Middleton, Meriden & Waterbury Railroad Co., Rockville Railroad Co., Rhode Island & Massachusetts Railroad Co., Woonsocket & Pascoag Railroad Co., Providence & Springfield Railroad Co., Colchester Railroad Co., Naugatuck Railroad and the Boston & New York Air Line Railroad Co.

The New England Navigation Co. was a merger of the following steamboat companies : Old Colony Steamboat Co., Providence & Stonington Steamship Co., Norwich & New York Transportation Co., New London Steamboat Co., New Haven Steamboat Co. and Bridgeport Steamboat Co. It has acquired the railroad company's interest in other steamship companies and on January 1, 1907, merged with it the Providence Securities Co., controlling the street railways of Providence and its vicinity.

In February, 1904, this company purchased a controlling interest in the stock of the Central New England Railway Co., including the Poughkeepsie Bridge, and control of the Newburgh, Dutchess & Connecticut Railroad Co. was acquired in 1905, that property being now operated as part of the Central New England system. In November, 1904, a majority (\$29,102,200) of the stock of the New York, Ontario & Western Railway Co. was purchased. In 1907 it was understood that an option on the stock had been given to the New York Central & Hudson River Railroad Co. which option, however, was not exercised.

In 1904 it also acquired control of the Fair Haven & Westville Railroad Co., which owns all the street railway lines in the city of New Haven, Conn., and its environs and various other electric street railways, which with various other traction properties were held by the Consolidated Railway Co., of which the entire capital stock was owned by this company. The Consolidated Railway Co. also acquired the New England Navigation Co. The Connecticut Railway & Lighting Co. is controlled. See its statement in the Industrial Section of the MANUAL. Certain of the controlled trolley properties in Massachusetts were transferred to and are held by the New

The outstanding stock was increased in 1902-03 by the sale of \$140,900 of treasury stock and by the exchange on April 1, 1903, of most of the \$16,397,200 of convertible debentures for stock.

In 1907 it was proposed to give stockholders the right to subscribe for a large issue of new stock at \$125 per share. In November, 1907, this plan was modified, it being decided to issue \$39,029,600 six per cent. debentures due January, 1908, interest payable January and July, the same being convertible into stock at par after January 15, 1923. Stockholders of record December 2, 1907, were given the right to subscribe at par for these debentures on or before January 15, 1908, to the extent of \$100 of the debentures for each three shares of stock held by them and holders of the 3½ per cent. debentures, convertible into stock between 1911 and 1916, were also given the right to subscribe for the new debentures at par to the extent of \$100 of the latter for each \$450 of the 3½ per cent. debentures, including subscription warrants for the 3½ per cents upon which the third installment had been paid. Payments on subscription for the new 6 per cent. debentures are due in four installments of 25 per cent. each on January 15, 1908, July 15, 1908, January 15, 1909 and July 15, 1909, with the right to pay in full on any of the three first-mentioned dates.

See statements of the Old Colony Railroad, the Boston & Providence Railroad Co., and the Norwich & Worcester Railroad Co., for the funded debt of those companies.

The 15-year 4 per cent European loan was placed with Paris banks and bankers in February, 1907, and is for 145,000,000 francs. The bonds are issued in denominations of 500 francs or multiples thereof.

The Harlem River & Port Chester 4 per cent. 1st mortgage bonds are an obligation of the parent company, and were created in 1904. The authorized issue is \$15,000,000. The \$7,500,000 sold were to defray the cost of improving the Harlem River division of the road.

The lease of the Old Colony Railroad Co. began March 1, 1893, the lessee taking possession of the property April 1, 1893, and assuming the account of the lessor July 1, 1893. The lease agreement provided that for 6 months, from June 19, 1893, 10 shares of Old Colony stock could be exchanged for 9 of New Haven stock with 7 per cent. annual dividends on Old Colony stock not exchanged. On June 30, 1907, this company held 68,967 of the Old Colony stock, out of a total of 178,714 shares.

CONSOLIDATED RAILWAY CO.—This was a corporation formed under the laws of Connecticut, May, 1904, by consolidation of the Fair Haven & Westville Railroad Co., the Consolidated Railway Co., formerly the Worcester & Connecticut Eastern Railroad Co. (its name having been changed in May, 1904), and the Meriden Electric Co. The company was organized in the interest of the New York, New Haven & Hartford Railroad Co. to consolidate its acquisitions of street railways, in accordance with an Act of the Connecticut Legislature, approved March 26, 1907. The company was merged with the New York, New Haven & Hartford Railroad Co. on May 31, 1907, its stock, all of which was owned by the New York, New Haven & Hartford, having been increased from \$10,000,000 to \$30,000,000. For convenience of reference the statement of the company is given herewith, though it has by the merger lost its corporate identity. The properties it acquired or leased included the following:

Bennington & Hoosick Valley Railway Co.
Bennington & North Adams Street Railway Co.
Branford Lighting & Water Co.
Columbian Street Railway.
Connecticut Railway & Lighting Co.
Danielson & Norwich Street Railway.

 Worcester & Webster Street Railway.

During 1905 the company acquired control of a number of additional properties, including the Hartford Street Railway Co. In December, 1906, it acquired the Rhode Island Securities Co., controlling the traction properties of Providence, R. I., and vicinity, which are now held by the Providence Securities Co., and also leased the Connecticut Railway & Lighting Co.

A number of traction properties in Massachusetts were also owned or controlled, but the same were transferred in 1906 to the New England Investment & Security Co.

The roads owned aggregate about 640 miles of track.

" " 5 per cent., secured by 1st mort., Elk Hill Coal & Iron Co., due 1900-15, June and Dec.....	2,525,000

There were on June 30, 1907, car trust obligations for \$244,000.

The lease of the Utica, Clinton & Binghamton, and Rome & Clinton roads is for 35 years, from June 1, 1886, at a minimum annual rental of \$75,000.

The Ontario, Carbondale & Scranton was built to afford this company access to the Lackawanna coal region. All its securities are owned by the parent company and both its stock and bonds are deposited with the Trustee of the refunding mortgage.

The refunding mortgage (\$20,000,000 authorized) was created in 1892 to retire \$4,000,000 old 1st mortgage 6 per cent. bonds, which were redeemable at 110, and not retired with the 5 per cent. issue and the 5 per cent. consols, and to provide for future additions to property. The old 6s and 5s have been retired.

Under the charter of this company the preferred stock elected a majority of the directors until a dividend had been paid on the company's common stock. In 1903-04 certain holders of

the common claimed that the policy of the management in devoting all surplus earnings to improvements was unjust. After considerable controversy a plan was ratified at the annual meeting in September, 1904, for the creation of a new mortgage for \$12,000,000 and the issue of \$2,000,000 of bonds thereunder, which would provide for the company's capital requirements and permit the declaration of a dividend of 3 per cent. on the stock from accumulated earnings. The dividend which was declared and paid January 16, 1905, accordingly divested the remaining preferred stock of the right to elect a majority of the company's directors.

Leased, Atlantic & North Carolina Railway, Beaufort to Goldsboro, N. C., 96 miles; total operated, 442 miles. Also operates a ferry across Albermarle Sound from Edenton to Mackey's Ferry, 9 miles, and various steamboat lines. Locomotives, 66; passenger cars, 126; freight cars, 2,387; floating equipment, 13 steamers.

Extensions of about 200 miles to different North Carolina points are planned. The company also owns the stocks and bonds of a lumber company which holds 600,000 acres of timber lands and 200,000 acres of timber rights. The company purposes bridging Albermarle Sound, thus doing away with the present ferry connecting the two sections of the road.

Originally the Elizabeth City & Norfolk Railroad Co., the name of which was changed February, 1883, to Norfolk Southern Railroad Co. The property was sold in foreclosure in 1891, and the company reorganized as the Norfolk & Southern Railroad Co. In 1899 control of the Norfolk, Virginia Beach & Southern Railroad Co. was acquired, and in 1904, the Chesapeake Transit Co., operating an electric line from Norfolk to Cape Henry, 24 miles, was acquired. Control of the Suffolk & Carolina Railroad was secured in 1905.

to Hagerstown, Md. (Shenandoah Valley Railroad), 238 miles; North Carolina Junction to Fries, 44 miles; Walton Junction, to Bristol, Va.-Tenn., 111 miles; Graham to Norton, 100 miles; Lynchburg to Durham, N. C., 115 miles; Roanoke, Va., to Winston-Salem, N. C., 121 miles; Vera Junction, O., to Cincinnati, 106 miles; branches, 334 miles; Columbus Connecting & Terminal Railroad, $3\frac{1}{2}$ miles; total operated, 1,877 miles. Locomotives, 843; passenger cars, 383; freight cars, 36,910; service cars, 301; floating equipment, 9 coal barges.

In December, 1901, the company acquired the Pocahontas Coal & Coke Co. This company does not engage directly in mining coal but leases its lands to operating companies. See statement of the Pocahontas Coal & Coke Co. in the Industrial Section of the MANUAL.

The old company was a reorganization of Atlantic, Mississippi & Ohio Railroad Co. In 1890 acquired the Scioto Valley & New England, and in the same year purchased the Shenandoah Valley Railroad. The Clinch Valley Division, connecting the road with the Louisville & Nashville, was completed in 1891. The Lynchburg & Durham, Lynchburg to Durham, N. C., and Roanoke & Southern, Roanoke to Winston-Salem, were leased in March, 1892. These roads were foreclosed under the reorganization plan of 1896. In January, 1901, it acquired the Cincinnati, Portsmouth & Virginia Railroad, and absorbed that company.

The preferred stock is styled the adjustment preferred and is 4 per cent. non-cumulative, with a preference both as to dividends and the distribution of assets.

The authorized common stock was increased from \$66,000,000 to \$100,000,000 in October, 1906, to provide for the conversion of the \$34,000,000 of convertible bonds authorized at that time.

Transfer Agent, Guaranty Trust Co., New York. Registrar, Mercantile Trust Co., New York.

Dividends of 1 per cent. on the new preferred stock began November 15, 1897; in August, 1898, 2 per cent. was paid on the preferred, and such semi-annual payments at the rate of 2 per cent. have since been regularly made in February and August.

An initial dividend of 1 per cent. was paid on the common stock June 20, 1901, and dividends of 1 per cent. each were paid in December, 1901, and June, 1902, the dividend on the common, paid December 19, 1902, being $1\frac{1}{2}$ per cent., which was the regular semi-annual rate until December, 1905, when the half-yearly rate was increased to 2 per cent. The dividend paid December 21, 1906, was further increased to $2\frac{1}{2}$ per cent., which was also the rate paid in June and December, 1907.

NORTHERN PACIFIC RAILWAY CO.

A company incorporated by special act in Wisconsin, March 15, 1870; amended in 1871 and April 15, 1895. This company purchased under foreclosure sales July 25, 1896, and subsequent dates the property of the Northern Pacific Railroad Co. pursuant to a reorganization of the latter which was dated March 16, 1896, and given in detail in the *MANUAL* for 1900.

The old Northern Pacific Railroad Co. had a charter granted by Congress July 2, 1864. It was placed in the hands of Receivers in 1893.

The above mileage consists as follows: Owned, 5,783.22 miles; controlled, 386.78 miles; leased, 48.36 miles; owned jointly, 2.59 miles; total, 6,220.95 miles. The company also operates 26 miles of water lines, and 127.17 miles of terminal and transfer railroad lines.

Locomotives 1,255; passenger cars, 893; freight cars, 42,320; service cars, 6,129.

The company's lines in the Province of Manitoba, 354 miles, were leased in May, 1901, for 999 years to the Province, and have been sub-leased to the Canadian Northern Railway Co. The Province of Manitoba has the option of purchasing these lines at any time for \$7,000,000.

In 1900 the stock of the St. Paul & Duluth was acquired and that road, 245 miles, was merged with this company, and is operated as its Duluth Division. For details as to the St. Paul & Duluth see statement of that company in the *MANUAL* for 1900.

In 1901 this company, jointly with the Great Northern Railway Co., acquired nearly all the stock of the Chicago, Burlington & Quincy Railroad Co. in exchange for the joint 4 per cent. debenture bonds of the two purchasing companies. For details see Chicago, Burlington & Quincy Railroad Co. and Great Northern Railway Co. in this edition of the *MANUAL*.

Stock..... Par \$100..... Authorized, \$250,000,000..... Issued, \$155,000,000

Under the reorganization the company had \$80,000,000 common and \$75,000,000 preferred stock. Preferred stock was entitled to 4 per cent. non-cumulative dividends out of surplus earnings in each fiscal year. The company could retire the preferred in whole or part at par on any 1st of January prior to 1917. No additional mortgage could be placed on the property without consent of a majority of both stocks.

On November 13, 1901, the directors gave notice that the preferred stock would be retired at par on January 1, 1902. The common stockholders were also given the right to subscribe for 75-80 of their holdings in 4 per cent. certificates of indebtedness at par, said certificates to be convertible into new common stock, the common stock being increased from \$80,000,000 to \$155,000,000 for this purpose. This arrangement was carried out on January 1, 1902, the preferred stock being retired and the common stock increased as stated. In January, 1907, the authorized stock was increased to \$250,000,000.

In November, 1901, the Northern Securities Co. announced that it would exchange its shares for the common stock of the Northern Pacific at 115 for the latter, which arrangement was duly carried out on or about January 1, 1902, the Northern Securities Co. acquiring \$153,750,640, the stock of this company. See statement of Northern Securities Co. regarding litigation by the United States and the subsequent litigation in regard to the method of distributing the assets of that company. The decision of the United States Circuit and Supreme Courts in 1904 prohibited the Northern Securities Co. from holding, voting on or drawing the dividends on the Northern Pacific or Great Northern Railway stocks held by it. And in 1905 under this decision the Northern Securities Co.'s holdings were distributed among the owners of Northern Securities stock entitled to a beneficiary interest therein.

Stockholders of record, December 31, were offered the right to subscribe on or before January 15, 1907, at par, to the extent of 60 per cent. of their holdings, for \$93,000,000 new stock. Subscriptions are payable at the office of J. P. Morgan & Co., New York, as follows: 5 per cent., February 1, 1907; 7½ per cent., April 1, 1907, and the remainder in instalments of 12½ per cent. each, on July 1, 1907, October 1, 1907, January 1, 1908, April 1, 1908, July 1, 1908, October 1, 1908, and January 1, 1909. This issue, when completed, will increase the outstanding stock to \$248,000,000.

Transfer Agents, J. P. Morgan & Co., New York; Deutsche Bank, Berlin. Registrar, Central Trust Co., New York.

The new company in December, 1897, declared a dividend of 1 per cent. on the preferred stock, payable January 15, 1898. Regular quarterly dividends on the preferred were paid at the rate of 4 per cent. per annum, being 1 per cent. each in March (1), June, September and December. At the time the preferred stock was retired on January 1, 1902, an extra dividend of 1 per cent. was declared in addition to the regular December, 1901, dividend on the preferred.

In December, 1898, the first dividend on the common stock was declared, being 1 per cent., payable February 3, 1899. In August, 1899, 1 per cent. was paid on the common, and in December, 1899, a dividend of 1 per cent. and 1 per cent. extra was declared payable February 5, 1900. In August, 1900, 1 per cent. was paid, and 1 per cent. November 30, 1900, the February, 1901, dividend being also 1 per cent., thus putting the common on a 4 per cent. basis, and the dividends on the common, which are paid quarterly in February, May, August and November, were 4 per cent. for 1901, 5½ per cent. for 1902, and 7 per cent. in 1903, in which year 1½ per cent. was paid quarterly with ½ per cent. extra in February and November. The February, 1904, dividend was 1½ per cent. without any extra dividend, but in May, August and November, 1904, 1½ per cent. and ¼ per cent. extra were paid each dividend period. In 1905 the quarterly dividends were 1½ per cent. each or 7 per cent. for the year, which was also the rate paid in 1906 and 1907.

--	---------------

Interest on the bonds is payable at the office of J. P. Morgan & Co., New York.

No additional mortgage can be placed on property acquired under reorganization except under the conditions provided in plan, nor can amount of such issues outstanding be increased except in conformity therewith.

Of the \$130,000,000 prior lien 4s, \$25,000,000 were reserved to be used for construction, etc., at rate of \$1,500,000 per annum, and of the \$60,000,000 authorized general lien bonds, \$4,000,000 were reserved for a like purpose.

The St. Paul & Duluth purchase-money mortgage is \$20,000,000, authorized, of which \$9,215,000 was issued to acquire the road, the balance being reserved to retire the St. Paul & Duluth's prior bonds and provide for improvements.

There are \$1,853,000 4 per cent. 1st mortgage bonds of the Washington Central Railway, due March, 1948, interest quarterly, March, and under the lease of that property to the Northern Pacific it is agreed that the rental shall be equal to the interest on said bonds. The company has also assumed the 1st mortgage 4 per cent. bonds of the Washington & Columbia River Railroad Co., which are \$2,498,000, due July, 1935, Jan. and July.

The company had a land grant of 43,000,000 acres, of which 9,587,936 acres were unsold June 30, 1907.

NORTHERN SECURITIES CO.

A corporation formed under the laws of New Jersey, November 13, 1901. The company has power to acquire and hold the stock and securities of railroad and other corporations. It was organized in pursuance of plans to bring under one ownership the stocks of the Great Northern Railway Co. and the Northern Pacific Railway Co., which companies had acquired joint ownership of the stock of the Chicago, Burlington & Quincy Railroad Co.

In November, 1901, the holders of the preferred stock of the Great Northern Railway, which was then \$125,000,000 in amount, were offered \$180 per share for their stock, payable in stock of this company.

In November, 1901, the holders of the \$155,000,000 of Northern Pacific common stock were offered \$115 per share for their stock, payable in stock of this company.

It was stated in 1902 that this company had acquired about 99 per cent. of the stock of the Northern Pacific Railway and 75 per cent. of that of the Great Northern Railway.

See below in regard to the reduction of the company's capital and the distribution of its holdings of Great Northern and Northern Pacific stock. On December 31, 1907, the company had in its treasury securities carried at \$6,600,711, and comprising 14,692 shares of Chicago, Burlington & Quincy Railroad stock, and 16,531 shares of the stock of the Crow's Nest Pass Coal Co.

Stock.....Par \$100.....Authorized, \$400,000,000.....Issued, \$3,954,000

Transfer Agents, Hudson Trust Co., Hoboken, N. J.; Nicholas Terhune, 26 Liberty street, New York. Registrar, Manhattan Trust Co., New York.

The first dividend paid on the stock of the company was 1 per cent. quarterly, paid February 1, 1902. And similar dividends were paid in February (1), May, August and November until February, 1903, when the quarterly dividend was increased to 1½ per cent., putting the stock on a 4½ per cent. basis, which rate was paid until February, 1904, inclusive, when dividend payments were deferred in consequence of the decree of the United States Courts regarding dividends on the company's holdings of Northern Pacific and Great Northern stocks.

On the reduced capital stock or "stubs" an annual dividend of 5 per cent. was paid January 10, 1906, out of receipts for the year ending December 31, 1905, and 5 per cent. was also paid January 10, 1907, and January 10, 1908.

It was stated that the managements of the companies whose stocks were acquired by the Northern Securities Co. would be kept separate and distinct, and that no consolidation or merger of those corporations was intended. Opposition to the plan involved in the formation of this company, however, developed in Minnesota and other Northwestern States, and in 1902 a suit was brought in the United States Circuit Court by the Attorney-General of the United States to test the legality of the company's formation and its acquisition of interests in other companies under the United States laws.

In April, 1903, the United States Circuit Court, in the case of the United States against the Northern Securities Co., its constituent railroad companies and various individual directors and officers, decided in favor of the Government, and declared the acquisition by the company of interests in the Great Northern Railway Co. and the Northern Pacific Railway Co. to be an illegal combination, and enjoined the payment of dividends on the stocks of the Great Northern and Northern Pacific companies to this company. An appeal from this decision to the Supreme Court of the United States was taken, prior to which the United States Circuit Court modified the decree so that pending the appeal dividends on the stocks above named held by this company might be paid to it.

On March 14, 1904, the Supreme Court of the United States affirmed the decision of the United States Circuit Court referred to above, five of the justices of the court concurring and four dissenting from the decision. On March 22, 1904, a circular was issued by the company stating that the directors had decided to comply with the order of the court, and that a special stockholders' meeting had been called to ratify the following propositions:

First—That the capital stock of the company be reduced from 3,954,000 shares to 39,540 shares, being a reduction of 99 per cent.

Second—That said 99 per cent. of the outstanding shares be called in for surrender and cancellation.

Third—That against each share of the stock of this company so to be surrendered there will be delivered \$39.27 stock of the Northern Pacific Railway Co., \$30.17 stock of the Great Northern Railway Co., and proportionate amounts thereof for each fraction of a share of stock of this company so to be surrendered.

The terms of the above distribution were as follows :

	Northern Securities Co.'s Holdings	Entire Issue
Northern Pacific Railway stock	\$39.27	\$155,000,000
Great Northern Railway stock	30.17	124,109,200
	118,124,200	

For 100 shares of Northern Securities there were to be given 39.27 shares of Great Northern, which at 115 would have an exchange value of \$45.16, and 30.17 shares of Great Northern at 180, having an exchange value of \$54.31; total exchange value about \$99.47.

This distribution is on approximately the same basis as that on which the stocks of the two companies were exchanged originally for Northern Securities stock, the Northern Pacific stock having been acquired at 115 and the Great Northern stock at 180.

Stockholders were to deposit their certificates at the company's New York office on and after April 23, 1904, receiving certificates for the 1 per cent. of the same to be retained, commonly called "stubs," and the proportionate amounts of the other stocks as set forth above.

This plan was ratified at a stockholders' meeting held April 21, 1904.

Interests connected with the Union Pacific Railroad Co., which had sold their holdings of Northern Pacific stock to the Northern Securities Co. for cash and stock of the Northern Securities Co. subsequent to the formation of the latter company, objected, however, to the plan and brought suit in the United States District Court in New Jersey, and obtained a preliminary injunction forbidding the Northern Securities Co. to part with the Northern Pacific stock to which they made claim, their claim being that the stock of the Northern Pacific, or of the Great Northern deposited, should be specifically returned to the holders of the Northern Securities stock, representing the original, on the ground that the company received the stocks merely as custodian, the legal owners being the persons who originally exchanged the same for stock of the Securities Co. or their assigns. An appeal was taken by the company to United States Circuit Court of Appeals, which on January 3, 1905, reversed the original decision. An appeal was, however, taken by the plaintiff in this action to the Supreme Court of the United States prior to the formal dissolution of the injunction. On March 6, 1905, the Supreme Court dismissed this appeal, thus sustaining the validity of the plan of distributing the company's assets given above.

The company's income account for the calendar year, 1906, showed: Dividends received, \$248,219; interest and exchange, \$16,173; total receipts, \$264,392; deduct taxes and expenses, \$53,272; dividends paid (5 per cent.), \$197,020; balance surplus, \$14,100. In 1907, the total receipts were \$358,691, payments including 5 per cent. dividends on stock, \$226,080; balance surplus, \$132,611; total surplus December 31, 1907, \$2,746,135.

Total \$79,436,500

The 5 per cent. income bonds A were originally \$7,185,000 and the income B bonds \$14,-841,000. The amounts given above were those outstanding in the hands of the public, June 30, 1907.

In December, 1898, the Union Pacific increased its own common stock by \$27,460,100, in order to effect an exchange of same for the stock of this company. Minority holders of the company's stock were given, in January, 1899, privilege of exchanging same for Union Pacific common on payment of \$3 per share. In October, 1899, holders of A bonds were offered right to exchange them for Union Pacific 4 per cent. bonds, and holders of B bonds to exchange them for Union Pacific preferred stock. On June 30, 1907, the Union Pacific held \$4,251,000 income A bonds and \$14,793,000 income B bonds and \$27,340,700 stock of the company, \$109,400 of the stock and \$2,564,000 of the A income bonds being in the treasury of this company.

In 1902 the company created an issue of 4 per cent. and participating gold bonds, subject to call at 102½, and secured by an equal amount at par of stock of the Northern Securities Co. Besides the regular 4 per cent. per annum, holders were entitled to receive, beginning with February 1, 1904, any amount in excess of 4 per cent. paid as dividends in the preceding year on the Northern Securities stock held against the bonds. In accordance with this provision the February, 1904, coupon was redeemed at \$25, or 2½ per cent., representing the extra ½ per cent. paid on the stock of the Northern Securities Co. in 1903.

In November, 1904, the company called the 4 per cent. and participating bonds for payment at 102½ and accrued interest on February 1, 1905. There were \$36,500,000 outstanding and \$45,991,000 in the treasury of the Union Pacific.

The refunding collateral trust 4 per cent. mortgage bonds were created in 1904 to replace the 4 per cent. and participating bonds. The authorized issue is \$100,000,000, to be secured by whatever may be received in exchange for the company's holdings of Northern Securities stock at par, and by the deposit of any other securities at 80 of their cost or appraised value. The bonds are guaranteed, principal and interest, by the Union Pacific Railroad Co., the first coupon being due June 1, 1905. In November, 1904, the company sold \$40,000,000 of the new bonds to Kuhn, Loeb & Co., New York, and that firm offered, for a limited time, to holders of 4 per cent. and participating bonds to give for each \$1,000 bond with February, 1905, coupon a certificate calling for a \$1,000 refunding bond, and to pay \$77.50 cash on each bond upon such exchange.

The earnings since 1899-00 are included in those of the Union Pacific Railroad Co.

Interest at the full rate of 5 per cent. per annum on the income A bonds, and at 4 per cent. on the B bonds is paid on both classes of incomes remaining in the hands of the public.

PANAMA RAILROAD CO.

A corporation chartered by act of Legislature of the State of New York, April 7, 1849.

Road owned, Colon across Isthmus of Panama to Panama, Republic of Panama, 47½ miles; branch, 2½ miles; total, 50 miles. More than half the mileage has been double tracked. Locomotives, 59; passenger cars, 51; freight cars, 1,195; service cars, 236; also 3 steamers, 3 tugboats and 15 lighters.

In 1881 the Panama Canal Co. (the De Lesseps Co.) acquired a large majority of this company's stock. On the purchase of the new Panama Canal Co. by the United States Government in 1904 the controlling interest in this company was included with the other assets and the Government now owns the entire capital stock. In 1902 the company made a traffic arrangement for three years with the Pacific Mail Steamship Co. Notice was given of the discontinuance of this contract in July, 1905.

Stock.....Par \$100.....Authorized, \$7,000,000.....Issued, \$7,000,000

The company formerly paid regular dividends, but none were paid from 1893 until March 25, 1901, when 2 per cent. was paid on the stock. In 1902, 2 per cent. was paid in June and 2 per cent. in September. In 1903, 4 per cent. was also paid, 2 per cent. each in April and October. In January, 1904, 4 per cent. was paid, in May, 1904, 2½ per cent. and February 1, 1905, 5 per cent. No dividends have been paid since the last-mentioned date.

FUNDED DEBT

Sinking fund subsidy bonds, 6 per cent., due Nov., 1910, May and Nov..... \$135,000

The company pays a subsidy to the Government of Colombia of \$225,000 per annum under its concession from that Government, which arrangement has been assumed by the Government of the Republic of Panama. In 1880 an advance of \$3,000,000 was made, and to meet this bonded indebtedness \$225,000 annually of the Colombian Government subsidy was pledged until March 27, 1908, the same to be applied by the company: first, to the payment of the interest, and second, as a cumulative sinking fund for the redemption of the principal; the bonds to be drawn yearly in September to an amount equal to the then surplus of the subsidy sinking fund, the drawn bonds to be paid on November 1st after each drawing, and thereby redeeming the whole issue in 1908.

The company had \$2,143,000 of 4½ per cent. 1st mortgage bonds, which were called and paid off October 1, 1907.

The 3½ per cent. trust certificates, series A, B and C, are for \$20,000,000. They are guaranteed by the Pennsylvania Railroad Co. and secured by deposit of an equal amount of guaranteed 7 per cent. stock of the Pittsburg, Fort Wayne & Chicago Railway Co. The company has car trusts outstanding amounting to \$4,490,000. The \$10,000,000 of 3½ per cent. trust certificates, series D, were created in November, 1904, and are also secured by the deposit of special stock of the Pittsburg, Fort Wayne & Chicago Railway Co. and guaranteed by the Pennsylvania Railroad Co.

The gold loan certificates, due November, 1916, are \$20,000,000, and have a sinking fund provision of \$1,334,000 per annum, bonds to be drawn for the same. They were issued in 1901 to provide for the acquisition of the Pennsylvania Steel Co. and the Cambria Steel Co. They are secured by the deposit of stocks of the Baltimore & Ohio; Norfolk & Western; and Pittsburg, Cincinnati, Chicago & St. Louis companies.

The French loan is for 250,000,000 francs, the bonds being in denominations of 500 francs and 2,500 francs. The bonds are redeemable after 1918. The loan was negotiated in 1906 and is guaranteed by the Pennsylvania Railroad Co. The Girard Trust Co., Philadelphia, is the trustee. Interest is payable at the office of the Credit Lyonnaise, Paris, and its branches.

PENNSYLVANIA RAILROAD CO.

A corporation chartered by the Commonwealth of Pennsylvania, April 13, 1846.

The lines operated directly by this company are its system, December 31, 1907, consist of:

	Miles
The Eastern Pennsylvania Division.....	1,248.24
The Western Pennsylvania Division.....	631.63
The New Jersey Division	Railroads and ferries..... 447.40 miles.
	Delaware and Raritan Canal..... 66.00 "
	Total..... 543.40
The Erie Division.....	604.84
The Buffalo & Allegheny Valley Division.....	830.18
Total.....	3,858.29

Of these 3,858.29 miles, 1,705.27 are owned and the remaining 2,153.02 are operated under lease or as agent.

The following properties east of Pittsburg and Erie are operated separately, being controlled through ownership of stock: Philadelphia, Baltimore & Washington Railroad; West Jersey & Seashore Railroad and branches; Northern Central Railway; Baltimore, Chesapeake & Atlantic Railway, and Long Island Railroad.

Locomotives, 3,210; passenger cars, 2,070; freight cars, 128,024; service equipment, 3,603; floating equipment, 317.

See separate statements of the various leased and controlled companies, including the United New Jersey Railroad and Canal Co.; Northern Central Railway; Long Island Railroad; Philadelphia, Baltimore & Washington Railroad; Cumberland Valley Railroad; West Jersey & Seashore Railroad; Baltimore, Chesapeake & Atlantic Railway; Allegheny Valley Railway; Western New York & Pennsylvania Railway; Belvidere Delaware Railroad; Pittsburg, Fort Wayne & Chicago Railroad, etc.

The lines owned, leased and controlled west of Pittsburg are operated through the organizations of the Pennsylvania Company, the Pittsburg, Cincinnati, Chicago & St. Louis Railroad

Co., the Grand Rapids & Indiana Railroad Co., and the Vandalia Railroad Co., and are more fully described under the statements of those companies.

The company controls a large anthracite property, owned by the Summit Branch, the Lykens Valley, the Mineral Railroad & Mining and the Susquehanna Coal companies. The Pennsylvania Canal, Columbia to Nanticoke, Pa., and branches, 249 miles, is also controlled. The Philadelphia & Erie Railroad, which was leased, was consolidated with the company in 1907.

The Allegheny Valley Railway, which this company controlled, was leased in 1900. In March, 1906, its consolidation with this company was authorized, but this had not been consummated at the beginning of 1908. In 1900 control of the Western New York & Pennsylvania Railway was acquired and the road leased, being operated since August 1, 1900, together with the Allegheny Valley Railway, as the Buffalo & Allegheny Valley Division of the Pennsylvania Railroad Co. The Pittsburgh, Virginia & Charleston Railway, which this company controlled, was merged in 1905. In 1907-'08 the Bald Eagle Valley Railroad and the Connecting Railway were merged with the company.

In 1901 the company acquired the minority stock of the Philadelphia, Wilmington & Baltimore with an issue of Pennsylvania Railroad Co.'s stock, and that company and the Baltimore & Potomac Railroad Co. were consolidated under the title of the Philadelphia, Baltimore & Washington Railroad Co.

In 1901 this company and affiliated organizations acquired large interests in the stocks of the Pennsylvania Steel Co. and the Cambria Steel Co.

In 1899-1900 the company acquired important interests in the Baltimore & Ohio, Chesapeake & Ohio, and Norfolk & Western roads. In 1906, however, all the Chesapeake & Ohio stock was sold together with a majority of its holdings of Baltimore & Ohio and Norfolk & Western stocks, a large profit accruing to the company from these sales. In 1900, the company purchased the Erie & Western Transportation Co.

In May, 1900, control of the Long Island Railroad was acquired. In the latter part of 1901 the management of this company formulated comprehensive plans for a depot in New York City, with tunnels under the North and East Rivers, connecting the main system with the Long Island Railroad, also to construct a connection between the Long Island Railroad and New England points by a bridge over the East River at Mott Haven, N. Y. The companies to construct and operate the New York tunnels and terminal are the Pennsylvania, New Jersey & New York Railroad, and the Pennsylvania, New York & Long Island Railroad. The New York Connecting Railroad Co. is to furnish the connection with the New York, New Haven & Hartford Railroad system. In February, 1903, preliminary work was begun on the construction of this extension, and in March, 1904, contracts were let for the tunnels under the North and East Rivers at New York. At the beginning of 1908 substantial progress had been made with the construction of the tunnels, terminal and approaches. The company in 1904 began the construction of extensive terminals and docks at Greenville, N. J., on New York Bay, which were in operation in 1906.

Included in the property owned and represented by the capital account are stocks and bonds of other companies having a par value of \$292,933,479 and costing \$210,989,663. Owing to the sales referred to above of the company's interest in Chesapeake & Ohio and other stocks in 1906 the aggregate amount of stocks and bonds owned showed a considerable reduction for that year. The cash income received from the company's holdings of securities in the form of interest and dividends during 1907 was \$10,440,955. The company has also established a trust for the purchase of the securities of its leased lines, which, on December 31, 1906, held securities having a par value of \$14,692,190, interest and dividends on which are paid into the trust.

The authorized capital of the company was originally \$151,700,000. In January, 1901, the Commonwealth of Pennsylvania, by statute, provided for an increase of \$100,000,000 in the stock, making it \$251,700,000, authorized.

At the annual meeting in 1886 the directors were empowered to issue \$15,000,000 of new stock in their discretion. In June, 1887, 8 per cent. of new stock was subscribed for by the stockholders at par, and in May, 1890, 8 per cent. more was sold on the same basis. In December, 1899, the directors authorized the issue of \$12,930,500 new stock to provide for construction and equipment, and gave stockholders of record December 26, 1899, the right to subscribe for the same at par to the extent of 10 per cent. of their holdings. In 1890 \$20,000,000 new stock was authorized for improvements, and in 1892 directors were given power to issue \$17,456,550 more stock, which completed the full authorized amount of \$151,700,000. In April, 1900, \$6,700,000 of new stock was issued and sold, making the stock outstanding \$151,700,000, or the full amount authorized. At the annual meeting in March, 1901, the stockholders authorized the directors to issue the new stock at their discretion, but at not less than par. The increase was to pay for the company's recent acquisitions of other roads. In March, 1901, stockholders were offered the right to subscribe for new stock at \$60 per share to the amount of 33 1/4 per cent. of their holdings. This involved the issue of \$50,500,800 new stock, and increased the amount outstanding to \$202,200,800 at the close of 1902.

At the annual meeting, March 10, 1903, the stockholders ratified an increase of \$198,300,000 in the authorized capital stock, raising the total amount thereof from \$251,700,000 to \$400,000,000. The directors were given powers to issue the same as might be necessary, and it was provided that of the increased stock \$50,000,000, if deemed advisable, might be in the form of convertible bonds. On March 16, 1903, stockholders of record May 9, 1903, were given the right to subscribe at \$60 per share, between June 15 and June 27, 1903, for new stock to the extent of 33½ per cent. of their respective holdings. In May, 1903, a syndicate organized by Speyer & Co. and Kuhn, Loeb & Co., New York, was formed to underwrite the above issue and subscription, the syndicate agreeing to take at \$60 per share any amount of the new stock which was not subscribed for by the stockholders. At the closing of the subscription on June 27, 1903, it was announced that the stockholders had taken all of the new issue, amounting to \$75,094,750 of stock and involving an aggregate money payment of over \$90,000,000, leaving none for the syndicate.

At the annual meeting March 12, 1907, the stockholders ratified a further increase of \$100,000,000 in the authorized stock, raising the total amount thereof to \$500,000,000. Authority was also given to the directors to issue the new stock at their discretion.

The company has paid dividends on its stock in every calendar year since 1850. Dividends since 1893 are shown below in table of earnings. The dividends are payable May 31 and November 30. The books of the company do not close for the half-yearly dividends. The May, 1900, dividend was 2½ per cent., but the November dividend was 2½ per cent. and 1 per cent. extra, making 6 per cent. for the year 1900. In May, 1901, 2½ per cent. was paid, but the November dividend was again 2½ per cent. and 1 per cent. extra, making 6 per cent. for the year 1901. In 1902, 1903, 1904 and 1905 the semi-annual dividends were 3 per cent. regular each, or 6 per cent. per annum. In May, 1906, 3 per cent. was paid, but the November, 1906, dividend was increased to 3½ per cent., thus placing the stock on a basis of 7 per cent. per annum., which has since been the rate to November, 1907, inclusive.

In March, 1902, the directors authorized the issue of \$50,000,000 10-year 3½ per cent. gold bonds, due November, 1912, with interest May and November. On May 1, 1904, or any subsequent interest period, these bonds are convertible into stock at \$70 per share. Beginning May 1, 1904, the bonds may be called at 102½ and interest on 90 days' notice, but if called the holder may nevertheless convert them into stock. Stockholders were offered the right to subscribe for the bonds at par to the extent of 25 per cent. of their holdings. The purpose of this issue was to provide \$25,000,000 for additional cars, \$20,000,000 for the construction of the New York tunnels and terminal, and \$5,000,000 for general purposes. In consequence of conversions into stock the amount of these bonds outstanding had been reduced on December 31, 1906, to \$20,000,500.

In 1905 an issue of \$100,000,000 3½ per cent. 10-year convertible bonds was created and was in part subscribed for at par by the stockholders, the remainder being taken by a syndicate formed to underwrite the same. These bonds mature October, 1915, the interest periods being June and December and are convertible after December, 1905, at any time at the holder's option into stock at \$75 per share for the latter. They can be called for redemption on December 1,

Interest on all the bonds and incomes is paid at the office of J. P. Morgan & Co., New York. This road is leased to the Cleveland, Cincinnati, Chicago & St. Louis for 50 years from 1890, interest on 1st consols being guaranteed. If earnings exceed fixed charges and advances made by Cleveland, Cincinnati, Chicago & St. Louis, surplus, as determined by the statements for the calendar year, to go to 2d consols and any further surplus to the stock. The Cleveland, Cincinnati, Chicago & St. Louis owns one-half the stock. The Indiana, Bloomington & Western 1st mortgage preferred 7 per cent. bonds, which matured January 1, 1900, were refunded and extended at 4 per cent. The company owed the Cleveland, Cincinnati, Chicago & St. Louis \$556,228 for advances, and turned over a large amount of its treasury assets to that company to secure the indebtedness. In March, 1901, the Courts decided that the company had the right to use a considerable amount of securities reserved at the time of the reorganization. All indebtedness to the Cleveland, Cincinnati, Chicago & St. Louis Railway Co. was paid off in 1902.

The first payment on the income bonds was 4 per cent., April 1, 1902, the same rate being paid April 1, 1903, 1904, 1905, 1906 and 1907.

Under the plan of reorganization the new company is to create an issue of \$5,000,000 five-year 6 per cent. debentures, to be subscribed for by the stockholders in order to discharge the floating debt. See below.

The Pere Marquette Railroad consolidated 4 per cent. mortgage is for \$50,000,000, of which \$26,656,000 was reserved to retire prior bonds. Bonds can be issued at the rate of \$20,000 per mile for single and \$25,000 for double track. Trustee of the mortgage, Farmers' Loan & Trust Co., New York.

The Pere Marquette collateral trust bonds, due 1923, are secured by the entire stock of the Lake Erie & Detroit River Railway Co. The bonds are subject to call on any interest day on 60 days' notice. The bonds bear 3 per cent. per annum until July 1, 1905, and 4 per cent. thereafter. Trustee, National Trust Co., Limited, Toronto.

The 4 per cent. refunding mortgage is for \$60,000,000, and is guaranteed, principal and interest, by indorsement by the Cincinnati, Hamilton & Dayton Railway Co. Trustee of the mortgage,

Central Trust Co., New York. Of the total amount, \$46,505,000 was reserved to retire prior liens; \$7,495,000 is to be available for extensions, etc., but not for other improvements, at the rate of \$500,000 per annum.

The authorized amount of the Pere Marquette Railroad Co., of Indiana, 4 per cent. mortgage is \$3,000,000. The bonds are subject to call at 105 at the company's option, are secured by the Indiana lines and the Chicago extension, and are guaranteed, principal and interest, by the parent company and are to be assumed by the new company.

The Lake Erie & Detroit River Division 4½ per cent. bonds are secured by the deposit with the Morton Trust Co., trustee, of \$3,000,000 5 per cent. bonds of the Lake Erie & Detroit River Railway Co., guaranteed by this company.

This company and the Bessemer & Lake Erie Railroad Co. jointly guarantee the issue of \$492,000 4½ per cent. bonds of the Marquette & Bessemer Dock & Navigation Co.

The reorganization plan comprehended the subscription by the old stockholders for the \$5,000,000 of 6 per cent. debentures at par, the old stocks taking 50 per cent. of these holdings and receiving 115 per cent. in new 1st preferred and 120 per cent. in new common for their holdings; those not subscribing receiving new 2d preferred or common stock to the same amount as their original holdings. Payments on subscriptions for the debentures were to be made 15 per cent., December 20, 1907; 10 per cent., February 1, 1908; 15 per cent., March 1; 25 per cent., April 1; 25 per cent., May 1, and 10 per cent., June 1, 1908, or if desired in full at any time.

THE PHILIPPINE RAILWAY CO.

A corporation formed under the laws of Connecticut, March 5, 1906. It received on July 13, 1906, from the Government of the Philippines, a concession to build and operate about 300 miles of railroad in the Islands of Panay, Negros and Cebu. Surveys for the greater part of the lines have been completed and work is in progress upon various sections and 40 miles on the Island of Cebu, from the town of Cebu to Danao, and from Cebu to Carcar are completed and in operation. The concession was granted in conformity with an Act of Congress, passed in 1905, and was approved by the Secretary of War of the United States. See below for terms of guarantee of interest on the company's bond by the Philippine Government.

In lieu of taxes the company, during the life of its bonds, is to pay $\frac{1}{2}$ of 1 per cent. of its annual gross earnings.

The company was financed by a syndicate headed by William Salomon & Co., New York.

PITTSBURG, BESSEMER & LAKE ERIE RAILROAD CO.

(Leased to Bessemer & Lake Erie Railroad Co. and controlled by United States Steel Corporation)

Road owned, North Bessemer, Pa., to Conneaut Harbor, O., 144.57 miles; branches, 21.97 miles; leased, 21.74 miles; trackage, New York, Chicago & St. Louis Railroad, Wallace to Erie, Pa., 12.90 miles; total operated, 201.18 miles. Company owns large terminals at Erie, Pa., and Conneaut, O.

This company is a consolidation, December, 1896, of the Pittsburg, Shenango & Lake Erie Railroad Co. with the Butler & Pittsburg Railroad. The main line of the Pittsburg, Shenango & Lake Erie extended from Butler, Pa., to Wallace Junction, Pa., with branch to Conneaut Harbor, O. The Butler & Pittsburg was incorporated April, 1896, and was controlled by the Carnegie Company. Its line, completed in October, 1897, is from Butler, Pa., to Bessemer, Pa., joining there the Union Railway, a belt line owned by the Carnegie Company and connecting its various industrial establishments along the Monongahela River.

In January, 1901, this property was leased for 999 years, from April 1, 1901, to the Bessemer & Lake Erie Railroad Co., which was also controlled by the Carnegie Company. Under the terms of lease the lessee guaranteed 6 per cent. per annum on the preferred and 3 per cent. per annum on the common stock in the hands of the public. The Carnegie Company guarantees the lease, and control of this property passed with the Carnegie Company to the United States Steel Corporation.

READING COMPANY

PHILADELPHIA & READING RAILWAY CO.

PHILADELPHIA & READING COAL AND IRON CO.

The Reading Company is a corporation chartered by the Pennsylvania Legislature in 1871 as the Excelsior Enterprise Co., afterward the National Company; name changed to Reading Company in 1896 for the purpose of carrying out the reorganization of the Philadelphia & Reading Railroad Co. under plan of December, 1895. This company has power to hold the securities of the Philadelphia & Reading Railway Co. and of the coal companies and other properties, and to conduct the business of the entire system. It has by its charter the right to mine coal, which was confirmed by the Constitution of Pennsylvania adopted in 1873.

The Philadelphia & Reading Railway Co. was organized November 17, 1896, and on November 30, 1896, took possession of the railroad lines, leaseholds and railroad property of the old Philadelphia & Reading Railroad, sold in foreclosure (under the plan of reorganization) September 23, 1896. All the stock of the railway company is owned by the Reading Company.

Road owned and operated by the Philadelphia & Reading Railway Co., Philadelphia to Mount Carbon, 98 miles; branch, Reading to Harrisburg, 54 miles; other branches, 203 miles; total owned, 355 miles; leased, East Pennsylvania Railroad, Reading to Allentown, 35 miles; Mine Hill & Schuylkill Haven Railroad, 42 miles; Little Schuylkill Railroad, 31½ miles; Philadelphia, Germantown & Norristown Railroad, 39 miles; Chestnut Hill Railroad, 4 miles; Catawissa Railroad, 103 miles; North Pennsylvania Railroad, 87 miles; Delaware & Bound Brook Railroad, 34 miles; Wilmington & Northern Railroad, 88½ miles; other branches leased, 180 miles; total leased, 644 miles; all lines owned and leased, 999½ miles. In addition the Reading Company owns interests in and controls the following roads: Central Railroad of New Jersey, 648 miles; Reading & Columbia Railroad, 60 miles; Atlantic City Railroad, 168 miles; Gettysburg & Harrisburg Railway, 34 miles; Northeastern Pennsylvania Railroad, 26 miles; Perkiomen Railroad, 38 miles; Philadelphia & Chester Valley Railroad, 24 miles; Philadelphia, Newtown & New York Railroad, 22 miles; Port Reading Railroad, 21 miles; other branches controlled, 96 miles; total controlled, 1,138 miles; grand total of system, 2,137 miles, of which 863 miles are double track. Locomotives, 1,001; passenger cars, 892; freight cars, 40,970; service cars, 813; floating equipment, 133.

In January, 1901, a controlling interest, \$14,504,000, in the stock of the Central Railroad of New Jersey was purchased by the Reading Company.

The Philadelphia & Reading Coal and Iron Co.'s stock (\$8,000,000) is owned by the Reading Company. The Coal and Iron Co. owns and leases an extensive anthracite coal property, on which it operates and leases a large number of collieries. The Reading Company also has a controlling interest in the Reading Iron Co., which owns a rolling mill at Reading and several other iron works and blast furnaces. The property of the Coal and Iron Co. was sold at foreclosure September, 1896, and transferred to the new organization of the same name, which is controlled by the Reading Company.

In 1902-03 the Baltimore & Ohio Railroad Co. and the Lake Shore & Michigan Southern Railway Co. acquired large interests in the stock of this company, amounting, it was stated, to \$60,000,000, principally 1st and 2d preferred shares, but in 1905-06 these companies disposed of a considerable portion thereof.

The old Philadelphia & Reading Railroad Co. was twice reorganized, in 1887 and 1896, respectively. For details of the receiverships and reorganizations, see MANUAL for 1896 and 1900.

The 1st preferred and 2d preferred stocks are both 4 per cent., non-cumulative. After 4 per cent. has been paid for two consecutive years on the first preferred the company may convert the second preferred into one-half common and one-half first preferred stock.

All the stock was held for five years, or until full 4 per cent. had been paid on preferred for two consecutive years, in a voting trust. Trustees, J. Pierpont Morgan, Frederic P. Olcott and C. S. W. Packard. The above conditions having been complied with in 1903, the voting trust was dissolved and stock certificates given in exchange for those of the voting trustees after December 1, 1904.

Transfer Agents, J. P. Morgan & Co., New York.

The first dividend on the 1st preferred stock of the company was $1\frac{1}{2}$ per cent., paid March 8, 1900; a second dividend of $1\frac{1}{2}$ per cent. was paid September 10, 1900, and on February 6, 1901, 2 per cent. semi-annual was paid, since which time the regular semi-annual dividends on the 1st preferred have been 2 per cent., March (10) and September, except the September, 1902, dividend, which was 1 per cent. only on account of a coal miners' strike.

The first dividend on the 2d preferred stock, $1\frac{1}{2}$ per cent., was paid November 10, 1903, but in May and November, 1904, the dividends were 2 per cent. each, making the full 4 per cent. for the year, and 2 per cent. has since been regularly paid in May and November.

The first dividend on the common stock was $1\frac{1}{2}$ per cent., paid February 1, 1905. In August, 1905, 2 per cent. was paid on the common, putting it on a 4 per cent. basis, which has been the regular rate to February 1, 1908, inclusive.

A \$20,000,000 purchase-money 6 per cent. mortgage loan of 1896 of the Philadelphia & Reading Railway Co., due 1907, is all held by the Reading Company, and is pledged as security for the latter's general 4 per cent. mortgage. The general mortgage is also secured by deposit of \$13,766,686 bonds of other companies and \$18,383,875 stocks of other companies.

The general mortgage of the Reading Company is for \$135,000,000, of which \$51,109,357 was reserved to take up underlying bonds of the railroad and coal property, and \$17,000,000 is reserved to be used for improvements at rate of \$1,500,000 per annum. These bonds have a sinking fund of 5 cents per ton on all coal mined in any year provided a dividend is paid on the stock, and if the aggregate of dividends exceeds that sum the sinking fund payment shall equal the dividends. Under this provision, \$3,411,000 of the bonds had been retired up to 1907 inclusive. On June 30, 1907, the Reading Co. held \$2,369,000 of the general mortgage bonds in its treasury. Trustee of the mortgage, Central Trust Co., New York. Interest is paid at the office of J. P. Morgan & Co., New York.

The Reading Company's Jersey Central collateral trust 4 per cent. bonds were created in 1901 to provide for the purchase of control of the Central Railroad of New Jersey. They are secured by deposit with the Pennsylvania Company for Insurances on Lives and Granting Annuities, Philadelphia, trustee, of \$14,504,000 stock of the Central Railroad Co. of New Jersey, \$1,495,000 stock of the Perkiomen Railroad Co., being all but \$5,000 of that stock, and \$440,000 stock of the Port Reading Railroad Co. The mortgage provides for the total issue of \$45,000,000, but additional bonds can be issued only to acquire further amounts of Jersey Central stock. The bonds can be redeemed at 105 and interest after April 1, 1906, on six months' notice.

The Reading Company's Wilmington & Northern collateral trust certificates were created in 1900. They are secured by deposit with Girard Trust Co., Philadelphia, of practically all the \$1,500,000 stock of the Wilmington & Northern Railroad Co., which road is leased to the Philadelphia & Reading Railway Co. under a guarantee of dividends of 3½ per cent. per annum on its stock. The bonds have no date of maturity, but are redeemable at 105 and interest.

The new company has reduced the rentals paid to the holders of the stocks of a number of the leased branches. Dividends on stock of Catawissa Railroad were reduced from 7 to 5 per cent.; Mine Hill & Schuylkill Haven, from 8 to 6 per cent.; Chestnut Hill Railroad, from 12 to 6 per cent.; and Little Schuylkill, from 7 to 5 per cent.

The company paid dividends of 8 per cent. per annum from 1900 to 1904, inclusive, the same rate being paid on the common and the dividend obligations. Dividends on the common and dividend obligations are paid semi-annually in January (1) and July. On January 2, 1905, an extra dividend of ½ per cent. was paid in addition to the regular 4 per cent. semi-annual dividends on the common stock and dividend obligations, and the same rate was paid July 1, 1905, and subsequent periods, the stock and dividend obligations being thus on a 9 per cent. basis. On the guaranteed stocks dividends are semi-annual, in May and November. A scrip dividend of 25 per cent. was declared in December, 1906, to holders of record on December 20, payable in January, 1907, in the dividend obligations.

The guaranteed stocks are secured by a lien on the company's property. The dividend obligations are entitled to receive the same rate of interest as the dividends paid on the common stock, but have no voting power. The amount outstanding was increased in January, 1907, from \$1,072,000 to \$1,794,325 on account of the scrip dividend referred to above. The State of Virginia owns \$275,000 of the common stock.

This road was built in the interest of the Denver & Rio Grande Railroad Co., which owns a majority of the stock. In August, 1893, a Receiver was appointed. In February, 1895, the Denver & Rio Grande advanced the company \$169,839 cash and endorsed \$573,498 notes given for this company's floating debt under an arrangement by which all surplus earnings for three years, from January 1, 1895, were to be paid to Denver & Rio Grande, which company also received \$671,000 Rio Grande Southern 1sts. The Denver & Rio Grande held \$2,277,000 of the bonds, which it has guaranteed. The remainder of the bonds, \$2,233,000, are *not* guaranteed.

In 1895 a plan was submitted by which interest on 1st mortgage bonds was reduced from 5 per cent. to 3 per cent. during 1896 and 1897, and 4 per cent. after January 1, 1898, all past due coupons being canceled. This arrangement was agreed to by bondholders, floating debt being retired under arrangement of February, 1895, with Denver & Rio Grande, and the Receiver was discharged January 15, 1896.

Amount of 1st mortgage authorized is \$5,000,000, at rate of \$25,000 per mile. Interest is paid at the office of Maitland, Coppel & Co., New York.

THE ROCK ISLAND CO.

CHICAGO, ROCK ISLAND & PACIFIC RAILROAD CO.

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY CO.

The Rock Island Co. is a corporation formed under the laws of New Jersey, July 31, 1902, for the purpose of carrying out the plans for the control and capitalization of the system of railroads owned by The Chicago, Rock Island & Pacific Railway Co. referred to below. The Rock Island Co. is a holding or investment corporation, its charter vesting it with power to acquire and hold, sell or dispose of, mortgage or pledge, the stocks or securities of other corporations, and to exercise the voting powers which may attach to the same.

The company owns all of the \$145,000,000 stock of the Chicago, Rock Island & Pacific Railroad Co., which acquired control of The Chicago, Rock Island & Pacific Railway Co. The Chicago, Rock Island & Pacific Railroad Co. also controls the St. Louis & San Francisco Railroad Co. See below for detailed statements of The Chicago, Rock Island & Pacific Railway and Railroad Companies. Also see separate statement of the St. Louis & San Francisco Railroad Co.

The Chicago & Eastern Illinois Railroad Co. is controlled by the St. Louis & San Francisco Railroad Co. and acquired control in 1903 of the Evansville & Terre Haute Railroad Co.

The mileage of roads operated June 30, 1907, comprised: Rock Island Lines, 7,938.06 miles; St. Louis & San Francisco Lines, 5,064.16 miles; Chicago & Eastern Illinois Railroad, 957.10 miles; Evansville & Terre Haute Railroad, 310.41 miles; grand total, 14,269.73 miles.

In 1904 The Chicago, Rock Island & Pacific Railway Co. acquired \$14,320,000 common and \$4,479,000 preferred stock of the Chicago & Alton Railway Co., but in August, 1907, sold most of this stock, which carried control of the Chicago & Alton property, to the Toledo, St. Louis & Western Railway Co.

In May, 1903, the Chicago, Rock Island & Pacific Railroad Co. offered, through J. P. Morgan & Co., New York, to the owners of \$29,000,000 of the common stock of the St. Louis & San Francisco Railroad Co. to purchase their holdings on the terms stated below. In pursuance of this offer, The Rock Island Co. has acquired \$28,640,300 of the St. Louis & San Francisco common, carrying with it control of that system. The St. Louis & San Francisco, however, is operated under its own management, though in harmony with The Rock Island Lines.

	pref., 54,000,000 }		pref., 49,047,390 }		

The preferred stock is 4 per cent., non-cumulative, from 1903 to 1909 inclusive. It then becomes entitled to 5 per cent., non-cumulative, until and including 1916, and thereafter to 6 per cent. The preferred stock also has a preference up to the par value thereof as to assets of the company in case of a dissolution.

Stock is transferred at the office of the company, New York. Registrar, Bankers' Trust Co., New York.

The first quarterly dividend on the preferred stock was 1 per cent., paid February 2, 1903, and regular quarterly payments at that rate were paid in February, May, August and November. In January, 1906, the directors, however, omitted the February 1, 1906, dividends, it having been decided to suspend dividends for the present, and none had been paid up to February, 1908.

The terms for the purchase of the common stock of the St. Louis & San Francisco Railroad Co. were that for each share, par \$100, of the latter The Rock Island Co. should give \$60 in its own common stock and \$60 in collateral trust 5 per cent. bonds, due 1913, of the Chicago, Rock Island & Pacific Railroad Co.

The stocks of The Rock Island Co. were issued in pursuance of a plan announced in August, 1902, by which holders of stock of the old Chicago, Rock Island & Pacific Railway Co. were offered in exchange for each \$100 of the old stock the following securities:

\$100 in 4 per cent. collateral trust bonds of the Chicago, Rock Island & Pacific Railroad Co.

\$100 in common stock of The Rock Island Co.

\$70 in preferred stock of The Rock Island Co.

Of the \$74,854,100 stock of the old railway company, \$70,067,700 has been acquired by the Chicago, Rock Island & Pacific Railroad Co.

The preferred stockholders have the right to elect a majority of the directors, or five of the nine directors provided for in the original incorporation, and should the number of directors be increased, the preferred stock shall still be entitled to choose a majority. This is accomplished by classifying the directors, the first class of five members of the board being those elected by the

preferred stockholders. This right can only be surrendered by a two-thirds vote of the preferred stock at a special meeting called for the purpose. The number of directors has been increased to fifteen, the first class elected by the preferred stockholders being eight in number.

It is provided that there shall be a finance committee elected by the directors from their own number who shall exercise the powers of the board when the latter is not in session.

In the original formation of The Rock Island Co. its directors were given power to buy and sell the stocks of the company at their discretion for its account. This was modified by a by-law providing that the company can only purchase its own stocks for the purpose of retiring and canceling the same. Furthermore, while the directors have power to make and alter the other by-laws, the above by-law cannot be rescinded or changed except by a vote of the stockholders at an annual or special meeting.

THE CHICAGO, ROCK ISLAND & PACIFIC RAILWAY CO.—A corporation formed June 4, 1880, under the laws of Illinois and Iowa, being a consolidation of the railroad company of the same name with the Iowa Southern & Missouri Northern Railroad and other companies have been consolidated with it.

The system, including leased and controlled roads, extends from Chicago, St. Louis and Memphis, in the East, to Denver, Kansas City, St. Paul, Minneapolis, El Paso, Fort Worth, with numerous branches and extensions.

Road operated, June 30, 1907, 7,938.06 miles; on the same date 179.04 miles of additional road were under construction. Locomotives, 1,343; passenger cars, 878; freight cars, 41,261; service cars, 2,956.

In 1878 this company leased the Keokuk & Des Moines Railroad, and in 1887 the Des Moines & Fort Dodge Railroad was leased, but on January 1, 1905, the Minneapolis & St. Louis Railroad Co. took over the Des Moines & Fort Dodge Railroad. Between 1886 and 1890 the company built considerable new lines, extending its system into Kansas, Colorado and the Indian Territory. These extensions were mainly built under the titles of the Chicago, Kansas & Nebraska Railway. In 1891 the Chicago, Kansas & Nebraska Railway, all the securities of which were owned by this company, was amalgamated with the parent system. In 1901 it completed, in connection with its subsidiary companies, an extension of 264 miles from Liberal, Kan., to Santa Rosa, N. M., connecting with the New Mexico Railway & Coal Co.'s lines to El Paso, this company having a close traffic contract with the New Mexico Railway & Coal Co.

In 1902 this company acquired all the capital stock of the Choctaw, Oklahoma & Gulf Railroad Co. and its affiliated lines, and on March 24, 1904, leased the same for 999 years. In 1902 it also leased the Burlington, Cedar Rapids & Northern Railway and the Rock Island & Peoria Railway, and in 1903 those companies were merged with the Chicago, Rock Island & Pacific Railway Co. The entire capital stock and bonds of the St. Louis, Kansas City & Colorado Railroad were purchased in 1902, that company furnishing a line between St. Louis and Kansas City.

Stock.....Par \$100.....Authorized, \$75,000,000.....Issued, \$74,854,100

From the formation of the present company in 1880, until 1887, amount of stock outstanding was \$41,060,000, but in 1887 a 10 per cent. allotment at par was made to stockholders. From 1887 until 1898 the stock authorized and outstanding was \$46,156,000. In August, 1898, a 10 per cent. dividend in stock was paid. In July, 1901, the stock was increased from \$50,000,000 to \$60,000,000, and the stockholders were given the right to take the \$10,000,000 of new stock at par, the proceeds being used to build the New Mexico extension and other branches. In 1902 the stock was increased to \$75,000,000, the additional amount being to retire minority stock of the Burlington, Cedar Rapids & Northern Railway and the Rock Island & Peoria Railway, and purchase the bonds and stock of the St. Louis, Kansas City & Colorado Railroad Co. \$9,116,000 was also sold to the stockholders at par.

Transfer agency, 115 Broadway, New York. Registrar, Corn Exchange Bank, New York.

Commencing November, 1894, dividends were $\frac{3}{4}$ per cent. quarterly, and remained at that rate until November, 1897, when the company paid 1 per cent. quarterly. In August, 1898, the rate was raised to $1\frac{1}{4}$ per cent., consisting of a quarterly dividend of 1 per cent. and $\frac{1}{4}$ per cent. extra, the latter being paid out of the Addition and Improvement account, from which similar extra dividends were paid quarterly until the first quarter of 1903, inclusive. The dividends were paid quarterly, February (1), May, August and November, at the rate of $1\frac{1}{4}$ per cent. Under the new arrangements in 1902 the dividend period was changed, and in January, 1903, $1\frac{1}{4}$ per cent. was paid as a regular quarterly dividend, with 3 per cent. extra as an advance payment of part of the dividends of the current year. The dividends paid in 1903 aggregated $7\frac{1}{2}$ per cent. In 1904 $8\frac{1}{4}$ per cent. was paid, the dividends being $1\frac{1}{4}$ per cent. in January, 3 per cent. in April, $1\frac{3}{4}$ per cent. in July, and $2\frac{1}{4}$ per cent. in October. The quarterly dividend paid January 3, 1905, was 2 per cent. The same rate was paid in April, 1905, and $2\frac{1}{4}$ per cent. in October, 1905. In December, 1905, it was, however, decided to pay $1\frac{1}{2}$ per cent. on January 2, 1906, the subsequent dividends being, April, 1906, $1\frac{1}{2}$ per cent.; July, 1906, 1 per cent.; October, 1906, 2 per cent.; January, 1907, 1 per cent.; April, $1\frac{1}{2}$ per cent.; July, 1 per cent.; October, $1\frac{3}{4}$ per cent. and January, 1908, $1\frac{1}{2}$ per cent.

Under date of January 1, 1898, the company executed a mortgage to the Central Trust Co., New York, and George Sherman, as trustees, to secure an issue of \$100,000,000 general mortgage gold bonds, to be used in retiring all outstanding bonds and in providing for additions, betterments and extensions. Interest is paid at the First National Bank, New York. In 1904 the Central Trust Co., New York, resigned as trustee, and the Bankers Trust Co., New York, was appointed successor trustee. In 1907, George Sherman, trustee, was succeeded by Benjamin Strong, Jr.

The collateral trust bonds created in 1902 are \$24,000,000, authorized, of which \$23,883,000 were issued to acquire the entire capital stock of the Choctaw, Oklahoma & Gulf Railroad Co., and are secured by the deposit of the same. The bonds are in serial form, A to P, maturing annually, May 1, and all the outstanding bonds of this issue, but not any part, may be called for redemption at 101½.

The 1st and refunding mortgage was authorized March 26, 1904, the mortgage dated April 1, 1904, being for \$163,000,000. Trustees, Central Trust Co., New York, and David R. Francis, St. Louis. Agent for the payment of interest, First National Bank, New York. The purpose of the issue was to retire maturing obligations, refund the company's indebtedness at maturity and provide for its capital requirements. Of the authorized issue there are reserved the following amounts: \$82,025,000 to retire bonds of the company and its auxiliary companies; \$25,000,000 when the company makes future acquisitions of property, including stocks and bonds of other companies, to an amount equal to the value of the bonds issued; \$13,500,000 to provide fund to the extent of 75 per cent. of the purchase price for bonds of other companies; \$27,475,000 to be available at the rate of \$2,500,000 per annum for betterments, etc., and \$15,000,000, issuable April 1, 1904, for general corporate purpose. The mortgage is a direct or collateral first lien on 1,151 miles of road, in addition to being a first or collateral lien on terminal property at St. Paul, Minneapolis and St. Louis, new equipment and shops at Moline, Ill.

The \$7,500,000 of 4½ per cent. notes due July, 1907, are secured by \$11,250,000 of refunding bonds. The notes can be redeemed at 102 and interest. The \$6,000,000 of 4½ gold notes, due April, 1908, are secured by \$7,500,000 4 per cent. bonds of the Rock Island, Arkansas & Louisiana Railroad Co.

Y., to North Bennington, Vt., 57 miles; branches, 21 miles; total owned, 397.11 miles; leased, 18 miles; trackage, 53 miles; total operated, 468.11 miles. The company has trackage from Noyan Junction to Montreal, 53 miles, over the Quebec Southern and the Canadian Pacific Railways. The company also owns the Rutland Transit Co., which has a fleet of vessels running from Ogdensburg, N. Y., to ports on the lakes. See statement of that company under Industrial Securities. Locomotives, 76; passenger cars, 99; freight cars, 2,782; service cars, 82.

This company is a consolidation of the Rutland Railroad, Ogdensburg & Lake Champlain Railroad, Rutland Canadian Railroad, Bennington & Rutland Railway and the Chatham & Lebanon Valley Railroad. The road was formerly leased to the Vermont Central Railroad, but has been operated independently since 1896.

In 1899 the Ogdensburg & Lake Champlain Railroad was acquired, and the Rutland Canadian Railroad, between Burlington, Vt., and Rouse's Point, N. Y., was built to connect the lines. The Bennington & Rutland Railroad Co. was acquired in 1900 and the Chatham & Lebanon Valley Railroad in 1901.

In January, 1905, the New York Central & Hudson River Railroad Co. acquired a controlling interest in this company.

On June 30, 1907, the company had 302.95 miles of road under construction, to be mainly completed prior to January 1, 1908.

The company owns one-half interest with the Atchison, Topeka & Santa Fe Railway Co. in the Kansas Southwestern Railway Co., 59 miles, the road being operated separately. The Birmingham Belt Railroad Co., which has 25 miles of terminal tracks at Birmingham, Ala., is controlled, having been acquired in 1902.

This company and the Southern Railway Co. in 1903, acquired and jointly leased the New Orleans Terminal Co., comprising a belt line, around New Orleans and extensive terminals at that city, the whole aggregating 24.50 miles of tracks. See separate statement of the New Orleans Terminal Co. in this edition of the MANUAL. In 1906, the Colorado, Southern New Orleans & Pacific Railroad, which is constructing a line from Baton Rouge, La., to Houston, Tex., with trackage from Baton Rouge to New Orleans, was acquired.

In July, 1897, this company acquired control of the Atlantic & Pacific Railroad, Central Division, and in October, 1897, purchased the Kansas City & Southwestern, 61 miles. In March, 1901, control of the Kansas City, Fort Scott & Memphis Railway and of the Kansas City, Memphis & Birmingham Railroad was acquired.

In 1902 this company acquired a large majority of the common and preferred stocks of the Chicago & Eastern Illinois Railroad Co., that road being operated under its own organization. In 1903 control of the Evansville & Terre Haute Railroad Co. and its affiliated property, the Evansville & Indianapolis Railroad Co., was acquired in the interest of the Chicago & Eastern Illinois Railroad Co. See separate statements of the latter and of the Evansville & Terre Haute Railroad Co. in this edition of the MANUAL.

In 1902 this company acquired the St. Louis, Memphis & Southeastern and the St. Louis & Gulf Railroad Co. These two companies were merged and the completed road, 681 miles, was taken over by this company for operation on July 1, 1904. In 1903 it acquired the Arkansas Valley & Western Railroad, 175 miles, as well as the Ozark & Cherokee Central Railroad Co., 144 miles, which were taken by this company for operation in 1904.

Both preferred stocks are 4 per cent., non-cumulative. All the stock was placed in a voting trust for 5 years, from July 1, 1896, and for as long as the 1st preferred should not have received 4 per cent. cash for two consecutive years. The trust was dissolved in 1901. The company can redeem either or both of the preferred stocks at par in cash. The authorized common stock was increased to \$164,000,000 in August, 1907.

In May, 1903, the holders of common stock of this company were offered, through a circular issued by J. P. Morgan & Co., New York, the privilege of exchanging the same for securities of the Rock Island System, the terms being that for each share of St. Louis & San Francisco common there should be given \$60 par value in stock of The Rock Island Co., of New Jersey, and \$60 in 5 per cent. bonds, due 1913, of the Chicago, Rock Island & Pacific Railroad Co. On June 30, 1906, \$28,940,300 of the \$29,000,000 of common stock had been acquired by The Rock Island Co. The preferred stocks of the St. Louis & San Francisco were not affected by the arrangement in question.

Transfer Agent, New York Trust Co., New York. Registrar, Mercantile Trust Co., New York.

The company commenced the payment of dividends on 1st preferred with a semi-annual payment of 2 per cent. in July, 1897, and 4 per cent. per annum has since been paid on that class of the stock. The first dividend of 1 per cent. on the 2d preferred was paid July 6, 1898. In 1899 paid two dividends of 1 per cent. each on 2d preferred. In 1900 also paid 2 per cent. on 2d preferred. In March, 1901, 1½ per cent. was paid, and in September, 1901, began paying quarterly dividends of 1 per cent. on the 2d preferred, putting it on a 4 per cent. basis, which was the regular rate until February, 1906, when the dividend was passed and none has since been paid on the 2d preferred. The dividends were half-yearly, on 1st preferred January and July, and on 2d preferred March and September, but were changed to quarterly in the autumn of 1901, those on the 1st preferred being in January (2), April, July and October, and those on the 2d preferred in March (1), June, September and December.

The refunding mortgage created in 1901 is for \$85,000,000, of which \$62,500,000 was reserved to retire underlying bonds. The underlying bonds, amounting to \$40,633,700, exchanged for this issue were deposited in trust to secure the refunding mortgage bonds. Interest is payable at the Morton Trust Co., New York.

In 1897 the company created a new issue of 5 per cent. bonds for \$1,500,000, secured by a 1st mortgage on the 112 miles of the Central Division, Atlantic & Pacific, to be known as the Southwestern Division of the company's system. This issue and \$300,000 cash were paid for the \$2,794,000 old Atlantic & Pacific 1sts, covering that property on completion of foreclosure and transfer of road to this company.

In August, 1907, the stockholders authorized a general lien mortgage for \$115,000,000, due May, 1927, interest not to exceed 5 per cent., redeemable at 102½ on any interest day prior to May 1, 1922. Of this amount \$10,000,000 were to be immediately available and \$61,759,000 reserved to retire other bonds and notes, the balance being for improvements, etc. None of the bonds in question were outstanding in January, 1908.

This company guarantees the principal and interest of \$20,015,000 of Kansas City, Fort Scott & Memphis 4 per cent. refunding bonds. See statement of the latter company.

The stock trust certificates against the common and preferred stocks of the Chicago & Eastern Illinois Railroad were created in 1902, and are secured by the deposit of the stocks of the latter company which were acquired. See statement of the Chicago & Eastern Illinois Railroad Co. for a full description of these securities and for the details as to the issue of 4 per cent. certificates in exchange for part of the original 10 per cent. trust certificates for Chicago & Eastern Illinois common stock.

The collateral trust 4½ per cent. notes of 1903 are \$9,160,000, authorized. They are secured by deposit of practically all the securities of the St. Louis, San Francisco & New Orleans Railroad Co. They can be called in part or whole on thirty days' notice.

The collateral trust 7-year 4½ per cent. notes were created in 1905, and are \$4,500,000 authorized. They are secured by the stock and 1st mortgage bonds, \$4,500,000 each, of the Arkansas Valley & Western Railroad Co.

See the MANUAL for 1896 and prior years for full details of the old company's finances and its relations to Atlantic & Pacific and Atchison companies. Details of the reorganization are given in the MANUAL for 1899.

In 1900 the Northwestern Division 1st purchase money mortgage 4 per cent. bonds were issued to pay for the Kansas Midland road, which the company had acquired. The authorized amount of this issue is \$1,300,000.

This company and the Southern Railway Co. jointly guarantee \$10,000,000 4 per cent. bonds and \$2,500,000 6 per cent. notes of the New Orleans Terminal Co. See statement of that company.

ST. LOUIS, ROCKY MOUNTAIN & PACIFIC CO.

A corporation formed under the laws of New Mexico, July 11, 1905. The company owns 191,895 acres of coal lands and the coal rights on 328,430 acres additional near Raton, N. Mex. The company has in operation at Koehler, Van Houten and Brilliant, N. Mex., ten drift mines, all equipped with electric haulage systems. The present capacity of these mines is about 100,000 tons of coal a month. This output will be materially increased during the calendar year 1908. There are in operation at Gardiner, N. Mex., 186 coke ovens, and at Koehler, 210 ovens, with a total capacity of some 180,000 tons of coke annually.

The company owns all the securities of the St. Louis, Rocky Mountain & Pacific Railway Co., the line of which extends from Des Moines, N. Mex., to Raton, N. Mex., and thence to Ute Park, N. Mex., in the Elizabethtown mining district, 106 miles. The line connects at Des Moines with the Colorado & Southern Railway, at Raton with the Atchison, Topeka & Santa Fe Railway, and at Vermejo with the Dawson branch of the El Paso & Southwestern.

In addition to the company's coal and coke operations, large areas of timber lands are directly tributary to the railway.

The order of the Texas Railroad Commission referred to above was that the stock of the company should be reduced from \$5,000,000 to \$1,000,000.

FUNDED DEBT

1st mort., 4 per cent., due Jan., 1943, Jan. and July..... \$17,544,000

The company owes the Southern Pacific Co. \$3,898,000 for advances and interest. In 1904-05 a settlement between the company and the Southern Pacific was effected whereby the latter accepted notes of the company due July, 1920, and bearing 4 per cent. interest, non-cumulative, for its advances, the interest charged in former years being waived.

Old company defaulted on interest due July 1, 1890. A Receiver was appointed, and in 1892 a reorganization plan was formulated, but in December, 1892, an amended reorganization plan was submitted involving the issue of \$21,600,000 1st mortgage 4 per cent. bonds, guaranteed, principal and interest, by the Southern Pacific. The company was reorganized in 1893 under this plan. \$2,700,000 of the new bonds were reserved for extensions, making the amount authorized on present mileage \$18,900,000.

SEABOARD AIR LINE RAILWAY

A corporation formed under the laws of Virginia, January 12, 1900, succeeding the Richmond, Petersburg & Carolina Railroad Co. The purpose of the company was to combine under one control and management the old Seaboard Air Line system, the Georgia & Alabama Railway Co. and the Florida Central & Peninsular Railroad Co.

Default having occurred in the payment of coupons and contracts due January 1, 1908, the company was, on January 2, 1908, placed in the hands of Receivers.

Road owned, Richmond, Va., to Tampa, Fla., Atlanta, Ga., Montgomery, Ala., etc., 2,554.25 miles; leased, 57.65 miles; trackage, 63.05 miles; total, 2,617.30; deduct road leased, to other companies, 6.33 miles; total operated, 2,610.97. The Florida West Shore Railway Co., 69 miles, and the Savannah & Statesboro Railway Co., 52 miles, are controlled. In January, 1906, control of the Macon, Dublin & Savannah Railroad Co., Vidalia, Ga., to Macon, 92 miles, was acquired.

In 1904-05 the company acquired control of the East & West Railroad of Alabama and constructed extensions of the same, giving the system a line from Atlanta to Birmingham, Ala. This property is now the Atlanta & Birmingham Air Line Railway Co., 228 miles.

The company owns a one-sixth interest in the Richmond-Washington Co., which controls and operates the Richmond, Fredericksburg & Potomac Railroad, Richmond to Quantico, Va., and the Washington-Southern, Quantico to Washington, and an arrangement with the Pennsylvania Railroad for its service between Washington and New York.

The Baltimore Steam Packet Co., running steamers between Norfolk, Va., and Baltimore, is controlled by this company, and it also has an interest in the Old Dominion Steamship Co., which operates a line between New York and Norfolk and Richmond.

In January, 1905, a plan was submitted whereby the stockholders were invited to exchange their stock for the stocks of a new holding company under the title of The Seaboard Co. See statement of that company. Under date of May 18, 1905, certain modifications were made in the original plan. In July, 1905, it was announced that the plan had become operative, that over 82½ per cent. of the stock had been exchanged under the modified plan, The Seaboard Co. being accordingly vested with a controlling interest in this company's stock.

Locomotives, 398; passenger cars, 333; freight cars, 12,411; service cars, 615; floating equipment, 14.

When the Receivers were appointed in January, 1908, it was stated that the company had a floating debt of \$3,000,000.

Blair & Co. and Ladenburg, Thalmann & Co., New York, offered to purchase the January 1, 1908, coupons, and the Receivers obtained authority to issue \$764,000 of Receivers' certificates to reimburse them.

The 1st mortgage 4 per cent. bonds are \$75,000,000, authorized, and are a 1st mortgage on 287 miles of road. Trustee, Continental Trust Co., Baltimore. Of the total amount \$29,725,000 are held to retire underlying bonds of the system, and \$12,500,000 are reserved for improvements and extensions.

The collateral trust 5 per cent. bonds were created in 1901, and are redeemable at 105. They are secured by the deposit of \$20,000,000 of the 1st 4s. The amount authorized is \$10,000,000, of which \$2,000,000 was reserved to retire the 5 per cent. collateral trust bonds due in October, 1902. The remaining \$8,000,000 were issued to retire car trust obligations and to refund \$3,400,000 of 6 per cent. 1sts and certificates, as well as to pay for the company's interest in the Richmond-Washington line.

In January, 1904, the company created \$5,000,000 of collateral trust and general lien 5 per cent. bonds, due March, 1907, which in February, 1907, were extended until 1911. The bonds are secured by an equity of \$20,000,000 of 1st mortgage 4 per cent. bonds and other securities. Trustee for the new bonds, Continental Trust Co., New York.

In January, 1907, the collateral trust and general mortgage was authorized for \$18,000,000, and stockholders subscribed for \$7,308,000 at 90, to provide funds to pay for improvements.

THE SEABOARD COMPANY

A corporation formed under the laws of New Jersey, May 15, 1905. The company was organized in pursuance of a plan for reorganizing the finances of the Seaboard Air Line Railway submitted January 12, 1905, and subsequently modified May 16, 1905. The modified plan was declared operative in July, 1905, when it was announced that this company had acquired 82½ of the preferred and common stock of the Seaboard Air Line Railway. See statement of the latter company and below for the terms of the arrangement.

Stock, Par \$100..Authorized	com., \$36,000,000	Issued	com., \$28,545,775	\$50,900,025

	2d pref., 18,000,000		2d pref., 15,993,650	

All classes of stock have equal voting power.

The 1st preferred is 5 per cent., non-cumulative for five years from July 1, 1905, and thereafter cumulative, and has a preference as to principal and dividends. It is convertible at the holder's option into 2d preferred at par, if and where the law allows, and is redeemable at the company's option after July 1, 1908.

The 2d preferred is 6 per cent., non-cumulative. It is redeemable at the company's option at 110 after three years, provided the 1st preferred has been redeemed or converted. The 2d preferred can be increased for the conversion of the 1st preferred.

The first dividend on the 1st preferred stock was 2½ per cent., paid July 15, 1906. On January 15, 1907, 2½ per cent. was also paid, and the same amount August 1, 1907.

The plan of January 12, 1905, was submitted by a committee composed of Thomas F. Ryan, Chairman, James A. Blair, Ernst Thalmann, James H. Dooley, T. Jefferson Coolidge, Jr., C. Sidney Shephard and S. Davies Warfield. Secretary, Norman S. Meldrum, 38 Nassau street, New York. It proposed a consolidation of the Seaboard Air Line Railway, the Atlanta & Birmingham Air Line Railway and the Seaboard & Roanoke Railroad Co., in conjunction with which to provide funds for the liquidation of the system's floating debt and for improvements, etc.

The plan further provided that holders of the Seaboard Air Line Railway preferred and common voting trust certificates might subscribe for new 1st preferred stock at par to the extent of \$12.50 for each share of old stock, and that the old preferred shall be exchanged for 75 per cent. of its face in new 2d preferred and the old common for 87½ per cent. of its face in new common. The new 1st preferred to be issued under the plan was to be \$7,625,000, the subscription thereto being underwritten by a syndicate. Depositories under the plan, Morton Trust Co., New York; Continental Trust Co., Baltimore.

The plan as modified May 16, 1905, provided for the substitution for the consolidated company of a holding company, with the same amount and classes of stock. It also provided that the proceeds of the \$7,625,000 of the 1st preferred stock should be used for the expenses of the organization of the company and for making advances to the Seaboard Air Line Railway for its immediate requirements and for improvements in return for notes of the railway of its mortgage obligations, the railway company's stockholders to have the right to subscribe for any new bond issue of said railway company.

Under the provisions of the final plan, holders of the Seaboard Air Line Railway voting trust certificates were to exchange the same for the securities of the new company for each \$100 share of old stock, as follows:

Companies whose capital stocks are owned otherwise than by the Southern Pacific Co., but are operated by the Southern Pacific Co. under leases:

New Mexico & Arizona Railroad.....	88
Sonora Railway.....	263

Total of leased lines 351

Total mileage, June 30, 1907 9,694

The Southern Pacific Co. operates steamship lines from New York to New Orleans, New York to Galveston, Tex., and from New Orleans to Havana and other Gulf ports; total ocean and river lines, 4,895 miles.

This company also has large interests in the Gila Valley, Globe & Northern Railway Co., and the Maricopa & Phoenix & Salt River Valley Railroad Co. is controlled.

On the readjustment of the Central Pacific Railroad Co.'s capital and indebtedness to the United States Government in 1899, the Southern Pacific Company acquired all the stock of the new Central Pacific Railway Co.

In 1900 the company acquired a controlling interest in the stock of the Pacific Mail Steamship Co.

The Mojave Division of the Southern Pacific Railroad of California, 242 miles, is leased to the Atchison, Topeka & Santa Fe Railway Co. until 1979 at an annual rental of \$218,133. The New Mexico & Arizona Railroad and the Sonora Railway, 350 miles, are leased from the Atchison, Topeka & Santa Fe Railway by this company until September 1, 1979, at an annual rental of \$218,133.

Locomotives, 1,759; passenger cars, 1,707; freight cars, 43,757; service cars, 4,517; floating equipment, 21 ocean steamships; others, 100.

 { pref., 100,000,000 } { pref., 74,864,963 }

The capital stock authorized, which was then all of one kind, was, in 1899, increased from \$150,000,000 to \$200,000,000, and \$67,274,200 of new stock issued in exchange for a like amount of Central Pacific Railway stock.

The preferred stock is 7 per cent., non-cumulative. It is convertible into common stock at par after July 1, 1905, at the option of the holder, and is redeemable at the option of the company at 115 on or at any time between July 1, 1905, and July 1, 1910. The creation of \$100,000,000 preferred stock was authorized by the stockholders July 20, 1904. Holders of the old or common stock of record July 28, 1904, were given the privilege of subscribing at par to the extent of 20 per cent. of their holdings for \$40,000,000 of preferred stock, said stock to carry dividends from July 1, 1904. The purpose of the preferred stock issue was to liquidate floating obligations and provide for improvements and equipment.

In June, 1907, \$35,612,800 additional preferred was offered to stockholders for subscription at par, payable 25 per cent. on subscription, 25 per cent. July 15, 1907, and 50 per cent. August 15, 1907.

The first semi-annual dividend of 3½ per cent. on the preferred stock was paid January 16, 1905, and semi-annual dividends of the same amount have since been regularly paid in January (15) and July.

The first semi-annual dividend on the common stock was 2½ per cent., paid Oct. 1, 1906. On April 1, 1907, 2½ per cent. was also paid. Beginning July 1, 1907, the dividends on the common were made quarterly 1¼ per cent. each, and such payments have since been made in January, April, July and October.

Total	\$39,329,500

The collateral trust, 4 per cent. gold bonds, were issued in 1899, and are secured by a deposit with the Union Trust Co., New York, trustee, of \$13,200,000 preferred stock of the Central Pacific Railway and all the \$67,274,200 common stock of the Central Pacific Railway acquired by the Southern Pacific Co.

The 4 per cent. collateral trust bonds were issued in 1905, the authorized amount being \$30,000,000, the company having called the \$30,000,000 of 4½ per cent. collateral trust 2 to 5 year bonds for redemption on June 1, 1905. The 4 per cent. issue is secured by \$10,005,000 stock of the Pacific Mail Steamship Co. and other securities, aggregating at par values, \$73,448,800 of stocks and \$12,400,000 of bonds. Trustee, Central Trust Co., New York. There were \$1,449,000 of these bonds in the company's treasury on June 30, 1907.

This company guarantees the principal and interest of the Southern Pacific Railroad Co.'s 1st consolidated refunding mortgage, which was created in 1905 for \$160,000,000.

The Southern Pacific Railroad of California 1st consolidated mortgage, dated 1893 and due 1937, is \$30,000,000, authorized, with further provision for retirement of underlying bonds. It is a 1st mortgage on 862 miles of road and additional mileage constructed. Of the bonds outstanding \$24,524,500 are subject to call at 107½ and interest after April 1, 1905, and are so stamped. In February, 1905, the stamped bonds were called for redemption on August 1, 1905, at 107½. The remaining \$4,127,500 are unstamped and unaffected by this provision.

The Southern Pacific of Arizona 1st mortgage is in two series, A and B, of \$6,000,000 maturing 1909 and \$4,000,000 maturing 1910.

The 1st consolidated refunding mortgage, created in 1905, is for \$160,000,000. The bonds are guaranteed, principal and interest, by the Southern Pacific Co. They may be redeemed in whole or part after January 1, 1910, at 105 and interest. The company in February, 1905, sold \$75,000,000 of the issue to Speyer & Co. and Kuhn, Loeb & Co., New York.

Interest on all the bonds is paid at the office of the Southern Pacific Co., 120 Broadway, New York.

SOUTHERN RAILWAY CO.

A corporation chartered February 20, 1894, by the Legislature of Virginia to succeed the Richmond & Danville Railroad Co. The company purchased the properties of the Richmond & West Point Terminal Railroad and Warehouse Co., which were reorganized under the plan submitted by Drexel, Morgan & Co. in May, 1893, and modified in February, 1894.

Full details of the reorganization of the property will be found in the MANUAL for 1899. The plan was issued in May, 1893, and the present company entered into possession of the principal lines July 1, 1894.

Road operated June 30, 1907, 7,554.71 miles, as follows:

	Miles		Miles
Owned	4,558.53	Trackage	496.04
Controlled	470.61		
Controlled and leased	1,038.39	Total mileage	7,592.53
Leased	821.96	Less operated separately	37.82
Operated under agreement	207.00		
Total mileage operated			7,554.71

In addition to the above mileage this company controls the following properties, which are operated under their own management:

Alabama Great Southern Railroad	357
Mobile & Ohio Railroad	926
Augusta Southern Railroad	83
Georgia Southern & Florida Railway	397
Northern Alabama	117
Virginia & Southwestern Railway	134
Cincinnati, New Orleans & Texas Pacific Railway	336
Chicago, Indianapolis & Louisville Railroad (joint control)	591

In 1903 this company, jointly with the St. Louis & San Francisco Railroad Co., acquired terminal properties at New Orleans under the title of the New Orleans Terminal Co. This company also has a one-sixth interest in the stock of the Richmond-Washington Co. See separate statement of the latter company.

The company also operates 200 miles of steamship routes, controlling the York River Line of boats between Baltimore and West Point, Va., and the Norfolk Line, between Baltimore and Norfolk.

The company acquired in 1895 a controlling interest in the Alabama Great Southern (which is operated separately), and acquired with the Cincinnati, Hamilton & Dayton a joint control of the Cincinnati, New Orleans & Texas Pacific Railway Co., lessee of the Cincinnati Southern. In June, 1896, the Georgia Midland, Columbus to McDonough, Ga., 98 miles, was acquired by lease for 99 years. In 1899 it purchased control of the South Carolina & Georgia Railroad system, 323 miles, which company was, in 1902, combined with the South Carolina & Georgia Extension Railroad under the title of the Southern Railway, Carolina Division. The same year leased the Mobile & Birmingham Railroad and purchased 166 miles of the Atlantic &

The company held in its treasury June 30, 1907, \$1,956,300 of the 1st consolidated mortgage ss, \$300,000 of the Memphis Division 1st mortgage ss, \$1,500,000 Memphis Division 2d ss, and \$5,565,000 development and general mortgage 4s, series A, these respective amounts being included in the above table.

The company, in its balance sheet, charges as a liability only its proportion, which is \$5,913,500, or one-half of the total of \$11,827,000 of collateral trust 4 per cent. bonds issued jointly with the Louisville & Nashville Railroad Co. for the purchase of the stock of the Chicago, Indianapolis & Louisville Railway Co.

There were outstanding on June 30, 1907, \$20,577,486 of equipment and car trust obligations.

The Southern Railway consolidated 5 per cent. mortgage is for \$120,000,000. Of the \$120,000,000 authorized, \$78,088,372 were reserved to take up outstanding mortgage and equipment obligations, and \$20,000,000 were reserved for improvements at the rate of \$2,000,000 in each year. Trustee of mortgage, Central Trust Co., New York. Interest on bonds is payable at the office of J. P. Morgan & Co., New York.

The development and general mortgage was created in 1906, to be issued in series at not to exceed 4 per cent. interest for the total amount of \$200,000,000. Of this amount there were to be reserved \$185,000,000 for the following purposes: to retire divisional prior liens, \$31,158,000; to retire collateral trust ss, \$16,000,000; to retire equipment obligations, \$10,000,000; to acquire stocks of certain leased lines, \$10,000,000; to pay for the eastern division of the Tennessee Central Railroad, \$10,000,000; and to provide for acquisitions and betterments, \$99,834,000. It

was also provided that \$15,000,000 could be issued forthwith to refund equipment obligations and provide for improvements. Trustee of the mortgage, Standard Trust Co., New York. Interest is paid at the office of J. P. Morgan & Co., New York.

The three-year 5 per cent. gold notes were created and sold in January, 1907, to provide for immediate requirements for improvements, etc.

The Southern Railway East Tennessee lien bonds for \$4,500,000 were created in October, 1894, in pursuance of agreement made with holders of the \$6,000,000 of old East Tennessee, Virginia & Georgia improvement and equipment 6 per cent. bonds, by which latter exchanged their holdings for 50 per cent. in Southern Railway preferred stock and 75 per cent. in a bond of equal lien paying 4 per cent. until March, 1898, and 5 per cent. thereafter.

The Memphis Division 1st mortgage bonds were issued in 1898. The amount outstanding, \$5,083,000, was issued to retire old Memphis & Charleston bonds. Total authorized issue is \$8,000,000, of which \$1,000,000 are to be used only to build a line between Stevenson, Tenn., and Chattanooga, if necessary, and \$1,417,000 held for betterments. These bonds bore 4 per cent. until July 1, 1901, then 4½ per cent. until July 1, 1906, and 5 per cent. thereafter.

The St. Louis Division 4 per cent. 1st mortgage was created in 1900 to acquire the Louisville, Evansville & St. Louis Railroad. The authorized amount is \$15,000,000. Of the total amount, \$5,500,000 were reserved for improvements, etc.

The Mobile & Ohio stock certificates represent the stock of that company acquired in exchange for them and deposited as security for the certificates. The latter drew 2 per cent. for one year following April 1, 1901, 3 per cent. for the second year and 4 per cent. thereafter.

The Southern Railway Mobile & Ohio 4 per cent. collateral trust bonds were created in 1901 and were given in exchange for the Mobile & Ohio general 4 per cents., the bonds acquired being deposited as collateral for the new bonds.

The collateral trust 4 per cent. bonds issued in 1902 for the purchase of the Chicago, Indianapolis & Louisville at 78 for the common and 90 for the preferred stock of that company are a joint obligation of this company and of the Louisville & Nashville Railroad Co. They are secured by the deposit of the acquired stocks.

The collateral trust 5 per cent. bonds, due 1909, were issued April 1, 1904, to retire \$4,000,000 4 per cent. collateral trust notes, \$10,000,000 certificates of indebtedness and for other purposes.

STATEN ISLAND RAPID TRANSIT RAILWAY CO.

(Controlled by Baltimore & Ohio Railroad Co.)

A corporation formed under the laws of New York, July 31, 1899. The company is the successor to the railroad company of the same name, which was foreclosed and reorganized.

Road owned, South Beach, N. Y., to Elizabethport, N. J., including the Arthur Kill Bridge, 11 miles. Company had one-half interest in ferry between Staten Island and New York, but in 1905 the ferry was taken over by the City of New York and the company's passenger trains now connect at St. George, Staten Island, with the municipal ferry between that point and New York. The Staten Island Railway, Tottenville to Clifton, 12.65 miles, was formerly leased, but on the reorganization of this company that road was surrendered to its owners, and is now controlled by the Baltimore & Ohio Railroad Co. Locomotives, 17; passenger cars, 72; freight cars, 2.

Stock.....Par \$100.....Authorized, \$500,000.....Issued, \$500,000

Stock is transferred at the office of the company, New York.

FUNDED DEBT

Staten Island Rap. Tran. Railway, 1st mort., 6 per cent., due Jan., 1913, April and Oct. \$1,000,000

The company is controlled through stock ownership by the Baltimore & Ohio Railroad Co., that company also owning all but \$21,000 of the 1st mortgage bonds. The 2d mortgage 4 per cent. bonds, of which there were \$2,500,000, matured July 1, 1904, and were retired by the Baltimore & Ohio Railroad Co.

In July, 1905, a new mortgage for \$5,000,000 was authorized, of which \$3,500,000 was to be used to refund the old bonds and \$1,500,000 for new construction. All the outstanding bonds of this issue are owned by the Baltimore & Ohio Railroad Co.

Since the completion of the bridge over Staten Island Sound from Elizabethport, N. J., and line connecting with the Central Railroad of New Jersey, the New York freight traffic of the Baltimore & Ohio passes over this road to St. George, Staten Island, where the Baltimore & Ohio has terminals, which were enlarged in 1902-06.

See the **MANUAL** for 1904 for the history of the company and details concerning its reorganization in 1898-99.

TERRE HAUTE & PEORIA RAILROAD CO.

(Leased to Vandalia Railroad Co.)

Road owned and operated, Terre Haute, Ind., to Peoria, Ill., 174 miles, of which 138 miles is owned, the company having a half interest in 8 miles and 28 miles is leased.

This company was formerly known as the Illinois Midland Railway, which was sold in foreclosure September 30, 1886, and reorganized March, 1887. In 1892 the Terre Haute & Indianapolis leased the property, agreeing to pay 30 per cent. of gross earnings as rental and to make the amount sufficient to pay all interest charges. In 1892 a new 1st mortgage for \$2,500,000 was created, guaranteed by the Terre Haute & Indianapolis. Interest due September, 1896, was defaulted. Litigation concerning the validity of the guarantee was instituted, the Courts deciding in favor of the guarantee.

When the Terre Haute & Indianapolis was merged into the Vandalia Railroad Co. January 1, 1905, the latter company assumed the lease of this road.

The trustee of the 2d mortgage, the Mercantile Trust Co., New York, if interest had not been paid on the bonds, had the right to take possession of the property after March, 1892. No interest was paid on the 2ds until March, 1900, when 1½ per cent. was paid out of the earnings of 1899. On March 1, 1901, 4 per cent. was paid on the 2ds. On March 1, 1902, 1903,

1904, 1905, 1906, 1907, respectively, 5 per cent. was paid. In March, 1908, $3\frac{1}{2}$ per cent. was paid.

In July, 1899, the St. Louis, Iron Mountain & Southern Railroad Co. offered to holders of the 2d income bonds to exchange same at 65 for new St. Louis, Iron Mountain & Southern Railroad 4 per cent. bonds, a syndicate offering to purchase any of the latter received in exchange at 85. In March, 1904, only \$980,000 of the income remained in the hands of the public. See statement of the Missouri Pacific Railway Co.

The company guarantees principal and interest of \$500,000 1st mortgage 5 per cent. bonds, due August, 1930, February and August of the Weatherford, Mineral Wells & Northwestern Railway Co. This company has also agreed to guarantee an issue of \$5,000,000, 5 per cent., 1st. mortgage bonds of the Opelousas Gulf & Northeastern Railroad Co., to be issued at the rate of \$20,000 per mile of completed road.

The company's land grant and lands were conveyed to an organization called the Texas Pacific Land Trust in exchange for the old land grant and income bonds. See statement of that company.

The company has \$112,192 of income interest scrip retireable under the provisions of the agreement with the old income bondholders in the reorganization. The outstanding equipment car trust obligations December 31, 1907, were \$3,836,000.

Company's interest in Kanawha & Michigan stock was acquired in 1890, costing \$2,365,000. Company guaranteed principal and interest of \$2,469,000 4 per cent. 1st mortgage Kanawha & Michigan bonds. See statement of the Hocking Valley Railway Co. and the Kanawha & Michigan Railway Co., regarding proposed merger of those companies. This company and the Hocking Valley Railway Co. jointly guarantee the \$3,000,000 5 per cent. bonds, due 1951, interest January and July, of the Kanawha & Hocking Coal & Coke Co. The company also guarantees \$2,750,000 1st mortgage 5 per cent. bonds of the Continental Coal Co., due February, 1952.

In 1899, as above stated, the Hocking Valley Railway Co., which in its reorganization had reserved \$5,000,000 each of its preferred and common stock to absorb the Toledo & Ohio Central Railway, acquired a controlling interest in the stock of the latter. The shares purchased were stated in June, 1901, to be all but \$54,100 of the common and \$11,000 of the preferred. The minority stockholders of the Toledo & Ohio Central were offered the same terms as the majority, namely, to exchange their holdings for Hocking Valley stock of the same class on the basis of \$70 of Hocking Valley for \$100 of this company's shares.

—*Operated separately.

The Oregon Railroad & Navigation Co. also operates water lines aggregating 258 miles. See below regarding the company's acquisition of control of the Oregon Short Line Railroad Co. and the Oregon Railroad & Navigation Co. Locomotives, 1,051; passenger cars, 643; freight cars, 25,377; service cars, 2,999; floating equipments, 14.

In February, 1901, this company acquired a large amount of the stock of the Southern Pacific Co. and the steamship lines owned or controlled by that corporation, which include the Pacific Mail Steamship Co. These holdings on June 30, 1907, were \$90,000,000 of Southern Pacific Co. common and \$34,200,000 of its preferred stock, the same being held by the Oregon Short Line Railroad Co.

In 1901 this company acquired, through the Oregon Short Line Railroad Co., large holdings of Northern Pacific stock, which in 1902 were exchanged for \$82,491,871 stock of the Northern Securities Co. and \$8,900,007 in cash. After the dissolution of the Northern Securities Co. in 1905 this company disposed of the greater portion of the holdings of Northern Pacific and Great Northern preferred stocks which came into its possession. It, however, held on June 30, 1907, \$724,900 Northern Securities "stubs;" \$4,152,800 Northern Pacific stock and \$2,491,600 of the same stock, 12½ per cent. paid; \$9,036,400 Great Northern preferred and \$3,614,560 of the same stock, 50 per cent. paid, together with 77,164 shares of Great Northern Iron Ore Properties, all of the above being in the treasury of the Oregon Short Line Railroad Co.

At the same date, June 30, 1907, the Union Pacific held investment stocks as follows: Chicago & Alton Railroad preferred, \$10,343,100; Illinois Central stock, \$18,623,100; Railroad Securities Co. common, \$3,415,400; Railroad Securities Co. preferred, \$1,898,400. In the treasury of the Oregon Short Line Railroad Co. there were \$10,000,000 Atchison, Topeka & Santa Fe preferred; \$32,334,200 Baltimore & Ohio common and \$7,206,400 of Baltimore & Ohio preferred; \$3,215,000 Chicago & Northwestern common; \$3,690,000 Chicago, Milwaukee & St. Paul common; \$922,500 of the same stock, 20 per cent. paid, and \$1,845,000 of preferred, 2 per cent. paid; \$14,285,700 New York Central & Hudson River Railroad stock, and \$12,500,000 stock of the San Pedro, Los Angeles & Salt Lake Railroad Co.

In July, 1903, the Oregon Short Line Railroad Co. sold to the San Pedro, Los Angeles & Salt Lake Railroad Co. the portion of its line extending from Salt Lake to Calientes, Nev., and branches, 396 miles, reducing the mileage of the system to that extent. The Union Pacific through the Oregon Short Line thereby acquired the above interest in the San Pedro, Los Angeles & Salt Lake Railroad Co.

The preferred stock is entitled to 4 per cent., non-cumulative, out of the yearly earnings of the company, but is not entitled to further participation in any surplus. In May, 1905, the authorized amount of the preferred stock was increased from \$100,000,000 to \$200,000,000, the purpose being it was stated to finance future capital requirements.

The common stock was increased \$27,460,100 to \$88,460,100 in January, 1899, to provide for exchange of same for minority holdings of Oregon Short Line, which were offered the right to

convert their stock on payment of \$3 a share. In October, 1899, the preferred authorized was increased to \$100,000,000 and the common to \$97,687,600 in order to provide for acquisition by exchange of the outstanding stocks of the Oregon Railroad & Navigation Co. and the outstanding stock and income B bonds of the Oregon Short Line Railroad Co. In 1901 the common stock authorized was increased to \$196,178,700 in order to provide for the conversion of the collateral trust bonds. See below as to terms of conversion for this issue. In June, 1907, a further increase of \$100,000,000 in the common was authorized to provide for the conversion of the new 4 per cent. convertibles of 1907.

The holders of Oregon Navigation preferred and common stocks outstanding were in October, 1899, offered the right to exchange the same, share for share, for the similar class of Union Pacific stock. The Oregon Short Line Railroad income B bonds were offered the right to exchange their holdings for Union Pacific preferred stock. On June 30, 1906, the Union Pacific had acquired all but \$10,000 of the Oregon Short Line stock and all but \$20,200 common and \$7,880 preferred stock of the Oregon Railroad & Navigation Co. At the same date this company also held all but \$370,000 of the Oregon Short Line income A bonds and all but \$48,000 of the latter's income B bonds.

This company began the payment of dividends on the new preferred stock with $1\frac{1}{2}$ per cent. October 31, 1898. On April 19, 1899, $1\frac{1}{2}$ per cent. was paid, and in October, 1899, company was put on a 2 per cent. semi-annual basis, making the full 4 per cent. to which the preferred is entitled. The preferred dividends are paid, 2 per cent. each, April and October. The first dividend of $1\frac{1}{2}$ per cent. on the common was declared in February, 1900, payable April 2, 1900. October 1, 1900, a second dividend of 2 per cent. was paid on the common, putting it on a 4 per cent. basis, and such dividends were regularly paid in April and October, until October, 1905, when $2\frac{1}{2}$ per cent. was paid, thus putting the stock on a 5 per cent. basis. The April, 1906, dividend was however, again increased to 3 per cent. making the annual rate 6 per cent. and on October 1, 1906, 5 per cent. semi-annual was paid of which it was stated 3 per cent. was from operations and 2 per cent. from investments. The April 1, 1907, dividend was also 5 per cent. Beginning with July 1, 1907, the dividends on the common were made quarterly payable $2\frac{1}{2}$ per cent. each in January (1), April, July and October.

FUNDED DEBT

1st mort. and land grant, 4 per cent., due July, 1947, January and July.....	\$100,000,000
Convertible bonds, 4 per cent., due July, 1927, January and July.....	73,762,000
Total.....	\$173,762,000

The 1st mortgage 4 per cent. bonds are \$100,000,000 authorized, and are a first lien on all lines owned directly and on the securities of branch lines conveyed to the Mercantile Trust Co., New York, trustee, covering a total of 2,150 miles, as well as about 6,500,000 acres of land. The company's interest in the Oregon Short Line Railroad Co. is not covered by the 1st mortgage. Interest is paid at office of the company, New York.

Of the collateral trust convertible bonds created in 1901 all but \$569,000 were converted into stock prior to July 1, 1906, and the balance were called for payment at 102 $\frac{1}{2}$ on November 1, 1906, thereby releasing 859 miles of railroad from the lien of said bonds. The authorized amount of the collateral trust bonds was \$100,000,000. Prior to May 1, 1906, these bonds could be exchanged for common stock at par, and after May 1, 1906, the company could redeem them at 102 $\frac{1}{2}$ and interest. Stockholders, both preferred and common, of record February 23, 1901, had the right to subscribe for \$31,000,000 of the convertible bonds at par at the rate of one \$1,000 bond for each 50 shares of either stock held. In 1907, \$75,000,000 new 4 per cent. convertible bonds were authorized, stockholders having the right to subscribe for the same at 90. These bonds can be converted into common stock at \$175 per share for the latter at any time before July 1, 1917, the company having the right to call them at 102 $\frac{1}{2}$ on July 1, or any subsequent interest date in 90 days, and if called the right of conversion will terminate 30 days before the redemption date. The stockholders, it is understood, subscribed for about \$2,000,000 of the bonds, the balance being taken by an underwriting syndicate.

In March, 1908, a special stockholders' meeting was called for May 5, to act on a proposition for creating a 1st mortgage bond issue, secured by the 1,200 or more miles of lines upon which there was no mortgage indebtedness.

The funded debts of the Oregon Short Line and Oregon Railroad & Navigation are given under their respective statements.

In 1902 an issue of 4 per cent. and participating bonds were issued by the Oregon Short Line Railroad Co., secured by stock of the Northern Securities Co., and the stockholders of the Union Pacific Railroad Co., both common and preferred, were given the right to subscribe for \$31,000,000 at 92 in the proportion of 15 per cent. of their holdings, but the participating bonds of the Oregon Short Line Railroad Co. were called for payment February 1, 1905, and in their place that company created a new 4 per cent. refunding mortgage for \$100,000,000 authorized, principal and interest guaranteed by the Union Pacific Railroad Co.

Details of the funded debt of the predecessor company—the Union Pacific Co.—its indebtedness to the Government through the issue by the United States of subsidy bonds in aid of the construction of the road, will be found in full in the MANUAL for 1900.

In consequence of the different portions of the property having been taken over at various times the first report, for six months ending June 30, 1898, was necessarily incomplete. In figures given above net includes \$666,442 miscellaneous income, part of which accrued prior to January 1, 1898, and charges include \$145,918 for adjustment of taxes. The net earnings of branch lines to be included in the system were, for six months ending June 30, 1898, approximately \$446,659. In 1898-99 the company received \$795,159 from holders of Oregon Short Line stock in payment for privilege of exchange for Union Pacific common stock, making total surplus for year, \$6,583,367. Dividends on preferred (3½ per cent.), \$2,625,000; balance surplus for year, \$3,958,367. In 1900 the dividends paid were \$7,303,627; balance surplus, \$834,183.

Miscellaneous income included in the net was \$4,586,600 in 1901-02; \$4,647,843 in 1902-03, \$4,266,844 in 1903-04, and \$6,496,759 in 1904-05, which sum included \$4,260,160 from dividends on the company's holdings of Northern Pacific and Great Northern Railway stocks. In 1905-06 miscellaneous income was \$10,329,815, which included \$2,250,000 from the dividends received on the company's Southern Pacific stock. In the same year the dividends paid on common stock include two regular semi-annual payments of 3 per cent. each, and in addition the 2 per cent. from investments paid October 1, 1906, which amounted to \$3,909,558. In 1906-07 the income from investments was \$11,587,018 and the 4 per cent. of the common dividends paid therefrom amounted to \$7,819,216.

The earnings for 1900-01 and subsequently include the returns of the Oregon Railroad & Navigation Co. and of the Oregon Short Line Railroad.

VANDALIA RAILROAD CO.

(Controlled by the Pennsylvania Company)

A corporation formed January 1, 1905, as a consolidation and merger of the following companies:

The Terre Haute & Indianapolis Railroad Co.	Terre Haute & Logansport Railway Co.
St. Louis, Vandalia & Terre Haute Railroad Co.	Logansport & Toledo Railway Co.
	Indianapolis & Vincennes Railroad Co.

The lease of the Terre Haute & Peoria Railroad Co. to the Terre Haute & Indianapolis Railroad Co. has been assumed by the consolidated company.

The company was organized in the interest of the Pennsylvania Railroad Co. and of the Pennsylvania Company to bring under one management the above Western lines of the Pennsylvania system. The Terre Haute & Indianapolis Railroad was placed in the hands of a Receiver in 1896. That company had leased the St. Louis, Vandalia & Terre Haute Railroad, and controlled the Terre Haute & Peoria Railroad, which it also leased. For litigation regarding the guarantee of the latter company's bonds, see statements of the two latter companies in the MANUAL for 1904, also statement of the St. Louis, Vandalia & Terre Haute Railroad.

Road owned, Indianapolis to St. Louis, 239 miles; Indianapolis to Vincennes, Ind., 117 miles; South Bend, Ind., to Rockville, Ind., 159 miles; Logansport, Ind., to Butler, 93 miles; branches, 43 miles; total owned, 652 miles; leased, Terre Haute & Peoria Railroad, 145 miles; trackage, 43 miles; total operated, 840 miles. Locomotives, 205; passenger cars, 140; freight cars, 7,441; service cars, 576.

Stock.....Par \$100.....Authorized, \$25,000,000.....Issued, \$14,649,516

The Pennsylvania Company holds a majority of this company's stock.

An initial dividend of 2 per cent. was paid on the stock August 5, 1905, and dividends of 2 per cent. each were paid February and August, 1906. For 1907, 5 per cent. was declared, payable 2½ per cent. each in February and August. In February, 1908, 2½ per cent. was again paid.

Total.....\$14,008,000

The new consolidated mortgage created by the consolidated company is for \$25,000,000, and the rate is to be fixed as different series are issued. The bonds are a first lien upon the 158 miles of road from St. Louis to the Indiana State line, formerly the St. Louis, Vandalia & Terre Haute Railroad, and on 93 miles from Logansport, Ind., to Butler, Ind., formerly the Logansport & Toledo Railway, and a consolidated mortgage on the balance of the lines which are owned, subject, however, to the prior liens thereon. Of the total amount of the consolidated mortgage, \$4,700,000 were reserved to retire old bonds at maturity and \$14,373,000 were reserved for improvements and additional property, the \$5,927,000 of bonds outstanding being issuable to retire the mortgage debt of the St. Louis, Vandalia & Terre Haute Railroad Co. and the certificates of indebtedness of the Terre Haute & Logansport Railway, which were held by the Pennsylvania Railroad Co. and the Pennsylvania Company.

VIRGINIA & SOUTHWESTERN RAILWAY CO.

(Controlled by Southern Railway Co.)

A corporation formed under the laws of Virginia, February 18, 1899. The company succeeded the South Atlantic & Ohio Railway Co. and was a consolidation of that property, which had been sold under foreclosure, with the Bristol, Elizabethtown & North Carolina Railway Co.

Road owned, Inman, Va., to Mountain City, Tenn., 128 miles; branches, 10 miles; total owned, 134 miles; joint trackage over the Louisville & Nashville, Appalachee to Norton, 11 miles, and over the Norfolk & Western, Norton to Jones Creek, Va., 11 miles; total operated, 162 miles. Locomotives, 17; passenger cars, 10; freight cars, 1,105.

Stock..... Par \$100..... Authorized, \$65,000..... Issued, \$65,000

Transfer Agency, 40 Wall street, New York. Registrar, The Manhattan Co., New York.

The stock authorized and issued was \$2,000,000, but in March, 1908 a certificate was filed reducing the amount to \$65,000 and the number of shares of stock from 10,000 to 650.

The stock of the company was all owned by the Virginia Iron, Coal & Coke Co., and in 1902, under the plan for the financial readjustment of the latter corporation, its stockholders were given the privilege of taking a portion of the stock of this company. See the statement of the Virginia Iron, Coal & Coke Co. in this edition of the MANUAL.

In August, 1906, the Southern Railway Co. arranged to acquire the entire capital stock of the company at \$200 per share, the payments of the same extending over a period of three years.

WABASH-PITTSBURG TERMINAL RAILWAY CO.

(Controlled by Wabash Railroad Co.)

A corporation formed May 7, 1904, by consolidation of the Pittsburg, Carnegie & Western Railway Co., the Cross Creek Railroad Co. and the Pittsburg, Toledo & Western Railroad Co. The company was organized in pursuance of the plans for giving the Wabash system an entrance to Pittsburg, and its stock is all owned by the Wabash Railroad Co.

Road owned, Pittsburg to Pittsburg Junction, O., 60 miles. The company also has extensive terminals in Pittsburg. Locomotives, 68; freight cars, 246.

This company holds over 51 per cent. of the capital stock of the Wheeling & Lake Erie Railroad Co., and controls that company. In September, 1904, the company acquired control of the Pittsburg Terminal Railroad & Coal Co., which owns the West Side Belt Railroad Co., and comprises a belt line at Pittsburg of some 22 miles of road, together with 15,000 acres of coal and 675 acres of surface lands. The coal properties have been leased to the Pittsburg Coal Co.

Stock.....Par, \$100Authorized, \$10,000,000.....Issued, \$10,000,000

All of the stock is owned by the Wabash Railroad Co. and is deposited as collateral for that company's 4½ per cent. five-year notes.

FUNDED DEBT

2d mort., income to 1910, 4 per cent., due June, 1954, June and Dec..... 20,000,000

Total.....\$50,236,000

The 1st mortgage is for \$50,000,000; Trustee, Mercantile Trust Co., New York. The 2d mortgage is for \$20,000,000; Trustee, Equitable Trust Co., New York. The 2d mortgage bonds are entitled, until June, 1910, to full interest, if earned, but after that date the interest on them becomes a fixed charge. It is provided, however, that not more than \$35,000,000 of the 1st mortgage bonds can be issued unless full interest for the preceding year has been paid on both the 1st and the 2d mortgages. Both classes of bonds are secured by the road and property of the company and by a deposit of a majority of the stocks of the Wheeling & Lake Erie Railroad Co., consisting of \$11,870,000 common, \$847,500 first preferred and \$6,423,800 second preferred stock. The Wabash Railroad Co. and the Wheeling & Lake Erie Railroad Co. have a traffic contract with this company, under which they respectively agree to contribute 25 per cent. of their gross receipts from traffic interchanged with this company if it is needed to meet a deficiency in this company's interest payments.

THE WABASH RAILROAD CO.

A corporation formed July 29, 1889, by the consolidation of the Wabash Western Railway Co. with lines east of the Mississippi, both sections having formed part of the Wabash, St. Louis & Pacific Railway Co., which was placed in the hands of Receivers in 1884, the lines west of the Mississippi being reorganized in 1887 as the Wabash Western Railroad Co. In 1889 the lines east of the Mississippi were foreclosed and the consolidation effected as above.

The 1st mortgage and debentures cover all lines both east and west of the Mississippi owned by the company in 1889. Sufficient 1st mortgage bonds are reserved to provide funds to retire prior liens on lines west of the Mississippi River. The 2d mortgage covers only 1,012 miles, the lines east of the Mississippi, but they are a first lien on rolling stock valued at about \$3,000,000. The Detroit & Chicago Extension mortgage was authorized in 1891 and is a first lien upon that section. In 1898 the Des Moines Division mortgage was authorized. This issue was to provide for new branches. The Toledo & Chicago Division bonds and the equipment bonds were issued in 1901. In the same year the 3½ per cent. Omaha Division 1st mortgage was authorized for \$3,500,000 at 3½ per cent., of which \$3,000,000 were issued in exchange for the old bonds and the retirement of Receiver's indebtedness, as well as for improvements.

The Terminal 4 per cent. 1st lien bonds, created in January, 1904, are \$10,000,000 authorized. The \$1,416,000 sold in January, 1904, are secured by terminal properties at St. Louis recently acquired.

The company's income debenture bonds created at the time of the reorganization were divided into Series A, \$3,500,000, and Series B, \$26,500,000. Under their terms holders were entitled to one vote at the company's meetings for each \$100 par value of their bonds, also to nominate one-half of the Board. Until 1909 the A debenture are redeemable at par. Series A received 6 per cent. for years ending June 30, 1890, 1891, 1892 and 1893; 1 per cent. for the year ending June 30, 1896, and 6 per cent. for the years ending January 30, 1900, 1901, 1902 and 1903, the payments being made yearly in the ensuing January. In January, 1904, 3 per cent. was paid on the issue, but the July, 1904, interest was passed. In July, 1907, 6 per cent. was paid. No interest was paid on the B debentures until July, 1907, when they received 1 per cent. In 1905 a committee was formed to represent the holders of the B debentures. Henry Evans, New York, Chairman; United States Mortgage & Trust Co., depository, and proceedings were instituted to secure a definition of the position and rights of the debenture holders.

In 1906 an agreement was reached between the company and the representatives of the debenture incomes, the plan being to retire the bonds in question and also to provide for future capital requirements. The details included the increase of the common stock to \$159,500,000, and the preferred to \$40,500,000, with the creation of a new 1st refunding and extension mortgage for \$200,000,000, of which \$22,862,500 would be required for the retirement of the debenture, sufficient of the issue to be reserved to refund or retire all existing liens and the balance to be used only for extensions or improvements. This plan was formally ratified in October, 1906, and an issue of 4 per cent., refunding and extension bonds was authorized to carry out the retirement of the debenture. The offer submitted to the debenture holders was as follows: each \$1,000 A debenture to be exchanged for \$795, in new 4 per cent. bonds, \$580 in preferred stock and \$580 in common stock, while each \$1,000 B debenture was to be exchanged for \$720 in new bonds, and \$520 each of preferred and common stock. In July, 1907, all but \$3,133,000 of the B debentures and \$543,000 of the A debentures had assented to the exchange.

The 2-year 5 per cent. collateral trust notes were issued in May, 1907, to extend \$6,160,000 of 3-year 5 per cent. notes created in 1904, which matured May 1, 1907, and which were created to acquire \$6,600,000 1st mortgage 4 per cent. bonds of the Pittsburg-Wabash Terminal Railway Co., the latter bonds being held as security for the notes.

The 5-year 4½ per cent. notes were created in 1905, and are for \$10,000,000. They are secured by the deposit of \$8,000,000, Wabash-Pittsburg Terminal Co. stock and other securities.

Surplus for 1897-98 was devoted to reduction of floating debt, which amounted, in 1897, to \$800,000 as a result of payment of interest on 1st and 2d mortgages in fiscal years 1894 and 1895, when operations resulted in a deficit. The charges for 1898-99 include \$760,937 for joint track rentals and miscellaneous expenses. Out of the surplus of 1899-1900 \$210,110 was paid for the interest on debenture A bonds, making the net surplus for the year \$210,000. In 1900-01 the amount paid on the A debenture bonds is included in charges, as well as \$656,756 for additions to property, including sinking funds for the equipment bonds. In 1901-02 such addi-

tions amounted to \$760,547. In 1902-03 additions to property thus included were \$253,132; new equipment, \$564,156, and the 6 per cent. paid on A debentures, \$210,000. In 1903-04 the charges include \$1,050,745 for additions to property and 3 per cent., or \$105,000, paid on A debentures. In 1904-05, \$1,348,970 for additions, etc., is included in the charges and in 1905-06, \$1,410,744. In 1906-07, charges included \$2,006,075 for improvements and \$475,000 for interest on the A and B debentures.

WESTERN MARYLAND RAILROAD CO.

A corporation chartered by the State of Maryland May 27, 1853, under the title of the Baltimore, Carroll & Frederick Railroad Co., the name being subsequently changed.

This company became indebted to the City of Baltimore for guarantees and credits extended to it in aid of the construction of the road and for past due coupons. The City also held a large amount of the stock. Washington County, Md., also had interests in the company, holding the entire issue of \$324,000 preferred stock. A sale of these interests was authorized in May, 1902, to a syndicate, which had acquired the West Virginia Central & Pittsburg Railway Co., with its leased line, the Piedmont & Cumberland Railroad, a total of 209 miles. The syndicate represented interests connected with the Wabash Railroad, and the purpose was to make this property the Eastern tidewater outlet of the Wabash system. The price paid for the City's holdings was \$8,651,370, and the syndicate also purchased the interests of Washington County in the property. Nearly all the outstanding stock has been acquired.

A consolidation of the West Virginia Central & Pittsburg with this company was included in the plans, and in October, 1905, action was taken to formally merge the two companies and also to amalgamate other controlled roads with this company.

The MANUAL for 1905 contains a full statement of the West Virginia Central & Pittsburg Railway Co. and its controlled properties, the Piedmont & Cumberland Railroad Co. and the Coal & Iron Railway Co. It also owned and controlled a large coal property, together with the Davis Coal & Coke Co., which had 50,000 acres of coal lands and 700 coke ovens. The syndicate managers of the Western Maryland Railroad Co. have also added largely to the coal interests of the system.

Road owned, Baltimore to Cumberland, Md., 172 miles; Cumberland to Bellington, W. Va., and branches, 218 miles; total owned, 390 miles; leased, Baltimore & Cumberland Valley, 34.1 miles; Baltimore & Harrisburg and branches, 97.6 miles; Washington & Franklin Railroad, 19.1 miles; total operated, 543 miles. Locomotives, 162; passenger cars, 131; freight cars, 6,224; service cars, 523.

In February, 1906, the line from Cherry Run to Cumberland, 59 miles, which connected the Western Maryland and the West Virginia Central & Pittsburg was completed. In January, 1907, this company acquired control of the George's Creek & Cumberland Railroad, Cumberland to Lopacoming, Md., and branches, 33 miles.

On March 5, 1908, the company was placed in the hands of Receivers by the United States Court, at Baltimore. This action was taken in view of its inability to meet maturing collateral loans.

The new 4 per cent. 1st mortgage is for \$50,000,000. The bonds are secured by the company's property, including its interests in leased and auxiliary lines and the entire capital stock of the West Virginia Central & Pittsburg Railroad Co. Of the new 4s, \$25,000,000 were sold to a syndicate to provide for the purchase of the property, the construction of terminals and a connection with the West Virginia Central & Pittsburg and for additional equipment. Trustee of mortgage and agent for the payment of interest, Mercantile Trust Co., New York.

The general lien and convertible mortgage 4 per cent. bonds were entitled to interest for three years, or to October, 1905, only in case the same is earned.

In March, 1908, a protective committee, for the general lien and convertible 4 per cent. bonds, was organized, Alvin W. Krech, New York, Chairman, with the Equitable Trust Co., New York, and the City Trust Co., Boston, as depositaries. Another protective committee for the same bonds, Richard Sutro, New York, Chairman, has for its depositary, the Bankers' Trust Co., New York.

The company guarantees dividends on the stock of leased lines as follows: Baltimore & Cumberland Valley Extension Railroad, 7 per cent. on \$270,000 preferred stock and 5 per cent. on \$120,600 common stock, January and July; Washington & Franklin Railway, 5 per cent. on \$150,000 stock, January and July; Baltimore & Harrisburg Railway, 5 per cent. on \$29,100 preferred stock, May and November.

WESTERN NEW YORK & PENNSYLVANIA RAILWAY CO.

(Controlled by Pennsylvania Railroad Co.)

A consolidation, in February, 1883, of the Buffalo, New York & Philadelphia, the Buffalo, Pittsburg & Western, the Oil City & Chicago, and the Olean & Salamanca Companies. The present company is a reorganization, 1895, of the railroad company of same name.

In June, 1900, the Pennsylvania Railroad Co. purchased a majority of the stock for \$9 per share and of the income bonds at \$300 per bond. That company holds \$19,402,686 of the stock and \$9,165,000 of the income bonds. A lease of the road was made to the Pennsylvania Railroad Co. in 1900, but a new lease for 20 years from August 1, 1903, was made in 1903, the same being subject to termination on 30 days' notice.

Road owned, Buffalo, N. Y., to Emporium, Pa., 118 miles; Rochester, N. Y., to Hinsdale, 99 miles; Olean Junction to Bradford, Pa., 17 miles; Bradford to Kinzua, 28 miles; Buffalo

to Oil City, Pa., 136 miles; Oil City to Irvineton, Pa., 50 miles; Stoneboro to Mahoningtown, Pa., 38 miles; Olean to Oil City, 116 miles; short coal and oil branches, 64 miles; total, 650 miles, of which 60 miles are leased and 590 miles owned.

Since its control was acquired by the Pennsylvania the portion of the company's road from New Castle, Pa., to Oil City, 68 miles, is operated by the Pennsylvania Company as part of its Erie and Ashtabula Division. The balance of the system is operated by the Pennsylvania as part of its Buffalo & Allegheny Valley Division.

WESTERN PACIFIC RAILWAY CO.

A corporation formed under the laws of California in 1903 to construct 930 miles of railroad between Salt Lake City, Utah, and San Francisco, with branches to various points. At the close of 1907 about 146 miles from Salt Lake to Shafter had been completed. In February, 1904, this company purchased the Alameda & San Joaquin Railroad, Stockton to Tesla, Cal., and in 1905 acquired the Boca & Loyalton Railroad, 56 miles. In 1906 it was stated that the company had also acquired the Virginia & Truckee Railway Co., Reno to Virginia City, Mo., 52 miles. Construction was in active progress during 1907.

Stock..... Par \$100..... Authorized, \$75,000,000..... Issued, \$75,000,000

The company has authorized an issue of bonds for construction purposes. The mortgage, which is to the Bowling Green Trust Co., New York, is for \$50,000,000, 5 per cent., due September, 1953, March and September, the bonds being redeemable at 105. It was announced that the entire issue has been subscribed for. A second mortgage for \$25,000,000 has also been authorized.

In 1904-05 control of this company was acquired in the interest of the Missouri Pacific system, and contracts were entered into whereby the Denver & Rio Grande Railroad Co. and its controlled organization, the Rio Grande Western Railway Co., are to acquire two-thirds of the stock of the Western Pacific Railway Co. The Denver & Rio Grande Railroad Co. and the Rio Grande Western Railway Co., by contract, jointly agree to make up any deficit in the amount needed to meet its operating cost and interest on its bonds after the completion of its main line.

 { spec. guar., 104,000 } { spec. guar., 104,000 } \$9,745,600

Special guaranteed stock is entitled to 6 per cent. per year semi-annual, March and September. It represents a like amount of similar stock of the West Jersey Railroad Co. It may be converted into a 6 per cent. debenture.

The common stock was issued originally in the consolidation in exchange for stocks of the various companies, the common stock of West Jersey being exchanged on basis of \$60 per share, Camden & Atlantic being at \$45 per share for preferred and \$20 per share for common, while that of Philadelphia, Marlton & Medford was at \$15 per share. Other branch and leased line stocks were also retired in exchange for West Jersey & Sea Shore shares. In October, 1904, the stockholders were given the right of subscribing at par for \$1,264,000 of additional common stock to the extent of 25 per cent. of their respective holdings, making the amount outstanding \$6,216,050. In March, 1906, the authorized common was increased from \$8,076,000 to \$10,000,000, and in April, 1906, the stockholders subscribed at par for additional stock, making the outstanding common as above.

Transfer agency, Camden, N. J. Registrar, Girard Trust Co., Philadelphia.

Dividends on the common stock are paid half-yearly, March (15) and September. In 1896 paid 2½ per cent. on the common. In the succeeding year 5 per cent. per annum was paid, but

in September, 1905, the semi-annual dividend was increased to 3 per cent., or 6 per cent. per annum, which remained the regular rate until the March, 1908 dividend, which was reduced to 2 per cent.

WHEELING & LAKE ERIE RAILROAD CO.

(Controlled by Wabash-Pittsburg Terminal Railway Co.)

A reorganization May 1, 1899, of the Wheeling & Lake Erie Railway Co. In 1901 capitalists identified with the Wabash Railway acquired large interests in this company, which is now operated in harmony with the Wabash system, though under its own management, a controlling interest in the stock being held by the Wabash-Pittsburg Terminal Railway Co.

Road owned, Toledo, O., to Terminal Junction, 216.20 miles; Cleveland to Zanesville, O., 143.88 miles; branches, 106 miles; Cleveland Belt Railway, 5.71 miles; Toledo Belt Railway, 4.55 miles; total owned, 477.36 miles; leased, 20.80 miles; total operated, 498.16 miles. Locomotives, 206; passenger cars, 77; freight cars, 11,854; service cars, 687.

In 1899 this company acquired the Cleveland, Canton & Southern Railroad Co. and Cleveland Belt & Terminal Railway Co. by purchase.

In 1904 this company and the Wabash Railroad Co. made a contract with the Pittsburg-Wabash Terminal Railway Co. whereby they agreed jointly to pay 25 per cent. of their gross earnings derived from joint traffic with the Terminal Co. in case it was necessary to do so to meet interest on the latter company's bonds. In 1906, this company acquired the Lorain & West Virginia, 30 miles, which was completed in 1907.

The company owns a majority of the stock of the Pittsburg, Wheeling & Lake Erie Coal Co., which is leased to other interests.

The 4 per cent. consolidated mortgage of the present company is for \$15,000,000, of which \$6,400,000 was reserved to retire prior liens. Trustee and agent for the payment of interest, Mercantile Trust Co., New York. The purchase of the Cleveland, Canton & Southern and Cleveland Belt & Terminal roads required \$3,850,000 of the bonds, being part of \$5,600,000 sold in 1899, \$1,750,000 being also furnished for improvements and retirement of car trusts, the remaining \$3,000,000 being reserved for additional improvements, equipment and terminals. Over one-half of the 5 per cent. bonds of the old company were refunded into the new 4s.

The equipment bonds issued in 1902 may be purchased at 105 or drawn at 108 and interest. Trustee and agent for the payment of interest, Mercantile Trust Co., New York.

In 1955 a new general mortgage for \$50,000,000, 4 per cent., due August, 1955, was authorized. The \$8,000,000 of 3-year notes issued in the same year are secured by \$12,000,000 of the new general 4s deposited with the New York Trust Co.

The company has guaranteed principal and interest of an authorized issue of \$2,000,000, 4 per cent bonds to be secured on the Lorain & West Virginia Railway, due June, 1956, June and December.

FUNDED DEBT

Collateral trust debentures, 4 per cent., due March, 1948, March and Sept. \$12,000,000

“ “ bonds, 4 per cent., due June, 1947, June and Dec. 24,000,000

Total..... \$36,000,000

In February, 1898, the company declared a 100 per cent. distribution to its shareholders in 4 per cent. debenture bonds as a special dividend. The debenture bonds are secured by a deposit with the Mercantile Trust Co., New York, of securities valued at over \$12,000,000. These

collaterals are subject to a right on part of shareholders to indemnification against personal liability in respect to their holdings of shares in the organization.

The new collateral trust bonds, created in 1907, are likewise secured by stocks and bonds of other companies and formed the basis of a 200 per cent. distribution to the company's stockholders in June, 1907. Trustee, Standard Trust Co., New York.

For many years dividends were 8 per cent. per annum (quarterly 2 per cent.). When the extra dividend in bonds referred to above was paid in 1898 the rate was reduced to 4 per cent., payable half-yearly, 2 per cent. each in June (1) and December. The December 1, 1900, dividend was accompanied by an extra dividend of 2 per cent., which was paid from the revenue on the company's investments, and the same course was followed regarding the subsequent half-yearly dividends. In March, 1903, an extra dividend of 2 per cent. was paid from the sale of property not needed in the conduct of the company's business. In 1904, 8 per cent. was paid, with an extra 2 per cent. dividend in March, 1904, also derived from the proceeds of the sale of real estate and the same dividends were also paid in 1905, 1906 and 1907. In June, 1907, an extra dividend of 200 per cent. was paid, in the new collateral trust 4 per cent. bonds.

The original \$75,000,000 stock of this company was offered for public subscription at par, closing on May 4, 1899, by the National City Bank, New York.

The first dividend was $1\frac{1}{2}$ per cent. quarterly, and $\frac{1}{2}$ per cent. extra was paid October 16, 1899. Similar dividends of $1\frac{1}{2}$ per cent. quarterly and $\frac{1}{2}$ per cent. extra were regularly paid, January (28), April, July and October, until October, 1901, when the rate was made $1\frac{1}{2}$ per cent. without the extra dividend. In January, 1902, 1 per cent. was paid for the quarter, and in May, 1902, only $\frac{1}{2}$ per cent. was paid, the same rate being maintained for the quarterly dividends paid since that date, such payments being in February, May, August and November. The quarterly dividend paid February 27, 1905, was, however, $\frac{1}{2}$ per cent. and $\frac{1}{2}$ per cent. extra, and the same rate was paid in May, 1905. The dividends in August and November, 1905, were, however, each $\frac{1}{4}$ per cent., and in February, 1906, $\frac{1}{4}$ per cent. was paid. In May and August, 1906, the rates were $1\frac{1}{2}$ per cent. and $\frac{1}{4}$ per cent. extra, and in November, 1906, and in February and May, 1907, $1\frac{1}{2}$ per cent. and $\frac{1}{2}$ per cent. extra. The August, 1907, dividend was 2 per cent. regular, but in November, 1907, only 1 per cent. was paid and February, 1908, $\frac{1}{2}$ per cent.

The preferred stock is 7 per cent., non-cumulative. Transfer Agent, Guaranty Trust Co., New York. Registrar, Central Trust Co., New York.

The company began the payment of regular quarterly dividends of $1\frac{3}{4}$ per cent. on the preferred stock July 1, 1899. The quarterly dividend periods were, however, changed to February, May, August and November, and were regularly paid at those dates until May, 1905, inclusive. In July, 1905, $1\frac{3}{4}$ per cent. was paid, representing the proportion of dividend for two months, and in October, 1905, $1\frac{3}{4}$ per cent. was paid. The dividend periods are now January (1), April, July and October.

The first dividend on the common stock was $\frac{1}{2}$ per cent., paid August 1, 1900. Regular quarterly dividends of $\frac{1}{2}$ per cent. have been paid on the common in February (1), May, August and November, until the February, 1903, dividend, which was increased to 1 per cent., which was the rate until February, 1904, when the dividend on the common stock was reduced to $\frac{1}{2}$ per cent. In May, 1904, $\frac{1}{2}$ per cent. was again paid, but no further dividends on the common were paid until January 1, 1907, when quarterly payment of $\frac{1}{2}$ per cent. were renewed. In April, 1907, $\frac{1}{2}$ per cent. was again paid on the common, but the rate was increased to 1 per cent. in July, 1907, and the same amount was also paid in October, 1907, and January, 1908.

The collateral trust mortgage is secured by deposit of the securities acquired. Trustee and agent for the payment of interest, Standard Trust Co., New York. In addition, a cash fund of \$1,000,000 was provided to be expended for improvements to the different plants.

The plan for the formation of this company was ratified by the stockholders of the Electric Co. of America on December 14, 1906. Its provisions were that the \$4,486,515 of the old company's stock should be sold to the new one at \$14 per share, payable in 5 per cent. collateral trust bonds. The old stockholders also receive the right to subscribe at par for the new preferred, with a bonus of 40 per cent. in new common. Subscriptions were made payable, 5 per cent., December 27, 1906; 25 per cent., or less, January 18, 1907, and the balance in instalments of not over 15 per cent., at least 30 days apart.

The Electric Co. of America was formed under the laws of New Jersey, January 4, 1899. Its authorized capital stock was originally \$50,000,000; par value of shares, \$50. Up to January 1, 1902, there had been called and paid in on the stock \$7.50, and \$2.50 additional was called July 1, 1902, when the stock was reduced to \$5,000,000 and the par value to \$10 per share, making the stock full paid to that amount. In November, 1905, the stockholders were given the right to subscribe at par to the extent of 10 per cent. of their holdings for new stock to the amount of \$407,865, increasing the stock issue to \$4,486,515.

The 1st dividend on the stock of the Electric Co. of America was 50c. per share paid July 25, 1899. It paid dividends of 50c. each in January (31) and July until July, 1901, when 25c. per share was paid, which has since been the regular rate, but in July, 1902, an extra dividend of \$1.50 per share was paid, and a dividend of 25c. per share was paid in August, 1902; 30 cents per share January, 1903; July, 1903; January, 1904, and July, 1904. The January, 1905, dividend was 35 cents per share, and 35 cents was paid July 31, 1905, making 7 per cent. for the year. The January, 1906, dividend was also 35 cents.

AMERICAN ICE SECURITIES CO.

AMERICAN ICE CO.

The American Ice Securities Co. is a corporation formed under the laws of New Jersey, March 27, 1905. It was organized in pursuance of a plan submitted in January, 1905, to reorganize the American Ice Co. It acquired \$23,493,300 of the common and \$14,339,000 of the preferred stock of the latter company. See below.

The plan for the reorganization of the old company provided for the formation of the American Ice Securities Co. as a holding company with a share capital of \$20,000,000 and an issue of \$3,000,000 6 per cent. debentures to fund the 16½ per cent. accumulated dividends on the preferred stock of the old company. The stockholders of the American Ice Co. were invited to exchange their stock for new securities on the following terms: (1) The old common stock to receive 20 per cent. in new stock and the old preferred to receive 100 per cent. in new stock and 16½ per cent. in the new bonds. A syndicate underwrote the new bonds at 70, and preferred stockholders desiring cash for their back dividends received 70 per cent. of the amount due in cash.

AMERICAN PNEUMATIC SERVICE CO.

A corporation formed under the laws of Delaware in June, 1899. This company took over the business of the International Pneumatic Service Co., the owner of a large number of patents covering pneumatic tube systems for streets, as well as for stores, buildings, factories,

hotels, etc. It is the owner of the New York Mail & Newspaper Transportation Co., the Tubular Dispatch Co., the New York Pneumatic Service Co., the Boston Pneumatic Transit Co., the Chicago Postal Pneumatic Tube Co. and the St. Louis Pneumatic Tube Co. These four last named corporations hold ten-year contracts (expiring June 30, 1916), with the United States Post Office Department, for the carrying of mail by pneumatic tubes, at a total annual rental of \$942,461.09, as follows: Boston, \$113,089.14; New York, \$457,130; Brooklyn, \$22,950; Chicago, \$294,470.80; St. Louis, \$54,821.15. The Boston and St. Louis systems are completed and in operation, the Boston system being 6.65 miles in extent, and the St. Louis system embracing 3.47 miles. The contract in New York calls for a complete system of about 27 miles, of which about 7 miles are in operation. The contract for Brooklyn calls for 1.35 miles. Construction is going on in New York, and 12 miles of new tube lines have been laid up to February, 1908. The contract for Chicago calls for a completed system of about 17 miles, of which 9 miles are in operation, connecting all the railway stations with the general post office, and also extending to the Armour and Stock Yard stations. The company also owns the Lamson Consolidated Store Service Co. and about twenty other corporations owning patents for store service systems and pneumatic tube systems for buildings. See the MANUAL for 1899 for details concerning the Lamson Consolidated Store Service Co.

The preferred stock is 7 per cent., non-cumulative. Transfer Agent, Trust Co., of America, New York. Registrar, Central Trust Co., New York.

Regular quarterly dividends have been paid on the preferred stock at the rate of 7 per cent. per annum, beginning July 15, 1899, the dividend periods being January, April, July and October.

The first dividend on the common stock was 1 per cent., paid December 1, 1902, the directors having declared 4 per cent. on the common, payable 1 per cent. each in December, 1902, and March, June and September, 1903, but the December, 1903, dividend was passed and none was paid until 1905, when 4 per cent. was declared, payable in four quarterly instalments of 1 per cent. each, beginning September 1, 1905. In 1906, 4 per cent. was also declared payable in quarterly instalments beginning September 1, 1906, also 2 per cent. extra September 1, 1906. In 1907, 4 per cent. and 2 per cent. extra was again declared, but the December, 1907, dividend of 1 per cent. was deferred. It was, however, paid on January 16, 1908, with interest at 6 per cent. from December 1, to the time of payment.

The preferred A stock is 6 per cent., cumulative, and the preferred B is 5 per cent., cumulative, in their respective order. The preferred B stock is guaranteed by the American Smelting & Refining Co. in regard to dividends and also as to principal in case of liquidation. The preferred B is redeemable at par at the company's option on June 1, 1930, or any dividend date thereafter. The preferred stocks had no voting power during the first two years from the formation of the company, nor after that except while the dividends for one year remain unpaid.

The American Smelting & Refining Co. holds a majority of the common stock which carries with it the control of this company.

Stock is transferred at the office of the company, New York. Registrar, Morton Trust Co., New York.

The first dividend on the preferred A stock was 1 per cent. (for two months), paid July 1, 1905. Subsequent dividends have been paid quarterly, 1½ per cent. each in March, June, September and December.

The first dividend on the preferred B stock was 1¼ per cent. quarterly, paid September 1, 1905, and subsequent dividends have been at the same rate in March, June, September and December.

AMERICAN SMELTING & REFINING CO.

A corporation formed under the laws of New Jersey, April 4, 1899. The company acquired the property, rights and assets of a number of smelting corporations located in Colorado, Montana, Nebraska, Illinois, Utah, Mexico and elsewhere. See list in the *MANUAL* for 1904.

It has a controlling interest in the United States Zinc Co., whose plant is at Pueblo, Col., and owns the entire capital stock of the American Smelters Steamship Co., which operates steamers in its interest between New York and other ports of the United States and Mexico.

In 1900 the company acquired the plants of M. Guggenheim Sons at Perth Amboy, N. J., and elsewhere. To carry out this plan the stock was increased to \$100,000,000, one-half of the increase of \$35,000,000 to be preferred and one-half common stock. In 1902-03 the company completed a large new plant at Murray, Utah, near Salt Lake City. The company, in 1903, made a six-year contract for the entire ore output of the Federal Mining & Smelting Co.

The American Smelters Securities Co. was organized in 1905 in the interest of this company which controls it, owning \$17,751,000 of its \$30,000,000 common stock and guaranteeing the 5 per cent. dividends on its \$30,000,000 of preferred B stock. See the above statement of the American Smelters Securities Co.

The preferred stock is 7 per cent., cumulative, and has a preference as to assets in case of liquidation. Transfer agency, 71 Broadway, New York. Registrar, Chase National Bank, New York.

The first dividend on the preferred stock was 1¼ per cent. quarterly, October, 1899. Regular quarterly dividends of the same amount have since been paid in January, April, July and October. April 10, 1900, an additional dividend of seven-eighths of 1 per cent. was paid on the preferred to cover the period from April 11 to April 30, 1899.

The first dividend on the common stock was $1\frac{1}{4}$ per cent., paid January 14, 1904. Similar quarterly dividends, or 5 per cent. per annum were thereafter paid, but the October, 1905, dividend was increased to $1\frac{3}{4}$ per cent. or 7 per cent. per annum. The July, 1907, dividend was, however, 2 per cent. and the same rate was also paid in October, 1907, and January, 1908, but the April, 1908, dividend was reduced to 1 per cent. The dividend periods are January, April, July and October.

AMERICAN STEEL FOUNDRIES

A corporation formed under the laws of New Jersey, June 26, 1902. The purpose of the company is the manufacture of iron, steel, coke and other materials.

The company has plants at the following points: Indian Harbor, Ind.; East St. Louis, Ill.; Franklin, Pa.; Chester, Pa.; Sharon, Pa.; Alliance, O.; Granite City, Ill.; Pittsburg.

In September, 1904, the company acquired a controlling interest in the stock of the Commonwealth Steel Co. (which was sold in November, 1906), and in February, 1905, acquired the stock of the Simplex Railway Appliance Co. In January, 1908, a proposition was submitted to retire the preferred stock and reduce the company's share capital. See below.

The preferred stock is 6 per cent., cumulative. Transfer Agent, Trust Co., of America, New York. Registrar, Guaranty Trust Co., New York. The company in October, 1906, retired \$1,800,000 common and \$460,000 preferred stock which had been held in its treasury.

The first dividend on the preferred stock was 1½ per cent., December 1, 1902, and quarterly dividends of the same amount were paid until December, 1903, inclusive. In May, 1904, 1½ per cent. was also paid, and 1 per cent. in August, 1904, and since that date no further dividends were paid.

In January, 1908, a call was issued for a special stockholders' meeting on February 8, 1908, to vote on a proposition to reduce the stock to \$17,184,000 all of one class. The plan was that the old preferred should receive 77 per cent. in new stock, and 20 per cent. in new fifteen-year 4 per cent. debentures (to represent the accumulated unpaid dividends on the old preferred stock) and 3 per cent. in cash. The old common stock was to be exchanged for 25 per cent. in new stock. It was provided that the 4 per cent. debentures might be called at par, but that not less than 10 per cent. should be annually retired beginning February 1, 1913. Action in the matter was delayed, but in March, 1908, it was understood that a large majority of the stock had assented to the plan.

AMERICAN SUGAR REFINING CO.

A corporation formed under the laws of New Jersey, January 10, 1891, to succeed, the Sugar Refineries Co., or Sugar Trust, which was formed in 1887, a number of the sugar refineries in the United States being taken into the Trust and its certificates issued to represent the value of their plants. The capital of the Trust represented in certificates was \$50,000,000.

Stock..Par \$100...	Authorized	com., \$45,000,000	} Issued	com., \$45,000,000	} \$90,000,000
	pref., 45,000,000	pref., 45,000,000			

The authorized stock was originally \$25,000,000 common and \$25,000,000 preferred. In 1892 it was increased to \$37,500,000 of each class to acquire additional properties. In 1901 both classes were increased to \$45,000,000, and the stockholders were given the right to subscribe for one share of new stock for each five shares of old held by them.

The preferred stock is 7 per cent., cumulative. Stock is transferred at the transfer office of the company, 117 Wall street, New York. Registrar, Central Trust Co., New York.

The company has paid 7 per cent. per annum on the preferred stock since the reorganization. On a part of the preferred stock the dividends are semi-annual, $3\frac{1}{2}$ per cent. each, January and July, and part quarterly, $1\frac{3}{4}$ per cent. each in January, April, July and October.

On the common stock the company paid 4 per cent. half yearly from July, 1891, until October, 1892, when rate was raised to $2\frac{1}{4}$ per cent. quarterly. In April, 1893, 3 per cent. quarterly and an extra dividend of 10 per cent. was paid, after which it was 3 per cent. quarterly, until April, 1900, when the rate was reduced to $1\frac{1}{4}$ per cent. In July, 1900, $1\frac{1}{2}$ per cent. was also paid. The October, 1900, dividend was $1\frac{3}{4}$ per cent., or 7 per cent. per annum, and that rate has since been maintained. Dividends on the common are paid quarterly, in January, (a) April, July and October.

Dividends of $2\frac{1}{2}$ per cent. were paid quarterly by the Trust from October, 1887, to July, 1890, amounting to \$11,900,992. In consequence of the intended reorganization and the litigation in which the Trust was involved, the October, 1890, dividend was deferred.

For a detailed account of the old Trust and a record of the present company's early history, see the MANUAL for 1903.

The company made no annual report until 1908 when it submitted one for the year ending December 28, 1907. This document showed for the twelve months ending on that date, net earnings, \$8,749,291; dividends on stock, 7 per cent., \$6,299,930; balance surplus, \$2,449,361.

AMERICAN TELEPHONE & TELEGRAPH CO.

A corporation formed under the laws of New York in 1885. The company was organized by the American Bell Telephone Co., a Massachusetts corporation, to build and operate its long-distance telephone system. In March, 1900, the stockholders of the American Bell Telephone Co. decided to turn over to this company all its property and assets, including the stock it owned in operating telephone companies, the arrangement being that holders of the American Bell Telephone Co.'s stock, of which there was \$25,886,300 outstanding, should exchange it for stock of this company, two shares of the latter being given for one share of Bell Telephone Co. stock. The holders of the latter also had the right to subscribe at par for one share additional of this company's stock for every five shares held by them.

This company holds large interests, in many cases amounting to a control, in the stocks of the telephone companies which operate under its licenses in all parts of the country, and has considerable amounts of the bonds of certain of these organizations. The balance sheet of December 31, 1907, gave the stocks and bonds of the companies associated with or controlled by this company as \$273,404,797.

The Western Electric Co., which is controlled by this company, manufactures telephones and telephone supplies, and has factories in New York and Chicago.

Stock.....Par \$100.....Authorized, \$250,000,000.....Issued, \$179,620,950

The stock of the company was originally \$12,000,000. The amount was increased to \$20,000,000 in June, 1896; to \$25,000,000 in 1898; to \$75,000,000 in 1899 and to \$100,000,000 in 1900, with a further increase to \$150,000,000 in June, 1901. Of the \$94,237,500 stock outstanding at the beginning of 1901, \$51,772,600 was issued in exchange for the stock of the American Bell Telephone Co., over \$10,000,000 was subscribed for at par by the old stockholders, and the balance was left in the treasury. In June, 1901, stockholders were given the right to subscribe at par for \$20,700,900 of new stock, and in 1902 additional stock to the amount of \$21,937,000 was issued and sold to the stockholders, and in 1903 a 20 per cent. allotment at par was made involving the issue of \$21,943,200. Included in the stock outstanding as given above, is \$27,110,400 held in the treasury.

Stock is transferred at the office of the Treasurer, Boston and New York. Registrars, Old Colony Trust Co., Boston; Guaranty Trust Co., New York.

The American Telephone & Telegraph Co. paid $1\frac{1}{2}$ per cent. regular and $\frac{3}{4}$ per cent. extra on its stock July 16, 1900, and began the payment of regular quarterly dividends of $1\frac{1}{2}$ per cent. October 15, 1900. The January 15, 1901, dividend was $1\frac{1}{2}$ per cent. and $\frac{3}{4}$ per cent. extra; in April, $1\frac{1}{2}$ per cent.; in July, $2\frac{1}{4}$ per cent.; in October, $1\frac{1}{2}$ per cent., making $7\frac{1}{2}$ per cent. in 1901. The same rate was maintained in 1902, 1903, 1904 and 1905. In 1906 the dividends were as follows: in January $1\frac{1}{2}$ per cent. and $\frac{3}{4}$ per cent. extra; in April $1\frac{1}{2}$ per cent.; in July $1\frac{1}{2}$ per cent. and $\frac{3}{4}$ per cent. extra, and in October 2 per cent., making 8 per cent. for the year. The January, 1907, dividend was also 2 per cent., and subsequent quarterly payments have been the same.

American Bell Telephone debentures, 4 per cent., due July, 1908, Jan. and July....	10,000,000
Total.....	\$188,000,000

The American Telephone & Telegraph 4 per cent. collateral trust mortgage was created in 1899 to provide for extensions. The mortgage secures both the bonds of this company and the American Bell Telephone Co. 4 per cent. debentures. The amount of the bonds may be increased on the deposit of additional collateral, but such additional issue must not exceed 75 per cent. of the estimated value of the securities deposited.

The American Bell Telephone debenture 4s were created in 1898. In June, 1898, \$5,000,000 were sold, of which \$2,000,000 were to retire the old 7 per cent. debentures maturing August 1, 1898. The balance of the first issue of \$10,000,000 was sold in 1898 and 1899 to provide for extensions.

In December, 1905, the stockholders authorized an issue of \$150,000,000 bonds convertible into stock in not less than three nor more than twelve years from the date thereof, the rate of interest, amounts and terms on which they shall be issued to be decided by the directors. It was stated that this was to provide for the company's capital requirements and \$100,000,000 of the bonds, due March, 1936, interest March and September, and convertible into stock at 134 2-7 for the latter between March 1, 1909, and March 1, 1918, were sold. The purchase was made by a banking syndicate which paid for the bonds in instalments extending over a period of two years. The \$25,000,000 of 5 per cent. notes, due 1910, were sold in January, 1907.

The number of telephones in use by the companies included in this system December 31, 1907, was 7,544,105. On January 1, 1908, the licensee companies had 5,108 exchanges, a total of 8,610,592 miles of wires, and 3,035,533 stations, and including sub-licensees and others, 3,839,000 stations.

THE AMERICAN TOBACCO CO.

A corporation formed under the laws of New Jersey, October 19, 1904, being a merger of the American Tobacco Co., Consolidated Tobacco Co. and Continental Tobacco Co. under an agreement dated September 9, 1904, which merger became effective October 19, 1904. See below regarding the terms of the agreement of merger and the position of the merged companies. In January, 1907, the New Jersey courts rendered a decision that the merger was legal and valid.

This company acquired the plants, factories, property and trade-marks of the merged companies. It owns a majority of the stock of the American Cigar Co. and of the common stock of the American Snuff Co., the American Cigar Co. owning a majority of the common stock of the Havana Tobacco Co. and common stock of the American Stogie Co. See separate statements of those companies. A majority of the stock of the P. Lorillard Co. is owned, the Continental Tobacco Co. having acquired the \$3,000,000 common stock of that company and \$1,581,100 of its \$2,000,000 preferred stock. Under an agreement made in 1902 between the old American Tobacco Co. and the Imperial Tobacco Co. of Great Britain, their export business is conducted by the British American Tobacco Co., Limited., the capital stock of which is £6,000,000, authorized, issued £5,220,021, the American Tobacco Co. owning two-thirds thereof and the Imperial Tobacco Co. one-third.

The preferred stock is 6 per cent., cumulative, with a preference as to assets in case of a dissolution. The preferred shareholders have no voting powers at elections of directors, or stockholders' meetings, except those convened for increasing or decreasing the capital stock, dissolving the corporation, or passing upon other matters on which the statute expressly gives the preferred stock power to vote.

Transfer Agent for preferred and common stock, Morton Trust Co., New York. Registrar, The Farmers' Loan & Trust Co., New York.

Dividends on the preferred stock began to run from October 1, 1904. The first dividend on the preferred was $1\frac{1}{2}$ per cent., paid January 2, 1905, and regular quarterly dividends of the same amount or at the rate of 6 per cent. per annum, have since been paid on January (1), April, July and October. The first dividend on the common stock was $2\frac{1}{2}$ per cent., paid March 1, 1905, and similar dividends have since been paid quarterly in June, September and December, a 10 per cent. extra dividend being paid in December, 1905, 5 per cent. extra in September, 1906, $7\frac{1}{2}$ per cent. extra in December, 1906, 5 per cent. extra in June, 1907, $7\frac{1}{2}$ per cent. extra in September, 1907, and $2\frac{1}{2}$ per cent. extra in December, 1907.

FUNDED DEBT

Gold debenture bonds, 6 per cent., due Oct., 1914, April and Oct.....	\$54,750,200
" " 4 per cent., due Aug., 1951, Feb. and Aug.....	53,556,100
Total.....	\$108,306,300

Both issues of gold debenture bonds are secured by a trust indenture, not a mortgage, to the Morton Trust Co., New York, trustee. The authorized amount of the 6 per cent. bonds is \$56,090,400, and of the 4 per cent. bonds \$78,689,100. In 1905, the company purchased and canceled \$15,200,000 of the 4's; in 1906, \$2,437,000; and in 1907, \$7,496,000, reducing the amount outstanding to the figures given above. The trust indenture imposes a charge in favor of the trustee upon all its property and earnings for the benefit, first, of the 6 per cent. bonds, and second, of the 4 per cent. bonds, the company agreeing never to mortgage its property or create any charge upon its income without expressly recognizing and confirming the prior claims in the above order of the two above bond issues. In the event of default, the trustee, upon the written request of holders of 25 per cent. of the 6 per cent. bonds, may institute foreclosure proceedings, the proceeds of a sale to be applied to liquidating the claims of the two bond issues in their respective order. There is a provision for a sinking fund of \$500,000 per annum for the 6 per cent. bonds to be purchased at 120 or less, and if no bonds can be purchased at that price, the amount unexpended is to be returned to the company. Under this, in 1905, \$440,250 of the 6 per cent. bonds were purchased and retired; in 1906, \$441,800; and in 1907, \$458,150.

There are outstanding \$5,000,000 4 per cent. gold notes, Series A, due March 15, 1911, and \$5,000,000 4 per cent. gold notes, Series B, due March 15, 1912, of the American Cigar Co., one of the controlled companies, which are a contingent liability of this company, the said notes having been guaranteed by the old American Tobacco Co. and the Continental Tobacco Co.

The old American Tobacco Co. was formed under the laws of New Jersey, January 20, 1890. It acquired the property and works of a number of firms and companies principally engaged in the manufacture of cigarettes and smoking tobacco, a list of which was given in the company's statement in the MANUAL for 1904. See the MANUAL for 1907, for a full account of the merger and exchange of the securities of the old companies for those of the present organization.

AMERICAN WINDOW GLASS MACHINE CO.

A corporation formed under the laws of New Jersey, March 6, 1903. The company acquired and owns the license for a new style of machinery for blowing glass which operates with mathematical accuracy and great rapidity, producing larger sizes at less than the cost of hand work.

This company, in March, 1903, acquired a large majority of the common stock of the American Window Glass Co., giving the assenting stockholders of the latter one-half a share of its own common stock and one-half a share of its own preferred for each full share of common and preferred stock, respectively, of the American Window Glass Co. This company also granted the American Window Glass Co. the sole right to use its patents and machines in the United States.

The American Window Glass Co. had \$13,000,000 common and \$4,000,000 7 per cent. cumulative preferred stock. See statement of that company in the *MANUAL* for 1904 in regard to dividends, etc.

The preferred stock is 7 per cent., cumulative. It was stated that of the company's stock, \$6,500,000 common and \$500,000 preferred were given for the United States patent rights to the inventions referred to above, leaving \$6,500,000 of common and \$6,500,000 preferred to be exchanged for the common stock of the American Window Glass Co. as described above.

Transfer Agent, Farmers' Deposit Savings Bank, Pittsburg. Registrar, Farmers' Deposit National Bank, Pittsburg.

The stock of this company was represented by temporary certificates of the Farmers' Deposit National Bank, Pittsburg, but December 12, 1904, the stock certificates of this company were issued for the temporary ones. It was also announced that the small amount of American Window Glass stock left outstanding might be converted into stock of this company on the same terms as those of the original exchange referred to above.

BALAKLALA COPPER CO.

A corporation formed under the laws of Maine, February 24, 1906. The company purchased the entire \$10,000,000 stock of the Balaklala Consolidated Copper Company, a corporation formed April 25, 1903, under the laws of Nevada and which owns a large copper mining property in the Flat Creek Mining District, Shasta County, Cal., 3 miles from Coram, on the Southern Pacific Railroad; It comprises 72 mining claims aggregating 1,149 acres together with a smelter site and the town of Coram. Title to the ground is held under United States patents. Active development began in 1902, the ore being a heavy iron sulphide carrying copper, silver and gold. The property covers 3,040 feet on the strike of the lode, out of which 1,100 feet have been developed by tunnels and drill holes, an ore body 900 feet long and varying from 20 to 60 feet in thickness having been developed. The ore in sight is stated to be 2,200,000 tons. The mine is fully equipped and a smelter is under construction at Coram with a capacity of 1,000 tons per day. An aerial tramway 16,130 feet long and having a capacity of 75 tons per hour will connect the mine and the smelter. Up to May, 1907, about \$500,000 had been expended for development.

In January, 1908, a new company, the First National Copper Co., was formed to take over the present company, the stockholders of which were invited to subscribe for the new company's stock.

THE BATOPILAS MINING CO.

A corporation formed under the laws of New York, October 13, 1887. The company was organized as a consolidation of The Consolidated Batopilas Silver Mining Co. and five other mining companies. It has also acquired the properties of a number of other concerns, including the mines, etc., of the Charcas Syndicate and those known as the "Ballinas" from Alexander R. Shepherd. A concession covering 61 square miles of mineral land in and about Batopilas, Mex., together with all the water rights of the Batopilas River, granted in 1886 by the Mexican Government to Alexander R. Shepherd, was assigned to this company, said concession having been extended by the Government in 1906 until May 31, 1916. The properties are located around the town of Batopilas in the Andres del Rio mining district, in the extreme southwest of the State of Chihuahua, Mex. They comprise about 847 acres of mining lands held in fee simple, the above mentioned concession, covering 61 square miles, with the right to locate and work claims therein until 1916. The company also owns in fee about 130,000 acres of ranch and timber lands and all sites of its mills, etc. The development work comprises over 10 miles of adit levels and over 60 miles of workings, which extend to a depth of 1,850 feet. Surface improvements have cost over \$1,000,000, paid out of earnings, and include stamp mills, with 140 tons capacity, and a reduction plant for silver ores, also an aqueduct, etc., for water power. Native silver occurs in the ore in rich bunches and chutes, the high grade ore in 1905 averaging \$600 per ton and but few of the promising veins have been worked. The total ore tonnage was, in 1904, 28,621 tons, in 1905, 32,493 tons, and in 1906, 41,769 tons.

Stock.....Par \$20.....Authorized, \$9,000,000.....Issued, \$8,929,920

The stock is full paid and non-assessable. There is \$9,340 held for the acquisition of outstanding stocks of constituent companies and \$60,740 is held unissued in the company's treasury. Transfer agent, Union Trust Co., New York. Registrar, Farmers' Loan and Trust Co., New York.

No dividends were paid on the stock since the formation of the present company in 1887, the surplus earnings being devoted to additions and improvements, but prior to the consolidation the antecedent companies paid about \$1,000,000 in dividends. On December 31, 1907, a dividend of $12\frac{1}{2}$ cents per share was paid.

BAY STATE GAS CO.

A Delaware corporation, incorporated by act of Legislature, April 24, 1889, as the Peninsular Investment Co., the name being changed to the present style in August, 1889. The company owned all the stock of the Bay State Gas Co. of New Jersey, incorporated in 1889 under the laws of New Jersey with a capital of \$1,000,000. The purpose of the latter organization was to amalgamate under one management various companies supplying the city of Boston and its suburbs with gas, including the Bay State Gas Co. of Massachusetts, Boston Gaslight Co., Roxbury Gaslight Co. and South Boston Gaslight Co.

The stocks of these four companies were assigned by J. Edward Addicks and W. E. L. Dillaway to the Bay State Gas Co. of New Jersey, subject to a pledge of them with the Mercantile Trust Co., New York, to secure \$9,000,000 of bonds of the New Jersey company known as Boston United Gas 1st mortgage 5s, and \$3,000,000 2d mortgage 5s, both due January, 1939, interest, January and July.

By a contract between the Bay State companies of New Jersey and of Delaware, the former assigned to the latter all the surplus from the income of the pledged stocks remaining after payment of the interest on said bonds and expenses of said pledge. In November, 1896, the stock in the New Jersey Co. was transferred to Henry H. Rogers, John C. Moore and Frederick W. Whitridge, as trustees. Disputes and litigation ensued in regard to this transaction. In January, 1903, propositions were made to holders of the Boston United Gas bonds to exchange them for stock of the Massachusetts Gas Companies, the successor of the New England Gas & Coke Co. See statement of the Massachusetts Gas Companies.

On July 7, 1902, in consequence of default in interest and sinking fund payments on the Boston United Gas bonds, the Bay State Gas Co. of New Jersey was placed in the hands of a Receiver and has since been dissolved. The stocks of the various operating companies were acquired in 1902 by the Massachusetts Gas Companies under foreclosure sales.

In May, 1903, the United States Circuit Court for the District of Delaware appointed George Wharton Pepper, Philadelphia, Receiver of the Bay State Gas Co. of Delaware. In June, 1903, the Receiver began suit in the Massachusetts Supreme Court to set aside the foreclosure and sale of the stocks of the different local gas companies at and near Boston which were held as security for the two series of Boston United Gas bonds. See statement of the Massachusetts Gas Companies as to the details of the plan under which the Boston United Gas mortgages were foreclosed and the collateral for the same acquired by the Massachusetts Gas Companies. In August, 1904, a settlement between the Receiver and the Massachusetts Gas Companies was reached, whereby the latter obtained full possession of the various Boston gas organizations. Suits were brought by the Receiver against J. Edward Addicks and others interested in the formation and financing of this company to secure restitution of money and securities alleged to have been illegally taken from the company. In December, 1904, the Receiver settled one case by the return to the company of stock of the par value of \$51,062,500, and the payment of \$48,254, the amount realized from the sale of the remainder of the \$75,000,000 of stock alleged to have been illegally issued. In December, 1905, the Receiver settled a suit against Thomas W. Lawson and Lawson, Weidenfeld & Co., for \$350,000. In February, 1907, it was announced that the suit against Henry H. Rogers, together with \$1,440,000 preferred and \$1,630,650 common stock of the Buffalo Gas Co., had been assigned to Randall Morgan for \$1,500,000 cash. In December, 1907, the Receiver was authorized to accept \$100,000 for the assignment of a decree obtained against J. Edward Addicks for \$1,399,080.

Stock.....Par \$50.....Authorized, \$1,000,000,000.....Issued, \$184,587,500

In October, 1895, the original stock was increased from \$5,000,000 to \$15,000,000 for the purpose of acquiring the Brookline Gas Co. and other properties. Holders of original stock were then given the right to subscribe for two shares of the new stock at \$10 a share for each old share owned. In September, 1897, the company increased its stock to \$50,000,000, and in October, 1897, offered to pay off its income bonds if \$1,950,000 were deposited. The 7 per cent. income bonds, due 1939, were \$2,000,000 in amount, of which \$507,000 were outstanding in 1907. In January, 1908, the Receiver was authorized to pay off at \$1.070 each the \$507,000 of income bonds.

In November, 1897, the authorized stock was increased to \$1,000,000,000 and \$250,000,000 was issued, and in consequence of the absence of information about the purposes of this increase, the Stock Exchange of New York struck the stock from its lists. Subsequently it was increased as above stated to \$250,000,000.

BETHLEHEM STEEL CORPORATION

A corporation formed under the laws of New Jersey, December 10, 1904, as successor to the United States Shipbuilding Co., which was reorganized under the plan described below. The United States Shipbuilding Co., which was formed under the laws of New Jersey, June 17, 1902, acquired all the stock of the Bethlehem Steel Co., South Bethlehem, Pa., and also acquired the following properties :

Bath Iron Works, Bath, Me.
 Samuel L. Moore & Sons Co., Elizabethport,
 N. J.
 Crescent Shipyard Co., Elizabethport, N. J.
 Harlan & Hollingsworth Co., Wilmington, Del.

Eastern Shipbuilding Co., New London, Conn.
 Canda Manufacturing Co., Carteret, N. J.
 Hyde Windlass Co., Bath, Me.
 Union Iron Works, San Francisco.

The present company acquired, under foreclosure sales, all the property of the old organization, including its stock in the Bethlehem Steel Co., but sold the properties of the Bath Iron Works and the Hyde Windlass Co.

The plant of the Crescent Shipyard Co., at Elizabethport, N. J., and the Carteret Improvement Co., at Canda, N. J., have not been operated since the formation of the Bethlehem Steel Corporation, and both have been consolidated with the Samuel L. Moore & Sons Co., under an agreement adopted by the stockholders of the Crescent Shipyard Co., the Carteret Improvement Co. and the Samuel L. Moore & Sons Co., on November 21, 1907. No operations have been carried on at the plant of the Eastern Shipbuilding Co. since the formation of the Bethlehem Steel Corporation, and this plant was sold to Mr. Charles R. Hanscom, of New London, Conn., representing a syndicate, in September, 1907.

The Bethlehem Steel Co. continues to operate under that title, but the remaining companies ceased doing business under their old titles and the following new companies were created, viz:

Harlan & Hollingsworth Corporation, Wil-
 mington, Del.

Union Iron Works Company, San Francisco,
 Cal.

Total.....\$21,366,000

The Bethlehem Iron Co. 1st mortgage 5 per cent. bonds, due February 1st, 1907, were retired at that date.

The Bethlehem Steel Co. purchase money mortgage was created in 1901. The bonds issued thereunder are in coupon form, with privilege of registration both as to principal and interest, tax free, not subject to call, and were issued for the acquisition of the property of the Bethlehem Iron Co., the latter's 1st mortgage bonds being assumed by the Steel Co.

The Bethlehem Steel Co.'s 1st extension mortgage bonds are in coupon form, with privilege of registration as to principal only, being part of an issue of \$12,000,000, and were issued for the purpose of increasing the capacity of the present plant and building extensions on property recently acquired. The mortgage securing these bonds is a first lien upon all of the real estate of the Bethlehem Steel Co. acquired by the company since the date of its mortgage created in 1901 (with the exception of certain small parcels not contiguous to the plant) and the plant and buildings to be erected thereon, and will be a first mortgage on all extensions or additions to such plant; and is also a lien upon the remaining plant and manufacturing properties of the company at and near South Bethlehem subject to the foregoing mortgages. These bonds are guaranteed as to principal and interest by the Bethlehem Steel Corporation and are redeemable in whole or in part at 105 on any interest date, and have a sinking fund provision of \$300,000 per annum commencing July 1, 1908. Trustee, Morton Trust Co., New York. Interest is paid at the office of Harvey Fisk & Sons, New York.

The 6 per cent. serial notes of the Steel Co., created in 1907, are guaranteed by the Bethlehem Steel Corporation. They mature \$500,000 July 1, 1910; \$500,000 July 1, 1911 and \$1,500,000 July 1, 1912. Interest is payable at the office of Harvey Fisk & Sons, New York.

In 1907 the Harlan & Hollingsworth Corporation, one of the controlled companies, created and sold an issue of short term 6 per cent. notes.

See MANUAL for 1905 for full account of the reorganization and details of the plans for the same.

BINGHAM CONSOLIDATED MINING & SMELTING CO.

A corporation formed under the laws of Maine, April 5, 1901. This company was the successor to the Bingham Copper & Gold Mining Co., a New Jersey company formed in 1898. See the *MANUAL* for 1901. The present company acquired the \$2,000,000 stock and the property of the old company, together with a number of adjoining gold and copper mines and claims. The properties are situated near Bingham, Utah, the company having a smelter at Bingham Junction, Utah, and the mines, though formerly worked for gold, comprise deposits of copper ore.

In February, 1908, it was proposed that the stockholders of the Bingham Consolidated Co. should pay an assessment of \$12 per share and receive for this assessment 4⅓ shares of stock of the Ohio Copper Co., and be given in exchange for each share of Bingham Consolidated one share of Eagle & Blue Bell Mining Co. stock, the control of the latter being held in the treasury of the Bingham Consolidated. The Ohio Copper Co., which had 750,000 shares of stock outstanding, was to increase the amount to 1,500,000 shares for the above purpose. It was also stated that the assessment on the Bingham Consolidated stock would be underwritten.

BOSTON ELEVATED RAILWAY CO.

A corporation formed under the laws of Massachusetts, by Act of the Legislature, approved June 10, 1897. The company acquired the right to build and operate a large mileage of elevated roads in the vicinity of the city of Boston. The first section of 6 miles was opened in June, 1901. The

roads are operated with electric power. In 1902 arrangements were made with the city by which this company leased the Washington Street Subway. The company leased the West End Street Railway until June, 1922. It leases certain lines of the Old Colony Street Railway Co. in the southern part of Boston. See statement of Massachusetts Electric Companies. The company leases the tunnel between Boston and East Boston, which was completed in December, 1904. An extension of the elevated line to Forest Hill was in progress in 1907, and extensions of the subway are under construction. Total operated surface lines, 445.89 miles; elevated lines, 16.01 miles; total mileage, 461.91 miles. It was stated in the latter part of 1906, that authority would be sought to consolidate the West End Street Railway with this company.

BOSTON STEAMSHIP CO.

The company was originally a voluntary association formed in 1900. It was incorporated by the State of Massachusetts under the same title in 1902, and the old stock, which was \$755,000 common and the same amount of preferred, was exchanged, share for share, for the new stock. The object of the organization is the ownership and operation of ocean steamships. The company at the time of its formation contracted with the Maryland Steel Co. for the construction of two freight steamers of about 11,500 tons capacity each. The company's fleet is operated on the Pacific Ocean, from Puget Sound ports to the Orient, in connection with the Great Northern Railway and the Northern Pacific Railway Companies.

BROOKLYN RAPID TRANSIT CO.

A corporation formed under the laws of New York, January 18, 1896, which acquired all the assets of the Long Island Traction Co., which were sold in foreclosure under its collateral trust mortgage and purchased by a reorganization committee. In January, 1899, a controlling interest in the Nassau Electric Railroad Co. was acquired, and the same year the company acquired the Brooklyn Union Elevated Railroad Co., the Kings County Elevated Railroad Co. and the Brooklyn & Brighton Beach Railroad Co. The Kings County Elevated Railroad Co. has been merged with the Brooklyn Union Elevated Railroad Co. The Prospect Park & Coney Island Railroad Co., owned by the Long Island Railroad Co., was leased in 1899.

On June 30, 1907, the company owned all the stock of the Brooklyn Heights Railroad Co., which leased The Brooklyn City Railroad Co. It also owns all the stocks of the Brooklyn, Queens County & Suburban Railroad Co., the Sea Beach Railway Co., the Nassau Electric Railroad Co. common stock, the Coney Island & Gravesend Railway Co., the South Brooklyn Railway Co., the American Railway Traffic Co., the Transit Development Co., and the Canarsie Railroad Co., besides all but a small portion of the preferred stock of the Nassau Electric Railroad Co. and of the Brooklyn Union Elevated Railroad Co. Under arrangement with the City of New York the company operates its cars over the Williamsburg Bridge to Delancey Street, Manhattan.

The mileage of the various properties owned, controlled and leased, is as follows:

	Miles		Miles
Brooklyn Heights Railroad.....	0.50	New York & Brooklyn Bridge Railroad	1.30
Brooklyn City Railroad (leased).....	104.75	Trackage on Coney Island & Brooklyn	
Brooklyn, Queens Co. & Sub. Railroad	27.30	Railroad.....	2.22

Prospect Park & Coney Island Railroad	9.27		
Brooklyn Union Elevated Railroad...	35.55	Total.....	260.07
Canarsie Railroad.....	2.41		

Of the above mileage 140.46 miles are controlled by stock ownership, 114.03 miles are controlled under leases for 999 years and 6.35 miles under special leases. The lines controlled by stock ownership comprise 112.08 miles of surface and 28.38 miles of elevated road.

The company has equipped the elevated railroads with electric power, and arranged a system of transfers of cars from the surface to the elevated tracks, and vice versa. The company has many important franchises.

Included in the different properties are eight power stations, and over 4,000 cars of all descriptions.

CENTRAL LEATHER CO.

A corporation formed under the laws of New Jersey, April 12, 1905. The company was formed in pursuance of a plan dated December 17, 1904 framed by a stockholders' committee of the United States Leather Co. See below regarding the details of the plan. It acquired a large majority of the preferred and common stocks of the United States Leather Co., consisting in December, 1907, of \$62,083,900 of the \$62,882,300 common and \$57,807,200 of the \$62,282,300 preferred, carrying control of that corporation and of its auxiliary companies including the Elk Tannery Co., the Central Pennsylvania Lumber Co. and the Susquehanna & New York Railroad Co. It has also acquired other properties, the company and its subsidiary organizations having a large number of tanneries for the manufacture of sole leather in various States, mills and factories, together with 424,700 acres of bark and timber lands owned in fee and the rights upon 164,000 acres additional.

Stock....Par \$100...Authorized { com., \$40,000,000 } Issued { com., \$38,409,952 } \$69,471,452
 { pref., 40,000,000 } { pref., 31,061,500 }

The preferred stock is 7 per cent., cumulative, from July 1, 1905, with a preference as to assets in case of dissolution. The preferred stock cannot be increased without the consent of two-thirds of the amount thereof outstanding.

Transfer Agent, Equitable Trust Co., New York. Registrar, New York Trust Co.
 The first dividend on the preferred stock was $1\frac{3}{4}$ per cent., paid October 1, 1905, since which quarterly dividends of the same amount have been regularly paid.

On January 16, 1907, the stockholders ratified a proposition to consolidate the United States Leather Co. with this company, but litigation has delayed the carrying out of the plan, minority holders of United States Leather preferred stock having brought suit to prevent it.

FUNDED DEBT.

Central Leather 1st lien gold bonds, 5 per cent., due April, 1925, April and Oct.....	\$34,526,600
U. S. Leather Co. gold debentures, 6 per cent., due May, 1913, May and Nov.....	4,680,000

The authorized amount of the 1st lien bonds is \$45,000,000. Trustee of the mortgage and agent for the payment of interest, Central Trust Co., New York. All of the stock of the United States Leather Co. acquired by this company is pledged with the Trustee to secure the bonds. The company agrees to likewise deposit other acquired property.

The United States Leather 6 per cent. debentures were created in 1893 and were \$9,653,000, but the above is the amount outstanding. There is a sinking fund of 4 per cent., per annum for the bonds which can be drawn for same at 110. Trustee for the debentures, Central Trust Co., New York. This issue, as stated below, was left undisturbed.

The United States Leather Co., which was formed under the laws of New Jersey in 1893, had stock as follows: Common, authorized, \$64,000,000, issued, \$62,282,300; 8 per cent., cumulative, preferred, authorized, \$64,000,000, issued, \$62,282,300. The dividends on the preferred were never the full amount to which that stock was entitled, having been at the rate of 6 per cent. per annum. On January 1, 1905, the amount of back dividends unpaid on the preferred was about 43 per cent. In December, 1904, a plan for the reorganization of the said company and an exchange of its stocks for those of the present company was submitted, which was carried into effect in 1905. See the MANUAL for 1907 as to details of plan.

CHICAGO JUNCTION RAILWAYS & UNION STOCK YARDS CO.

A corporation formed under the laws of New Jersey. It owns 130,655 shares of the stock of the Chicago Union Stock Yards & Transit Co., the property of which comprises 470 acres of land, cattle yards, sheds, etc., and about 150 miles of railroad tracks connecting with all railroads entering Chicago. The Transit Company also controls the Chicago & Indiana State Line Railroad Co. In August, 1897, purchased control of the Chicago, Hammond & Western Railroad, Whiting, Ind., to La Grange, Ill., 38 miles. In March, 1898, all the railroads of the company, including the lease of switches and transfer lines at stock yards, were consolidated under the title of Chicago Junction Railway, which is 3.75 miles in length, and operates the main line from the stock yards to a junction with the South Side Elevated Railroad Co. to which latter company it is leased for 50 years, with an option to purchase the road within 20 years, 207 miles of track. This company owns the \$2,100,000 stock of the Chicago Junction Railway. The latter's accounts and those of the stock yards are kept separate. The company has a fifteen-year contract for use of its facilities by the Swift, Armour and other large slaughtering and packing houses of Chicago.

CHICAGO RAILWAYS CO.

A corporation formed under the laws of Illinois in October, 1903. In pursuance of a plan dated October 15, 1907, for the reorganization of the Chicago Union Traction Co. this company on January 25, 1908, acquired at foreclosure sale the property of that organization, comprising the lines of the North Chicago Street Railroad Co. and the West Chicago Street Railroad Co. and their subsidiary companies, including the Chicago Consolidated Traction Co. See statement of the latter in this edition of the MANUAL and that of the Chicago Union Traction Co. in the MANUAL for 1907.

The length of the lines included in the system is 303 miles of electric roads, covering the northern and western divisions of Chicago. In addition to this the Chicago Consolidated Traction Co. has 181 miles of track in Chicago, Evanston, Ill., and the township of Cicero, Cook County, Ill.

The Chicago Union Traction Co. and its constituent companies, the North Chicago and West Chicago Street Railroads, were placed in the hands of Receivers in April, 1903, as the result of inability to finance the floating indebtedness of the constituent companies. The statement of the Chicago Union Traction Co. in the MANUAL for 1907, gives a full account of the ensuing litigation and of the negotiations with the municipality in relation to the franchises of the companies and the various movements to bring about municipal ownership.

In February, 1907, the City Council of Chicago passed an ordinance involving a settlement of disputes with the street railways and providing for a reorganization of the Chicago Union Traction Co. This ordinance was vetoed but was passed over the Mayor's veto, and at the city election, April 2, 1907, was ratified by the voters. The franchises granted expire February 1, 1927. The ordinance provides that in three years the properties shall be freed from all the old liens, that the valuation of the roads should be placed at approximately \$30,500,000, the City to have the right to purchase the roads at such valuation, plus amounts expended for reconstruction or extensions, including the building of subways. Outlays for such purposes are to be made under the supervision of a board of engineers. In accepting the ordinance the company waived all former grants and franchises and agreed to universal 5 cent fares and transfers, and of the surplus earnings, after deductions for expenses and charges and certain allowances to the company, the City is to receive 55 per cent. and the company 45 per cent.

See below regarding details of the reorganization and the terms for the exchange of old securities for those of the new company.

Stock.... Par, \$100..... Authorized, \$100,000..... Issued, \$100,000

The stock of the new company is of the nominal amount of \$100,000, and under the reorganization plan is all to be held under a trust agreement by Adolphus C. Bartlett, Chauncey Keep, Charles H. Hulbert, Albert A. Sprague, and Charles G. Dawes, of Chicago, with the Central Trust Co., New York, as custodian. The issue serves as the basis for the participation certificates described immediately below.

Participation certificates.... No par value.... Authorized $\left\{ \begin{array}{l} \text{Series 1— 30,800 parts} \\ \text{“ 2— 124,300 “} \\ \text{“ 3— 60,000 “} \\ \text{“ 4— 50,000 “} \end{array} \right\} 265,100 \text{ parts.}$

The participation certificates, series 1, are entitled to receive \$8 per annum on each part, cumulative, commencing with the year ending August 1, 1908, and also to \$100 for each part in any distribution of capital. The participation certificates, series 2, are, subject to the prior rights of the certificates series 1, entitled to \$8 per annum on each part, cumulative, commencing with the year ending August 1, 1908, and subject, as aforesaid, to \$100 per part in any distribution of capital. The participation certificates, series 3, subject to the prior rights of certificates series 1 and 2, are entitled to \$8 per annum on each part, cumulative, commencing with the year ending August 1, 1908, and subject, as aforesaid, to \$100 per part in any distribution of capital. The participation certificates, series 4, subject to the prior rights of the other certificates, are entitled to share *pro rata* in any excess of such dividends or income after payment of the full amounts to which series 1, 2 and 3 may be entitled, and in the distribution of capital after the full payment of \$100 per part for each of the three prior series.

Total.....	\$47,500,000

The 1st mortgage is to provide funds for the rehabilitation and improvement of the properties, and the amount is limited to a sum to be fixed from time to time by the board of supervising engineers. The bonds may be redeemed at par and interest on any interest date. In the event of the purchase of the properties by the City of Chicago, the 1st mortgage bonds have a lien upon the cash involved in the purchase. Trustee of mortgage and agent for the payment of interest, Harris Trust & Savings Bank, Chicago. Interest is also paid at the office of N. W. Harris & Co., Chicago. The first issue of these bonds was in March, 1908, when \$5,000,000 thereof were disposed of to a banking syndicate headed by N. W. Harris & Co., Chicago and New York.

The consolidated mortgage is for \$37,500,000, the series A, B and C being entitled to priority in their several ranks. The bonds of series A to the amount of \$6,767,200 are entitled to 5 per cent. interest, all the other bonds of the different series bearing interest at 4 per cent. per annum until February 1, 1912, and thereafter at 5 per cent. per annum.

The plan provided for the creation of \$5,000,000 of five year 6 per cent. gold collateral trust notes to be secured by the \$6,767,300 of series A, 5 per cent. consolidated mortgage bonds. These notes are subject to call on and after February 1, 1911, at par and interest. In February, 1908, \$4,250,000 of the notes were sold.

There are also certain car trust and other obligations of the old companies amounting to \$1,224,000 which were not covered in the plan for retiring the former securities.

The reorganization plan of October 15, 1907, as modified at that date, were submitted by a committee composed of: L. C. Krauthoff, Chairman; George W. Wickersham, John C. Hatley, W. T. Fenton, and Seymour Morris.

There was a general bondholder's committee representing the several bond issues affected by the plan composed of: J. N. Wallace, Chairman; E. D. Hulbert, Henry A. Blair, Chauncey Keep, C. S. W. Packard, George P. Hoover, William H. Henkle, L. S. Owsley, and William A. Mason. This committee approved and recommended the plan which was also passed upon and declared fair and just by Judge P. S. Grosscup and Professor John C. Gray, who were designated to examine and report upon the matter and without their consent no change or modification therein could be made.

The depositories under the plan were the Harris Trust & Savings Bank, Chicago, and the Farmers' Loan & Trust Co., New York. The time for making deposits of the old securities was originally limited to January 20, 1908, but this was extended to August 1, 1908.

The securities of the old companies and their constituent concerns with the terms offered for exchanging them for the bonds and participation certificates of the Chicago Railways Co., were as follows:

Under the plan, in addition to \$5,867,200 of series A, 5 per cent., to be used as collateral for the 6 per cent. notes, \$900,000 additional of the bonds of that series and rate were to be held as additional collateral if required and there was also a reserve of \$29,525 of series B and \$111,073 of series C bonds.

The amended plan of October 15, 1907, provided that holders of the Chicago Union Traction stocks deposited under the plan to be exchanged for participation certificates should pay a ratable portion of the indebtedness incurred by or for account of the Chicago Union Traction Co. for the protection of its interest since April, 1903. This proportion has been fixed at \$1 per share for the common stock and \$3.33½ per share for the preferred stock. Assessments were also made on the stocks of the subsidiary companies affected by the plan as follows: on West Chicago Street Railway Co., stock, \$1.28 per share; on Chicago West Division Railway Co., stock, \$7.65 per share; on North Chicago Street Railway Co., stock, \$1.98 per share; on North Chicago City Railway Co., stock, \$7.65 per share. The assessments aggregated \$905,078.

In explanation of the above table it may be stated that the common stock of the Chicago Union Traction Co. receives for each \$100 share ¼ of a part series 4 of the participation certificates, and the Chicago Union Traction preferred receives for each \$100 share ½ of a part series 3 of the participation certificates.

It was officially stated in January, 1908, that more than 92 per cent. of the bonds, etc., as an entirety, and in the case of underlying issues more than 97 per cent. of the bonds of the old companies had been deposited under the plan.

THE COLORADO FUEL & IRON CO.

A corporation formed under the laws of Colorado, October 21, 1892, by the consolidation of the Colorado Coal & Iron Co. and the Colorado Fuel Co. The Colorado & Wyoming Railway Co., 170 miles, and the Crystal River Railroad Co., 35 miles, are also owned. In 1904 the Colorado Industrial Co. was formed to take over certain properties. See below for details regarding the Colorado Industrial Co., all the stock of which is owned by this company.

Stock. Par \$100..Authorized	{ com., \$44,200,000 }	Issued	{ com., \$34,235,500 }
	{ pref., 2,000,000 }		{ pref., 2,000,000 }
			\$36,235,500

The preferred stock is 8 per cent., cumulative, the dividends being payable in February and August.

The common stock was increased from \$11,000,000 to \$23,000,000 in September, 1899, for the purpose of providing capital for additions to plants. In July, 1901, it was increased to \$38,000,000 to provide for conversion of the 5 per cent. debenture bonds, and in 1904 it was again increased to \$44,200,000 to carry out the plan for the refunding of the convertible debentures.

In December, 1903, a committee, composed of James A. Blair, Otto T. Bannard, John E. Borne, William L. Bull and Philip Lehman, was formed to assist in the adjustment of the company's affairs, acting as representatives of the convertible debenture 5 per cent. bonds, which were issued in 1901, the terms under which they were issued including a prohibition of any further liens being placed on the property. The propositions submitted by the committee included the creation of a mortgage by the Colorado Industrial Co. for \$45,000,000, bonds to be guaranteed by this company. The plan included the retirement of the convertible debentures of 1901 and the raising of about \$13,600,000 cash to repurchase properties sold, as well as to provide for the refunding of the company's old bonds and its future capital requirements. The holders of the convertible debenture bonds were to exchange them for the new bonds, dollar for dollar, 20 per cent. additional in common stock being given as a bonus. The portion of the new bonds thus given in exchange in addition to being guaranteed by the Colorado Fuel & Iron Co., being convertible into the latter's common stock at par until August 1, 1906. The Colorado Industrial Co.'s bonds are secured by the properties of the company, which were sold, as stated above, to interests connected with the company, including the Wyoming Railway & Iron Co. In the summer of 1904 about \$13,000,000 of the convertible bonds had been deposited under the plan with the Continental Trust Co., New York, the depository for the committee, and the plan was carried out, the authorized stock being increased to \$45,000,000, as stated above.

Transfer Agent, Bowling Green Trust Co., New York. Registrar, Metropolitan Trust Co., New York.

Previous to February, 1900, the last dividend on the preferred had been 4 per cent., February 20, 1897. August, 1894, the dividend on preferred was passed. Dividends were resumed February, 1896, but no dividend was paid until February, 1900, when 8 per cent. was paid on the preferred. In April, September and October further dividends of 8 per cent. each were also paid, and in November, 1900, a dividend of 8 per cent. was declared, payable December 20, 1900, thus completing the 32 per cent. of accumulated dividends on the preferred, amounting to \$640,000. Dividend payments on the preferred stock of the company at the regular rate of 8 per cent. per annum were resumed February 15, 1901, and were semi-annual, 4 per cent. each in February and August, until February 20, 1903, inclusive, after which date such payments were discontinued.

Prior to 1901 the last dividend paid on the common stock was 1½ per cent. in May, 1893. On July 15, 1901, 1¾ per cent. quarterly was paid on common, and similar payments were made in October, 1901, January and April, 1902. But the July, 1902, dividend was passed and no dividends have been paid since that date.

The convertible debenture 5 per cent. bonds, Illinois Trust & Savings Bank, Chicago, trustee, were issued in 1901 to provide for the erection of auxiliary plants for the manufacture of tin-plate hoops, wire, wire nails, etc. The bonds were convertible, at holder's option, into common stock at par from February 1, 1902, to August 1, 1906, after which date the company could redeem them at 105. The amount authorized was \$15,000,000, and \$10,000,000 of the bonds were sold in 1901 to provide for improvements, of which \$932,000 were converted into stock. Subsequently the remaining \$5,000,000 were issued, making the total amount outstanding when the reorganization plan was put into effect \$14,068,000.

The Colorado Industrial Co. guaranteed 5s are described above in connection with the plan of reorganization. It will be noticed that Series A, limited to \$14,000,000, were convertible into stock at par for the latter between February 1, 1902, and August 1, 1906, and Series B, limited to \$30,000,000, non-convertible. Trustee of the mortgage and agent for the payment of interest, New York Trust Co., New York.

The Rocky Mountain Coal & Iron Co.'s 1st mortgage 5 per cent. bonds, guaranteed by this company, cover about 258,000 acres of coal and timber lands in Las Animas County, Colo.

There are \$666,000 1st mortgage 5 per cent. bonds of the Colorado Coal & Iron Development Co., due July 1, 1909, January and July, which are guaranteed by the company. The bonds are redeemable at 105.

See the MANUAL for 1901 and preceding years for details regarding the Colorado Coal & Iron Co. and the Colorado Fuel Co.

Total.....	\$1,139,000

The total amount of 1st mortgage bonds is \$1,000,000. There are \$216,000 of the issue in the hands of the Central Trust Co., New York, Trustee.

The July, 1895, interest was defaulted, and a bondholders' committee, M. S. Scudder, New York, Chairman, was formed. A majority of bonds were deposited with Central Trust Co. and foreclosure proposed. Stockholders formed a protective committee to oppose such action. Action for a receivership was brought in 1896, but was dismissed in July of that year. 1896 interest was met by assessment of \$3 per share on stock, for which preferred stock was to be given. It was then proposed to reduce interest on bonds to 5 per cent. Foreclosure suit was instituted, but in 1898 arrangement was made by which interest on bonds was reduced to 5 per cent. and three past due coupons were redeemed in cash on that basis. Assessment of \$3 per share was levied on stock, for which preferred stock was given. Assessment produced over \$137,000. The collateral trust 6 per cent. mortgage was authorized in March, 1906, and is for \$1,000,000. It is secured by the stock and bond of the Columbus & Hocking Clay & Brick Manufacturing Co.

The latter is also trustee and agent for the payment of interest on the Chicago Edison 6 per cent. debentures, due 1913, which issue is redeemable at par on any interest date.

The Chicago Edison three-year debentures were created in 1907, the authorized amount being \$5,000,000. Trustee and agent for the payment of interest, Illinois Trust & Savings Bank, Chicago.

The Commonwealth Electric Co. 1st mortgage provided that additional bonds could be issued up to 75 per cent. of the cost of additional property or improvements. The Commonwealth Electric debentures can be called at par. This company also has \$180,000 of real estate mortgages.

The Chicago Edison Co. guaranteed interest and principal of \$227,000 4 per cent. and interest only of \$33,000 5 per cent. bonds of the Sectional Electric Underground Co., a subsidiary organization from which subway privileges were leased.

The Chicago Edison Co. was formed in 1882 and had, at the time of the merger, \$15,000,000 stock on which dividends of 8 per cent. per annum had been paid for some years. The Commonwealth Electric Co. was formed in 1898, being a consolidation of several companies operating in the environs of Chicago. It had \$9,000,000 stock outstanding. The consolidation plan provided for an exchange of the Chicago Edison stock for the stock of the new company on the basis of 160 per cent. of new stock for 100 per cent. of the old.

The earnings of both the Chicago Edison Co. and the Commonwealth Electric Co. for a series of years to March 31, 1906, inclusive, are given in the statements of the respective companies in the MANUAL for 1907.

CONNECTICUT RAILWAY & LIGHTING CO.

(Leased to New York, New Haven & Hartford Railroad Co.)

A corporation chartered by the Legislature of Connecticut by Act approved March 2, 1895, as the Gas Supply Co. to manufacture and distribute gas in Norwalk, Fairfield, Danbury and other cities and towns. The charter was amended by an Act approved March 2, 1899, changing the name to Connecticut Lighting & Power Co., extending the operations of the company to any part of the State and authorizing it to make electric lighting and power part of its business and giving it power to lease, purchase, hold or sell the stock or bonds of other corporations which manufacture or use gas or electricity. On January 10, 1901, the name was changed to Connecticut Railway & Lighting Co. The United Gas Improvement Co. had a controlling interest in this company. In December, 1906, the properties of the company were leased to the Consolidated Railway Co. (which company has been merged with the New York, New Haven & Hartford Railroad Co.), the terms of the lease including a rental of \$975,000 for the first year, the amount increasing until it reaches \$1,400,000.

The company acquired the property of the following corporations or owns a controlling interest in them:

Norwalk Gas Light Co.	Greenwich Gas & Electric Light Co.
Norwalk & South Norwalk Electric Light Co.	Bridgeport Traction Co.
Norwalk Street Railway Co.	Shelton Street Railway Co.
Norwalk Tramway Co.	Milford Street Railway Co.
Central Railway & Electric Co., New Britain	The Westport & Naugatuck Street Railway Co.
The Waterbury Traction Co.	Derby Street Railway Co.
Naugatuck Electric Light Co.	Southington & Plantsville Tramway Co.
Cheshire Street Railway Co.	Roton Point Improvement Co.

The company's plans included the utilization of water power for the generation of electricity through the construction of a large dam in the Housatonic River. The aggregate mileage of the railway lines is 198 miles.

CONSOLIDATED COTTON DUCK CO.

A corporation formed under the laws of Delaware, May 27, 1905, in pursuance of a plan to reorganize and consolidate the United States Cotton Duck Corporation and its controlled company, the Mount Vernon-Woodberry Cotton Duck Co. In 1906 this company acquired the J. Spencer Turner Co. of New York. See below for details of plan which was declared operative in June, 1905. It is proposed to ultimately merge the old in the new company.

The Mount Vernon-Woodberry Cotton Duck Co. owned 14 mills and the United States Cotton Duck Corporation, controlled the former company and owned the Stark Mills, Manchester, N. H., the La Grange Mills, La Grange, Ga., and the Hogansville Mills, Hogansville, Ga. The Mount Vernon-Woodberry Co. was formed under the laws of Delaware in 1899, a full account of the company being given in the MANUAL for 1901. The United States Cotton Duck Corporation was formed under the laws of New Jersey; June 4, 1901, a full account of the company being given in the MANUAL for 1905.

The Mount Vernon-Woodberry Co. had \$9,500,000 stock and under the plan of consolidation carried out in 1901, its holders exchanged it for United States Cotton Duck Corporation common in the proportion of three shares of old for two shares of new stock. The Mount Vernon-Woodberry Co. also had \$7,000,000 of 1st mortgage 5 per cent. bonds, which were left undisturbed both in 1901 and the reorganization of 1905, and \$6,000,000 of 5 per cent. cumulative income bonds, due January, 1950, January and July, which were not disturbed when the United States Cotton Duck Corporation acquired the stock of that company.

The United States Cotton Duck Corporation had authorized \$15,000,000 each of common and 6 per cent. cumulative preferred stock, of which \$10,000,000 common and \$2,750,000 preferred were outstanding, and it assumed the before mentioned bonds of the Mount Vernon-Woodberry Co.

In May a committee, S. Davies Warfield, Baltimore, Chairman, submitted a plan for the reorganization and consolidation of the two old companies. Depositories under the plan: Continental Trust Co., Baltimore, and Colonial Trust Co., New York. The plan provided for the formation of the present new company and invited holders of the old companies' securities to exchange them for the new upon the following terms:

	—Received for Each \$1,000 Old—	
	New Preferred	New Common
Mount Vernon-Woodberry incomes.....	\$500	\$166⅔
United States Cotton Duck, common.....	...	400
" " " " preferred.....	1,000	727 3-11

When the above plan was declared operative in June, 1905, it was stated that 87 per cent. of the Mount Vernon-Woodberry incomes and 88 per cent. of the United States Cotton Duck Corporation stocks had been acquired thereunder. The company has since acquired additional amounts of the securities.

CONSOLIDATED GAS CO. OF NEW YORK

A corporation formed under the laws of New York, November 10, 1834. The company was a consolidation of the New York, Manhattan, Metropolitan, Municipal, Knickerbocker and Harlem Gas Companies of New York City. The company has 2,095 miles of mains, and at the beginning of 1906 had 654,153 meters in service.

In December, 1898, this company acquired a large interest in the Mutual Gas Co. In 1899 control of the United Electric Light & Power Co. was obtained in the interest of this company. In January, 1900, it was announced that a controlling interest in the New York Gas & Electric Light, Heat & Power Co. had been acquired, which company controlled the Edison Electric Illuminating Co. of New York and other local electric light and power organizations. In June, 1900, announcement was made of the purchase of a large block of the Standard Gas Light Co.'s stock by this company.

In May, 1900, this company offered to purchase the \$12,145,700 common and \$9,000,000 preferred stock of the New Amsterdam Gas Co. at \$50 for the preferred and \$26 for the common, payable in 6 per cent. debenture bonds of the Consolidated Gas Co., said debentures to be redeemable at the option of the latter, prior to May, 1901, in its own stock at 190, which arrangement was carried out. Control of the United Electric Light & Power Co. was also acquired in 1900.

Through these acquisitions the company controls all the gas and electric lighting facilities in the Borough of Manhattan. In July, 1904, the company acquired control of the Westchester Lighting Co. and formed the New York & Westchester Lighting Co., which was merged with the Westchester Lighting Co.

The company will concentrate the manufacture of gas at Astoria, L. I., where a large plant was completed in December, 1906.

The legislature of New York having passed an act reducing the price of gas on May 1, 1906, to 80 cents per 1,000 feet this company instituted litigation to test the validity of the law. In connection with the suit the company had deposited up to December 31, 1907, \$6,337,340 to secure customers who paid \$1 per 1,000 feet in case it was decided that only 80 cents could be charged.

In December, 1907, the Federal Court decided that the law was unconstitutional, but the case has been appealed.

Stock.....Par \$100.....Authorized, \$100,000,000Issued, \$80,000,000

In March, 1900, the stock of the company was increased from \$39,078,000 to \$54,595,200 to carry out the terms of purchase of the New York Gas & Electric Light, Heat & Power Co. An amount of \$13,648,800 of stock was subscribed for by the stockholders at \$150 per share.

In August, 1903, \$6,562,598 of additional stock was issued for the purpose of providing for improvements and construction work. This increased the outstanding stock to \$80,000,000. Stockholders of record, August 27, 1903, were given the right to subscribe for the new stock at 150 to the extent of 9 per cent. of their holdings. The rights expired September 9, 1903. See below regarding rights given to stockholders in 1904 of subscription for \$20,000,000, 6 per cent. convertible debentures.

Stock is transferred at the office of the company, New York. Registrar, Farmers' Loan & Trust Co., New York.

Dividends are paid quarterly, March (15), June, September and December. In June, 1893, dividends were increased from the rate of 6 per cent. to 8 per cent. per annum. In June, 1899, owing to the reduction of gas prices caused by competition, the company reduced the quarterly dividend to 1½ per cent., and in the following September to 1 per cent., which rate was maintained until September, 1900, when 2 per cent. was paid and continued to be the regular rate until December, 1904, when the quarterly dividends were raised to 2½ per cent., making the annual rate 10 per cent., which continued to be paid until June, 1905, when it was reduced to 2 per cent., which was the quarterly rate until March, 1906, inclusive. The June, 1906, and subsequent dividends have been 1 per cent. quarterly.

See statement of the Westchester Lighting Co. for details of the funded debt of that company and of the New York & Westchester Lighting Co.

The 5 per cent. debentures (\$3,000,000 authorized) were issued in 1888 to retire maturing bonds and provide for extensions and improvements. The two issues of 6 per cent. collateral notes were created and sold in August, 1907, and January, 1908 respectively. They are secured by the stock of the New York Edison Co.

The 6 per cent. debentures were issued in 1904, and are convertible into stock at par July 1, 1907, or any subsequent interest date. Stockholders of record June 8, 1904, had the right to subscribe for the same at par to the extent of 25 per cent. of their holdings.

The New York Gas & Electric Light, Heat & Power Co. has \$45,200,000 of stock. That company acquired the Edison Electric Illuminating Co. of New York, the stock of which was pledged as security for \$21,000,000 of 4 per cent. purchase money bonds and various other electric companies. The Consolidated Gas Co. bought the stock of the New York Gas & Electric Co. with an issue of \$36,000,000 of 4 per cent. debentures, redeemable in its own stock at \$232 for the latter. All of the debentures have been retired.

The approximate earnings of the company for 1903 were: net over interest charges, \$8,475,080; dividends, \$5,975,080; surplus, \$2,500,000. In 1904 net was stated to be about \$9,000,000; dividends, \$6,400,000; balance, surplus, \$2,600,000.

The amount expended for construction in 1902 was \$5,022,987; in 1903, \$7,035,796; in 1904, \$9,668,000.

CONSOLIDATED GAS, ELECTRIC LIGHT & POWER CO. OF BALTIMORE.

A corporation formed under the laws of Maryland, February 14, 1905. The company was a consolidation of the United Electric Light & Power Co., Baltimore, and the Wenstrom Electric Co. The company also acquired a majority of the stock of the Consolidated Gas Co. of Baltimore, and that company was merged June 20, 1906.

The company owns the entire capital stock of the Northern Electric Company, and practically the whole of the Mount Washington Electric Light and Power Company's stock. In January, 1907, the company acquired control of the Roland Park Electric & Water Company, through the purchase of its entire capital stock.

In November, 1907, the Baltimore Electric Company was leased for a term of 999 years. The common stock of the Baltimore Electric Company is owned by the Maryland Securities Company, and that company's stock is owned entirely by the Consolidated Gas, Electric Light and Power Company of Baltimore. Under the lease, this company guarantees the bonds of the Baltimore Electric Company, both principal and interest, and dividends of 5 per cent. on its preferred stock.

The company controls the entire gas and electric lighting business of the city. Its franchise is perpetual. The price of gas is \$1.00.

In March, 1907, a ten year contract, with the privilege of renewing for another ten-year term was entered into with the McCall's Ferry Power Company, for the transmission of power from the Susquehanna River, at McCall's Ferry, to Baltimore. This plant is under construction, and it is expected will be in operation in the winter of 1908-09. The Consolidated Company has a new 13,000 K. W. generator, at Westport, Md., and an extension is in progress.

DETROIT, MACKINAC & MARQUETTE RAILROAD LAND GRANT

Land grant 7 per cent. income bonds to the amount of \$4,560,000 were created and issued by the Detroit, Mackinac & Marquette Railroad Co., which about 1881 built a line from St. Ignace, Mich., to Marquette, Mich. The company received from the State of Michigan a land grant of some 1,307,120 acres in the upper peninsula, situated in the counties of Chippewa, Mackinac, Marquette and Schoolcraft. These lands, under certain conditions, were pledged as security for the land grant bonds. The Detroit, Mackinac & Marquette Railroad was sold at foreclosure October 20, 1886, and was acquired and reorganized by the syndicate which constructed the Duluth, South Shore & Atlantic Railway. It now forms part of that system. Under the reorganization the holders of the land grant bonds retained their lien upon the lands.

Land grant income bonds, registered, due October, 1911, April and Oct..... \$1,390,000

Under the instrument securing the bonds only 25 per cent. of the proceeds of lands sold were applicable to the payment of interest, the balance being applied to the expenses of the trust and redemption of bonds. Under this provision and the provision for locating land, with bonds, \$2,842,000 of the bonds have been retired by purchase, and \$324,000 retired in payment for lands, leaving the above amount outstanding.

Interest payments upon the bonds have been as follows: In 1892, 2 per cent.; in 1893, 2 per cent.; in 1894, 2 per cent.; in 1895, 2 per cent.; in 1896, 2 per cent.; in 1897, 2 per cent.; in 1898, 2 per cent.; in 1899, 2 per cent.; in 1900, 2 per cent.; in 1901, 2 per cent. The payments were semi-annual of 1 per cent. each in April and October at the Central Trust Co., New York. The October, 1902, payment was increased to 1½ per cent. In 1903, the payments were 3½ per cent. each, in April and October, or 7 per cent. for the year. In 1904 and 1905, 7 per cent. was also paid. In April, 1906, paid 3½ per cent., but the October, 1906, rate was 1 per cent. No interest payments were made in 1907. On April 6, 1908, 1 per cent. was paid.

In August, 1902, a sale was made of 1,000,000 acres for \$1,250,000, payable in four instalments, the first payment having been made in June, 1902. During 1903 and 1904, the Trustees purchased and retired over \$1,100,000 bonds with the proceeds of the above and other sales. The unsold lands, January 1, 1908, were 182,547 acres.

DISTILLERS SECURITIES CORPORATION

A corporation formed under the laws of New Jersey, September 18, 1902. The company
 was organized to acquire the stocks and property of the Distilling Co. of America and to readjust
 and simplify the capital of that company. See full statement of the Distilling Co. of America
 and its constituent concerns in the MANUAL for 1902.

The Distillers Securities Corporation acquired 90 per cent. of the preferred stock and 92 per
 cent. of the common stock of the Distilling Co. of America. The companies controlled by the
 Distilling Co. of America are engaged in the manufacture, distribution and sale of spirits, alcohol,
 Kentucky or Bourbon whiskey, rye whiskey, and their compounding and blending. The spirits
 and alcohol business is conducted by the American Spirits Manufacturing Co. and the Standard
 Distilling & Distributing Co. The Bourbon whiskey business is conducted by the Kentucky
 Distilleries & Warehouse Co., and the rye whiskey business by the Hannis Distilling Co. In

October, 1906, a new subsidiary company was organized under the title of United States Industrial Alcohol Co. to manufacture denaturized alcohol in the interest of this company. The Distillers Securities Corporation controls the organization in question and guarantees the dividends of 7 per cent. per annum on its preferred stock, which has no voting power.

GENERAL ELECTRIC CO.

A corporation formed under the laws of New York, April 15, 1892, to combine the interests of the Edison General Electric and Thomson-Houston Electric Companies. The company owns all the stock of those corporations. It has works at Schenectady, N. Y.; Lynn, Mass., and Harrison, N. J., for manufacturing machinery and electric supplies. In 1901 the company bought a controlling interest in the British Thomson-Houston Co., Limited. In 1902 the Sprague Electric Co. was acquired. In 1903 it obtained control of the Stanley Electric Manufacturing Co. This company owns the entire stock of the Electrical Securities Corporation, organized in 1904 as a financing corporation. See statement of the latter company. The Electric Bond & Share Co. is also controlled.

Stock.....Par \$100.....Authorized, \$80,000,000.....Issued, \$65,167,400

The company had \$2,551,000 preferred stock, which was 7 per cent., cumulative, but had no preference as to assets, all of which has been retired. In July, 1900, it was decided to increase the common stock, then \$18,276,000, by the issue of \$4,415,000 to retire the \$5,298,000 outstanding 5 per cent. debentures. See below. In 1901 the common stock was increased to \$45,000,000 and the preferred stock was exchanged for common, share for share. In 1904 the stockholders received the privilege of subscribing at par for 10 per cent. of their holdings in new stock, the amount issued being \$4,381,200. In December, 1905, the authorized stock was increased from \$48,325,500 to \$60,000,000, and \$6,034,000 of the new stock was subscribed for at par by the stockholders to the extent of 12½ per cent. of their holdings. In November, 1906, a

further increase of the authorized stock to \$80,000,000 was voted and \$10,861,200 was offered at par to stockholders in the proportion of 1 share of new for each 5 shares of old stock, the payments for which were made half on January 16, 1907, and half on April 16, 1907.

Transfer Agents, Farmers' Loan & Trust Co., New York; American Trust Co., Boston. Registrars, Guaranty Trust Co., New York; Old Colony Trust Co., Boston.

Last dividend paid on the old preferred stock was $3\frac{1}{2}$ per cent., July 1, 1893; on common, 2 per cent., quarterly, August 1, 1893. The November, 1893, dividend was passed.

Payments on account of the back preferred dividends (on the amount of old stock) were: November 15, 1898, $11\frac{1}{2}$ per cent.; December 22, 1898, $17\frac{1}{2}$ per cent.; January 31, 1899, $11\frac{1}{2}$ per cent.; March 8, 1899, $19.05\frac{1}{2}$ per cent., completing the entire amount of back dividends.

On August 17, 1899, the payment of regular half-yearly dividends of $3\frac{1}{2}$ per cent. on the preferred stock were resumed, and were paid regularly while the preferred was outstanding in January (31) and July. Dividends on the common stock were resumed by the payment of $1\frac{1}{2}$ per cent. July 15, 1899, and were continued quarterly at the same rate until October 15, 1900, when 2 per cent. was paid, putting the stock on an 8 per cent. basis, which has been the regular rate since then. The January, 1901, dividend was 2 per cent. regular and 1 per cent. extra. Dividends on the common are paid quarterly, January (15), April, July and October.

The stock was originally \$4,252,000 7 per cent., cumulative, preferred stock and \$30,468,000 common. The dividends on preferred were unpaid from July 1, 1893, to August, 1898, amounting to \$1,527,885. In 1898 it was decided to charge off the debit to the company's profit and loss and impairment of capital by a reduction of the stock, making it three-fifths of the old amount. Resolution to this effect was adopted by the stockholders on August 17, 1898. Old stock was exchanged on this basis for the new. There was objection and litigation on part of the old preferred stockholders, but this was settled, and during the autumn and winter of 1898 payment of the accumulated back dividends was liquidated. On July 15, 1902, a stock dividend of $66\frac{2}{3}$ per cent. was paid, a compensation for the surrender of stock in 1898, the amount of new stock thus distributed being \$16,812,600.

GREAT NORTHERN IRON ORE PROPERTIES.

A trust created under an agreement dated December 7, 1906, between the Great Northern Railway Co. and the Lake Superior Co., Limited (a subsidiary and controlled organization of the Great Northern Railway Co.), whereby control of certain iron ore lands and other properties, title to which had been held by the Lake Superior Co., Limited, and of which a large part were subsequently leased to the Great Western Mining Co. (a subsidiary company of the United States Steel Corporation), was transferred to trustees to be held for the benefit of the stockholders of the Great Northern Railway Co., of record December 6, 1906, or their assigns. In October, 1906, it was announced that the owners of the \$150,000,000 share capital of the Great Northern Railway Co., of record December 6, 1906, would receive certificates of a beneficial interest in the ore properties at the rate of one share of said certificates (the same having no par value), for each \$100 share of Great Northern Railway stock they held. See separate statement of the Great Northern Railway Co., in the Railroad Section of the *MANUAL*. See below for the terms of lease of the ore lands.

Certificates of ben. interest... Par (none)... Authorized, 1,500,000 shares... Issued 1,495,720 shares.

Certificates are transferred at the office of the Trustees, 32 Nassau street, New York.

The first dividend was \$1 per share paid September 16, 1907. A second dividend, also \$1 per share, was payable March 16, 1908.

The iron ore lands covered by the trust agreement and the lease comprise an extensive acreage in the northern portion of Minnesota. The lease provides that the lessee shall mine and ship from the properties a minimum of 750,000 tons of ore in the year 1907, and that the amount shall increase by 750,000 tons each year until it reaches 8,250,000 tons, the annual minimum to be thereafter that amount until the ore is exhausted, unless the lease is terminated on January 1, 1915, under an option reserved to the lessee. Under the lease, the royalty to be paid for the ore is \$1.65 per gross ton for ore containing 59 per cent. of metallic iron, the royalty to be increased or decreased on a fixed scale, as the ore may be higher or lower in grade than the above percentage of iron. The royalty of \$1.65 per ton applies to ore mined and shipped in 1907, and the base price increases at the rate of 3 4-10 cents per ton each succeeding year. The lease of the ore properties to the Great Western Mining Co. is guaranteed by the United States Steel Corporation.

GREENE CANANEA COPPER CO.

THE GREENE CONSOLIDATED COPPER CO.

CANANEA CENTRAL COPPER CO.

A corporation formed under the laws of Minnesota December, 26, 1906. The company was organized to acquire the stocks of the Greene Consolidated Copper Co., and the Cananea Central Copper Co., in accordance with a plan formed in December, 1906, and formally submitted to the stockholders of the companies involved by a circular of February 15, 1907. See below for details of the plan, also the subjoined statements of the constituent companies. It was stated that the corporate existence of the latter would be maintained until all their stock had been voluntarily exchanged for stock of this company.

In November, 1907, it was announced that the company's mines would be closed down for the time being.

Stock Par \$20 Authorized, \$60,000,000 Issued, \$50,000,000

The stock is full paid and non-assessable. The amount given as issued is that applicable under the plan for the acquisition of the constituent companies' stocks.

Transfer Agents, New York Trust Co., New York; City Trust Co., Boston. Registrars, Bankers Trust Co., New York; State Street Trust Co., Boston.

Under the plan, holders of the \$10,000,000 stock of the Greene Consolidated Copper Co., of the par value of \$10 per share, were offered in exchange for each share thereof, $1\frac{3}{4}$ shares of Greene Cananea stock.

Holders of the \$6,000,000 stock of the Cananea Central Copper Co., of the par value of \$10 per share, were offered in exchange for each share thereof $1\frac{3}{4}$ shares of Greene Cananea stock.

The agents for making the exchange for both stocks were the New York Trust Co., New York, and the City Trust Co., Boston. The deposits to commence March 1, 1907, the offer terminating April 1, 1907, but was extended indefinitely. It was provided that where a depositor would become entitled to a fractional amount of the new stock, the exchange agents would either sell a sufficient fraction to make up a full share, or purchase the fractional amount from the holder, in either case upon the basis of the market quotation on the date of the exchange.

The first annual report, covering the year 1907, showed receipts, \$125,012; cash balance, December 31, 1907, \$11,328.

THE GREENE CONSOLIDATED COPPER CO.—A corporation formed under the laws of West Virginia in 1899. The company is the owner of a large copper mining property at Cananea, Sonora, Mexico, and controls a subsidiary and operating organization, the Cananea Consolidated Copper Co. The property comprises over 10,000 acres. The mines are fully developed, large ore bodies having been opened up. The company has a smelter with a daily capacity of 1,500 tons, with large concentrating plants, etc., with 11 miles of narrow gauge railroad track connecting the mines and smelters, and owns 52 kilometers of standard gauge. The total product in 1901 was 28,826,854 pounds of copper; in 1902, 38,268,407 pounds; in the year ending July 31, 1903, the output was 42,310,544 pounds of copper; in 1903-04, 55,014,339 pounds; in 1904-05, 63,005,848 pounds, and in 1905-06, 55,943,739 pounds.

In 1904 control of the Rio Grande, Sierra Madre & Pacific Railroad Co. was acquired by interests identified with this company. In 1906, this company acquired \$7,650,000, or 51 per cent. of the \$15,000,000 stock of the Sierra Madre Land and Lumber Co., which controls 2,325,000 acres of timber land.

In 1905-06, this company added largely to its mineral land holdings, and in July, 1906, sold 4,000 acres to the Cananea Central Copper Co., for \$2,000,000 in full paid stock, for \$10 per share of the latter. This stock it is stated was sold for \$4,000,000 to parties connected with the formation of the Greene-Cananea Copper Co.

In 1906, arrangements were made to combine this company and the Cananea Central Copper Co., through an exchange of their stocks for that of the Greene Cananea Copper Co.. Under date of February 15, 1907, stockholders of this company were invited to exchange each share par value \$10, for 1½ shares of Greene Cananea stock par value \$20, deposit for exchange to commence March 1, 1907. Agents for the exchange and depositaries under this plan, New York Trust Co., New York, and City Trust Co., Boston.

See statement of the Greene Cananea Copper Co., above.

THE HOMESTAKE MINING CO.

A corporation formed under the laws of California, November 5, 1877. The property of the company consists of 154 mining claims, aggregating about 927 acres, located in the White Wood mining district in the Black Hills, near Lead, Lawrence Co., South Dakota. The company has a large mining plant for the operation of the gold-bearing veins upon its property, comprising a stamp mill, cyanide works, electric light plant, sawmill, etc. In 1899 the company acquired the Highland Mining Co., the property of which, adjoining the Homestake mine, comprises seventeen mining claims of about 73 acres, with a mill of 140 stamps, hoisting works and other necessary machinery. In the same year this company acquired the Black Hills Canal & Water Co., the property of which consists of forty miles of ditches, flumes, pipe lines, with necessary reservoirs and improvements and water rights covering the water supply of the Deadwood and Lead districts.

This company also owned the Black Hills & Fort Pierre Railroad Co., but sold the same.

Stock..... Par \$100..... Authorized, \$22,000,000..... Issued, \$21,840,000

In November, 1899, the capital stock of the company was increased \$8,500,000, in order to provide for the absorption of the Highland Mining Co., Black Hills Canal & Water Co. and Black Hills & Fort Pierre Railroad Co.

Transfer Agents, Lounsbury & Co., 15 Broad street, New York.

The company has paid monthly dividends since January, 1879, the payments in 1903 and 1904 being 25 cents per share per month. In 1905, paid 25 cents per month in January, February and March, and for the remainder of the year 50 cents per month. In 1906, the payments were 50 cents each month, which was also the rate in January, February, March and April, 1907. Dividends were, however, suspended in May, 1907, in consequence of a fire in the mine, and were not resumed until January, 1908, when 50 cents monthly payments recommenced. To 1907, inclusive, the total dividends paid were \$15,643,550.

HOUSTON OIL CO. OF TEXAS

A corporation formed under the laws of Texas in July, 1901. The purposes of the company are to acquire, deal in and develop oil and lumber lands in Texas. The company acquired about 1,000,000 acres of oil and timber lands in the Beaumont region of Eastern Texas. The company also had about 100 oil wells in the Corsicana, Tex., field and has a large interest in the Higgins Oil & Fuel Co. It contracted to sell to the Kirby Lumber Company about 8,000,000,000 feet of standing yellow pine timber of 12 inches and upwards, to be paid for semi-annually. This contract was assigned to the Maryland Trust Company, Baltimore, as trustee, which company issued \$7,025,000 of 6 per cent. certificates of beneficial interest in said contract, redeemable in February and August instalments of each year. These certificates were guaranteed by this company and secured by a mortgage on its property. The February, 1904, instalment of the timber certificates and interest were defaulted, and in the same month both this company and the Kirby Lumber Company were placed in the hands of Receivers.

Of the above described certificates of beneficial interest, the series maturing up to August 1, 1907, have been paid off leaving \$5,135,000 outstanding. The coupons due August 1, 1905, were paid in January, 1906. The coupon due February 1, 1908, was paid at maturity. See statement of the Kirby Lumber Co.

In February, 1904, a committee, George W. Young, New York, Chairman, invited holders of the timber certificates to deposit them with the United States Mortgage & Trust Co., New York, under a protective agreement. A committee, J. S. Bache, New York, Chairman, represents the stockholders.

In August, 1905, it was stated that a reorganization plan had been agreed upon, under which a new company, to be called the Southwestern Development Co., would be formed with an authorized capital consisting of \$20,000,000 common and \$12,000,000 6 per cent. cumulative stock, together with \$1,500,000 1st mortgage 5 per cent. 10 year bonds and \$2,500,000 income bonds. The execution of the plan was, however, delayed, but it was reported in the early part of 1908, that a settlement of the pending difficulties was under consideration.

HUDSON & MANHATTAN RAILROAD CO.

A corporation formed under the laws of New York, December 5, 1906. The company is a consolidation of the Hudson & Manhattan Railroad Co., a New York corporation formed March 20, 1903, with the New York & Jersey Railroad Co., a New York corporation formed February 11, 1902. Previous to the above consolidation the Hoboken & Manhattan Railroad Co. a New Jersey corporation, had been merged with the Hudson & Manhattan Railroad Co. Separate statements of the old Hudson & Manhattan and of the New York & Jersey Railroad Co. were given in the MANUAL for 1906.

The Hudson Companies financed the consolidation and the construction of the tunnels. See below for separate statement of the company in question.

The company was organized to construct and operate electrically equipped tunnels for passenger service under the Hudson River from Jersey City and Hoboken to New York, with subways and terminals in the latter city. On February 25, 1908, the first section, consisting of twin tubes from Hoboken to Morton street, New York, and thence to 6th avenue and 19th street, New York, was formally opened, the distance being about 3 miles. The second section, consisting

of twin tubes extends from Jersey City to Cortlandt and Church streets, New York, where large terminal and office buildings are being constructed. The office buildings were ready for occupancy in April, 1908, among the prominent tenants being the United States Post Office Department, Erie Railroad Co., Southern Railway Co., American Bridge Co., Carnegie Steel Co., General Electric Co., American Locomotive Co. and American Steel & Wire Co. The first or northern section is being extended up 6th avenue, New York, to a terminal station at 32d street, with branch to a connection with the New York Interborough Rapid Transit subway at 9th street and 4th avenue. The entire system will be completed during 1908. The two lines will also be connected by a subway in Jersey City and Hoboken and connections made with the various railway terminals in those cities, as well as with the surface traction lines in New Jersey. The company has a 500-year contract with the Pennsylvania Railroad Co. to handle the latter's downtown traffic between New York and Jersey City and will, with that company, operate a joint service between Newark, N. J., and New York City.

A corporation organized under the laws of New York, December 27, 1903. The company controls, through stock ownership, the Hudson River Water Power Co., Hudson River Electric Co. and Hudson River Power Transmission Co., together with various sub-companies owned by the last two named, altogether constituting a group of properties under one ownership, exclusively supplying Central and Eastern New York State with electrical power.

The company owns a masonry dam at Spier Falls, 90 feet high and 1,600 feet in length, which furnishes a minimum of 25,000 horse-power in the dryest portion of the year and up to 50,000 horse-power at other times. The power house adjoins the dam, from which transmission lines convey the current to Albany, Troy, Saratoga, Schenectady, Watervliet, Ballston, Fort Edward, Glens Falls, Sandy Hill, Amsterdam, and other points. At Utica the company owns and operates an auxiliary steam turbine station of 10,000 horse power capacity, which will be connected with the Spier Falls water-power generating plant, the latter supplying power from its surplus flow two-thirds of the year leaving the steam plant to maintain the higher load through the remaining summer months. Contracts for power are in operation with the Utica & Mohawk Street Valley Railway, the traction operating company of the New York Central & Hudson River Railroad Co., the General Electric Co., at Schenectady, the United Traction Co., supplying street railway facilities to Troy and Albany, the lighting companies of the same cities and with various users of power.

--------------------------	------------------------------	--------------------

Stock is transferred at the office of the company, Chicago. Registrar, American Trust & Savings Bank, Chicago.

The company's authorized stock consisted of \$5,000,000 common, and \$4,000,000 6 per cent. cumulative preferred, of which \$4,350,500 common and \$3,550,500 preferred was issued and outstanding.

In January, 1905, it was proposed to reduce the company's stock to \$4,000,000, all of one class. The plan included the cancellation of the treasury stock, the purchase at \$60 per share of \$125,300 preferred stock and its cancellation, and an exchange of the old stocks remaining for the new, the preferred dollar for dollar and the common on the basis of six shares of old for one of the new stock. This plan was ratified in May, 1905, and carried out.

For the nine months of 1900, after the formation of the company, a dividend of $4\frac{1}{2}$ per cent. was paid on the old preferred stock in April, 1901. In November and December, 1901, paid 3 per cent. each, or 6 per cent. for that year. In November and December, 1902, paid 3 per cent. each, or 6 per cent. for that year. No dividends were paid in 1903. In July, 1904, October, 1904, and December, 1904, dividends of 2 per cent. were paid, making 6 per cent. for the year. In April, 1905, 2 per cent. was again paid on the old preferred stock.

The first dividend on the \$4,000,000 of new stock was $1\frac{1}{2}$ per cent., paid July 15, 1905, and similar dividends were paid October 15, 1905, January 15, 1906, and April 19, 1906. The July, 1906, dividend was, however, not paid. In October, 1906, 1 per cent. was paid, which was also the rate of subsequent quarterly dividends to January 15, 1908, inclusive.

The company's earnings in 1907 were \$105,394. On December 31, 1907, the total surplus was \$176,239.

INTERBOROUGH RAPID TRANSIT CO.

(Controlled by Interborough-Metropolitan Co.)

A corporation formed under the laws of New York, May 6, 1902. The company was organized to operate the Rapid Transit Subway in New York City. It acquired all the stock of the Rapid Transit Subway Construction Co. The latter company was a New York corporation, formed in February, 1900. A full statement regarding it was given in the *MANUAL* for 1902. The Rapid Transit Subway Construction Co. took an assignment of the contract awarded by the Rapid Transit Commission and the Municipality of New York in 1900 to John B. McDonald for the construction and operation of a subway in that city.

The subway is a four-track line of road, operated by electricity, extending from the City Hall via Park avenue and 42d street and Broadway to 103d street, with two-track extensions, partly viaduct, to Kingsbridge and to Bronx Park. A further extension was also contracted for from the City Hall southward to the Battery and thence by tunnel under the East River to the Borough Hall Brooklyn and to a connection with the Long Island Railroad at Atlantic avenue, $2\frac{1}{2}$ miles. The section of the road from City Hall, to as far as 145th street on the west side, was opened October 27, 1904, the line to Kingsbridge being nearly completed in February, 1906, and the east side extension, as far as 145th street, on November 23, 1904, and in July, 1905, to West Farms. The part of the southern extension, from City Hall to the Battery, was also opened in July, 1905. The tunnel to Borough Hall, Brooklyn was completed and opened for traffic in January, 1908. Total of the subway lines operated, 72.88 miles.

The company, in 1904, acquired control of the New York & Queens County Railway Co., owning all its capital stock, this system including $74\frac{1}{2}$ miles of electric surface lines in Long Island City. It is also joint owner with the Long Island Railroad Co. of the New York & Long Island Traction Co., 30 miles, and the Long Island Electric Co. See separate statements of the New York & Queens County Railway, and New York & Long Island Traction Co's. The surface lines controlled aggregate, 154.03 miles of track. The New York & Long Island Railroad Co., which is building a tunnel from 42d street and 4th avenue, Manhattan, to Long Island City, is controlled. This work was nearly completed in February, 1908, when it was stated that negotiations for its sale to the City of New York were in progress.

In January, 1903, this company leased the Manhattan (elevated) Railway Co. See below.

The arrangement with the City, under the contract entered into in January, 1900, which contract was assigned to the Rapid Transit Subway Construction Co., included provisions that the City should issue bonds to the amount of \$35,000,000 to pay for the construction of the tunnel, and that the contractor should give a bond of \$5,000,000 for the construction and equipment of the road and a continuing bond of \$1,000,000, four and a half years being allowed for the completion of the work. Under the terms of the agreement the contractor is to have a lease of the road for fifty years, with the right to renew the same for twenty-five years additional. The rental provided for is the amount of interest paid by the City on its bonds, issued for the purpose, including interest during construction, and in addition 1 per cent. per annum on such cost of construction, there being provisions in regard to an increase of the rental when the gross earnings of the property exceed \$5,000,000 per annum. In case of a renewal for twenty-five years, the rental shall be not less than the average amount paid by the company for the last ten years of the original lease.

The company is to provide and pay for the electrical equipment, rolling stock and other accessories of the road, the estimated cost of which was about \$20,000,000.

The arrangement in connection with the construction of the line between the City Hall, Manhattan, and Atlantic avenue, Brooklyn, was that the company shall build the same for \$3,000,000, supplied by the City, but this part of the work will cost considerably more than that sum.

The bonds created by the City in connection with the construction of the subway are both 3 per cent. and $3\frac{1}{2}$ per cent., and issued as the work progressed, payments by the City to the con-

tractor being made by instalments as the work progresses. In October, 1907, \$48,394,050 of City bonds had been issued.

In December, 1902, the company made a lease of the property of the Manhattan Railway Co. for 999 years, from April 1, 1903. The rental under the lease is 6 per cent, per annum on the stock of the Manhattan Railway Co. from the date of the lease to January 1, 1906, and 1 per cent, additional if earned. After January 1, 1906, the rental will be 7 per cent, per annum on the stock of the leased company. See the separate statement of the Manhattan Railway Co. in this edition of the MANUAL.

Stock.....Par \$100.....Authorized, \$35,000,000.....Issued, \$35,000,000

At the end of 1907, the Interborough-Metropolitan Co. held \$33,912,500 of this company's stock. See statement of the company in question above.

Transfer Agent, August Belmont & Co., New York. Registrar, Guaranty Trust Co., New York.

Of the stock authorized and outstanding, \$13,600,000 was originally full paid. The balance was paid in instalments, the last of which was due June 1, 1903. All the stock is now full paid. See below for the terms under which the company's stock was increased.

All the stock of the company is held in a voting trust, the trustees being E. Mora Davison, B. Hamburger and Charles B. Ludlow.

The 1st dividend paid on the stock was 2 per cent., July 1, 1904. On January 2, 1905, 3 per cent. was paid. These dividends, it was understood, represented surplus profits derived from the lease of the Manhattan Railway Co. In January, 1905, it was announced that dividends would henceforth be paid quarterly, and the dividend paid April 4, 1905, was 1½ per cent, quarterly. The July, 1905, dividend was, however, 2 per cent., which was also the rate paid in October, 1905, and January and April, 1906. The July, 1906, and subsequent quarterly dividends have been 2½ per cent each.

The Rapid Transit Subway Construction Co. had \$6,000,000 of stock, all common shares. On this, in May, 1902, 60 per cent, had been paid in in cash. It was then determined to form another company to complete and operate the subway, and the Interborough Rapid Transit Co. was organized to carry out the plan with an authorized capital of \$25,000,000.

When the present company was formed the \$6,000,000 of stock of the Rapid Transit Subway Construction Co. was exchanged for 160 per cent, of its face, or \$9,600,000 in full-paid stock of the Interborough Rapid Transit Co. The stockholders of the Rapid Transit Subway Construction Co. were also given the right to subscribe for 150 per cent, of their original holdings in Interborough Rapid Transit stock at par, being \$9,000,000 of the latter, subscriptions being payable in instalments.

In August, 1902, the authorized stock of the Interborough Rapid Transit Co. was increased from \$25,000,000 to \$35,000,000 in order to provide for the construction of the subway extension from the City Hall, Manhattan, to Atlantic avenue, Brooklyn. The additional stock, as well as the amount of the original authorized stock (\$6,400,000), which remained unissued when the company was formed, were also, it is understood, subscribed for by the stockholders.

The stock was originally \$120,000,000 all common. In January, 1906, a proposition was submitted for dividing the stock into \$60,000,000 of common and \$60,000,000 7 per cent. cumulative preferred stock, the latter to carry dividends from February 15, 1907. The arrangement in carrying this out was that for each 2 shares of the old stock, holders would receive 1 share of new preferred and 1 share of new common.

The articles of incorporation originally provided that if an increase of stock shall be voted such increase shall be common stock, while the original stock will become 6 per cent. cumulative preferred. The stock is held in a voting trust, the trustees of which are George W. Perkins, Charles Deering and Cyrus H. McCormick.

The first dividend on the stock of the company was 3 per cent., paid November 10, 1903. A second dividend of 4 per cent. was paid November 10, 1904, and 4 per cent. was also paid November 10, 1905, and November 12, 1906. No dividends in 1907.

The net earnings of the company, deducting amounts set aside for depreciation, are stated to have been as follows: in 1903, \$5,641,181; in 1904, \$5,709,712; in 1905, \$7,501,585; in 1906, (partly estimated) \$8,622,446.

INTERNATIONAL MERCANTILE MARINE CO.

A corporation formed under the laws of New Jersey, June 6, 1893, under the title of the International Navigation Co., the name having been changed to the present style in 1902. The International Navigation Co. owned and operated the American and the Red Star lines of steamships. See statement of the company given in the *MANUAL* for 1902. This change of name, together with an accompanying increase in the capitalization of the company, was in pursuance of a plan to unite the ownership of a number of the principal companies carrying on a transatlantic steamship service. The plan was financed by a syndicate of American and British capitalists headed by J. P. Morgan & Co., New York.

The properties acquired included: 1. All the shares, being 750 in number of £1,000 each of the Oceanic Steam Navigation Co., Limited, together with new vessels building for that company and all rights in the White Star Line, name, etc.; also the business of Ismay, Imrie & Co., agents of the line, excluding certain properties and rights reserved.

2. All the shares of the Dominion Line (the British & North Atlantic Steam Navigation Co., Limited, and the Mississippi & Dominion Steamship Co., Limited), including all new vessels building, name and good-will; also the business, etc., of Richards, Mills & Co., agents of the line, except certain properties and rights specified.

3. The capital stock, properties and assets of the International Navigation Co. (American and Red Star lines), including new vessels building.

4. The capital stock and property of the Atlantic Transport Co., Limited, and Atlantic Transport Co. of West Va., including new vessels building.

5. 118,463 ordinary shares and 58,703 preference shares of Frederick Leyland & Co., Limited, viz., £1,184,630, out of a total of 120,000 shares of the common stock, also £58,703 of the £1,414,350 preferred stock, but none of the 4 per cent. debentures.

The White Star Line and the Dominion Line were to be taken over as of January 1, 1901, with interest on the purchase prices at 5 per cent. to the date of payment.

The tonnage of all the lines acquired aggregates about 1,000,000 tons. The constituent properties were taken over on December 1, 1902.

A feature of the agreements entered into for the acquisition of the White Star Line properties was that all orders for new vessels and for heavy repairs, requiring to be done at a shipyard of the United Kingdom, were to be given to Harland & Wolff, of Belfast, Ireland, but that this should not prevent placing orders for new steamers and repairs at shipyards in the United States. In return, Harland & Wolff agreed not to build ships for any persons not in the combination, except the Hamburg-American Co., so long as orders from the combination keep their works employed. Harland & Wolff are to be paid the cost of the work plus 5 per cent. on new ships, 10 per cent. on new machinery in old vessels, and 15 per cent. on repairs. This agreement runs for ten years and is terminable thereafter only on five years' notice from either party.

The company entered into a contract with the British Government, for 20 years, renewable on five years' notice by either party, according to the terms of which the British vessels belonging to companies acquired by this company, shall remain British. A majority of the directors of the English subsidiary companies shall be of British nationality, the vessels shall fly the British flag, their officers are to be British, and a reasonable proportion of their crews are to be drawn from the same nation.

At the beginning of 1906 the company's fleet comprised 126 steamships in service, with tugs, barges and other floating equipment. Its steamers represented a gross tonnage of 997,145 tons. There were also 3 steamships building with 66,124 tons capacity.

The 4½ per cent. bonds were created and issued in 1902 in connection with the plan for the formation of this company. Interest on the debentures is paid at the office of the company. The company has the right to redeem the bonds at any time after five years at 105. The bonds were sold to the syndicate, which financed the organization.

The 1st mortgage 5 per cent. bonds of the International Navigation Co. were created in 1899. The authorized amount of the bonds is \$20,000,000. Interest on the bonds is paid at the company's office. These bonds are subject to call at par after 1909, and a sinking fund of \$250,000, rising to \$500,000 per annum to retire them, begins May 1, 1905, and after February 1, 1909, are drawn by lot at par.

The agreements in relation to the formation of the company and the terms on which the various properties were acquired were given in detail in the MANUAL for 1903.

INTERNATIONAL PAPER CO.

A corporation formed under the laws of New York, January 31, 1898. It owns paper manufacturing plants in New York and the New England States, a detailed list of which is given in the *MANUAL* for 1903.

The company and its subsidiary companies hold fee simple title to about 1,000,000 acres of spruce woodlands in New York, New England, Michigan and Canada, and timber rights on over 3,000,000 acres in Canada. In 1901, the American Realty Co. was organized in the interest of this company to hold a portion of the company's woodlands in Maine. The plants have a developed water power of 170,000 horse-power, producing about 1,700 tons of news, wrapping and miscellaneous paper per day. The company controls the Continental Paper Bag Co. of Rumford Falls, Me.

The preferred stock is 6 per cent., cumulative. The preferred may be increased to retire the company's bonds. Stock is transferred at the office of the company, New York. Registrar, Metropolitan Trust Co., New York.

The first regular quarterly dividend of $1\frac{1}{4}$ per cent. on the preferred stock was paid July 11, 1898, and such quarterly dividends have since been paid regularly in January, April, July and October, the date of payment being now the 15 of the respective months. The first dividend of 1 per cent. on the common stock was paid December 31, 1898, and two other quarterly dividends of 1 per cent. each were paid on the common in March and July, 1899, respectively. The October, 1899, dividend on the common was, however, passed, the management stating that the increased business of the company necessitated a larger working capital, and since then no dividends have been paid on the common stock.

The 1st consolidated 6 per cent. mortgage is for \$10,000,000. Bonds are convertible into preferred stock. Of the issue \$1,301,000 was reserved to retire prior liens outstanding on various properties of the company, which since its formation has retired \$1,006,000 of such liens, releasing an equal amount of its own bonds originally reserved for that purpose. The bonds are a first lien on the plants, water powers and woodlands of the company. Trustee of bonds, United States Trust Co., New York. Registrar of bonds and agent for the payment of interest, Metropolitan Trust Co., New York.

The consolidated 5 per cent. mortgage, Colonial Trust Co., New York, trustee, was created in 1905, and is for \$10,000,000. The bonds are convertible into preferred stock at par on any interest day, beginning July 1, 1907, and before 1917. There is a sinking fund of 2 per cent. of all bonds issued, and after 1909 they can be called at 105 and interest on any interest date. Of the bonds outstanding \$5,000,000 were offered to the stockholders at 90, the issue being underwritten by a syndicate. The purpose of the sale was to provide additional working capital and for improvements.

The preferred stock is 7 per cent., cumulative. In January, 1903, \$1,500,000 additional of preferred stock was issued for the acquisition of the United States Silver Corporation. Transfer Agent, American Exchange National Bank, New York. Registrar, New York Trust Co., New York.

The payment of dividends on the preferred stock was commenced in 1900, a quarterly dividend on the preferred of $1\frac{3}{4}$ per cent. being declared, payable April 1, 1900, but no other dividends were paid in 1900 or 1901. On January 1, 1902, 1 per cent. was paid on the preferred, and subsequent quarterly payments were on that basis, the dividend periods being January (1), April, July and October. The quarterly dividend paid April 1, 1907, was increased to $1\frac{1}{2}$ per cent. placing the stock on a 6 per cent. basis, but the April, 1908, dividend was reduced to 1 per cent. placing the stock on a 4 per cent. annual basis. There was $21\frac{3}{4}$ per cent. of unpaid cumulative dividends on the preferred on January 1, 1903, and it was decided to settle the claims of the preferred stock by an issue of non-interest-bearing scrip for the amount of the unpaid dividends, the scrip being retirable at the company's option. There is \$1,085,343 of the scrip outstanding. On March 1, 1907, an extra dividend of 1 per cent. was paid and on April 1, 1907, $1\frac{1}{4}$ per cent.

KINGS COUNTY ELECTRIC LIGHT & POWER CO.

A corporation formed under the laws of New York, June 26, 1890. It obtained its franchise from the City of Brooklyn by resolution of the City Council, adopted June 11, 1894. The company was reorganized in 1897. It controls practically all the electric current plants in the Borough of Brooklyn. It acquired the entire stock of the Edison Electric Illuminating Co. of Brooklyn, for which company see *MANUAL* for 1898. The Edison Electric Illuminating Co. acquired the Citizens' Electric Illuminating Co. in 1895, and in 1898 the Municipal Electric Light Co. The present company has erected a large power station at the foot of Gold street, Brooklyn.

Stock.....Par \$100.....Authorized, \$10,000,000.....Issued, \$10,000,000

Stock is transferred by the Secretary of the company, Brooklyn, N. Y. Registrar, Central Trust Co., New York.

In July, 1905, the authorized stock was increased from \$5,000,000 to \$10,000,000, and stockholders were offered the right to subscribe at par for \$3,200,000 new stock, payable on or before March 1, 1906, making the amount issued \$8,200,000. In November, 1906, stockholders were given the right to subscribe for the remaining \$1,800,000 stock at par, payable March 1, 1907, making the amount issued \$10,000,000.

The company paid an initial dividend of $1\frac{1}{2}$ per cent., quarterly, June 1, 1900, and similar dividends were subsequently paid quarterly in March, June, September and December, until June 1, 1903, when the rate was 2 per cent. for the quarter, or 8 per cent. per annum, which has since been the regular rate.

FUNDED DEBT

1st mort., gold, 5 per cent., due Oct., 1937, April and Oct.....	\$2,500,000
Purchase-money mort., 6 per cent., due Oct., 1937, April and Oct.....	5,176,000

Total.....\$11,951,000

The purchase-money bonds are secured by the deposit with the Central Trust Co., New York, trustee, of the Edison Illuminating Electric Co. shares acquired, a fund of \$1,000,000 cash invested in securities being also held by the trustee for the protection of the purchase-money bonds.

The Edison Electric Illuminating consolidated mortgage was authorized in 1898, originally of \$5,000,000 at 5 per cent. It was, at the time of the sale of its stock to the Kings County Co., increased to \$10,000,000, authorized, at 4 per cent., and \$2,000,000 was sold, being to pay for the stock of the Municipal Co. Of the remainder, \$1,875,000 was reserved to retire the \$1,500,000 of Edison 1st 5s, at 110 in 1900, the Edison stockholders having the right to subscribe for the bonds devoted to this purpose at 88. The balance of the issue may be used to provide for the company's future capital requirements. In 1900, \$2,275,000 of the consols were sold, of which \$1,875,000 were to retire the Edison 1st mortgage bonds, and \$400,000 to provide for extending the Edison Co.'s business.

The trustees of the mortgages and agents for the payment of interest on the different bond issues are as follows:

Kings County Co. 1st mort. 5s, Trust Company of America, New York.

Kings County purchase money 6s, Central Trust Co., New York.

Edison Electric Ill. 1st con. 4s, Morton Trust Co., New York.

KIRBY LUMBER CO.

A corporation formed under the laws of Texas in July, 1901. The company owns and operates about 15 saw-mills in the lumber region of Eastern Texas. It purchased some 8,000,000,000 feet of standing timber from the Houston Oil Co., of Texas, on stumpage contracts and it is closely identified with that company. In 1902 it acquired additional timber lands. See below regarding the receivership, etc. Also see statement of the Houston Oil Co., of Texas, for details concerning the relations between the two companies and the issue of timber certificates created in connection with the contracts referred to above.

The preferred stock is 7 per cent., cumulative. Transfer Agent, Planters & Mechanics Bank, Houston, Tex.

The Houston Oil Co., of Texas, having failed to deliver the 8,000,000,000 feet of timber which it had sold the Kirby Lumber Co. and further payments by the latter company on account of its contract to purchase same having been refused until the timber was furnished, the Maryland Trust Co., to which the timber payments had been assigned, brought suit in February, 1904, in the United States Court for the Southern District of Texas and Receivers were appointed for both the Houston Oil Co., of Texas, and the Kirby Lumber Co. Payments of interest and principal of the certificates have been made from time to time by the Receivers. See statement of the Houston Oil Co.

In February, 1904, a committee, George W. Young, New York, Chairman, invited the deposit of the timber certificates with the United States Mortgage & Trust Co., New York, under a protective agreement. In February, 1908, it was reported that a settlement of disputes was under negotiation.

THE KNICKERBOCKER ICE CO.

A corporation formed under the laws of Illinois in 1885. Under its charter the company is authorized to deal in ice, building material and merchandise, and to manufacture wagons, tools and machinery. In 1898 the company acquired practically all the ice organizations in and about the city of Chicago, Ill. Its property consists of 39 parcels of land in Chicago, with improvements valued at \$1,879,328, property in Illinois, Wisconsin and Indiana, comprising 75 parcels of land, about 3,785 acres, with 87 ice plants and buildings and improvements.

In December, 1906, Thomas, Maclay & Co., New York, announced that they had agreed to sell to the Western Ice Co. a majority of the stock of this company. In a circular dated December 17, 1906, they offered holders of Knickerbocker Ice Co. stock the privilege of selling their holdings on the following terms: for each share of Knickerbocker preferred \$90 in Western Ice general and collateral bonds and \$25 in Western Ice stock; for each share of Knickerbocker common \$80 in the Western Ice bonds and \$45 in the latter's stock. Certain stockholders objecting to the above plan a protective committee was formed to represent the Knickerbocker Ice Co. shareholders, J. N. Wallace, New York, Chairman, F. C. Randall, 54 Wall street, New York, Secretary. This committee instituted legal proceedings and in February, 1907, procured a temporary injunction. In September, 1907, an arrangement was made by the committee whereby the stockholders they represented were to receive 95 for the preferred and 66 for the common. Payments under this arrangement were deferred and in February, 1908 it was reported that the arrangement in question might not be completed.

THE LAKE SUPERIOR CORPORATION

A corporation formed under the laws of New Jersey, May 19, 1904. The company succeeded the Consolidated Lake Superior Co., which was reorganized under the plan referred to below. It acquired, either directly or through a subsidiary Canadian organization, all the capital stock of the various companies owning and operating manufacturing and other enterprises in or about Sault Ste. Marie, Ontario, the different companies being as follows:

Algoma Central & Hudson Bay Railway Co.	Lake Superior Power Co.
Manitoulin & North Shore Railway Co.	International Transit Co.
Algoma Commercial Company, Limited.	Trans St. Mary's Traction Co.
Algoma Iron Works.	Tagona Water & Light Co.
British-America Express Co.	Sault Ste. Marie Pulp & Paper Co.
Algoma Steel Company, Limited.	Michigan Lake Superior Power Co.

The properties include a steel works and rail mill, blast furnaces, nickel works, machine shops and foundries, wood-pulp mills, saw mills, car shops, electric light and power plants, iron and nickel ore mines and two water-power canals. The Algoma Central & Hudson Bay Railway Co. and the Manitoulin & North Shore Railway, which are controlled, comprise 106 miles of road, and the company also has nine ore, freight and passenger steamships.

Total.....	\$11,921,000

There are also underlying bonds of constituent properties amounting to \$1,013,572. The Michigan Lake Superior Power Co., has \$3,500,000 of 5 per cent. bonds due May, 1949, May and November, which, however, are not an obligation of the parent company.

The 1st collateral trust mortgage is for \$10,000,000, and is secured by all the property of the company and its equity in the collateral deposited for the \$2,000,000 two-year notes of the Canadian Improvement Co. hereafter referred to. On June 30, 1907, \$1,079,000 of the bonds were in the company's treasury and \$345,000 was held as a fund for extension of The Algoma & Hudson Bay Railway.

In December, 1902, a syndicate formed by Speyer & Co., New York, advanced \$5,250,000 to the Consolidated Lake Superior Co. to pay off its floating debt and provide for immediate requirements, the company's holdings of stocks of subsidiary organizations being deposited as collateral for the loan. In September, 1903, a Receiver was appointed. In December, 1903, the securities, held as security by the syndicate loan of \$5,250,000, were sold and bought in by Speyer & Co. Further negotiations ensued, and in March, 1904, an agreement was reached and a plan of reorganization submitted. The plan was underwritten by the Canadian Improvement Co., which secured from the Province of Ontario a guaranty of a loan of \$2,000,000 for two years at 5 per cent., to secure which the Provincial Government required that there should be deposited with the trustee all the stocks and bonds of the Algoma Central & Hudson Bay Railway Co. and the Manitoulin & North Shore Railway Co., to be held until the payment of the notes at their maturity, May 1, 1906, when they revert to the trustee of the new company's mortgage bonds. The Provincial Government also received as additional security the amount of bonds, income bonds and stock of the new company, to which the sum of \$2,000,000 would be entitled under the underwriting of the plan. One half of the \$2,000,000 loan guaranteed by the Ontario Government was paid in May, 1906 and the remaining \$1,000,000 with the guaranty thereon extended until April 1, 1908. The Canadian Improvement Co. furnished the new company with a cash working capital of \$1,000,000.

The depositary under the plan was the Fidelity Trust Co., Philadelphia, and the terms on which the old stockholders participated in the reorganization were as follows: The old preferred stockholders, on payment of a cash assessment of \$3 per share, or \$300 on each 100 shares of preferred, received \$300 in new income bonds and \$5,000, or 50 shares of the new company's stock; the old common stockholders, on payment of a cash assessment of \$3 per share, or \$300 on 100 shares of common, received \$300 in new income bonds and \$2,500, or 25 shares of new stock. The plan, being declared operative, was carried into effect in May, 1904.

MANHATTAN RAILWAY CO.

(Leased to Interborough Rapid Transit Co.)

A corporation formed November 24, 1875. Road owned, 37 $\frac{1}{2}$ miles of double-track elevated road in Manhattan and Bronx Boroughs, New York City. In 1901-02 the road was equipped with electric power. Passenger cars, 1,469; service cars, 40.

By a merger agreement, which was ratified August 1, 1884, new stock was issued for the \$13,000,000 of Manhattan stock then outstanding, and \$6,500,000 each of Metropolitan and New York Elevated Railroad stocks, on the basis of 85 for Manhattan, 120 for New York and 110 for Metropolitan. The present company assumed all liabilities and obligations of the consolidated lines.

In December, 1902, this road was leased to the Interborough Rapid Transit Co. for 999 years from April 1, 1903. The rental was 6 per cent. per annum on the stock from April 1, 1903, until January 1, 1906, with 1 per cent. extra if earned. After the latter date the dividends was to be 7 per cent. on the stock of the leased road.

Stock.....Par \$100.....Authorized,	\$60,000,000.....Issued,	\$60,000,000
-------------------------------------	--------------------------	--------------

Stock is transferred at the office of the company, New York. Registrar, Mercantile Trust Co., New York.

The stock of the company was originally \$26,000,000, authorized. In 1891, \$4,000,000 new stock was issued for the acquisition of the Suburban Rapid Transit line. On February 1, 1899, it was decided to install electric power instead of steam, and \$18,000,000 new stock was authorized to meet the expenses of the change of power. Stockholders were offered the privilege of subscribing for the additional stock at par to the extent of 60 per cent. of their holdings. Prior to the lease to the Interborough Rapid Transit Co., the stock was increased to \$60,000,000, and \$7,200,000 of the same was offered to the stockholders at par, being 15 per cent. of their original holdings. It is provided under the lease that the remaining \$4,800,000 of stock could be issued after January, 1906, the proceeds to be applied to improvements. This amount of stock was sold at auction in New York on November 28, 1906, at from \$141 to \$143 per share, raising the issued stock to \$60,000,000.

Dividends on the stock are quarterly in January, April, July and October. The January, 1903, dividend was increased from 1 per cent. to 1 $\frac{1}{2}$ per cent. The April, 1903, dividend was increased to 1 $\frac{3}{4}$ per cent. for the quarter, with an extra dividend of 1 per cent. out of the surplus revenue of nine months of the current fiscal year. The quarterly dividends for the remainder of 1903, were 1 $\frac{1}{2}$ per cent. each. In 1904, 7 per cent. was paid, the January, 1905, dividend being 1 $\frac{1}{2}$ per cent. and $\frac{3}{4}$ per cent. extra for the nine months ending December 31, 1904. The quarterly dividends thereafter have been 1 $\frac{1}{4}$ per cent. See above concerning dividends guaranteed under the lease.

A voluntary association organized in Massachusetts in 1899. The association is managed by a board of fifteen trustees, who hold title to its assets. The declaration of trust contains provision against the creation of any indebtedness whereby shareholders can become personally liable. The association acquired through ownership of all or a majority of their stock, thirty-six railway and electric lighting companies in Massachusetts, New Hampshire and Rhode Island. The trustees have, however, procured the merger of many of these companies, so that their number, has been reduced to the following :

Boston & Northern Street Railway Co.
Old Colony Street Railway Co.

Hyde Park Electric Light Co.

The following companies are controlled through lease :

Boston & Chelsea Street Railway Co.
Boston & Revere Electric Street Railway Co.
East Middlesex Street Railway Co.

Winnisimmet (Street) Railroad Co.
Nashua Street Railway Co.
Newport & Fall River Street Railway Co.

The companies which are owned have a total share capital of \$19,042,900, practically all being held by the trustees of this organization. They comprise 882 miles of track, of which 63 miles are leased. Their power stations have an aggregate capacity of 53,410 horse power.

The organization since its formation has provided a large amount of cash to extinguish the floating debts of the various companies and to improve the properties, and has, by consolidation of various companies its controls and in other ways, economized their expenses and increased their earnings. The aggregate funded debt of the companies owned on September 30, 1907, was \$17,882,000. In 1903 the Boston Elevated Railway Co. leased the portion of the Old Colony Street Railway in the city of Boston for 99 years at an annual rental of 6½ per cent. on an appraised value of \$353,000. In 1904 this company acquired and took over the Georgetown, Rowley & Ipswich Street Railway Co. and the Haverhill, Georgetown & Danvers Street Railway Co., and in 1906, the Lowell & Woburn Street Railway Co.

----------------------------------	---	--------	---	--------------

In 1902, \$5,500,000 of new preferred stock was issued and sold to provide for improvements and new construction.

The shares are in the form of certificates issued by the trustees and representing proportionate participation in the organization. The preferred shares are 4 per cent., cumulative.

Transfer Agent, Old Colony Trust Co., Boston. Registrar, American Trust Co., Boston.

The first dividend on the preferred shares was 2 per cent., semi-annual, paid December 1, 1899. A second dividend of 2 per cent. was paid June 1, 1900. In December, 1900, the dividend period was changed to January and July, and 2½ per cent. was paid on the preferred January 1, 1901; 2 per cent. was subsequently paid on the preferred, in July (1) and January, until January 1, 1905, when the dividend was passed, and none has since been paid.

MERCHANTS WAREHOUSE CO.

A corporation formed under the laws of Massachusetts, March 9, 1899. It was organized to own and operate wharves and warehouses in Boston and in March, 1906, acquired the property of the Fiske Wharf & Warehouse Trust (see statement of the latter in the *MANUAL* for 1906) and Harris' Wharf with adjoining land amounting to about 220,000 square feet on which it erected a fireproof warehouse covering 25,000 square feet, 7 stories high and equipped with modern appliances. On May 2, 1907, the wharves and docks, including about 185,000 square feet of land, were sold to the Merchants & Miners Transportation Company of Baltimore, leaving the company about 35,000 square feet of land and the fireproof warehouse.

MERGENTHALER LINOTYPE CO.

A corporation formed under the laws of New York, December 16, 1895. The company is successor to the Mergenthaler Linotype Co. of New Jersey, which had a capital of \$5,000,000, and which was a consolidation of several smaller companies. The company owns the patents covering the linotype machine, which does away with the ordinary printer's type and with the old processes of composition and distribution in printing. These machines are now in general use throughout this country. The company has a large factory in Brooklyn, N. Y., for the manufacture of the machines, and both sells and leases them to printers and newspapers.

METROPOLITAN SECURITIES CO.

A corporation formed under the laws of New York, February 14, 1902. The purpose of the company was to acquire, own or sell the securities of other companies. It owns all the stock of the New York City Railway Co., originally the Interurban Street Railway Co., which is \$20,000,000 authorized and \$9,361,500 issued, to which company the Metropolitan Street Railway Company's system of roads was leased for 999 years, from February 14, 1902. See statement of the latter company. This company also acquired holdings (the amount of which is not definitely known), of the stock of the Third Avenue Railroad Co.

This company has acquired the stock of the New York, Westchester & Connecticut Railway and the People's Traction Co.

In September, 1907, Adrian H. Joline and Douglas Robinson, New York were appointed Receivers of the New York City Railway Co.

In January, 1906, a plan was formulated whereby this company's stock was to be sold to the Interborough-Metropolitan Co. See statement of the latter company. Under the terms of the plan Metropolitan Securities stock, 75 per cent. paid, was to be exchanged for $93\frac{1}{4}$ per cent. of its face in common stock of the Interborough-Metropolitan Co. At the close of 1907 the Interborough-Metropolitan Co. had acquired \$29,373,100 of this company's stock.

Up to January, 1903, the entire stock had been subscribed, and there was paid in on the stock \$25 per share at the inception of the company, a second payment of \$25 being called and paid June 10, 1903, making the stock \$50 paid. In connection with the merger and sale of this company's stock to the Interborough-Metropolitan Co. it was provided that this stock should be 75 per cent. paid, and a further call of 25 per cent. was accordingly made, payable January 30, 1906.

Transfer Agent, R. L. Anderton, Jr., 621 Broadway, New York. Registrar, Mercantile Trust Co., New York.

The plan for the formation of this company provided that the property of the Metropolitan Street Railway should be leased to the Interurban Street Railway, the latter to assume the fixed charges of the Metropolitan Street Railway Co. and guarantee dividends of 7 per cent. per annum on the entire amount of the capital stock. The stockholders of the Metropolitan Street Railway Co. were given the right to buy \$23,400,000 of the stock of the Metropolitan Securities Co. at par. This company agreed to pay \$23,000,000 cash into the treasury of the Interurban Street Railway Co., receiving in return stock of the Interurban Street Railway Co. at par and debentures bearing interest at a rate not exceeding 4 per cent. per annum.

The New York City Railway Co. has 10-year 3 per cent. notes outstanding to the amount of \$1,761,000 and loans and bills payable December 31, 1906, \$10,865,000.

METROPOLITAN STREET RAILWAY CO.

NEW YORK CITY RAILWAY CO., LESSEE

On October 1, 1907, Adrian H. Joline, New York and Douglas Robinson, New York, who had previously been made Receivers of the New York City Railway Co., were appointed by the United States Circuit Court, Receivers of the Metropolitan Street Railway Co.

The Metropolitan Street Railway Co. is a corporation formed under the laws of New York, November 12, 1893.

See above in regard to the Metropolitan Securities Co., and the lease of this company to the Interurban Street Railway Co., now the New York City Railway Co., which was made in April, 1902, the terms of the lease including the guarantee of 7 per cent. per annum in this company's stock. The Interurban Street Railway Co. was incorporated under the laws of New York,

November 25, 1901, and on February 10, 1904, its name was changed to the New York City Railway Co.

The Metropolitan Street Railway Co. controls all the important street railway lines in New York City. An organization known as the Metropolitan Traction Co. was formed in 1891, under the laws of New Jersey, in order to purchase the Broadway Surface Railway Co. In September, 1892, the Metropolitan Traction Co. reorganized under the New York law. The Metropolitan Street Railway Co. was chartered in 1893 to operate the roads, and all of its stock was owned by the Metropolitan Traction Co. In 1896, the stock of the Metropolitan Street Railway Co. was increased from \$16,500,000 to \$30,000,000, and in October, 1897, it was exchanged for the stock of the Metropolitan Traction Co., thus winding up the latter. At the same time the Metropolitan Street Railway Co. purchased the remaining assets of the Traction Co., and paid for the same by an issue of \$6,000,000 debenture certificates. These debentures were distributed to the stockholders of the Traction Co. at the time of its dissolution.

In 1898, the Metropolitan Street Railway Co. increased its capital stock to \$45,000,000. Out of the increase of \$15,000,000 the stockholders were allotted \$10,000,000 at par, and of the proceeds \$6,000,000 were used to retire the 5 per cent. debentures, the issue being called for payment October 15, 1898. \$4,000,000 of the proceeds of stock allotment were devoted to changing the power on various lines to electricity, and the remaining \$5,000,000 of stock was sold to stockholders at par in August, 1899. In May, 1900, the stock was increased from \$45,000,000 to \$52,000,000. In December, 1900, the \$7,000,000 additional stock was allotted to the stockholders at 160.

In May, 1900, the Metropolitan Street Railway Co. leased the Third Avenue Railroad Co., and guaranteed that company's issue of \$50,000,000 4 per cent. bonds. The New York City Railway owns \$4,500,800 of the Third Avenue Co.'s stock, and the Metropolitan Securities Co. also acquired an interest in the Third Avenue stock. For terms of the lease see the Third Avenue Railroad Co.'s statement. Also as to separate receivership of that company.

The Metropolitan Street Railway Co. was a consolidation of four roads, all the stock of which belonged to the Metropolitan Traction Co., viz.: Broadway Railroad, South Ferry Railway, Houston, West Street & Pavonia Ferry Railroad, and Chambers Street & Grand Street Ferry Railroad Companies. In 1894 and 1895, it also formally absorbed the Columbus & Ninth Avenue Railroad, Metropolitan Crosstown Railway and the Lexington Avenue & Pavonia Ferry Railway Companies. The following companies, in which the Metropolitan Traction Co. had a controlling interest, were also leased to the Metropolitan Street Railway Co.: Broadway & Seventh Avenue Railroad, Sixth Avenue Railroad, Ninth Avenue Railroad, Twenty-third Street Railway (including its leased line, the Bleeker Street & Fulton Street Railroad), Forty-second Street & Grand Street Ferry Railroad, Central Park, North & East River Railroad (Belt Line). Control of the Eighth Avenue Co. was also acquired in November, 1895, and that road was leased to the Metropolitan Street Railway, and in 1896 the Fourth and Madison Avenue surface line of the New York & Harlem Railroad was leased. In 1897, the company acquired a controlling interest in the Central Crosstown Railway Co., including Christopher & Tenth Streets Railroad Co., and in the Second Avenue Railroad Co. companies, the latter being leased. The roads leased and controlled through ownership of part or all of their stocks include the Thirty-fourth Street Crosstown Railway Co., the Twenty-eighth & Twenty-Ninth Street Crosstown Railroad Co. and the Fulton Street Railroad Co.

Total miles of track operated June 30, 1906, 516.80 miles. This includes 424.27 miles operated with electric power and 92.53 miles with horses.

In connection with the installation of electric power on its lines the company acquired a water-front property on the East River at Ninety-sixth and Ninety-seventh streets, where it erected a large power station. Some of the lines of the company, particularly the crosstown lines, were equipped with air and electric storage motors, but in 1902, in pursuance of the lease to the New York City Railway Co. and the formation of the Metropolitan Securities Co., plans were formulated for the electrical equipment of all the roads of the system.

In January, 1906, a plan was announced for the sale of this company's stock to the Interborough-Metropolitan Co., the provision of the plan being that this company's stock should be exchanged for 100 per cent. of new 5 per cent. cumulative preferred stock of the Interborough-Metropolitan Co. and 55 per cent. of the latter's common stock. See statement of the Interborough-Metropolitan Co. At the close of 1907, the Interborough-Metropolitan Co. had acquired \$42,740,000 of the Metropolitan Street Railway Co.'s stock.

Stock.....Par \$100.....Authorized, \$52,000,000....Issued, \$52,000,000

Stock is transferred at the office of the company, New York. Registrar, Guaranty Trust Co., New York.

Dividends have been as follows: On Metropolitan Traction stock, in 1891, 4 per cent.; in 1892, 3 per cent.; in 1893, none; in 1894, 5 per cent.; in 1895, 5 per cent.; in 1896, 5 per cent.; in 1897, 5 per cent. On Metropolitan Street Railway stock, in 1898, 5 per cent.; in December 1898, the quarterly dividend, payable January 16, 1899, was increased from $\frac{1}{4}$ to $\frac{3}{4}$ per cent., putting the stock on a 7 per cent. basis. The dividends were paid quarterly, in January (15), April, July and October. The last quarterly dividend paid was in July, 1907, the October, 1907,

payment having not been made in consequence of the insolvency and receivership of the Metropolitan Street Railway Co. and of its lessee, the New York City Railway Co.

A committee to represent the stockholders was formed, composed of John I. Waterbury, Edmund C. Converse and Harry S. Hopper, with Simpson, Thatcher & Bartlett, 62 Cedar street, New York, Counsel. This committee has been made a party to the legal proceedings growing out of the receivership. Certain stockholders of the Metropolitan Street Railway Co. are also represented by a committee, William F. King, New York, Chairman, with Griggs, Baldwin & Pierce, 27 Pine street, New York, Counsel.

The general collateral trust mortgage created in 1897 was to provide for changes in motive power, power-houses, etc. The interest on these bonds, due February 1, 1908, was defaulted. A committee, consisting of Alexander J. Heniphill, Donald Mackay and Edward H. Ladd, Jr., has been formed to represent the bondholders. A foreclosure suit was instituted in February, 1908, by the Trustee, the Guaranty Trust Co., New York.

The company guarantees interest and principal of the Third Avenue Railroad Co.'s \$35,000,000 of 4 per cent. consolidated mortgage bonds.

In connection with the formation of the Metropolitan Securities Co. and the lease of this company to the Interurban Street Railway Co., the Metropolitan Street Railway Co. in April, 1902, authorized the creation of a refunding 4 per cent. mortgage, due 2002, with which to retire prior liens and provide for improvements and extensions. The authorized amount of the refunding mortgage is \$65,000,000. Trustee, Morton Trust Co., New York. Interest on the bonds is payable at the office of the company. In view of the company's receivership, a committee (Edgar S. Marston, New York, Chairman) was constituted to protect the interests of the bondholders. The October, 1907, coupons were paid, but in November, 1907, the trustee brought suit to foreclose the mortgage.

The Lexington Avenue & PAVONIA Ferry Railroad Co. 1st mortgage \$5 and the Columbus & Ninth Avenue Railroad Co. \$5 were authorized in 1894 to provide for an extension of the cable system. Both issues are guaranteed and assumed by the Metropolitan Street Railway Co. Of the Broadway Surface Railroad 1st mortgage bonds \$1,125,000 are guaranteed by Broadway & Seventh Avenue Railroad Co., and \$175,000 by the Twenty-third Street Railway Co.

The Metropolitan Street Railway has large stock interests in the various companies leased, amounting to \$22,188,900. The following companies are leased upon a guarantee of dividends the amounts of which and of their respective stocks are as follows:

	Guarantee	Amount of Stock
*Broadway & Seventh Avenue Railroad..... 10	per cent. per annum	\$2,100,000
Sixth Avenue Railroad..... 7	" "	2,000,000

*Second Avenue Railroad.....	9	per cent. per annum	1,862,000

—*Metropolitan Street Railway has a controlling interest in stock of roads thus marked.

The rental of the New York & Harlem Railroad's Fourth avenue surface road is \$350,000 per annum for first five years from the date of the lease in July, 1896, and \$400,000 per annum thereafter. The Second Avenue lease provides for 8 per cent. dividends for three years from March 1, 1898, and 9 per cent. thereafter.

THE MEXICAN LIGHT & POWER CO., LIMITED

A corporation formed under the Dominion of Canada Companies Act of 1902. The company acquired the property and franchise of the Societe de Necaxa, a Mexican corporation, having a concession from the Government of Mexico for the utilization of the water power of the Necaxa, Tenango and Catepuxtla rivers in the State of Puebla, Mexico, for the installation of an electric plant, and the transmission of the current to the City of Mexico and elsewhere in the Republic. It also has a franchise from the City of Mexico for the erection of sub-stations, and the distribution and sale of light and power in the city. In 1904, the company acquired control of the Mexican Electric Works, Limited, which has a plant in the City of Mexico operated by steam power and a distribution system in connection therewith. This company organized and controls the Mexican Electric Light Co., Limited, which acquired the remaining light and power companies in the City of Mexico. In 1907, the Robert Electric Co., operating in the same territory, was acquired.

The water powers acquired are $88\frac{1}{2}$ miles distant from the City of Mexico, and the transmission line which was completed in 1905, is 90 miles long, with a branch 26 miles to the City of Puebla. The installations undertaken by the company on the Necaxa River are to furnish 80,000 horse-power.

THE MITCHELL MINING CO.

A corporation formed under the laws of Arizona, April 16, 1902. The company owns the entire capital stock of La Dicha Mining & Smelting Co. and also of La Dicha & Pacific Railroad Co. The La Dicha Mining & Smelting Co., which is the operating company, has a large tract of mineral, timber and ranch lands at La Dicha, in the State of Guerrero, Mexico. Its copper mineral vein is upwards of four miles long. A large amount of development work has been done upon the mine, which is fully equipped with steam hoists, air power plant and reduction plant. In August, 1905, a 200-ton smelter was completed and in August, 1906, a 12-ton converter was blown in. Upon the completion of the railroad it is intended to increase the capacity of the reduction plant to 550 tons.

La Dicha & Pacific Railroad is constructing a railroad approximately 60 miles long from the mines of the company to the Port of Marques on the Pacific in the State of Guerrero, Mexico.

The company's property includes the ownership in fee of about 180,000 acres of land, of which about 164,000 are in timber, representing an estimated value of some \$2,000,000. The company has a ranch of about 18,000 acres, which supplies products to its camp. There are on the property two rivers, which afford power estimated at from 15,000 to 40,000 horse-power according to the season, dry or rainy.

In the autumn of 1907 a reorganization was proposed. A committee, F. Y. Robertson, Chairman, Standard Trust Co., New York, depository, requested deposits of stock before November 6, 1907.

A corporation formed under the laws of New Jersey, January 21, 1899. It is a consolidation of concerns which produce practically all the enameled ware made in the United States and a large proportion of the tin, galvanized, japanned and copper wares. The plants acquired were those of the St. Louis Stamping Co., St. Louis Tin Plate Co., Granite City Rolling Mills, Granite City Steel Works, Granite City Sheet Mills, located at St. Louis, and Granite City, Ill.; Kieckhefer Brothers Co., Milwaukee; Matthai, Ingram & Co., Baltimore, and the Haberman Manufacturing Co., Berlin Village, L. I., and Brooklyn, N. Y.; American Stamping Co., Brooklyn, N. Y.; Eastern Tinware Co., Portland, Conn.; Stewart Enamel Co., Bellaire, O.; Keene & Hagerty Manufacturing Co., Baltimore; H. Haller Manufacturing Co., Limited, New Orleans. The company also acquired the rolling mills of the St. Louis Stamping Co. and its tin plate mills. In 1903, the company purchased the Whitaker & Weber Manufacturing Co., St. Louis, and in 1904, acquired control of the National Manufacturing Co., New Orleans.

The preferred stock is 7 per cent., cumulative. Transfer agencies, New Jersey Corporation's Agency, Jersey City; office of the company, New York. Registrar, Trust Company of America, New York.

The first quarterly dividend of 1¼ per cent. on the preferred stock was paid March 31, 1899, and regular quarterly dividends at the same rate have since been paid, the dividend periods on the preferred now being January (1), April, July and October. In December, 1904, dividends on the

preferred for nine months were declared at the rate of 7 per cent. per annum, the same to be paid $1\frac{3}{4}$ per cent. each January 1, April 1 and July 1, 1905. The declaration for nine in place of twelve months was in order to make the company's dividend year coincide with its fiscal year. In August, 1905, 7 per cent. was declared on the preferred, payable $1\frac{3}{4}$ per cent. each October 1, 1905, and January 1, April 1 and July 1, 1906.

The first dividend on the common was 4 per cent., declared in 1901, out of earnings of that year and payable in four quarterly instalments of 1 per cent. each, beginning January 1, 1902. Dividends at the same rate were thereafter paid regularly on the common stock in January (1), April, July and October, until October, 1904, inclusive. In December, 1904, dividends for nine months were declared on the common, to be paid, $\frac{3}{8}$ per cent. each, in January, April and July, 1905, but no further dividends have been paid on the common since the last named date.

 { pref., 8,000,000 } { pref., 7,900,000 }

The preferred stock is 7 per cent., non-cumulative, dividends payable quarterly. The capital stock authorized was originally \$1,000,000 preferred and \$1,000,000 common. The amounts outstanding were \$500,000 common and \$623,550 preferred. In July, 1901, it was increased to \$2,000,000 common and \$3,000,000 preferred, a stock dividend of 12 per cent. on the common being declared. Stockholders had the right to subscribe for 50 per cent. of their holdings in new preferred at par, with a bonus of 25 per cent. in common, and \$500,000 common and \$1,000,000 preferred were used to acquire additional properties.

In February, 1902, the stock was increased again by the creation and issue of \$2,500,000 common and \$5,000,000 additional preferred. The holders of the outstanding stock were invited to subscribe for 50 per cent. of their holdings, such subscriptions covering \$1,250,000 of new common and \$2,500,000 of new preferred.

Transfer Agent, Mercantile Trust Co., Pittsburg. Registrar, First National Bank, Pittsburg.

Regular quarterly dividends of $1\frac{3}{4}$ per cent. were paid on the preferred stock in January (25), April, July and October to July, 1905, inclusive, after which they were suspended until October, 1906, when 1 per cent. was paid. On January, 15, 1907, 2 per cent was paid. Subsequent

dividends have been 1 per cent., the extra 1 per cent. being omitted in January, 1908. Dividends were paid quarterly on the common stock at the rate of 1½ per cent. each in February, May, August and November, in 1902 and 1903, but in November, 1903, action on the dividend on the common stock of the company was deferred and none has since been paid.

NEW YORK TRANSPORTATION CO.

A corporation formed under the laws of New Jersey, February 21, 1899, under the title of New York Electric Vehicle Transportation Co. The name was changed to the present style in January, 1902. The company was organized to operate automobile and other vehicles and to buy, sell or lease the same, to deal in patents, and to receive and grant licenses. The company on its formation took over the electric cab service in the city of New York formerly operated by the Electric Vehicle Co., and has a large number of electric and gasoline vehicles in service. In November, 1899, it acquired the franchise and equipment of the Fifth Avenue Coach Co., operating stages on Fifth avenue, New York, and in 1907, replaced the horse stages with motor omnibuses. In 1901 acquired the Newport, R. I., plant of the New England Electric Vehicle Co. and the Metropolitan Express Co. in New York City. It also controls the Park Carriage Co. The company's main station is at 815 Eighth avenue. It has sub-stations at 55 East Eighty-eighth street, 230 East Sixty-sixth street, Bowery and Bayard street, and Ninth avenue and Twenty-seventh street, New York. At the end of 1906, it had over 700 vehicles in service, but 275 were destroyed by fire in 1907 and are being replaced by gasoline cabs fitted with the taximeter. The Metropolitan Express Co., which the company controlled, was leased in 1904 to the American Express Co. for sixteen years.

THE NIAGARA FALLS POWER CO.

A corporation formed under special acts of the State of New York in 1886, and having authority by later statutes to use the water of Niagara River, and to transmit any power, heat or light developed from such water to any point in the State. Its hydraulic works include 7,481 feet of tunnel, extending from its power-house to the level of the river below the Falls, and two plants with an aggregate capacity of about 105,000 electrical horse-power, in addition to a plant on the Canadian side with 50,000 horse-power which is to be increased to 110,000 horse-power. The American and Canadian plants are inter-connected. The Canadian plant was constructed by The Canadian Niagara Power Co., the stock control of which is held by this company.

The company owns approximately, 1,110 acres of land in the city of Niagara Falls, N. Y., devoted to sites for factories using its power. Power is supplied to tenants of the company on its land and in the city of Niagara Falls and to customers in Niagara Falls, Buffalo, the Tonawandas and Lockport, N. Y.

Commercial service from the first two units installed in the American plant was begun in August, 1895. From the output of the two plants approximately 105,000 electrical horse-power and 8,000 hydraulic horse-power are now being supplied to upwards of two hundred power users, at distances varying from one-quarter of a mile to thirty-five miles, at Niagara Falls, N. Y.; Niagara Falls, Canada; Buffalo, North Tonawanda, Tonawanda, Lockport and Olcott, and contracts have been closed for a considerable aggregate amount of additional electrical power effective on the completion of plants and installations of users.

The company controls by stock ownership (see below) the Cataract Power and Conduit Co., its Buffalo distributing agency in the Tonawandas, and it owns substantially all the capital shares of the Niagara Junction Railway Co., a terminal switching railroad at Niagara Falls, N. Y., and of the Niagara Development Co., which has built and owns a residential section in Niagara Falls, N. Y.

Interest on the bonds is payable at the office of Winslow, Lanier & Co., New York. Trustee of the mortgage, Central Trust Co., New York. The mortgage securing the company's bonds cover its property in the City of Niagara Falls, and all franchises, transmission lines, etc.; also a majority of the stock of the Cataract Power & Conduit Co. and of the Tonawanda Power Co.

For the construction of power-house and wheel pit No. 2, with connecting tunnel, there was authorized \$3,000,000 of 6 per cent. gold coupon convertible debentures, dated March 31, 1900, convertible into stock at the holder's option on or before April 1, 1908. Coupons are paid at the Metropolitan Trust Co., New York.

The stockholders, in July, 1901, subscribed at par to \$2,700,000 of an authorized issue of \$3,000,000 new 6 per cent. coupon debentures, payable in instalments, to build the plant on the Canadian side. These debentures are secured by debentures of the Canadian Niagara Power Co. in the treasury of the Niagara Falls Power Co., and are termed Canadian Collateral debenture Series A. They are convertible at the holder's option after October 1, 1903, and before October 1, 1908, into stock of the Niagara Falls Power Co. Coupons are payable at the office of Winslow, Lanier & Co., New York.

The non-convertible ten-year debentures, Canadian Collateral Series B., were created and sold in 1904 to provide for the completion of the Canadian plant. Coupons are paid at the office of Winslow, Lanier & Co., New York.

In January, 1907, stockholders were given the right to subscribe at 90 for \$1,500,000 of Canadian Collateral Series C. 6 per cent. debentures, the total amount of the issue being \$5,000,000. They are subject to call October 1, 1911. Coupons are paid at the office of Winslow, Lanier & Co., New York.

The preferred stock is 6 per cent., cumulative, and is subject to call at 105 in 1911. Of the preferred, an amount of \$1,000,000 is held to retire minority stock of the Niles Tool Works Co.

In November, 1906, the authorized common stock was increased from \$5,000,000 to \$8,500,000. Of the increase \$2,000,000 was distributed as a stock dividend on the common shares and \$1,500,000 was sold at par in January, 1907.

Transfer Agent, Corporation Trust Co., Jersey City. Registrar, Colonial Trust Co., New York.

The first dividend paid on the preferred stock was $1\frac{1}{2}$ per cent., quarterly, November 29, 1899. Dividends at the same rate have since been regularly paid on the preferred, quarterly, February, May, August and November. The first dividend on the common was declared in August, 1900, and was 3 per cent. half-yearly, payable in two instalments of $1\frac{1}{2}$ per cent. each on September 20 and December 20, 1900. In 1901, 6 per cent. was paid on the common in quarterly payments of $1\frac{1}{2}$ per cent. each in March, June, September and December. In addition to the regular dividend of $1\frac{1}{2}$ per cent. on the common in March, 1902, the company declared an extra 1 per cent. dividend, payable May 15, 1902. The September, 1902, dividend on the common was 2 per cent., or 8 per cent. per annum, which continued to be the regular quarterly rate until June, 1904, inclusive. The September, 1904, dividend was, however, reduced to $1\frac{1}{2}$ per cent., which has since been the regular rate. On January 2, 1907, the common stock received a stock dividend of 40 per cent. See above.

There is outstanding \$1,225,000 preferred stock of the Pratt & Whitney Co., on which this company guarantees dividends of 6 per cent. per annum, payable quarterly, February, but reserves the right to call the same at par in 1911. NORTH AMERICAN CO.

A corporation formed under the laws of New Jersey, June 14, 1890. The company was organized to succeed the Oregon & Transcontinental Co. and purchased the securities owned by the latter.

The company is largely interested in street railway, gas and electric enterprises, controlling the Milwaukee Light, Heat and Traction Co., the Milwaukee Electric Railway & Light Co., the Laclede Gas Co. of St. Louis, the Union Electric Light & Power Co. of St. Louis, St. Louis County Gas Co., the Detroit Edison Co., and the United Railways of St. Louis and the West Kentucky Coal Co.

Stock Par \$100 Authorized, \$30,000,000. Issued, \$29,793,300

On January 23, 1901, the stockholders ratified a reduction of the stock from \$50,000,000 authorized to \$12,000,000. The amount of old stock outstanding was \$39,789,200, which was reduced to the amount given above.

In March, 1903, the stock was increased from \$12,000,000 to \$17,000,000, the stockholders subscribing at par for the same. The purpose of the increase was to acquire control of the Laclede Gas Co.

In February, 1905, the company arranged to acquire the minority interests in the Laclede Gas Co. and the Union Electric Light, Heat & Power Co. of St. Louis, for which purpose an increase in the amount of authorized stock from \$17,000,000 to \$30,000,000 was ratified in March, 1905. It was stated that not over \$7,600,000 of the new stock would be issued in exchange for

the shares to be acquired, and the stockholders of record March 20, 1905, were given the right of subscribing *pro rata* at par for \$5,100,000, or 40 per cent. of the new stock.

The West Kentucky Coal Co. was acquired in May, 1905. That company owns about 22,000 acres of coal lands and has an issue of \$5,000,000 5 per cent. bonds of which \$1,994,000 are outstanding. In 1905, also acquired a majority of the stock of the United Railways of St. Louis. In August, 1906, the St. Louis and Suburban Railway Co. was purchased. In 1907, the company sold its holdings of stock of the Milwaukee Electric Railway and Light Co. to the Milwaukee Light, Heat & Traction Co., receiving that company's stock and bonds in payment therefor.

Stock is transferred at the office of the company, New York. Registrar, Farmers' Loan & Trust Co., New York.

The company began the payment of dividends on its stock on March 1, 1903, paying 1 per cent. quarterly, or 4 per cent. per annum, the rate being increased to 1½ per cent., or 5 per cent. per annum, March 1, 1904, which was thereafter the regular rate, the dividend periods being March (1), June, September and December. The December, 1907, dividend was, however, passed

OHIO & INDIANA CONSOLIDATED NATURAL & ILLUMINATING GAS CO.

A corporation formed under the laws of New Jersey, December 29, 1899. The company was organized to combine the following organizations and acquired their stocks:

Logansport & Wabash Valley Gas Co., Logansport, Ind.; Wabash, Ind.; Peru, Ind., etc.

Indiana Natural and Illuminating Gas Co., Frankfort, Crawfordville, Lebanon, Ind., etc.

Lafayette Gas Co., Lafayette, Ind.

Fort Wayne Gas Co., Fort Wayne, Ind.; Decatur, Ind., etc.

Ohio & Indiana Gas Co., Lima, O.; St. Mary's, O., etc.

The company has over 100,000 acres of gas-producing territory under perpetual lease in its territory.

A Receiver was appointed for the Fort Wayne Gas Co. in June, 1906, and for the other constituent companies in May, 1907. Foreclosure suits on the different underlying mortgages have been instituted. See below regarding proposal for a reorganization.

Stock.....Par \$100..... Authorized, \$10,000,000.....Issued, \$9,000,000

Of the authorized stock \$1,000,000 is reserved to provide for the purchase of new gas fields or for extensions. Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The amount of stock of the old companies and the rate at which each was exchanged for shares of the new company were given in the MANUAL for 1901.

The company began the payment of dividends on its stock with 1 per cent. paid March 1, 1900, and it paid regular quarterly dividends at the same rate, or 4 per cent. per annum, in March (1), June, September and December, until June, 1902, inclusive, since which date no further dividends have been paid.

FUNDED DEBT

Indiana Nat. & Ill. Gas Co. 1st mort., 6 per cent., due 1908, May and Nov..... \$820,000

Fort Wayne Gas Co. 1st mort., 6 per cent., due 1925, Jan. and July..... 1,940,000

Lafayette Gas Co. 1st mort., 6 per cent., due 1924, May and Nov..... 960,000

Total..... \$7,350,000

In November, 1904, holders of the underlying bonds, except the Fort Wayne Gas Co. 6s, were asked to fund their coupons for three years into 4 per cent. collateral debentures, secured

in each case by the surrendered coupons, the debentures to mature in three years. The purpose of this plan was to enable the company to construct artificial gas plants. Interest on all the bonds was in default in 1905, except the Fort Wayne Gas Co. 6s, but interest on that issue also was defaulted January 1, 1906.

A reorganization committee was formed, consisting of James N. Wallace, Anthony N. Brady and Charles F. Dieterich, and in September, 1905, it requested deposits of the bonds with the Central Trust Co., New York.

In April, 1907, the committee submitted a plan providing for foreclosure of the mortgage and the acquisition of the properties by a new company to be called The Indiana Consolidated Gas Co., with \$4,500,000 4 per cent. non-cumulative preferred stock, \$2,500,000 common stock and \$5,000,000 1st mortgage 5 per cent. bonds. The preferred stock and \$3,000,000 of the bonds were to be exchanged for the old bonds and the common stock to be used as a bonus in connection with the sale of \$400,000 of bonds. The plan, however, met with opposition and at the beginning of 1908 the matter was still under abeyance.

The operations extend into 23 counties, comprising an area of approximately 225 miles in one direction and 125 miles in the other, or 31,489 square miles; territory containing 1,350,000 people, or over 60 per cent. of the population of California. One hundred and nine cities, towns and lesser communities are served.

The companies' hydraulic generating stations, fifteen in number, have a capacity of 93,150 horse power; its steam and gas generating stations have a capacity of 39,982; making a total of 133,132 horse power now in operation, with transmission lines over 1,500 miles in length, and 31 reservoirs, with a storage capacity of approximately 25,000,000,000 gallons of water.

The gas business is also extensive, there being in service at the present time (exclusive of San Francisco) 55,000 gas meters and 31,000 appliances for the use of fuel gas, with a distributing system covering 637 miles of mains.

The company owns the entire street railway system of Sacramento, Cal., 24½ miles, and owns and controls water rights, electric power and light transmission lines, and gas plants and mains for Sacramento and adjoining places, supplying 31 cities and towns.

In 1904, it acquired control of the Standard Electric Co., the United Gas & Electric Co., and the Vallejo Gas Light Co. In January, 1905, this company acquired substantially all the stock of the South Yuba Water Co. and its controlled property, the Central California Electric Co. Other controlled properties embrace the Oakland Equitable Gas Co., Berkeley Electric Lighting Co., Blue Lakes Water Co., Stockton Water Co. and San Mateo Power Co.

In September, 1905, a syndicate, represented by N. W. Halsey & Co., New York and San Francisco, acquired a controlling interest in this company and the San Francisco Gas & Electric Co., and a new holding company, the Pacific Gas & Electric Co., was formed to take over both concerns. It owns 99.17 per cent. of the company's stock. See statement of the latter company above.

Total	\$28,119,500

The total amount of the 1st consolidated mortgage of the California Gas & Electric Corporation is \$10,000,000, and it is secured by practically all the shares of the constituent companies as collateral. Of the total mortgage \$2,000,000 is reserved for acquisitions and betterments. The bonds are subject to call on any interest day at 110 and interest. A sinking fund is provided as follows: March 1, 1904 to 1908, \$150,000 per annum; 1909 to 1913, \$200,000 per annum; 1914 to 1918, \$250,000 per annum; 1919 to 1923, \$300,000 per annum; 1924 to 1928, \$350,000 per annum; 1929 to 1933, \$400,000 per annum. The sinking fund will also provide for the sinking funds of the constituent companies and for the redemption of their bonds. The bonds redeemed will be kept alive and bear interest, except as their cancellation has been expressly provided for. Trustee of the mortgage and agent for the payment of interest, Mercantile Trust Co., San Francisco.

In 1907, a new unifying and refunding 5 per cent. mortgage was authorized, the total amount thereof being \$45,000,000, due November, 1937, is a lien upon all the property and franchises of the California Gas & Electric Corporation now owned or hereafter acquired. It is also a lien through a supplementary mortgage to be executed by the Pacific Gas & Electric Co., prior to any other mortgage of the Pacific Gas & Electric Co., upon all the properties of that company except the stock of the San Francisco Gas & Electric Co., but includes the properties of the California Central Gas & Electric Co., Fresno Gas & Electric Lighting Co., and the Vallejo Gas

Co., subject, however, to underlying mortgages of the three last-named companies. \$30,282,000 par value of the new bonds are reserved to retire prior liens. Balance will be issued in carefully restricted amounts for refunding floating debt and for .85 per cent. of new improvements, betterments, etc. The bonds will be callable at 110 and interest upon any interest date after November 1, 1912, upon 60 days' notice.

The mortgage provides that a sinking fund be created and maintained as follows: 1912 to 1916 inclusive, \$450,000 per annum; 1917 to 1921 inclusive, \$550,000 per annum; 1922 to 1926 inclusive, \$700,000 per annum; 1927 to 1936 inclusive, \$900,000 per annum. This sinking fund will be applied as far as necessary toward making the sinking fund payments required by underlying mortgages and the balance to purchase for the sinking fund of the bonds issued under the new mortgage.

N. W. Halsey & Co., 49 Wall Street, New York, with branch offices in Philadelphia, Chicago and San Francisco, as managers, have recently formed an underwriting syndicate to purchase a maximum of \$9,093,000 par value of the new unifying and refunding bonds.

The total amount of the 1st mortgage of the Sacramento Electric, Gas & Railway Co. is \$2,500,000, of which amount \$250,000 are for Central Electric Railway bonds. Bonds may be retired as follows: 1902 to 1906, \$5,000 per annum; 1907 to 1911, \$10,000 per annum; 1912 to 1916, \$20,000 per annum; 1917 to 1921, \$30,000 per annum; 1922 to 1926, \$40,000 per annum. Trustee and agent for the payment of interest, California Safe Deposit & Trust Co., San Francisco. Interest is also payable by the Guaranty Trust Co., New York.

The 1st mortgage of the Central Electric Railway is for \$265,000. Trustee and agent for the payment of interest, California Safe Deposit & Trust Co. Interest is also payable by the Union Trust Co., New York. The 2d mortgage bonds of the Bay Counties Power Co. are subject to call at any time at 110.

The total amount of the 1st mortgage of the Valley Counties Power Co. is \$2,500,000. A sinking fund, beginning in 1905 with 1 per cent. of the outstanding bonds and increasing to 3 per cent. in 1925 and thereafter, is provided. Trustee, Mercantile Trust Co., San Francisco.

The Standard Electric Co., which this company acquired in 1904, has \$5,000,000 5 per cent. bonds, of which this company owns \$2,000,000 and guarantees the bonds.

Under the arrangement by which this company acquired the South Yuba Water Co., it guarantees the \$1,300,000 bonds of that company and \$773,000 bonds of the Central California Electric Co.

PENNSYLVANIA STEEL CO.

A corporation formed under the laws of New Jersey, April 29, 1901. The company acquired and owns the stock of the following companies:

The Pennsylvania Steel Co., of Pennsylvania. Baltimore & Sparrow's Point Railroad Co.

Maryland Steel Co.

Penn-Mary Coal Co.

The Spanish-American Iron Co.

The plant consists of large works at Steelton, Pa., for the manufacture of steel rails, railway material, structural work, railroad crossings and special work, and that of the Maryland Steel Co., at Sparrow's Point, Md., where rails are manufactured in large quantities, and which also operates a modern shipyard and the Baltimore & Sparrow's Point Railroad, a terminal road. In April, 1901, the company acquired the stock of the Spanish-American Iron Co.; it also owns the Lebanon Blast Furnace, Lebanon, Pa., and has a controlling interest in the Cornwall Ore Banks Co. of Lebanon, Pa., and controls the Cornwall & Lebanon Railroad Co.

This company owns the entire capital stock of the Penn-Mary Coal Co., which owns and operates about 16,000 acres of coal land in Indiana County, Pa.

On May 1, 1907, this company held stocks and bonds of other companies to the amount of \$26,377,147.

The control of this company was acquired in June, 1901, by the Pennsylvania Railroad Co., in conjunction with the Reading Company. This transaction involved the acquisition of \$10,000,000 each of common and preferred stock.

Stock..Par \$100..Authorized { com., \$25,000,000 } Issued { com., \$10,750,000 }

PEOPLE'S GAS LIGHT & COKE CO.

A corporation formed under a special charter granted by the Legislature of Illinois, February 12, 1855, and amended February 7, 1865. It was one of the companies whose stock was owned by the Chicago Gas Trust Co. In July, 1897, an act was passed by the Illinois Legislature allowing the consolidation of all the properties with this company. In addition to the companies, which were owned by the old organization, this company, in November, 1897,

purchased the property of the Mutual Fuel Gas Co. The Mutual and the Hyde Park companies were consolidated with this company in January, 1898. In January, 1899, the company acquired the Calumet Gas Co., operating in South Chicago. In October, 1900, a contract was made by which the property of the Ogden Gas Co. will be purchased by this company when its franchise expires in 1945. In February, 1907, the stockholders of the company ratified a proposition to lease the Ogden Gas Co. A lease of the Universal Gas Co. was also authorized. The Northwestern Gas Light & Coke Co. is controlled by interests identified with this company. In 1906, entered into arrangements with the Indiana Natural Gas & Oil Co. by which it will secure an increased supply of natural gas and as part of the arrangement agreed to guarantee the stock and bonds of that company.

In February, 1906, the Chicago City Council passed an ordinance fixing the price for gas in Chicago at 85 cents.

On December 31, 1907, the company had 2,312 miles of mains, 446,723 meters in service, 229,194 gas stoves, 22,648 public lamps and 60,822 gas arc lamps.

Capital stock..... Par \$100.....Authorized, \$35,000,000.....Issued, \$32,969,100

In November, 1898, stock was increased from \$25,000,000 to \$30,000,000 and \$3,750,000 offered to stockholders for subscription at par. In September, 1901, there was a further increase to \$35,000,000, and \$4,300,300 was taken by the stockholders at par.

Transfer Agent, Lawyers' Title Insurance & Trust Co., New York.

See the Manual for 1906 for details of the consolidation effected in 1897.

The consolidated company paid its first dividend November 24, 1897, and thereafter paid dividends at the rate of 6 per cent. per annum, the quarterly payments being $1\frac{1}{2}$ per cent. each in February (25), May, August and November. In January, 1906, the dividend payable February 25, 1906, was reduced to $1\frac{1}{4}$ per cent., putting the stock on a 5 per cent. basis, but the February, 1906, dividend was increased to $1\frac{1}{2}$ per cent., restoring the stock to a 6 per cent. dividend basis.

The People's Gas Light & Coke Co. refunding mortgage created in 1897 is for \$40,000,000, of which \$29,046,000 are reserved to retire underlying bonds. The balance may be issued for additional property. Of the reserved amount \$2,500,000 was issued to replace Chicago Economic Fuel Gas Co. bonds previously held in treasury.

The Chicago Gas Trust Co. was incorporated April 28, 1887, to acquire the controlling interest in all the gas companies supplying the city of Chicago, eight in number, comprising the Chicago Gas Light & Coke Co., the People's Gas Light & Coke Co., the Consumers' Gas Co., Equitable Gas Light & Fuel Co., Suburban Gas Co., Lake Gas Co., Hyde Park Gas Co. and Illinois Light, Heat & Power Co. The Illinois Light, Heat & Power Co. was owned by the People's Co.; the Lake Gas Co. and Hyde Park Gas Co. by the Consumers' Co., and the Suburban Gas Co. by the Chicago Gas Light & Coke Co. The control of the Chicago Economic Fuel Gas Co. was also acquired. For a detailed account of the Chicago Gas Trust Co., see the MANUAL for 1900. The charter of that company was surrendered in 1891, and the securities of the various companies were placed in the hands of the Fidelity Insurance Trust & Safe Deposit Co. of Philadelphia, which issued its certificates of an equitable interest in the properties in lieu of the old stock.

PHILADELPHIA COMPANY

A corporation formed under the laws of Pennsylvania, May 24, 1884. It originally operated as a natural gas company. In January, 1899, control was acquired in the interest of a general consolidation of lighting and traction organizations in Allegheny County, Pa., and its environs. The object was to bring under one organization the natural and illuminating gas interests of this company, together with the traction and electric light and power business of Pittsburgh and the surrounding district. See the MANUAL for 1902 for a detailed account of the various consolidations and acquisitions.

The company is controlled by the United Railways Investment Co. See below.

The company owns or controls by lease the following street railway properties :

Pittsburg Railways Co.	Consolidated Traction Co.
The United Traction Co.	Pittsburg & Birmingham Traction Co.
Monongahela Street Railway Co.	Pittsburg & Charleroi Street Railway Co.
Suburban Rapid Transit Street Railway Co.	East McKeesport Street Railway Co.
Washington & Canonsburg Railway Co.	The Beaver Valley Traction Co.
Allegheny, Bellevue & Perrysville Railway Co.	Mount Washington Street Railway Co.
Pittsburg & Castle Shannon Railroad Co.	

It also owns or controls by lease the following electric and lighting companies :

Allegheny County Light Co.	Consolidated Gas Co.
Southern Heat, Light & Power Co.	Allegheny Illuminating Co.
South Side Gas Co.	Ohio Valley Electric Co.
Monongahela Light & Power Co.	Braddock Gas & Light Co.

Through its own lines and those of a number of companies controlled it supplies nearly all the natural gas consumed in Pittsburgh and Allegheny and the adjacent towns. The principal fuel gas concerns included in the system are :

Philadelphia Co.	Chartiers Valley Gas Co.
Equitable Gas Co.	Pennsylvania Natural Gas Co.
Union Gas Co. of McKeesport.	Allegheny Heating Co.
Fairmont & Grafton Gas Co.	

The total mileage of the street railways owned and controlled is 519 miles. Statements of the separate traction companies will be found under their own titles in this edition of the MANUAL. For convenience and economy they are all operated, under agreement, by the Pittsburg Railways Co., one of the constituent concerns. The Beaver Valley Traction Co., 32 miles, was acquired in July, 1905.

The electric and illuminating gas properties are the only ones supplying the cities of Pittsburg and Allegheny with such facilities. They are operated by the Allegheny County Light Co. and the Consolidated Gas Co. of the City of Pittsburg.

In connection with its natural gas business the company leases 319,764 acres of gas lands in Pennsylvania and West Virginia.

In February, 1906, a plan was formulated for the acquisition of control of this company by the United Railways Investment Co. A proposition was submitted to this company's common stockholders to sell 16-30 of their holdings to the United Railways Investment Co., receiving for each \$50 share \$37.50 in collateral trust bonds secured by the stock acquired and either \$20 in stock of the United Railways Investment Co. or \$10 in cash. Under this arrangement \$21,000,000 of the common stock was acquired. In April, 1907, \$3,200,000 additional of the stock was acquired likewise. See statement of the United Railways Investment Co.

-------------------------------	--	--------	--	--------------

The preferred stock is 5 per cent., non-cumulative. The amount of stock authorized at the time of the consolidation was \$6,000,000 preferred and \$15,000,000 common, of which there was issued \$14,752,131 common and \$3,998,350 preferred. In December, 1901, the authorized common stock was increased to \$30,000,000. This company issued \$10,600,000 new common in exchange for the stocks of the Consolidated Traction Co. and the other companies acquired at that time, and also issued for the same purpose \$1,800,000 of the preferred stock held in the treasury. In 1906, the authorized common stock was increased to \$36,000,000, and in September, 1906, \$3,240,000 of common was allotted to shareholders at par.

Transfer Agents, Union Trust Co., Pittsburg; Central Trust Co., New York; Guaranty Trust & Safe Deposit Co., Philadelphia. Registrars, Fidelity Title & Trust Co., Pittsburg; Mercantile Trust Co., New York; Land Title & Trust Co., Philadelphia.

Full 5 per cent. dividends on the preferred stock have been paid since the consolidation. On the preferred the dividends are 2½ per cent. half-yearly, in March (1) and September. The common stock received 4¾ per cent. in 1899, 5 per cent. in 1900, 5¾ per cent. in 1901, and 6 per cent. in 1902, to 1907 inclusive. On the common the dividends of 6 per cent. per annum are now paid quarterly 1½ per cent. each in February (1), May, August and November.

The funded debt of the different constituent street railway properties are given under their own statements.

There is outstanding \$2,000,000 4 per cent. preferred stock of the Consolidated Gas Co. and \$3,000,000 5 per cent. preferred stock of the United Traction Co. on which the regular dividends are paid.

The 1st mortgage 5 per cent. bonds were authorized in February, 1899, for the purpose of carrying out the consolidation. Trustee of the mortgage, Maryland Trust Co., Baltimore. Amount authorized is \$6,500,000. Of these \$1,000,000 are reserved to retire outstanding liens on the property of the Allegheny County Light Co. Bonds are secured by deposit of the securities of constituent companies with the trustee. An amount of \$4,000,000 of the bonds was offered for subscription in February, 1899, at 107½ by Brown Bros. & Co., New York, and Alexander Brown & Sons, Baltimore. The 50-year collateral trust was created in 1901 to provide for the acquisition of the Consolidated Traction Co. and other properties. The authorized amount of these bonds is \$22,000,000, of which \$12,000,000 was to be issued in exchange for the Consolidated Traction securities, \$6,500,000 was reserved to take up prior lien bonds, and \$3,500,000 was available for extensions and betterments.

The 5 per cent. notes were created in 1905, and were for \$1,500,000, of which \$300,000 matured April 1, 1906, and \$150,000 semi-annually thereafter to April 1, 1910.

PHILADELPHIA ELECTRIC CO.

A corporation formed under the laws of New Jersey, October 6, 1899. The company acquired the stock of the Pennsylvania Manufacturing Light & Power Co. and of the National Electric Co., with the control of practically the entire electric light and power facilities in the city of Philadelphia.

The Pennsylvania Manufacturing Light & Power Co. was a New Jersey corporation formed in 1898, which acquired control of the Pennsylvania Heat, Light & Power Co., a corporation which had acquired the Edison Electric Light Co. of Philadelphia, the Brush Electric Light Co. of Philadelphia, the United States Electric Light Co. and the Philadelphia Electric Lighting Co. The Pennsylvania Manufacturing Co. and the Heat, Light & Power Co. also acquired a number of smaller electric companies in Philadelphia and its suburbs. See statement of Pennsylvania Manufacturing Co. in the *MANUAL* for 1899. In 1901, acquired the Kensington Electric Light Co., paying for the same in cash. The company also controls the Electric Light Co. of Chester, Pa. Stock.....Par \$25.....Authorized, \$25,000,000.....Issued, \$24,987,750

An instalment of 10 per cent., or \$2.50 per share, was paid on the stock of the Philadelphia Electric Co. at time of issue, and a call of 10 per cent. was made in 1900, payable 5 per cent. on November 21, 1900, and 5 per cent. on January 21, 1901, respectively. In January, 1902, a call of \$2.50 per share was made, payable one-half March 1 and one-half September 1, 1902. Another call of \$2.50 per share was made in April, 1904, payable one-half June 1 and one-half December 1, 1904, respectively. This call made the stock 40 per cent., paid in. In January, 1908, a call of \$3.50 per share was made, payable \$2.25 on March 2, and \$1.25 on June 1, 1907, making the stock \$13.50 per share paid in, or 54 per cent. paid.

The stock of the Pennsylvania Manufacturing Co. was \$15,000,000, par \$50, on which \$5 per share had been paid in. The stock of the National Electric Co. was \$4,375,000.

Stock is transferred at the office of the company, Philadelphia. Registrar, Equitable Trust Co., Philadelphia.

In June, 1902, a dividend of 15 cents per share was paid, and another of 18 $\frac{3}{4}$ cents per share in December, 1902; 18 $\frac{3}{4}$ cents per share was also paid in June and December, 1903, and June, 1904. In December, 1904, 21 $\frac{3}{4}$ cents per share was paid. In 1905, 1906 and 1907, the dividends were 5 per cent. on the amount paid in, the payments being in June and December. In January, 1908, a dividend of \$1 per share was declared payable March 2, 1908, which dividend may be applied to the first instalment of the call made at the same time.

FUNDED DEBT

Edison Electric Light, col. trust cert., 5 per cent., subject to call 1946, April and Oct.	\$1,994,300
Pennsylvania H. L. & P. col. trust certificates, 5 per cent., due 1948, April and Oct.	11,268,060
Philadelphia Electric Trust certificates, 4 per cent., due Oct., 1949, Jan. and July....	15,014,142

Total..... \$28,276,502

The Philadelphia Electric Co. 4 per cent. trust certificates are \$17,500,000 authorized, of which \$15,014,142 were issued, \$2,000,000 being held in the company's treasury, having been purchased in the market in 1900. They are secured by the deposit of the shares of the Pennsylvania Manufacturing Light & Power Co. and of the National Electric Co., acquired by this company. Each share of Pennsylvania Manufacturing Co. stock deposited received \$35 in the trust certificates and each share of National Electric received \$13 in certificates. Only a small amount of each stock now remains outstanding. The balance of the issue, not required for the above purpose, was to be reserved for extension and acquisition of other electric properties.

The Edison collateral trust certificates were issued in 1896 by the Pennsylvania Heat, Light & Power Co., and are secured by the deposit of the stock of the Edison Electric Light Co. of Philadelphia, acquired by the Pennsylvania Heat, Light & Power Co. The Edison company had \$2,000,000 stock, and \$50 cash and \$100 in trust certificates was offered for each \$100 share. Nearly all the Edison stockholders accepted these terms.

The Pennsylvania Manufacturing collateral trust certificates, created in 1898, are secured by a deposit of stock of the Pennsylvania Heat, Light & Power Co. and other stocks. The Pennsylvania Heat, Light & Power Co. had \$5,000,000 full-paid common stock, par \$50, and \$5,000,000 6 per cent., cumulative, preferred stock, par \$50, on which \$35 per share had been paid. The Pennsylvania Manufacturing Light & Power Co. acquired control by exchanging the collateral trust certificates for Pennsylvania Heat, Light & Power stock at the rate of \$66 per share for the preferred and \$24 per share for the common.

PHILADELPHIA RAPID TRANSIT CO.

A corporation formed under the laws of Pennsylvania, May 1, 1902. The company acquired by lease the Union Traction Railway system, comprising the lines of the Philadelphia Traction Co., the Electric Traction Co. and the Peoples' Traction Co. See statement of the Union Traction Co. It also acquired the capital stock and franchises of the following companies:

Central Rapid Transit Street Railway Co.	Western Rapid Transit Street Railway Co.
Chestnut Hill & Glenside Rapid Transit Street Railway Co.	Philadelphia & Willow Grove Street Railway Co.
Eastern Rapid Transit Street Railway Co.	Darby & Yeadon Street Railway Co.
Doylestown & Willow Grove Railway Co.	Twenty-second Street and Allegheny Avenue Passenger Railway Co.
Market Street Elevated Passenger Railway Co.	Darby, Media & Chester Street Railway Co.
Northern Rapid Transit Street Railway Co.	
Southern Rapid Transit Street Railway Co.	

A number of companies originally acquired have been consolidated with the Market Street Elevated Passenger Railway Co. A number of additional companies have been formed in the interest of this company to build new lines of about 119 miles. In March, 1906, the company negotiated a new arrangement with the city, whereby it surrendered certain franchises and agreed to complete the construction of various subways within three years.

The company, in 1903, began the construction of a subway and elevated railway in Market street, Philadelphia, and in December, 1905, began operating the second section of the subway from Fifteenth street to the Schuylkill River. In March, 1907, completed and opened that part of the elevated west of Schuylkill.

On July, 1907, an agreement authorized by an ordinance of the City Council was made between the company and the City of Philadelphia providing for a readjustment of the relations between the City and company. The plan confers upon the City the right to purchase after June 30, 1957, all leases, franchises and property of the company at the company's actually paid in capital, with the right to assign or sell this option. A sinking fund is to be established, to be taken out of the gross receipts of the company, which, calculated at 4 per cent., will amount to at least \$30,000,000 at the expiration of 50 years, to enable the City to acquire the property at that time. Beginning January 1, 1907, the City is to share equally in the net profits after stockholders have received 6 per cent. per annum, cumulative from January 1, 1907, on the capital actually invested by them. All franchises for further surface, elevated or underground railroads within the city are to be first offered the Philadelphia Rapid Transit Co. The City is also to have three members on the board of directors. The present rate of fare is not to be changed except with the consent of both parties. It also provides for a fixed payment to the City in lieu of the license fee per car.

Stock. Par \$50. Authorized, \$30,000,000 Issued, \$18,000,000

The stock is now \$42.50 per share paid in. It was, when originally issued, \$5 per share paid. In May, 1903, a call was made for a second instalment of \$5, payable on or before July 6, 1903. The call was made to provide funds for the construction of the Market Street subway and other improvements. In December, 1903, a call was made for a third instalment of \$5 per share, payable January 20, 1904. The fourth instalment of \$5 per share was payable January 20, 1905, the fifth of \$5 July 10, 1906, and the sixth, also of \$5, December 10, 1906, making the stock \$30 per share or 60 per cent. paid in.

In February, 1907, a plan was ratified whereby the balance due on the stock shall be called and paid in at the rate of \$3,000,000 every six months and the money applied to improvements and extensions. A payment of \$5 was called for in March, 1907, making the stock \$35 per share paid, and two further final payments of \$7.50 each were called for September 9, 1907, and September 7, 1908, respectively, at which latter date the stock will be full paid.

Stock is transferred at the office of the company, Philadelphia, and by the Central Trust Co., New York. Registrars, Land Title & Trust Co., Philadelphia; Morton Trust Co., New York.

PITTSBURG COAL CO.

A corporation formed under the laws of New Jersey, September 1, 1899. The company acquired the mines and property of a number of the large producers and shippers by rail of steam and gas coal in the Pittsburgh district. A list of the properties included in the company was given in the *MANUAL* for 1901.

Since its organization the company has purchased undeveloped coal lands adjoining its various properties, making the total holdings over 160,000 acres, with 150 operated mines.

The company, from the general character of its business, is known as the "railroad coal combination." The properties acquired and taken over comprised over 80,000 acres of coal land and over 7,000 acres of surface land in Allegheny, Fayette, Washington and Westmoreland Counties, Pa. It also has docks and loading plants on the lakes at Chicago, Cleveland, Duluth, Milwaukee, Sheboygan, Green Bay, Ashland, Manitowoc and West Superior, Wis.; Sault Sainte Marie and Escanaba, Mich.; Ashtabula, Fairport, Thornburg O., Amherstburg, Ont., Sandwich, Ont., and Port Arthur, Ont. It also acquired about eleven miles of railroad at the mines, and the Northwestern Coal Railway, Allouez Bay, Wis. The company owns 17 locomotives and 5,500 railroad cars.

In January, 1902, the company purchased the New Pittsburgh Coal Co. and the Greendale Coal Co., and leased the Shaw Coal Co.'s property for forty years. In 1902, purchased the Pittsburg & Castle Shannon Railroad and mines and acquired an interest in the Milwaukee Western Fuel Co. In January, 1903, the Midland Coal Co. was acquired, together with the National Dock & Fuel Co. of Cleveland, and control of the Colonial Coke Co. In October, 1903, the Mansfield Coal & Coke Co. was acquired.

In September, 1903, this company acquired a controlling interest in the stocks of the Monongahela River Consolidated Coal & Coke Co., paying for the same \$15 per share for the latter's common stock, par \$50, and \$45 for its preferred. It was stated that this company was to acquire \$15,000,000 of the Monongahela River Co.'s \$20,000,000 of common, and \$2,500,000 of its \$10,000,000 of preferred stock. The arrangement was understood to be based on the delivery by this company to the vendors of the common stock of non-interest-bearing notes for the gross amount involved, of which one-third in amount are to mature each year for three years. The preferred stock acquired was to be paid for in semi-annual instalments, beginning January 20,

1904, the payments to be equal to 6 cents per ton of coal taken from the Monongahela River Consolidated Coal & Coke Co.'s mines.

In November, 1904, this company leased the coal mines of the Pittsburgh Terminal Railroad & Coal Co., and in December, 1904, purchased two mines of the Pittsburgh-Buffalo Co.

The company's total output in 1907 was 19,353,494 tons of coal, including the amount purchased. Of the above 579,833 tons was coked. The company at the end of 1907 had 1,119 coke ovens.

The preferred stock is 7 per cent., cumulative. Transfer Agents, Union Trust Co., Pittsburgh; Manhattan Trust Co., New York; Guarantee Trust & Safe Deposit Co., Philadelphia. Registrars, Fidelity Title & Trust Co., Pittsburgh; Chase National Bank, New York; Fidelity Trust Co., Philadelphia.

The company began the payment of dividends on the preferred stock at the full rate of 7 per cent. per annum by the declaration of $1\frac{3}{4}$ per cent., quarterly, payable January 25, 1900, and paid the same regularly in January (25), April, July and October, until January, 1903, when $1\frac{3}{4}$ per cent. was declared payable in scrip, redeemable in one year, which scrip was paid in November, 1904. The April, 1904, and subsequent dividends were paid in cash at the regular rate of $1\frac{3}{4}$ per cent., until April 25, 1905, since which time dividends have been suspended.

FUNDED DEBT

Pittsburg Coal of Pa., 1st mort., guar., 5 p. c., due Jan., 1954, Jan. and July..... \$21,368,000

In January, 1904, the company entered into an arrangement with The Union Trust Co., of Pittsburgh, for the sale of \$25,000,000, fifty-year 5 per cent. bonds, to be used as required for paying off obligations and for furnishing working capital. The bonds are issued by the Pittsburg Coal Co. of Pennsylvania, a subsidiary organization, and guaranteed by this company. They are a first mortgage on 160,000 acres of coal lands, and can be called at 110 in part or whole on any interest day. There is a sinking fund of 5 cents per ton of coal mined, the yearly minimum to be \$600,000. The collateral trust bonds of 1902 have been retired.

The company began paying regular quarterly dividends of $1\frac{3}{4}$ per cent. on the preferred stock in May, 1899, and has since paid the same regularly in February (25), May, August and November. The company declared 6 per cent. on its common stock out of the surplus earnings of 1899, this dividend being payable $1\frac{1}{2}$ per cent. each in February (25), May, August and November, 1900. In 1901, the quarterly dividends on the common were reduced to 1 per cent., or 4 per cent.

for the year. In 1902, 4 per cent. was again paid on the common, but in January, 1903, the directors declared an extra dividend of 1 per cent. on the common out of the profits of 1902, to be paid in four quarterly instalments, in addition to the regular 1 per cent. quarterly dividends. This put the common on a 5 per cent. dividend basis during 1903. In 1904, the quarterly dividends on the common were 1 per cent. each in February, May and August, but the November, 1904, dividend was passed and none have been paid since.

The perpetual interest certificates are \$20,200,000, authorized, and were issued in exchange for the stocks of the controlled companies on the terms stated below. They are secured by the deposit in trust of all the stocks purchased. It was provided that 1 per cent. should be paid in cash on the certificates at the time of their issue, and 1 per cent. at the end of the first year, making 2 per cent. for that year, the interest payments thereafter to be semi-annual. Interest is paid at the Fidelity Trust Co., Newark, N. J. The terms as to interest were that certificate holders shall receive payments per annum as follows:

First year, 2 per cent.; second year, 2 per cent.; third year, 2½ per cent.; fourth year, 3 per cent.; fifth year, 3½ per cent.; sixth year, 4 per cent.; seventh year, 4½ per cent.; eighth year, 5 per cent.; ninth year, 5½ per cent.; tenth year and after, 6 per cent. In January, 1905, \$2,000,000 of the certificates were offered bearing the indorsement of the Fidelity Trust Co. of Newark, which provides for the payment by that company of an additional amount of interest up to May, 1912, sufficient to make the rate of interest on the indorsed certificates 6 per cent. per annum during that period.

Holders of the stocks of the five companies of which control was acquired were offered April 9, 1903, the privilege of exchanging their stock for the interest certificates of this corporation as per the following tabulation, which also gives the amount of outstanding stock of each constituent company:

	Stock Outstanding	Received in Cfcs., Per Cent.
North Jersey Street Railway Co.....	\$15,000,000	40
Jersey City, Hoboken & Paterson Street Railway Co.....	20,000,000	35
Elizabeth, Plainfield & Central Jersey Railway Co.....	3,000,000	30
Orange & Passaic Valley Railway Co.....	1,000,000	30
The United Electric Co. of New Jersey.....	20,000,000	30

The above provisions called for a total issue of \$20,200,000 of interest certificates if all the stocks of the constituent companies were exchanged thereunder. Stockholders of the various companies were invited to deposit their stock on or before April 27, 1903, with the Fidelity Trust Co., Newark, N. J., or with the New Jersey Title Guarantee & Trust Co., Jersey City; Manhattan Trust Co., New York, or Commercial Trust Co., Philadelphia. The plan was declared operative in May, 1903, when it was stated that over 75 per cent. of the stock of each of the companies had been deposited. In June, 1904, \$55,026,200 out of a total of \$59,000,000 of the said stocks had been deposited.

In May, 1903, it was announced that arrangements had been concluded for the lease by this corporation for 999 years, from June 1, 1903, of the properties of the companies named in the following table. The outstanding stock of each company is given, together with the dividends as rental guaranteed thereon by the Public Service Corporation in successive years. Dividends guaranteed under the leases are payable semi-annually in June and December.

	Stocks Outstanding	Dividends guaranteed each year, per cent.								
		1st	2d	3d	4th	5th	6th	7th	8th	9th
Hudson County Gas Co.....	\$10,500,000	2	2½	3	3½	4	5	6	7	8
Essex & Hudson Gas Co.....	6,500,000	3½	4½	5	6	7	8	8	8	8
Paterson-Passaic Gas & Electric Co..	5,000,000	1½	2	2½	3	3½	4	5	5	5
South Jersey Gas, Elec. & Traction Co.	5,889,000	3½	4½	5	6	7	8	8	8	8

In all cases the maximum rates given in the table are to continue as the guaranteed dividends for the remainder of the leases.

The Orange & Passaic Valley Railway Co. is leased for 999 years, from November 1, 1903, and the Elizabeth, Plainfield & Central Jersey Railway Co. for 999 years from the same date.

The Camden & Suburban Railway was leased for 999 years from May 1, 1904, for charges and annual payments rising from \$30,000 the first year of the lease to \$120,000 in the tenth year thereof. The Camden Horse Railway Co. is leased by the Camden & Suburban Railway Co. at an annual rental of \$60,000. The Elizabeth & Raritan River Railway was leased for 999 years from May 2, 1904, the rental being interest on the outstanding bonds.

The Gas & Electric Co. of Bergen County is leased for 999 years, from January 1, 1905, the rental being charges and 2 per cent. per annum on the \$2,000,000 stock for the first two years, 2½ per cent. for the third year, 3 per cent. for the succeeding two years, 4 per cent. for the next four years, and 5 per cent. thereafter.

The five-year collateral trust 5 per cent. notes, due 1909, were issued in October, 1904. They are secured by the deposit of bonds of constituent companies aggregating \$11,508,000 par value. Trustee, Fidelity Trust Co., Newark.

The convertible notes were issued in 1906. They are convertible into stock at the holders' option on May 1, 1909.

In the year 1903, the aggregate earnings of the street railway companies comprised in the system were gross, \$8,041,922; net, \$3,186,390. In 1904, gross, \$8,451,594; net, \$2,990,117. In 1906, gross, \$9,066,511; net, \$4,144,692.

The company has in its treasury \$161,000 of common and \$435,100 of preferred stock, which are included in the stock issued as given above.

The first dividend on the preferred stock was $1\frac{3}{4}$ per cent. quarterly, paid October 1, 1899. Regular quarterly dividends at that rate were paid on the preferred in January, April, July and October, to October, 1903, inclusive, the January, 1904, dividend having been deferred, and no dividends were paid until October, 1905, when $1\frac{3}{4}$ per cent. was distributed. In January, 1906, also paid $1\frac{3}{4}$ per cent. and $1\frac{3}{8}$ per cent. on account of accumulated dividends. In April, 1906, paid $1\frac{3}{4}$ per cent. regular and 2 per cent. extra, on account of the unpaid back dividends. Extra dividends of 2 per cent. each were also paid in July and October, 1906, and January, April and July, 1907, the last payment extinguishing the accumulated dividends. In October, 1907, December 21, 1907, and April 1, 1908, $1\frac{3}{4}$ per cent. each was paid.

FUNDED DEBT

1st and collateral trust mort., 5 per cent., due Oct., 1934, April and Oct. \$8,625,000

In October, 1904, the company created the issue of 5 per cent. collateral trust mortgage bonds for \$10,000,000, part of which were used to secure the 5 per cent. notes, due 1906-07. The entire issue of bonds was sold in February, 1905. The bonds have an annual sinking fund of \$250,000 and are subject to call for the same at 105, and on October 1, 1914, and thereafter at the same price as a whole.

This company and the Tennessee Coal & Iron Co., jointly, guarantee \$700,000 5 per cent. bonds of the Potter Ore Co.

RICHELIEU & ONTARIO NAVIGATION CO.

A corporation formed under the laws of the Dominion of Canada. The company originated as a private enterprise in 1847 with its head office at St. Charles, P. Q. It subsequently removed its office to Montreal, and placed a line on the St. Lawrence, running between Montreal and Quebec, in competition with the Molson & Torrance line, eventually purchasing the latter's steamers. In 1857, the company was incorporated for the first time. It absorbed various local lines, including the Lake St. Peter Navigation Co., the Terrebbonne & Assumption Navigation Co., the Chambly & Montreal Navigation Co., the Laprairie Navigation Co. and the Longueuil Navigation Co. In 1875, it amalgamated its stock with that of the Canadian Navigation Co., which operated steamers between Toronto and Montreal, and amended its charter, assuming the present title of Richelieu & Ontario Navigation Co. In 1886, it purchased the steamers of the St. Lawrence River Steam Navigation Co. This last purchase completed the control, which the company retains, of the through lake and river passenger and freight business between Toronto, Montreal, Quebec and Chicoutimi, a distance of 800 miles.

Its through passenger business is divided into three main lines: 1st, from Toronto to Montreal, embracing Lake Ontario, the Thousand Isles and the Rapids of St. Lawrence; 2d, from Montreal to Quebec, embracing the river between those points; 3d, from Quebec to Tadousac, and the Saguenay River from Tadousac to Chicoutimi. Its local lines are eleven in number—from Montreal to Hamilton, Laprairie, St. Helen's Island, Longueuil, Boucherville, Contrecoeur, Chambly, Berthier, Pierreville, Three Rivers and St. Anne de Beaupre.

The company also owns and operates hotels at Murray Bay and Tadousac, P. Q.

The Rochester Railway & Light Co.'s consolidated mortgage is for \$16,000,000. Of the bonds, \$5,450,000 are reserved to retire underlying mortgages of the Rochester Gas & Electric Co., and \$780,000 to retire the water power mortgages, there being also \$4,073,000 held for betterments and improvements, provision being made that all after acquired property shall be brought under the lien of the mortgage, and that before any of the trustee's bonds shall be issued for such purposes the constituent company must first have expended \$750,000 for improvements. The bonds are subject to call at 110 on any interest date. Trustee of the mortgage, Security Trust Co., Rochester, N. Y., at which interest is payable, also at the offices of E. W. Clark & Co., Philadelphia, and Hodenpyl, Walbridge & Co., New York.

The Rochester Railway consolidated mortgage is for \$3,000,000. Interest is payable at the Solicitors' Loan & Trust Co., Philadelphia.

The Rochester Gas & Electric Co. had \$2,150,000 common stock, and \$2,360,000 6 per cent., cumulative, preferred stock. It paid 6 per cent. on its preferred stock, dividends being semi-annual, February and August. Under the plan of consolidation holders of the preferred stock of the Gas & Electric Co. were given the option of exchanging it for 120 per cent. of its par value in either new consolidated bonds or new preferred stock. The common stock of the Gas & Electric Co. was exchanged for 110 per cent. of its face in the new consolidated bonds.

The Rochester Railway Co. had \$2,500,000 common stock and \$2,500,000, 5 per cent., cumulative, preferred stock. Quarterly dividends of 1 per cent. each or 4 per cent. per annum, were paid regularly on the preferred stock beginning January 1, 1902, and as already stated the preferred stock was not affected by the plan of consolidation. Holders of the Railway Company's common stock were offered 120 per cent. of its face in preferred stock of the new company, and also the right to take common stock of the new company, 70 per cent. paid, share for share upon payment of 20 per cent. thereon, and sufficient common stock of the Railway Co. has been deposited with the Trustee under the mortgage of the Railway & Light Co. to rest the control with the latter. The preferred stockholders of the Railway Company were offered the right to subscribe at 90 for \$500,000 of the new consolidated bonds, and at 20 for \$500,000 of the new common stock, 70 per cent. paid. This increased both class of stock to \$3,000,000.

Under the plan of consolidation about \$1,250,000 cash was provided for the requirements of the system.

SCRANTON RAILWAY CO.

A corporation formed under the laws of Pennsylvania, March 23, 1865, as the People's Street Railway Co. of Luzerne County. When the company adopted its present name the following companies were merged into it:

Scranton Passenger Railway Co.
Scranton Suburban Railway Co.

Dunmore Street Railway Co.
Valley Passenger Railway Co.

The company purchased the assets and assumed the liabilities of the Scranton Traction Co., and also acquired and operates under leases the following companies:

Scranton & Carbondale Traction Co.
Lackawanna Valley Traction Co.
Pittston & Scranton Street Railway Co.

Carbondale Railway Co.
Scranton & Pittston Traction Co.

The company owns and operates all the street railways in the City of Scranton, Pa., and operates under lease all the lines around the city, including lines to Pittston, Carbondale and other towns. The aggregate of the systems is 81.55 miles, with a power house and other equipment.

It owns the total issue of bonds of the Carbondale Railway Co., \$300,000, and \$60,000 bonds of the Scranton & Pittston Traction Co. It also owns all of the stock of the Scranton & Carbondale Traction Co., the Lackawanna Valley Traction Co., the Pittston & Scranton Street Railway Co., the Carbondale Railway Co., and nearly all of the Scranton & Pittston Traction Co.

This company is controlled by The American Railways Co. of Philadelphia, through ownership of a majority of its stock, having purchased the same in December, 1905.

TENNESSEE COAL, IRON & RAILROAD CO.

(Controlled by United States Steel Corporation)

A corporation created in 1860 by the Legislature of Tennessee as the Tennessee Coal & Railroad Co. In 1881, name was changed to the present style. The property of the company consists of 450,000 acres of coal, ore, timber and limestone lands; 20 blast furnaces, with a capacity of 750,000 tons per annum, and coal mines with a developed capacity of 20,000 tons daily. In September, 1892, consolidated with the De Bardeleben Coal & Iron Co., and also acquired the Cahaba Coal Mining and Excelsior Coal Companies. The Alabama Steel & Shipbuilding Co., organized in 1898, is controlled by this company, and has a large steel plant at Ensley, Ala., with a capacity of 1,000 tons of steel per day, which is leased to this company. In 1899 the company sold the Birmingham Southern Railroad, 26 miles, connecting its various plants to the Louisville & Nashville Railroad and the Southern Railway Co's., but in July, 1906, repurchased the same.

The Alabama Steel & Shipbuilding Co. was formed in 1898 to build a large steel manufacturing plant at Ensley, Ala. It has \$440,000 6 per cent. preferred stock and \$1,100,000 6 per cent. bonds. Its common stock is all owned by the Tennessee Coal & Iron Co., which guarantees the bonds and dividends on the preferred stock. Half-yearly dividends of 3 per cent., January and July, are paid on the preferred stock of the Alabama company. The Tennessee Coal & Iron stockholders were, in October, 1898, offered the right to subscribe for the bonds at par, a bonus of \$400 Alabama Steel & Shipbuilding preferred stock being given with each \$1,000 bond.

In November, 1907, the United States Steel Corporation acquired control of this company, having offered in exchange for the common stock its own 5 per cent. 2d sinking fund bonds at the rate of \$11,994.75 of bonds for each 100 shares of stock. On December 31, 1907, the United States Steel Corporation held \$30,374.825 par value of the common stock and subscription receipts, being all but \$220,160 of the total amount outstanding at that date. The securities acquired included \$632,655 paid for in cash, being the instalment of 20 per cent. payable December 15, 1907, on the common stock subscription receipts.

-------------------------------	--	--------	--	--------------

The preferred stock is 8 per cent., cumulative, and the issue of preferred was \$1,000,000. In March, 1900, 54 per cent. of dividends were overdue on the preferred. In March, 1900, the total stock was increased from \$20,000,000 to \$23,000,000, and \$1,800,000 of the issue was reserved to retire the preferred stock and accumulated dividends by giving holders 180 in new common. Most of the preferred stockholders accepted the proposal at the time of this offer. In January, 1906, it was renewed as regards the remaining outstanding preferred, but the figure at which the exchange would be made was placed at 126 for the preferred.

On January 31, 1906, the authorized common stock was increased from \$23,000,000 to \$30,000,000. Stockholders of record March 1, 1906, had the right to subscribe on April 16, 1906, at par to the extent of 15 per cent. of their holdings for \$3,417,204 of new stock, payable 25 per cent. on subscription, 25 per cent. July 16, 1906, 25 per cent. October 16, 1906, and 25 per cent. February 1, 1907. In October, 1906, the authorized common was again increased to \$50,000,000, and \$3,417,200 was sold, payments for the same to be completed by August 1, 1907, making the stock issued \$29,453,000. In 1907, stockholders were again offered \$3,224,927 stock at par, payable 20 per cent. each October 15 and December 16, 1907, and February 17, April 15 and June 15, 1908, at which last-named date the issued common stock will be \$32,541,000.

Transfer Agent, Hanover National Bank, New York. Registrar, Central Trust Co., New York.

Until 1900, no dividend had been paid on the preferred since 1893, or on the common since 1887. Payment of the full 54 per cent. of back dividends on the non-assenting preferred stock was made May 1, 1900, and regular quarterly dividends of 2 per cent. each were paid on the outstanding preferred stock in February (1), May, August and November. A dividend of 2 per cent. on the common was declared payable May 1, 1900, and similar dividends were paid in August and November, 1900. The February, 1901, dividend on the common was passed, and no further dividends were paid on it until the declaration of a quarterly dividend of 1 per cent. payable May 1, 1905, and similar quarterly dividends of 1 per cent. were subsequently paid in February, May, August and November, being at the rate of 4 per cent. per annum up to November 1, 1907, inclusive.

THIRD AVENUE RAILROAD CO.

A corporation chartered by the State of New York, October 8, 1853.

Road owned, 14 miles, double track. The installation of underground electric power on the company's main line on Third avenue, New York, was completed in 1899, replacing the cable system installed in 1894. In November, 1895, the company acquired control of the Forty-second

Street, Manhattanville & St. Nicholas Avenue Railway Co., and leased the same. In 1897, acquired control of the Dry Dock, East Broadway & Battery Railroad Co., and in January, 1898, of the Union Railway Co. of New York. The Yonkers Railroad Co. and the Tarrytown, White Plains & Mamaroneck Railway are also controlled. Total controlled, 188 miles; total of system, 215 miles of track.

In March, 1900, control of the company was acquired by the Metropolitan Street Railway Co., and on April 13, 1900, the property was leased to that company for 999 years. For the first four years of lease the rental was to be interest and net revenue above the charges. For the next two years 5 per cent. on the company's stock, 6 per cent. for next four years, and 7 per cent. dividends thereafter. The dividends under the lease were paid quarterly, until the one due October 31, 1907, which was withheld under order of the Court by the Receiver of the Metropolitan Street Railway Co.

On January 6, 1908, the company was placed in the hands of a Receiver on application of the trustee of the consolidated mortgage.

THE UNDERGROUND ELECTRIC RAILWAYS CO. OF LONDON, LIMITED

A corporation formed under the laws of Great Britain, April 9, 1902. The company controls an extensive system of traction lines in London and its vicinity, consisting of both underground and surface roads. It holds a controlling interest in the common stock of the Metropolitan District Railway Co., the original London underground line, having begun the installation of electric power on the same in 1902. Through ownership of their stocks it controls the London United Tramways Co., which has an extensive system of surface lines connecting with the Metropolitan District Railway system at Hammersmith, and the Baker Street & Waterloo Railway Co., the Great Northern, Piccadilly & Brompton Railway Co. and the Charing Cross, Euston & Hampstead Railway Co. The three latter are deep, level underground or tube roads, and are all under construction. The total length of all the lines leased and controlled, including both the completed portion and that under construction, is about 150 miles. The company in 1903-05 erected what was designed to be the largest power house in the world, at cost of about £1,200,000.

A committee to readjust the company's finances was formed in January, 1908, under the auspices of Speyer & Co., New York, and Speyer Brothers, London.

The profit-sharing notes, £7,000,000 authorized, were issued in 1903 to provide capital for the construction of the new lines and the equipment of the District Railway with electric power and the completion of the power station. They are in denominations of £100 to £1,000, or \$500 to \$5,000 each. The company has the right to redeem the notes in whole or part at par at any time either by drawing the same or purchasing notes in the market. The notes are secured by the deposit with the London & Westminster Bank, Limited, of London, under a deed of trust, of stocks of the constituent companies, valued at over £10,000,000, including £7,750,000 of stocks of the three tube companies referred to above. It is provided that in the event of the sale of any of the latter stocks at over 95, one-half of the net profit of such sale shall be set aside for the benefit of the notes outstanding at the time of such sale. Interest on the notes is free of the British income tax, and is payable either in sterling at London or in dollars at New York. Agents for the payment of interest, the London and Westminster Bank, Limited, London, and Speyer & Co., New York.

In November, 1907, holders of profit-sharing notes were requested to deposit them with the Guaranty Trust Co., New York, under an agreement for the readjustment of the company's affairs. In December, 1907, the coupons of profit-sharing notes were purchased by Speyer & Co., New York, and Speyer Bros., London.

UNION TRACTION CO.

(Leased to Philadelphia Rapid Transit Co.)

A corporation formed under the laws of Pennsylvania, September 6, 1895. The company is a consolidation of the Philadelphia Traction, Electric Traction and People's Traction Companies, and in 1898 acquired and leased the Hestonville, Mantua & Fairmount system, which gave it control of the street railways of Philadelphia. Road operated, 514 miles of track.

In March, 1902, a proposition was submitted to lease the properties of this company to the Philadelphia Rapid Transit Co. for 999 years, the lessee to guarantee \$1.50 per share or 3 per cent. per annum on the stock for the first two years, 4 per cent. for the third and fourth years, 5 per cent. for the fifth and sixth years, and 6 per cent. for the remainder of the lease. The proposition was ratified, and lease began July 1, 1902. The stockholders of this company also had the right to subscribe for 150,000 shares of the Rapid Transit Co.'s stock. It was also proposed to construct elevated roads on certain main streets in Philadelphia.

The Philadelphia Traction Co. was formed in 1883. It leased the Philadelphia City Passenger Railway, Philadelphia & Gray's Ferry, Union Passenger Railway, West Philadelphia Passenger Railway, Ridge Avenue Passenger Railway, Thirteenth & Fifteenth Streets, Philadelphia & Darby, Schuylkill River and the Continental Passenger Railway; and owned by a stock control the Empire, Seventeenth & Nineteenth Streets and some small connecting lines, comprising a system of about 210 miles.

The People's Traction Co., formed in 1893, leased the Germantown Passenger Railway, including the Fourth & Eighth Streets and Girard Avenue Railway Companies, and the Greene & Coates Streets Railway. It owned or controlled the People's Passenger Railway (Callowhill street line), the Philadelphia, Cheltenham & Jenkintown Passenger Railway, and other lines. Total mileage, 117 miles.

The Electric Traction Co., formed in 1893, leased the Citizens' Passenger Railway, Frankford & Southwark, including Lombard and South, and Second & Third Streets Passenger Railways, and owned controlling interest in the Lehigh Avenue Passenger Railway and in the Omnibus Co. General. Total mileage, 129 miles.

Stock.....Par \$50.....Authorized, \$30,000,000... Issued, \$30,000,000

There had been paid in on the stock to January 1, 1908, \$17.50 share. Stock is transferred at the office of the company, Philadelphia. Registrar, Land, Title & Trust Co., Philadelphia.

The dividends on the stock under the lease are paid half-yearly, in January (1) and July. The dividends were 3 per cent., or 1½ per cent. semi-annually in 1903 and 1904, 4 per cent. or 2 per cent. semi-annually in 1905. In January and July, 1906, each, 2 per cent. was paid. The January, 1907, dividend was 2½ per cent. as were both those of July, 1907, and January, 1908.

The Union Traction Co. purchased the stock of the People's Traction Co., \$10,000,000, par \$50, paid in \$30, and of the Electric Traction Co., \$50 par, full paid, \$7,619,000, allotment stock, \$30 per share, paid in, \$1,131,000, total \$8,750,000. It also leased the Philadelphia Traction Co. for 999 years at a net rental of 8 per cent., or \$4 per share per annum, payable in gold, half-yearly, free of taxes.

The purchased stock of the People's and Electric Traction Companies was paid for in 4 per cent. collateral trust certificates, not redeemable before October 1, 1945, secured by deposit of purchased stocks with Pennsylvania Company for Insurances on Lives, etc., trustee. The trust certificates are guaranteed, principal and interest, by the Union Traction Co., and are in denominations of \$100 and \$1,000. The price paid was \$76 in said certificates for each share (\$30 paid in) of People's Traction stock, \$85 per share for each full paid share of Electric Traction, and \$76 per share for the shares of the latter company, on which \$30 per share had been paid in.

July 1, 1896, the People's Traction and Electric Traction were leased to this company for all charges, including interest on the 4 per cent. stock trust certificates.

Stockholders of the Philadelphia Electric and People's Traction Companies had the privilege of subscribing for the stock of Union Traction Co. to the extent of 77 per cent. of the number of shares held.

The People's Passenger Railway stock trust certificates were issued when practically all the stock of that company was purchased by the People's Traction Co., \$75 per share, payable \$5 in cash and \$70 in trust certificates, being given for the \$2,250,000 of People's Passenger Railway stock. The trust certificates are secured by the deposit with the Pennsylvania Company for Insurance on Lives and Granting Annuities, trustee, of 14 2-7 shares of the People's Passenger Railway shares for each \$1,000 issued.

Earnings are included in those of the lessee, the Philadelphia Rapid Transit Co.

The 1st preferred stock is 7 per cent., cumulative; the 2d preferred 8 per cent., cumulative. Of the 2d preferred an amount of \$2,000,000 remains in the company's treasury.

In 1904, the 2d preferred stock was increased \$1,000,000, the additional stock being subscribed at par by all the stockholders on the basis of one new share for each 18 shares held.

Stock is transferred at 280 Broadway, New York. Registrar, New York Trust Co.

The dividends paid have been as follows: On the 1st preferred, in 1893, 3½ per cent., in 1894, and each year since, 7 per cent.; on the 2d preferred, in 1895, 6 per cent., in 1896, 6 per cent., in 1897, 8 per cent., in 1898, 8 per cent., in 1899, 8 per cent., in 1900, 8 per cent. and 8 per cent. extra, the latter being on account of past due dividends, which were thus reduced to 8 per cent. In 1901, 16 per cent. was paid on the 2d preferred, which completed the overdue dividends. The preferred dividends are paid half-yearly, April and October. The first dividend on the common stock was 3 per cent., paid April 1, 1902, and similar dividends have since been paid half yearly in April and October, the common stock being thus placed on a 6 per cent. dividend basis, which has since been maintained.

No reports of the company's earnings are published.

UNITED BANK NOTE CORPORATION

A corporation formed under the laws of New York, February 20, 1906, to acquire the American Bank Note Co. and other properties. Under the plan for the acquisition of the American Bank Note Co., the latter's stockholders received one share of preferred stock and one share of common stock of the new corporation for each share of American Bank Note Co. stock deposited. Any portion of the new stock not taken under this offer might be disposed of at not less than par for the acquisition of stock or property of the American Bank Note Co., and for no other purpose. In addition there was offered to depositing stockholders, at the rate of \$75 per share, one share of preferred accompanied by one share of common stock to provide working capital and investment fund, \$400,000. This provides for an issue of \$4,000,000 preferred and \$4,000,000 common stock, leaving for other purposes \$1,000,000 for each class of stock.

The American Bank Note Co. was a New York corporation, originally chartered in 1858 and reorganized in 1879. Its stock consisted of 72,000 shares which had no par value, though it was customary to consider them as being the equivalent of \$50 each. In recent years the old company paid dividends of \$3 per share per annum on its stock, the payments being 50 cents per share each in March and September and \$1 per share each in June and December.

The property of the American Bank Note Co. consists of a large plant at New York for the engraving and printing of bank notes, bonds, stock certificates, etc. It also has branch establishments in Philadelphia, Boston and Ottawa, Canada. It was stated in the plan for the formation of the new company that one of its principal objects was to provide additional capital for the enlargement of the plants and also to extend the operations of the company in the United States and other countries. In 1907, a large building was erected by the American Bank Note Co., at Broad and Beaver streets, New York.

UNITED COPPER CO.

A corporation formed under the laws of New Jersey, April 28, 1902. The company acquired nearly all the stock of the following companies:

Montana Ore Purchasing Co.
Nipper Consolidated Copper Co.
Cora-Rock Island Mining Co.

Minnie Healey Mining Co.
Belmont Mining Co.

In February, 1906, those copper properties of the company at and near Butte, Mont., which were in litigation, including the Minnie Healey, Michael Davitt, Guardian, Nipper, Rarus and other mines, and its interests in the Tramway and Snohomish mines and in the Montana Ore Purchasing Co., were sold and transferred to Thomas F. Cole and associates. The new owners organized a company under the title of the Butte Coalition Mining Co. to hold the control of said properties. The United Copper Co. retained, however, its interest in the Lexington group of mines and has other mining properties. See statement of the Butte Coalition Mining Co.

UNITED FRUIT CO.

A corporation formed under the laws of New Jersey, March 30, 1899. The company's business is the production, transportation and distribution of tropical fruit from the West Indies and Central America to the United States. It acquired either the whole or a controlling interest in the Boston Fruit Co. and associate fruit companies, also the Tropical Trading & Transportation Co., Limited, together with a line of steamers in service between South and Central America and the West Indies and American ports. The company controls the Fruit Dispatch Co., which is its distributing agent. In 1907, acquired the \$3,500,000 common stock of the Nipe Bay Co. The fleet of steamers owned or chartered aggregate about eighty. The combined yearly importations of the concerns acquired aggregate 35,000,000 bunches of bananas, and other fruits in proportion. The lands owned in Costa Rica, Cuba, Honduras, Jamaica, San Domingo, Republic of Panama and Colombia aggregate 396,692 acres, of which 125,542 acres are improved. It also leases 26,370 acres, of which 12,056 acres are improved. The company has plantations in Jamaica, Cuba and other West India Islands, and Central and South America. The Northern Railway of Costa Rica is controlled, and in January, 1905, leased the Costa Rica Railway Co. The company owns 315.14 miles of railways in the countries named above, with 49 locomotives and 1,266 cars. It has a large sugar property in Cuba and erected a sugar mill thereon.

UNITED RAILWAYS & ELECTRIC CO. OF BALTIMORE

A corporation formed in 1899 to consolidate all the street railways of Baltimore, Md. The company acquired the entire capital stock of the Baltimore City Passenger Railway Co. and of the Baltimore Consolidated Railway Co. It also controls the Baltimore, Sparrow's Point & Chesapeake Railway Co.

The United Electric Light & Power Co., comprising all the electric light and power plants of Baltimore, was also acquired by the interests which organized this company, and in November, 1899, this company gave \$2,000,000 of its common stock for \$2,000,000 of the stock of the United Electric Light & Power Co., but these lighting interests were sold in January, 1903. Total mileage of railway lines, 396 miles.

The Maryland Electric Railways Co., is controlled in the interest of this company. That organization acquired the Baltimore & Annapolis Short Line (steam) Railroad, which is to be equipped with electric power. The United Railways & Electric Co. is to purchase the property of the Maryland Electric Railways Co. at the maturity of the latter's bonds for sufficient to retire the latter.

-----------------------------	---	--------	---	--------------

The preferred stock is 4 per cent., cumulative. Transfer Agents, for both common and preferred, Alexander Brown & Sons, Baltimore.

Dividends on the preferred stock were $\frac{1}{2}$ per cent. in June, 1899; $2\frac{1}{2}$ per cent. in December, 1899, and 2 per cent. semi-annually since that time, payments being made in June and December. The June, 1904, dividend was, however, passed on account of the Baltimore fire. The dividends on the preferred, but not the interest on the income bonds, are subject to a deduction of $\frac{1}{4}$ of 1 per cent. for taxes.

In March, 1905, a majority of the stock was deposited in a voting trust for three years, from February 25, 1905. On its expiration in February, 1908, a new voting trust was formed to continue until May 25, 1911. Voting trustees, Alexander Brown, H. Crawford Black and F. A. Furst, Baltimore.

UNITED RAILWAYS INVESTMENT CO.

A corporation formed under the laws of New Jersey, February 17, 1902, under the title of United Railways Investment Co. of San Francisco, the name being changed to the present style in September, 1906. The company acquired the stocks, common and preferred, of the United Railroads of San Francisco, except eleven shares of common necessary to qualify directors, and thus controls the railway system operated by the latter. See statement of that company.

In February, 1906, the company acquired \$21,000,000 of the \$30,000,000 common stock of the Philadelphia Co. of Pittsburg in exchange for \$6,400,000 of this company's common stock and \$12,000,000 of 5 per cent. collateral trust bonds. The stockholders of the Philadelphia Co. were invited to exchange 16-30 of their common stock, receiving for each \$50 share \$37.50 on the new bonds, and either \$20 in stock or \$19 in cash. In April, 1907, \$3,200,000 additional was acquired by means of a further issue of the bonds in question.

UNITED STATES CAST IRON PIPE & FOUNDRY CO.

A corporation formed under the laws of New Jersey, March 13, 1899. The purpose of the organization was to unite the concerns which control the larger part of the cast iron pipe production of the United States.

This company owns some ten plants. The concerns included in this company have a capacity of 450,000 tons per annum out of a total estimated yearly production of 600,000 tons of iron pipe in the United States.

Stock..Par \$100..Authorized { com., \$15,000,000 } Issued { com., \$12,500,000 } \$25,000,000
 { pref., 15,000,000 } { pref., 12,500,000 }

The preferred stock is 7 per cent., non-cumulative. An amount of \$2,500,000 each of preferred and common remains in the treasury of the company.

Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The outstanding bonds of the American Pipe & Foundry Co., one of the constituent concerns are \$1,194,000, bearing 6 per cent. They mature in 1928, interest January and July, and are provided for by an annual sinking fund for their retirement.

The company began the payment of regular quarterly dividends on the preferred stock with a payment of $1\frac{1}{4}$ per cent. December 1, 1899, and paid similar dividends in March and June, 1900, but the September, 1900, dividend was passed and none was paid until March 1, 1902, when 1 per cent. was paid on the preferred stock, the same rate on the preferred being paid quarterly, in March, June, September and December, until June, 1904, inclusive. In September, 1904, and December, 1904 the dividends were $1\frac{1}{4}$ per cent. each, but the March 1, 1905, dividend was increased to $1\frac{3}{4}$ per cent., placing the preferred upon a 7 per cent. dividend basis, and the subsequent dividends thereon have been at that rate. The first dividend on the common stock was 1 per cent., paid December 1, 1905, after which time quarterly dividends of 1 per cent. each, or at the rate of 4 per cent. per annum, were in March (1), June, September and December. The March, 1908 dividend was, however, deferred.

Stock is transferred at the office of the company, Pittsburg. Registrar, Fidelity Title & Trust Co., Pittsburg.

The company had \$4,000,000 of common and \$1,000,000 8 per cent., cumulative, preferred stock, on which seven years' unpaid dividends had accumulated, but in October, 1903, the capital was reduced from \$5,000,000 to \$3,200,000 by the retirement of the entire preferred stock and of \$800,000 of the common stock.

An agreement was entered into between the company and holders of the old preferred stock whereby the latter exchanged their holdings for 1st mortgage 5 per cent. bonds at the rate of \$110 of bonds for each share of preferred stock.

Following the retirement of the preferred stock in exchange for 1st mortgage 5 per cent. bonds, the company, in February, 1904, declared a dividend of 1 per cent. on its common stock, payable April 10, 1904. The last previous dividend on the common stock was 3 per cent., in 1892, after which dividends on the common were suspended. It paid 1 per cent. in October, 1904, 1 per cent. January 16, 1905, 1 per cent. May 1, 1905, 1 per cent. September 15, 1905, and 1 per cent. December 20, 1905. In 1906 paid 1 per cent. in June and 1 per cent. in October. In 1907, 1 per cent. was paid, in January, April, July and October. The same rate was paid in January, 1908.

The 1st preferred stock is 8 per cent., non-cumulative. The authorized amount was originally \$25,000,000, but it was increased in May, 1905, to \$40,000,000. The second preferred stock is 6 per cent., non-cumulative, and was created in 1905, in connection with the plan to acquire control of the Rubber Goods Manufacturing Co. Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The company from 1893 to 1900, inclusive, paid 8 per cent. per annum on its preferred (now first preferred) stock, except in 1897, when 6 per cent. was paid. In January, 1901, the quarterly dividend on the preferred was reduced from 2 to 1 per cent., and no further dividends were paid from that date until June, 1904, when dividends on the preferred were resumed with a payment of 1½ per cent., further dividends of 1½ per cent. each being paid on September 15, 1904, December 15, 1904, and March 15, 1905. In May, 1905, 2 per cent. and 1½ per cent. extra were paid, and in August and October, 1905, and January, 1906, 2 per cent. was paid, which has since been the regular quarterly rate, paid in January (31), April, July and October on the 1st preferred.

The first dividend on the second preferred stock was 1½ per cent. quarterly, paid October 31, 1905, and similar quarterly dividends being 6 per cent. per annum have since been paid in January (31), April, July and October.

In March, 1895, 2½ per cent. was paid on the common stock, being the first dividend on the common. In December, 1896, 2 per cent. was declared on the common, payable February 15, 1897. In July, 1899, 1 per cent. was paid on the common. Dividends of 1 per cent. each were also paid on the common October, 1899, January, 1900, and April 30, 1900, but the July, 1900, dividend was passed and no dividends on the common stock have since been paid.

The arrangement under which this company acquired the greater part of the common and preferred stock of the Rubber Goods Manufacturing Co., as per plan of May 27, 1905, included the acceptance by the common stockholders of that company of 50 per cent. of the par value of their stock in second preferred stock of this company, and by the Rubber Goods preferred shareholders of an equal amount of the first preferred stock of this company. For this purpose there has been issued \$7,937,500 of this company's 1st preferred and \$9,965,000 of its 2d preferred stock.

UNITED STATES SMELTING, REFINING & MINING CO.

A corporation formed under the laws of Maine, March 10, 1906. The company was organized in pursuance of a plan for the financial reorganization of the United States Mining Co. The latter company was formed under the laws of Maine in 1899 and acquired the Jordan and Telegraph mines at Bingham, Utah, which had been operated for over thirty years, together with an interest in other properties adjoining them, the whole tract being traversed by the Jordan, also known as the Highland Boy, and other veins, and contains gold, silver, copper and lead values. A 1,000-ton smelter was completed in November, 1902, and a lead smelter was constructed in 1904 at West Jordan, near Salt Lake City, Utah. The smelters were owned by the United States Smelting Co., all the stock of which is held by the United States Mining Co. In 1901, the company acquired substantially all the capital stock of the Centennial-Eureka Mining Co., operating mines at Tintic, Utah. In September, 1904, the company purchased the stock of the Mammoth Copper Mining Co., owning mines in Shasta County, California.

In February, 1906, the company acquired the Real Del Monte mine at Pachuca, Mexico. The company controls the American Exploration Co., and has an interest in the Richmond Eureka Mining Co.

The United States Mining Co. has an authorized capital of \$14,000,000, the par value of its shares being \$25, while the outstanding stock was \$13,989,000. The plan of reorganization submitted in January, 1906, provided for the formation of the new company with \$37,500,000 common and \$37,500,000 preferred stock of a par value of \$25, the holders of the old stock being invited to deposit the same with the City Trust Co., Boston, by January 23, 1906, and exchange it for \$37.50 of new preferred, \$12.50 of new common and \$1 in cash for each \$25 share of the old company. It was arranged that \$6,000,000 of the new common stock should be underwritten at par (\$50) for a commission of \$4 per share and \$5,595,700 of this stock was offered for subscription at par by the stockholders of the United States Mining Co. in the proportion of one share of the new for five shares of the old stock exchanged, payment on such subscriptions to be made in four instalments of 25 per cent. each on February 6, March 6, April 6 and May 6, 1906. The underwriting syndicate was formed by Lee, Higginson & Co. and Hayden, Stone & Co., Boston. Under this agreement nearly all the stock of the United States Mining Co. was deposited and exchanged.

The preferred stock is 7 per cent. cumulative. It was provided that the cumulative dividends on this issue should begin to run from April 15, 1906.

In October, 1906, stockholders were given the right to subscribe at par for \$2,503,400 each of new common and preferred stock. In 1907, \$799,200 additional preferred was issued to pay for property acquired.

Net earnings for 1906 were estimated at about \$3,500,000.

The 1st dividend on the preferred was 87½ cents per share or 1¾ per cent. paid in April, 1906, which has since been the regular quarterly rate in January (15), April, July and October.

In January, 1907, it was decided to place the common stock on a 7 per cent. basis and a dividend of 1¾ per cent. was declared payable April 15, 1907, and similar dividends were paid in July and October, 1907. The January, 1908, dividend was, however, reduced to 1 per cent.

UNITED STATES STEEL CORPORATION

A corporation formed under the laws of New Jersey, February 25, 1901, the articles of incorporation having been amended April 1, 1901. The corporation was organized to acquire the stocks of companies engaged in the steel and allied industries. The organizations which it acquired were as follows:

The Carnegie Co.	American Tin Plate Co.	Lake Superior Consoli-
Federal Steel Co.	American Bridge Co.	dated Iron Mines.
American Steel & Wire Co.	American Steel Hoop Co.	Union Steel Co.
National Tube Co.	American Sheet Steel Co.	Troy Steel Products Co.
National Steel Co.	Shelby Steel Tube Co.	Clairton Steel Co.

Several of the original constituent companies were consolidated in 1903, in order to economize and concentrate the operations of the corporation. At the end of 1906 the operating companies comprised the following:

Carnegie Steel Co.	Illinois Steel Co.
Lorain Steel Co.	American Steel & Wire Co.
National Tube Cos.	Shelby Steel Tube Co.
American Sheet & Tin Plate Co.	American Bridge Co.
Union Steel Co.	Clairton Steel Co.
Universal Portland Cement Co.	

In addition to this the corporation controls the Indiana Steel Co. and the Great Western Mining Co. In November, 1907, it acquired nearly all the stock of the Tennessee Coal, Iron & Railroad Co. See below.

Details as to the operating companies were given in connection with the statement of the United States Steel Corporation in the MANUAL for 1903.

The Union Steel Co. and its controlled property the Sharon Steel Co. were acquired in 1902, and the Troy Steel Products Co. was also acquired in the same year.

In May, 1904, the Clairton Steel Co. was acquired from the Crucible Steel Co. of America, this corporation guaranteeing the bonds of the Clairton Steel Co.

In 1906, a subsidiary company, the Universal Portland Cement Co., was formed, which took over the cement plants near Chicago which had been operated by the Illinois Steel Co. The new company constructed two additional plants at Buffington, Ind., and Universal, Pa., near Pittsburg, the aggregate output of cement in 1907 having been 2,129,700 barrels.

The Elgin, Joliet & Eastern Railway, the Pittsburg, Bessemer & Lake Erie Railroad, the Duluth & Iron Range Railroad and the Duluth, Missabe & Northern Railway, with some short railroad lines, are owned or controlled by various constituent companies acquired by this company, the mileage of all such lines January 1, 1908, being 863.56 miles and the equipment of the same comprised 908 locomotives and 42,745 cars.

The united plants of the organizations owned and controlled comprised in January, 1908, 116 blast furnaces, 15 Bessemer steel works, 19 open-hearth steel works, 8 rail mills, 37 sheet and tin plate mills, 14 bridge and structural plants, 16 tube mills and a large number of other establishments, including bar mills, plate mills, wire rod and nail mills, and Portland cement works.

In addition to the manufacturing plants are Lake Superior iron mines, the production of which in 1905 was 18,486,556 tons; in 1906, 20,645,148 tons and in 1907, 22,403,801 tons of ore, and the marine equipment on the lakes operated in conjunction with the ore properties consisting of 76 steamers and 29 barges. The coking interests comprise 72 coking plants, which in 1906 produced 13,295,075 tons of coke and in 1907, 12,373,938 tons. The subsidiary companies own 62,253 acres of coking coal land in Pennsylvania and lease 65,497 acres in the Pocahontas district, W. Va., in addition to which 31,928 acres of steam coal lands are owned. The corporation

also owns water supply plants, natural gas properties, and ore docks at various points on the lakes.

In October, 1906, arrangements were made to lease a large acreage of iron ore lands belonging to the Great Northern Railway Co., title to which was held by the Lake Superior Co., Limited, a subsidiary organization of the Railway Co. The properties were to be leased to the Great Western Mining Co., a corporation organized for the purpose and controlled by the United States Steel Corporation, which it was provided should guarantee the lease. Under the lease the lessee shall mine from the properties a minimum of 750,000 tons of ore in the year 1907 and the amount to be mined shall be increased by 750,000 tons each year until it reaches 8,250,000 tons. The annual minimum to be thereafter that amount until the ore is exhausted, unless the lease is terminated on January 1, 1915, under an option reserved to the lessee. The royalty to be paid is \$1.65 per ton for ore containing 59 per cent. of metallic iron in the ore mined and shipped in 1907, but this base price shall increase by 3.4-10 cents per ton each succeeding year, the royalty, however, to be increased or diminished on a fixed scale as the ore may prove to be higher or lower in grade than the above 59 per cent. of metallic iron.

In 1905 it was decided to erect a new large modern steel plant in the Chicago district. To this end The Indiana Steel Co. was incorporated, which is constructing the plant; also The Gary Land Co., which owns and is improving the site of the City of Gary, Ind., where the plant is to be located, a tract of about 9,000 acres having been acquired with a large frontage on the shore of Lake Michigan. During 1906-07 substantial progress was made in construction work both on the city and the steel plant. The latter will include 8 blast furnaces, 56 open-hearth steel furnaces, blooming and rail mills, finishing mills and accessory works. Up to the end of 1907, \$24,063,388 have been expended for these purposes, including payments for real estate, and there was held in a special fund available for the work \$26,051,242. The estimated further outlay on the plans for the city and plant during 1908 was \$18,000,000.

In November, 1907, the corporation acquired \$30,374,825 par value of the common stock and subscriptions receipts of the Tennessee Coal, Iron & Railroad Co., being all but \$220,160 of the amount thereof outstanding on January 1, 1908. In payment therefor the corporation delivered its 10-60 year sinking fund 5 per cent. gold at the rate of \$11,904.76 of said bonds for each \$10,000 par value of the stock, the total par value of the bonds issued or purchased in connection with this transaction being \$35,317,632. See statement of the Tennessee Coal, Iron & Railroad Co.

In 1907 it was decided to erect an iron and steel plant of moderate size near Duluth, Minn. for which purpose a tract of about 1,580 acres was purchased.

The principal output of the several operated properties in 1905, 1906 and 1907 was as follows:

	1905 Tons	1906 Tons	1907 Tons

The preferred stock is 7 per cent., cumulative, with a preference for principal and unpaid dividends in case of a dissolution of the corporation. The charter provides that if in any year dividends amounting to 7 per cent. shall not have been paid on the preferred, the deficiency shall be payable before any dividends shall be payable on the common stock. Whenever all cumulative dividends on the preferred stock for previous years shall have been declared and become payable, and the accrued quarterly instalments for the current year shall have been set aside from surplus or net profits, the Board of Directors may declare dividends on the common stock out of any remaining surplus or profits. See below in regard to the retirement of a portion of the stock. The stock may be increased from time to time at the discretion of the directors.

Stock is transferred at the offices of the corporation, 71 Broadway, New York, and 51 Newark street, Hoboken, N. J. Registrar of common stock, Guaranty Trust Co., New York. Registrar of preferred stock, New York Trust Co., New York.

Regular quarterly dividends on the preferred stock at the full rate of 7 per cent. per annum, or $1\frac{3}{4}$ per cent. quarterly, have been paid, in February (28), May, August and November, from August, 1901, inclusive.

The first dividend on the common stock was 1 per cent. quarterly, paid September 14, 1901, and regular quarterly dividends at the same rate, or 4 per cent. per annum, were paid in March, June, September and December until September, 1903, inclusive, the December, 1903, dividend being reduced to $\frac{1}{2}$ per cent., and the March, 1904, dividend was passed and no dividends were paid on the common stock until 1906, when 1 per cent. was paid on October 1, $\frac{1}{2}$ per cent. being

for the quarter ending March 31, 1906, and $\frac{1}{2}$ per cent. for the quarter ending June 30, 1906. On December 31, 1906, a quarterly dividend of $\frac{1}{2}$ per cent. was paid and the same has since continued to be the regular quarterly rate.

See also separate statement of the Tennessee Coal, Iron & Railroad Co. for its funded debt.

The total funded debt December 31, 1907 (including the bonds of the controlled railroads and those of the Tennessee Coal, Iron & Railroad Co.) held by the public was \$600,185,270. At that date there were also real estate mortgages and purchase money obligations amounting to \$5,393,941.

On December 31, 1907, there were in the company's treasury, subject to sale, bonds and other securities aggregating a par value of \$10,222,000. The company had \$30,000,000 of the 10-60 5 per cent. sinking fund bonds in its treasury, but these were used in November, 1907, to pay for the purchase of the Tennessee Coal, Iron & Railroad stock. The total amount of the bonds used in that transaction was \$35,317,632, the balance in excess of the \$30,000,000 held by the company being bought in the market.

The collateral trust 5 per cent. bonds, due 1951, are \$304,000,000, authorized, secured by the deposit with the United States Trust Co., New York, of all the securities of the constituent companies acquired by this corporation. Series A, C and E of the bonds, aggregating \$154,000,000, can be called at 115 in whole or part after April 1, 1911. A sinking fund of \$3,040,000 per annum began June 1, 1902, to purchase bonds at not above 115 and interest, and after April 1, 1911, bonds of the series mentioned above may be drawn for the sinking fund. The purpose of the bond issue was to acquire and retire the \$159,450,000 5 per cent. bonds of the Carnegie Co. and to purchase the stock of that company. Coupons of the collateral trust 5 per cent. bonds, due 1951, are payable at the office of J. P. Morgan & Co., New York.

In March, 1902, it was announced that the corporation would issue \$250,000,000 of 5 per cent. bonds with which to retire 40 per cent., or \$200,000,000, of its preferred stock and to provide

\$50,000,000 of additional working capital. Suits were, however, brought to enjoin this plan, and it was not until February, 1903, that the Court of Errors and Appeals of New Jersey finally decided in favor of the corporation.

On March 3, 1903, J. P. Morgan & Co., New York, acting on behalf of the corporation, submitted the following offer to every holder of preferred stock of record at the close of business March 16, 1903, and during sixty days from and after that date:

(1) The preferential opportunity to subscribe, at par, for ten sixty-year 5 per cent. sinking fund gold bonds of the United States Steel Corporation, in such even amounts (*i. e.*, \$500 or multiples thereof) as such holder of preferred stock may desire, in the aggregate not exceeding \$200,000,000, nor in any instance exceeding 40 per cent. of the par amount of the preferred stock standing in the name of such holder of preferred stock at the closing of the books on March 16, 1903. Such subscription to be payable in preferred stock of United States Steel Corporation at par: that is to say, five shares of such preferred stock for each \$500 of such bonds; and also.

(2) The like opportunity to make an additional subscription, payable in cash, for bonds of such issue, at par and accrued interest, to an even amount approximately equal to 10 per cent. of the par amount of the preferred stock standing in the name of such preferred stockholder on March 16, 1903.

Under the terms of this plan \$150,000,000 of the preferred stock was retired. See below in regard to the bond issue and the arrangements between the corporation and the syndicate which was formed to facilitate the conversion.

The 2d mortgage 10-60 year 5 per cent. bonds, due 1963, are subject to call at 110 after 1913, the total authorized issue being \$250,000,000. Trustee of the mortgage, United States Trust Co., New York. Coupons are paid at the office of J. P. Morgan & Co., New York. The original plan included the issue of \$200,000,000 of the bonds against the conversion of that amount of preferred stock, as stated above, and the sale of \$50,000,000 at par for cash to provide for improvements and additional working capital. A syndicate managed by J. P. Morgan & Co., New York, was formed to underwrite the preferred stock conversion up to \$80,000,000 as a minimum, and also to guarantee the subscription for \$20,000,000 of the bonds to be sold for cash. The compensation to the syndicate was to be 4 per cent. on all bonds issued. In November, 1903, it was announced that the contract between the corporation and the syndicate had been canceled beyond the amount of \$150,000,000. Under this arrangement the bonds sold for cash at par aggregated \$20,000,000, and bonds issued against stock converted \$150,000,000. There were \$30,000,000 bonds (the balance of the \$50,000,000 which were to be sold for cash) left available for future sale, and which remain in the treasury. Also \$50,000,000 (the balance of the \$200,000,000 which were to be exchanged for preferred stock) left available for such exchange, and to be dealt with in the future as the directors determine. It was, however, stated that it was not the intention of the corporation to make immediate conversions of the preferred stock.

Under these arrangements the amount of the 5 per cent. sinking fund and 2d mortgage bonds issued was \$170,000,000, and the preferred stock outstanding was reduced from \$510,314,100 to \$360,281,100.

On December 31, 1905, the sinking fund trustees held \$19,902,000 of the bonds of this company and its subsidiary organizations. On December 31, 1906, the amount so held was \$24,767,500, the trustees at that date also holding \$397,287 cash in the sinking fund. On December 31, 1907, bonds held, \$31,559,000, cash \$444,200.

The Union Steel Co. 1st mortgage was created in 1902 and is \$45,000,000 authorized. Trustee of the mortgage, New York Trust Co. Principal and interest is guaranteed by the United States Steel Corporation. There is a sinking fund of 2 per cent. of the amount of the bonds each year, bonds to be purchased at not above 110 after 1907, the bonds to be redeemable at 110 and interest.

Under the arrangement for the acquisition of the Clairton Steel Co. in 1904, the United States Steel Corporation guaranteed the Clairton Steel Co. 5s, the St. Clair Steel Co. 1st 5s and the St. Clair Furnace Co. 1st 5s. It also assumed \$1,666,715 of real estate mortgages on the above properties.

See statements of the Elgin, Joliet & Eastern Railway; the Pittsburg, Bessemer & Lake Erie Railroad; the Duluth & Iron Range Railroad, and the Duluth, Missabe & Northern Railroad, under their respective titles in the Railroad Section of the MANUAL, for their funded debts.

The operations of the company began April 1, 1901, but it was determined later that the corporation's fiscal year, instead of terminating April 1, should correspond with the calendar year.

In 1906, \$28,500,000 was appropriated for additional properties and constructions and \$21,500,000 was specifically set aside for the construction of the new plant at Gary, Ind., leaving a net surplus for the year of \$12,742,859. In 1907, the item "other income" includes the net profits of the Tennessee Coal, Iron & Railroad Co. for two months.

By its articles of incorporation the corporation is empowered to manufacture iron, steel, manganese, coke, copper, lumber and other materials, and all articles consisting or partly consisting of iron, steel, copper, wood or other materials, and all or any products thereof.

To acquire, lease, or occupy, use or develop any lands containing coal, iron, manganese, stone, or other ores, oil or wood lands, to mine and buy and sell these or other materials, and to construct bridges, buildings, machinery, ships, boats, engines, cars and other equipment, railroads, docks, slips, elevators, water, gas and electric works, viaducts, canals and other waterways. It is stipulated, however, that the corporation shall not maintain or operate any railroad or canal in New Jersey. The corporation is also empowered to acquire and deal in trade marks, trade names, patents, inventions, improvements, processes, etc., and to acquire and deal in stocks, bonds and other securities of other corporations engaged in the acquisition, manufacture and sale of the products mentioned.

The corporation is also empowered to engage in other manufacturing, mining, construction or transportation business of any kind or character whatsoever, and to that end to acquire, deal in and dispose of all property, assets, stocks and bonds, and rights of any and every kind, but not to engage in any business hereunder which shall require the exercise of the right of eminent domain within the State of New Jersey.

The corporation also may acquire by purchase, subscription or otherwise, and hold or dispose of, stocks, bonds or other obligations of any corporation formed or engaged in the objects or operations indicated. The corporation may hold for investment the securities or obligations of any such other corporation and also aid in any manner any corporation whose obligations are held or guaranteed by this company.

The corporation may conduct its business in any other States or Territories or foreign countries, may have more than one office, and keep the books of the corporation outside of New Jersey, except as otherwise may be provided by law, and it also may have real estate transactions either in or out of the State.

Without in any particular limiting any of the objects and powers of the corporation, it is provided that the corporation shall have power to issue bonds and other obligations in payment for property purchased or acquired, or for any other object in or about its business; to mortgage or pledge stocks, bonds or other obligations of any property which may be acquired by it to secure obligations issued or incurred, to guarantee dividends, bonds or contracts, and to make or perform contracts of any description.

It is provided that the number of directors may be increased from time to time as fixed, but if fixed at more than three, by some multiple of three. Directors are to fill one, two and three-year terms.

The directors are authorized to delegate their powers to an executive committee. The board has the power to fix and determine the amount of working capital and to direct and determine the use and disposition of any surplus and net profits over and above the capital stock paid, and to follow out other transactions provided and allowed by law.

By an amendment to the articles of incorporation the corporation accepted the benefit of the New Jersey statute providing that two-thirds of the stock represented at an annual or special meeting may authorize the directors to create mortgages or pledge the assets of the company.

UNITED TRACTION & ELECTRIC CO.

A corporation formed under the laws of New Jersey in 1893.

The company controls 270 miles of electric railway, including all street railways in the cities of Providence and Pawtucket, R. I., and surrounding towns. It owns all the stock of the Rhode Island Suburban Railway Co. and owns practically all the stock and bonds of the Union Railroad Co. and Pawtucket Street Railway Co., and the stock of the Providence Cable Tramway Co.

In 1902, the properties controlled by this company were leased for 999 years to the Rhode Island Co., which is owned by the Rhode Island Securities Co. The rental is a sum sufficient to pay fixed charges and 5 per cent. on the stock of the United Traction & Electric Co. The rental was guaranteed by The United Gas Improvement Co. until such time as \$4,000,000 should have been spent on the properties for improvements.

In December, 1906, control of the Rhode Island Securities Co. was acquired by the New York, New Haven & Hartford Railroad Co. and transferred to the Providence Securities Co. See statements of the latter.

UTAH CONSOLIDATED MINING CO.

A corporation formed under the laws of New Jersey, 1902. The company was organized to acquire and take over the property of the Utah Consolidated Gold Mines, Limited, an English corporation. The latter was the successor of the Sevier Gold Mines, Limited. The property acquired consisted of all the property of the Highland Boy Gold Mining Co. The latter has mines near Bingham, Utah, consisting of 31 claims, with mill, smelter and other improvements. The ore carries gold, silver and copper.

The Utah Consolidated Gold Mines, Limited, had £300,000 stock, the par value of the shares being £1 each. A large proportion of the stock of the English company was deposited with the International Trust Co., Boston, which issued certificates or receipts against the same. These certificates were listed at the Boston Stock Exchange and were traded in the market at that city. The stock of the Utah Consolidated Gold Mines, Limited, was on the formation of this company exchanged share for share for the new stock.

In January, 1908, the company made a contract with the American Smelting & Refining Co. for the treatment of 300,000 tons of ore for a year with option to continue it for another year.

VIRGINIA-CAROLINA CHEMICAL CO.

A corporation formed under the laws of New Jersey, September 12, 1895. The company was formed to consolidate Southern manufactories of fertilizers, sulphuric acid and kindred articles. It has acquired various establishments of this description from Baltimore, Md., to Florida, together with a large amount of phosphate lands in South Carolina, Tennessee, Florida and Arkansas being the largest owner of phosphate in the world. In February, 1901, it acquired control of the Charleston Mining & Manufacturing Co. It also acquired a number of cotton oil plants, and in 1901 bought a controlling interest in the Southern Cotton Oil Co., owning \$9,995,000 of the latter's \$10,000,000 of stock. The Texas properties of the Southern Cotton Oil Co. were sold in 1905 to the Fidelity Cotton Oil & Fertilizer Co. The company has an interest in the Einigkeit (Potash) Co.

This company also owns and operates large pyrites mines, producing a large portion of the pyrites used by it in manufacturing sulphuric acid, and in addition it has various foreign properties and interests.

In August, 1903, dividends on the common stock were suspended on account of the increase in the volume of its business, amounting to about 26 per cent., and the necessity of providing additional working capital.

In connection with the above action, it was announced that the company had made arrangements with a syndicate formed by J. P. Morgan & Co., New York, by which the latter would furnish \$7,000,000, or such part thereof as should be needed for one year, at 6 per cent., with a commission, the loan to be made on the company's notes without security or collateral, all of which were paid in August, 1904.

The preferred stock is 8 per cent., cumulative, and has a preference in any distribution of assets. The amount of the authorized share capital was in July, 1899, increased to \$12,000,000 of each class, and in 1901 the common was increased to \$38,000,000 in order to provide for the acquisition of the Southern Cotton Oil Co. and other properties. In May, 1904, the authorized preferred stock was increased from \$12,000,000 to \$20,000,000, and \$6,000,000 of the increase was allotted to and subscribed for by the stockholders of both classes at par to pay off floating debt and provide additional working capital. The remaining \$2,000,000 of unissued preferred can be issued only at the rate of \$400,000 per annum, unless otherwise ordered by a vote of the stockholders.

Transfer Agent, New York Trust Co., New York. Registrar, Morton Trust Co., New York.

The payment of the regular quarterly dividends of 2 per cent. on the preferred stock of this company began January 15, 1896, and have since been paid each quarter, in January (15), April,

VIRGINIA IRON, COAL & COKE CO.

A company formed under the laws of Virginia in February, 1899. The company is a consolidation under one ownership and management of the iron industries of Southwest Virginia. The properties included in the organization comprised ten modern blast furnaces having an aggregate productive capacity of 500,000 tons of pig iron per annum, and the lands and property of ten different coal and coke companies which include 130,000 acres of coal lands and five coal mines in active operation, with coking and mining plants and the complete equipment and accessories of such enterprises. The company also acquired about 60,000 acres of iron ore lands and mines with large deposits of limestone, being practically all the available and most valuable ore properties in the entire district.

In addition to the iron and coal properties the company controlled the Virginia & Southwestern Railway, which line connects its various properties owning \$1,004,500 of the railway company's stock out of a total of \$2,000,000, but in 1906 sold this stock to the Southern Railway Co., at \$200 per share payable 25 per cent. June 15, 1906, and the balance in instalments of 12½ per cent. each in January and July until the whole is paid. See statement of the Virginia & Southwestern Railway Co., in the Railroad Section of the MANUAL.

The coal, ore and timber properties of the companies are in Washington, Smythe, Wythe, Pulaski, Wise, Dickinson, Russell, Carroll, Montgomery, Roanoke, Bedford and Augusta Counties, Va., and Johnson, Carter, Unicoi and Sullivan Counties, Tenn. In September, 1899, the company acquired additional coal and ore properties in Wise County, Va., and Alleghany and Craig Counties, Tenn. Its total lands comprise upwards of 75,000 acres.

FUNDED DEBT

1st mort., 5 per cent. gold, due March, 1949, March and Sept. (see below)..... \$4,887,000

The 1st mortgage, Manhattan Trust Co., New York, trustee, is for \$10,000,000.

There are outstanding \$490,000 Carter Coal & Iron Co. 5 per cent. mortgage bonds, due 1938, subject to call at 105.

The March, 1901, coupons on the bonds were not paid, and in advance of the default Receivers were appointed for the company in February, 1901, by the United States Circuit Court in Virginia.

In September, 1902, a plan of readjustment was formulated by a committee which included Levi P. Morton, Edward J. Berwind, Grant B. Schley and Henry K. McHarg. It provided that the bondholders should deposit their bonds with the Morton Trust Co. and would receive amount of the March, 1901, and March, 1902, coupons in cash, but should accept 5 per cent. scrip payable before September, 1907, for the coupons due September, 1901, September, 1902, and September, 1903, which have since been paid off. The stockholders of the company were also given rights to subscribe for \$2,000,000 5 per cent. bonds of the Virginia & Southwestern Railway Co., guaranteed by the Virginia Iron, Coal & Coke Co., with a bonus of \$500 in stock for the railway with each \$1,000 bond. The proceeds were to pay off loans and various indebtedness. The security holders generally co-operated in the plan, which was carried out, and the Receivers were discharged.

The report for the year ending June 30, 1904, stated that after payment of interest charges accrued during the year there was a deficit of about \$30,000. In 1904-05, gross, \$3,317,563; net, \$516,512; charges, \$426,838; surplus, \$89,679. In 1905-06, gross, \$5,088,293; net, \$580,830; charges, \$420,392; surplus, \$160,444. The preferred stock is 7 per cent., cumulative. Stock is transferred at the office of the company, New York. Registrar, Lawyers Title Insurance & Trust Co., New York.

The company began the payment of quarterly dividends on both the preferred and common stocks at the rate of $1\frac{3}{4}$ per cent. on the preferred and 1 per cent. on the common on July 20, 1902, and paid quarterly dividends of the same amounts until the dividend on the preferred stock, payable November 20, 1903, was reduced to 1 per cent. After that time there were no further dividends on the preferred until $1\frac{1}{4}$ per cent. was paid January 20, 1905, since which time they were paid at the same rate, or 5 per cent. per annum. On January 20, 1906, $1\frac{3}{4}$ per cent. regular and 1 per cent. extra were paid on the preferred, and similar amounts were paid in April, 1906. In July, 1906, paid $1\frac{1}{4}$ per cent. regular and $\frac{1}{2}$ per cent. extra. The October, 1906, dividend was, however, $1\frac{1}{4}$ per cent. regular without an extra division, which was also the case with the dividend paid January 19, 1907, which was also the rate paid in April, July and October, 1907. The January, 1908, dividend was deferred making the accumulated unpaid dividend on the preferred $12\frac{1}{2}$ per cent. Dividends on the common were suspended after the one paid in July, 1903.

WESTERN TELEPHONE & TELEGRAPH CO.

A corporation formed under the laws of New Jersey, January 22, 1902. The company was
 organized in pursuance of the reorganization of the Erie Telegraph & Telephone Co., which was
 a New York corporation formed in 1883, and which controlled an extensive system of exchanges
 and long-distance telephones under license from the American Bell Telephone Co. All the prop-
 erty and franchises of the Erie Telegraph & Telephone Co. were, in January, 1902, acquired by
 the present company. At the end of 1907, the company had in operation 401 exchanges with
 254,318 stations, and 137,671 miles of toll wire. There were also 81,914 stations of sub-licensee
 companies connected with the system.

The American Telephone & Telegraph Co. owns a controlling interest in the stock of this
 company.

The principal assets of the present company consist of a controlling interest of the stocks and other securities of The Cleveland Telephone Co. of Ohio, The Northwestern Telephone Exchange Co. of Minnesota, The Southwestern Telegraph & Telephone Co. and the Wisconsin Telephone Co. of Wisconsin, operating in the States of Ohio, Minnesota, North Dakota, South Dakota, Arkansas, Texas and Wisconsin.

Details regarding the old company and a synopsis of the reorganization are given in the MANUAL for 1903.

WESTERN UNION TELEGRAPH CO.

A corporation chartered by the State of New York. The company, in 1856, succeeded another organization entitled the New York & Mississippi Valley Printing Telegraph Co., chartered in 1851.

Stock.....Par \$100.....Authorized, \$125,000,000.....Issued, \$98,557,731

In October, 1892, the authorized share capital was increased from \$86,199,852 to \$100,000,000, and a stock dividend of 10 per cent. upon the former amount (the capital then outstanding) was authorized to represent net earnings invested in plant. The stock dividend was made payable December 3, 1892. In July, 1894, \$550,000 new stock was issued to pay for the stock of the American Rapid Telegraph Co., theretofore operated under lease, and in June, 1897, \$2,000,000 stock was sold for improvements. In 1906, the authorized stock was increased from \$100,000,000 to \$125,000,000 to provide for the conversion of the convertible bonds.

In January, 1908, the outstanding stock was increased from \$97,340,606 to \$98,557,731 on account of the stock dividend. See below.

Stock is transferred at the office of the company, New York. Registrar, Mercantile Trust Co., New York.

From 1887 the company has paid dividends of 5 per cent. per annum in quarterly payments of $1\frac{1}{4}$ per cent. each, in January (15), April, July and October. The January, 1908, dividend was however made payable in stock and the same course was adopted regarding the April, 1908, dividend.

The company guarantees also 5 per cent. on the \$14,000,000 of stock of the American Telegraph & Cable Co., 6 per cent. upon the \$5,000,000 of the Gold & Stock Telegraph Co., 5 per cent. on the \$3,000,000 stock of the International Ocean Telegraph Co., 6 per cent. on the stock (\$2,500,000) and $4\frac{1}{2}$ per cent. on the bonds of the Northwestern Telegraph Co. and 5 per cent. on the stock of the Southern & Atlantic Telegraph Co. The company owns \$8,615,000 of stocks and bonds of leased companies, which are held in its collateral trust, and \$14,138,480 of stocks of other companies not leased. It has an interest of \$9,733,100 in the stock of the New York Telephone Co.

In October, 1887, this company purchased the entire capital stock of the Baltimore & Ohio Telegraph Co. (38,750 shares) for 50,000 shares of Western Union stock, and a rental of \$60,000 per year to be paid to the Baltimore & Ohio Railroad Co. for fifty years for the use of the railroad wires. In 1888 the issue of collateral trust bonds was created, to be used in retiring an equal amount of securities of leased companies on which Western Union Co. paid rental.

The $4\frac{1}{2}$ per cent. funding and real estate bonds were authorized and issued in 1900. The total authorized issue is \$20,000,000, of which \$5,681,000 were to retire the 7 per cent. and 6 per cent. debentures maturing 1900, \$2,076,501 to pay for new property and construction, and \$2,242,499 to be issued for like purposes in the future. The remaining \$10,000,000 was reserved to take up the \$1,158,000 building bonds and for extensions and improvements. In 1904, the final \$4,000,000 of the latter amount was sold.

In 1906, an issue of redeemable bonds was authorized for \$25,000,000, the same to be subject to call at 105 on May 1, 1912, or any subsequent interest date, to be issued in series which may be made convertible. The series A of these bonds for \$10,000,000 is secured by the company's interest in the stock of the New York Telephone Co. and are convertible in Western Union stock at par between January 2, 1909, and January 2, 1910, and within that time up to 30 days prior to the date of redemption if called.

THE WESTINGHOUSE AIR BRAKE CO.

A corporation formed under the laws of Pennsylvania, September, 28, 1869. The object of the company is the manufacture of air brakes for railroad locomotives and cars and similar appliances. The company owns the patents of George Westinghouse and others for that class of mechanisms. It has a large plant at Wilmerding, near Pittsburgh.

Stock.....Par \$50..... Authorized, \$14,000,000 Issued, \$13,750,000

In November, 1898, acquired the stock of the American Brake Co. which had been leased to this company. The stock of the American company was \$2,000,000. To acquire it the Westinghouse gave two of its own shares for each three shares, par value \$100, of the American Brake Co. This required about \$666,000 of Westinghouse stock. In the autumn of 1898 this company also acquired the property and works of the Boyden Air Brake Co. of Baltimore. These acquisitions increased the stock outstanding to the amount given above.

Transfer Agent, Union Trust Co., Pittsburg. Registrar, Fidelity Title & Trust Co., Pittsburg.

Dividends are paid quarterly, in January (10), April, July and October. On the old stock 20 per cent. per annum was paid. In 1899, paid 25 per cent., 5 per cent. quarterly and 5 per cent. extra on increased capital. In 1900, paid 30 per cent., 2½ per cent. quarterly and 5 per cent. extra. The January, 1901, dividend, however, was 2½ per cent. and 3½ per cent. extra, and the quarterly dividends continued to be on that basis until April, 1904, when the extra dividend was reduced from 3½ per cent. to 2½ per cent. The subsequent quarterly dividends have been 5 per cent. each, but in October, 1906, 2½ per cent. extra was paid in addition. In January, 1908, a stock dividend of 25 per cent. was paid.

WESTINGHOUSE ELECTRIC & MANUFACTURING CO.

A corporation formed under the laws of Pennsylvania in 1872. The company manufactures electric apparatus and appliances for lighting and power plants, electric locomotives, motors for industrial uses, etc. It has a plant at Pittsburg, and branches at Cleveland, Newark, N. J., and Allegheny, Pa.

In 1899, the British Westinghouse Electric & Manufacturing Co. was incorporated with £1,000,000 preference 6 per cent. stock and £750,000 ordinary stock. The American company acquired all the common stock as a consideration for the right to use its patents in Great Britain and its dependencies, except in North America. The British company has a large plant at Trafford Park, Manchester, England.

The company, in addition to its other foreign interests, has a large interest in the Societe Anonyme Westinghouse, a French corporation having a share capital of 20,000,000 francs, and which was organized jointly by this company and the Westinghouse Air-Brake Co. to manufacture electrical and air-brake apparatus for France and other Continental European countries.

In October, 1903, the Canadian Westinghouse Co., Limited, was organized. See statement of that company.

On October 23, 1907, Receivers were appointed for this company. It was stated that the embarrassment of the Security Investment Co., with which the company had close relations, necessitated this step.

In December, 1907, a reorganization committee was formed; James N. Jarvie, New York, Chairman; A. Stickney, Jr., Secretary, 54 Wall Street, New York. The committee on January 20, 1908, submitted a plan to fund the 5 per cent. debentures and convertible 5 per cent. bonds, together with the floating debt (about \$14,531,000), through an issue of \$35,000,000, 1st mortgage and collateral trust, 5 per cent., 25-year bonds, and to exchange the debt secured by collateral, consisting of \$6,000,000, three-year 6 per cent. notes and \$2,750,000, ten-year 5 per cent. collateral notes (French loans), for new secured obligations, and to issue \$7,000,000 new stock to be subscribed for by the stockholders to the extent of 25 per cent. of their holdings. Deposits of the securities affected were called for to be made with the Bankers Trust Co., New York, the First Trust & Savings Bank, Chicago, or the First National Bank, Pittsburg. In April, 1908, a committee of mercantile creditors of the company, Joseph W. Marsh, Pittsburg, Chairman, proposed a modified plan under which there would be no new bond issue. It provided that the creditors should accept full paid assenting stock for their claims, that the other claim should be provided for by the issue of additional convertible 5 per cent. bonds and that the stockholders should subscribe for \$6,000,000 new stock for working capital.

The preferred stock is 7 per cent., cumulative, and participates with the common in further division of profits when the latter has received 7 per cent.

In May, 1903, \$4,500,000 additional common stock was issued, the stockholders having the right to subscribe for the same at \$80 per share to the extent of 25 per cent. of their original holdings. In August, 1904, the remaining \$2,469,550 of common was issued and sold on the same terms. In March, 1906, the authorized common stock was increased from \$21,000,000 to \$46,000,000 to provide for the conversion of the convertible bonds and future capital requirements.

Transfer Agents, Union Trust Co., Pittsburg; New England Trust Co., Boston, and office of the company, New York. Registrars, Fidelity Title & Trust Co., Pittsburg; Mercantile Trust Co., New York; Boston Safe Deposit & Trust Co., Boston.

The company has paid 7 per cent. on its preferred stock since 1892, the dividends being $1\frac{3}{4}$ per cent. quarterly, in January, April, July and October. In May, 1903, the preferred dividend was increased to $2\frac{1}{2}$ per cent., or 10 per cent. per annum, and subsequent dividends have been on that basis. On the common stock the first dividend was $1\frac{1}{4}$ per cent. quarterly, February 20, 1900. The May 1, 1900, quarterly dividend on common was increased to $1\frac{1}{2}$ per cent., and similar dividends were paid on the common to May, 1901, inclusive. The August, 1901, quarterly dividend on the common was increased to $1\frac{3}{4}$ per cent., which was the rate of the subsequent dividends until July, 1903, when the rate was increased to $2\frac{1}{2}$ per cent., or 10 per cent. per annum, the dividend periods on the common being also changed to January, April, July and October. Subsequent dividends were at the same rate up to October, 1907, inclusive.

Ten year col. notes, 5 per cent. (French loan), due Oct., 1917, April and Oct.....	2,750,000
Total.....	\$29,219,000

In August, 1898, the 5 per cent. debentures were authorized and issued. Part of the issue was used to retire old bonds and part to acquire the Walker Co., of Cleveland. Beginning in 1900, \$150,000 of the debentures are retired each year.

The convertible 5 per cent. bonds are \$20,000,000 authorized and are exchangeable for "assenting" common stock at 200 for the latter after January 1, 1910, at the holders' option and may be redeemed by the company on any interest date after January 1, 1912, at 105 and interest. A sinking fund of \$500,000 yearly begins December 31, 1907, bonds to be purchased at 105 and interest. Stockholders of record February 5, 1906, had the right to subscribe for the bonds at 98 and interest to the extent of 60 per cent. of their holdings.

The three-year 6 per cent. notes issued in 1907, could be called as par on any interest date with an allowance of interest at 2 per cent., for the unexpired portion of their term.

The ten-year 5 per cent. notes are payable in sterling and francs, and are secured by debentures of the Russian, French and Canadian Westinghouse Cos. They could be called at 105 on any interest date, from October 1, 1908, to October 1, 1912, and after that at 102 $\frac{1}{2}$.

In the year ending March 31, 1906, net earnings were \$3,379,731; preferred dividends, \$399,870; common dividends, \$2,099,793; charged off for depreciation, etc., \$1,305,951; balance deficit, \$425,883.

THE WESTINGHOUSE MACHINE CO.

A corporation formed under the laws of Pennsylvania in 1881. The company owns large plants at East Pittsburg and Trafford City, Pa., and Attica, N. Y., and manufactures steam and gas engines, steam turbines and mechanical stokers. In 1906, the Nernst Lamp Co. was acquired.

On October 23, 1907, the company was placed in the hands of Receivers. On October 24, 1907, this company's subsidiary, the Nernst Lamp Co., was also placed under a receivership.

A "creditors' committee" was constituted in December, 1907, which proposed that the company should issue \$7,200,000 three-year 6 per cent. notes, dated January 2, 1908, to be secured by \$8,471,000 5 per cent. gold bonds of 1907 with which to pay off the claims. It was stated in February, 1908, that 90 per cent. of the creditors had assented to the plan. The claims, it was stated, aggregated about \$7,000,000.

Stock.....Par \$50.....Authorized, \$10,000,000..... Issued, \$7,279,300

The stock of the company formerly consisted of \$150,000 6 per cent., non-cumulative, preferred and \$2,850,000 common. In January, 1902, the authorized amount of common stock was increased to \$5,000,000, and the preferred stockholders surrendered their preferential rights, making the entire stock of the company of one class. In December, 1905, the authorized stock was increased to \$10,000,000.

Stock is transferred at the office of the company, East Pittsburg.

Dividends on both the common and preferred stock were at the rate of 6 per cent. per annum, and were paid quarterly, in January, April, July and October. Since December, 1902, dividends of 2½ per cent. each quarter, or at the rate of 10 per cent. for the year, were paid on the present stock to October, 1907, inclusive, since which time no dividends have been paid.

GOVERNMENT SECURITIES

Details of the National Debts and Funded Obligations of the United States and of the Principal Foreign Countries whose Bonds are Known in the American Markets

Covering Aggregate Debts and the Separate Bond Issues of the Several Countries

THE UNITED STATES OF AMERICA

The figures given below as the amount of each class of United States bonds outstanding are taken from the Debt Statement issued by the Treasury Department as of February 29, 1908.

NATIONAL DEBT

Consols of 1930, 2 per cent., due April 1, 1930, quarterly, Jan.....	\$646,250,150
War Loan of 1908-1918, 3 per cent., due Aug. 1, 1918, quarterly, Feb.....	63,945,460
Loan of 1925, 4 per cent., due Feb. 1, 1925, quarterly, Feb.....	118,489,900
Panama Canal Loan, 2 per cent., due Nov. 1, 1916, quarterly, Feb.....	54,631,980
Ctfs. of indebtedness, 3 per cent., due Nov. 20, 1909, interest paid at redemption..	15,436,500
Total	\$898,753,990

In addition to the above there was outstanding February 29, 1908, of the old debt, which matured prior to January 1, 1861, \$931,225, interest on which has ceased; \$24,500 of the funded loan, which matured September 2, 1891; \$32,000 of the funded loan of 1891, continued at 2 per cent. and called for redemption May 18, 1900, interest having ceased August 18, 1900; \$74,900 of the 5 per cent. loan, which matured February 2, 1904, and on which interest has ceased, and \$3,805,850 of the 4 per cent. funded loan, which matured July 2, 1907, at which date interest ceased.

The 2 per cent. consols of 1930 were authorized by the Act of March 3, 1900, known as the Currency and Refunding Act. Of the bonds of this issue \$646,250,150 are registered and \$5,376,400 coupon. The bonds outstanding were issued in exchange for 3s of 1908, 4s of 1907 and 5s of 1904, under the provisions of the Act named above and the terms designated by the Treasury Department in a circular dated March 14, 1900. The Act provided that the old bonds named above should be exchangeable for new 2s, provision being made for the payment in cash to holders of the old bonds, making the exchange of the difference between their par value and their value computed on a basis to yield $2\frac{1}{4}$ per cent. per annum. The right to exchange the old bonds was suspended by the Treasury Department, under Section 11 of the Act, on December 31, 1900, but has been resumed from time to time, the latest occasion being under a circular of the Secretary of the Treasury issued April 2, 1907, whereby holders of the 4 per cents of 1907, up to \$50,000,000 thereof, were given the privilege on and after April 5, 1907, of exchanging the same for 2 per cents on a basis to yield $2\frac{1}{4}$ per cent. with a premium of 3 per cent. for the 2 per cent. bonds. Under the terms of the Act of March 14, 1900, the Secretary of the Treasury may change the terms of exchange by requiring a premium upon the 2 per cents, or requiring

holders of old bonds to surrender the same in exchange for the new issue at a value to yield more than $2\frac{1}{4}$ per cent. These bonds are in denominations as follows: Coupon, \$50, \$100, \$500 and \$1,000; registered \$50, \$100, \$500, \$1,000, \$5,000, \$10,000 and \$50,000.

The 3 per cent. War Loan of 1908-1918 was authorized by the Act of June 13, 1898. The bonds were created and issued to provide for the expenditure caused by the Spanish War. Of the bonds of this issue \$39,919,500 are registered and \$24,025,960 coupon. They are redeemable after August 1, 1908, at the Government's option. The bonds were placed by a public subscription under a Treasury circular dated June 13, 1898, the subscription, which closed July 14, 1900, aggregating \$1,325,000,000. Preference in the allotment was given to the small individual subscriptions. These bonds, both coupon and registered, were issued in denominations of \$20, \$100, \$500 and \$1,000, and also in registered denominations of \$5,000 and \$10,000.

The 4 per cent. Loan of 1925 was authorized by the Act of January 14, 1875, Resumption Act, and Section 3,700 of the Revised Statutes of the United States, Act of March 17, 1862, the latter empowering the Secretary of the Treasury to purchase coin with bonds or notes of the United States. These bonds were issued to replenish the Treasury's gold reserve. Of the bonds outstanding, \$96,951,100 are registered and \$21,538,800 coupons. These bonds are issued in denominations of \$50, \$100, \$500, \$1,000, \$5,000 and \$10,000 registered and \$50, \$100, \$500 and \$1,000 coupon.

The Panama Canal 2 per cent. loan was authorized by the Acts of June 28, 1905, and December 21, 1905, the amount authorized being \$130,000,000, and the bonds are redeemable at the pleasure of the United States after ten years from date of issue. Bonds can be coupon or registered and may be issued in denominations of \$20 or multiples thereof. On July 20, 1906, \$30,000,000 thereof were issued. Under date of November 18, 1907, the Secretary of the Treasury offered for subscription \$50,000,000 additional bonds of this issue as a measure of relief to the Treasury and the money market. Under the offer \$24,631,980 of the bonds were subscribed for.

The one year 3 per cent. certificates of indebtedness were authorized by Section 32 of the Act of June 13, 1898. They were offered for subscription at par by a circular of the Secretary of the Treasury dated November 18, 1907, their purpose being to meet public expenditures without a withdrawal of Government deposits from the national banks. The total amount offered was \$100,000,000, but only \$15,436,500 were subscribed for. The certificates are dated November 20, 1907, and are due November 20, 1908, and are in denominations of \$50 each, payable to bearer. The interest is payable with the principal on presentation of certificates for redemption at maturity.

There are also various internal loans payable, interest and principal, in silver, amounting to a par value of upwards of \$150,000,000.

The Mexican consolidated external 5 per cent. gold loan of 1899 was created to refund and retire outstanding 6 per cent. and 5 per cent. gold bonds aggregating £16,283,000. A majority of the old bonds were exchanged for the new ss, the balance being called and paid off.

The principal of the 5 per cent. gold loan was £22,700,000, agreed equivalent in United States currency at \$4.85 to the £, or \$110,095,000; in German marks, 463,000,000. The bonds are coupon, to bearer, and are without provision for registration. The amount outstanding in March, 1906, was £21,805,460, equivalent to \$105,756,481. The amount outstanding in April, 1908, was £21,411,700, equivalent to \$103,846,745. They are issued in fixed denominations of £20, £100, £200, £500 and £1,000, or \$97, \$485, \$970, \$2,425 and \$4,850, respectively, in United States gold coin of the present standard, also in German marks. Coupons are payable quarterly on January (1) April, July and October. Each quarterly coupon of the £200 bonds calls for £2 10s., \$12.12½, or 51 marks. Coupons on bonds of the other denominations are in proportion to these amounts. Coupons are payable at holder's option either in London by J. S. Morgan & Co.; in New York by J. P. Morgan & Co.; in Berlin by S. Bleichroder or the Deutsche Bank, and in Amsterdam. The first coupon matured April 1, 1900.

No period is fixed for the maturity of these bonds. The Mexican Government, however, obligates itself to pay from January 1, 1900, a semi-annual sinking fund of 0.31 per cent. of the original amount of the loan. By the operation of the sinking fund it is calculated that the entire

issue will be retired within forty-five years. Bonds may be purchased for the sinking fund at below par or drawn and retired at par. After July, 1909, the Mexican Government has the right to increase the sinking fund payments or to pay off the loan at par on three months' notice. The bonds and coupons are free from any existing or future Mexican tax. Bonds drawn for the sinking fund are payable at holder's option by any of the firms named above as agents for the payment of coupons at the fixed equivalent amounts in the currencies of the respective countries. As security for the interest and sinking fund the Mexican Government pledged 62 per cent. of its combined import and export duties.

Fiscal Agents of Mexico in the United States for the 5 per cent. consolidated external gold loan, J. P. Morgan & Co., New York.

The 4 per cent. gold bonds of 1904 were \$40,000,000 in amount, divided into two series A and B respectively. The issue was created to pay off \$18,500,000 of 4½ gold treasury notes due June 1, 1905, and June 1, 1906, which were called for redemption Feb. 1, 1905; \$15,123,000 6 per cent. silver subvention bonds for the Vera Cruz & Pacific Railway and the Mexican Southern Railway and certain amounts of special silver obligations issued for the construction of various railways and harbors. Principal and interest are payable in New York in United States gold coin at the office of Speyer & Co., or, at the holder's option, in London, at the rate of \$4.86 per pound sterling, or in Frankfurt or Berlin at the rate of 4.20 marks per dollar, or in Paris at the rate of 5.18 francs per dollar. The bonds are in the denominations of \$1,000 and \$500 United States gold coin or the equivalents in foreign currencies. They are dated December 1, 1904, mature December 1, 1954, and have coupons attached payable June 1st and December 1st. The bonds are to be always exempt, both as to principal and interest, from all Mexican taxes already established, or that may in future be established by any authority. A semi-annual sinking fund provides for the gradual retirement of the bonds in fifty years. During the first five years bonds are to be drawn for redemption at par; after that time bonds will be purchased in the market, if the market price be below par; otherwise they will be drawn at par. Except by the operation of this sinking fund the bonds are not subject to compulsory retirement.

The Mexican Government has guaranteed by indorsement an issue of \$7,000,000 1st mortgage 4½ per cent. bonds, due July, 1934, interest January and July, of the Vera Cruz and Pacific Railway Co. See statement of that company in the Railroad Section of the MANUAL.

On April 6, 1908, it was announced that the Mexican Government would guarantee by indorsement both interest and principal of an issue of \$160,000,000 in United States gold 4½ per cent. general mortgage sinking fund redeemable bonds of the Ferrocarriles Nacionales de Mexico (National Railways of Mexico), the company organized to consolidate the Mexican Central Railway Co., Limited, and the National Railroad Co. of Mexico. The plan for this merger provides that the Government shall control the new company by ownership of its common stock. The general mortgage bonds are due October 1, 1977, interest payable April 1 and October 1. They are redeemable at par and interest on any interest date after April 1, 1927. The plan for the above consolidation was issued too late for inclusion of details in the statements of the Mexican Central Railway Co. or the National Railroad Co. of Mexico in the Railroad Section of this edition of the MANUAL.

REPUBLIC OF CUBA

EXTERNAL DEBT

External debt, 5 per cent. gold bonds, due March, 1944, March and Sept. \$35,000,000

The 5 per cent. gold bonds of 1904-1944 were issued in conformity of a law passed by the Congress of Cuba, February 22, 1903, as amended January 25, 1904. By this law the President of the Republic was authorized to issue a 5 per cent. loan in gold, in money of the United States or in sterling, at the rate of \$4.86 for each £. The coupons and bonds are payable at the option of the holder in New York in United States gold coin; in London in pounds sterling; in Frankfurt and Berlin in reichsmarks, and in Paris in francs. The Republic of Cuba pledges its good faith for the payment of the bonds and the principal thereof, the law authorizing the loan having created special taxes upon wines, liquors, tobacco and other articles, which taxes shall remain in force during the life of the loan or any part of it. Under the contract between the Government of Cuba and Speyer & Co., New York, for the sale of the bonds to that house, dated May 11, 1904, the Government furthermore, as special security for the loan, pledged, with preference over any future pledges or hypothecations, 15 per cent. of the customs receipts of the Republic, a sum equal to which is to be paid weekly to Speyer & Co. in New York, or their agents in Havana, until the amounts received by them are equal to the amount required for the annual charges for the year then current for interest and sinking fund payments. If the 15 per cent. of the customs receipts shall prove insufficient, the Cuban Government agrees to set aside and pledge such an additional amount of the customs receipts as will in eleven months produce the requisite amount.

There is to be a sinking fund for the redemption of the bonds, which shall begin March 1, 1910, and shall consist of \$1,020,000 per annum, to be paid to Speyer & Co. in monthly instal-

ments of \$85,000 each. These amounts shall be applied to the purchase of bonds if obtainable at or below par and accrued interest; otherwise bonds will be drawn by lot for redemption at par and interest.

Coupon bonds may be exchanged at the office of Speyer & Co., New York, for registered bonds. Principal and interest of the registered bonds are payable only in United States money at New York, and such registered bonds may be re-exchanged for coupon bonds.

The Republic of Cuba also has various internal loans incurred since the formation of the present government of the island.

THE UNITED KINGDOM OF GREAT BRITAIN AND IRELAND

The figures given below as the amount of each class of British public funds outstanding, except the terminable annuities, were as of April 1, 1908. The British pound sterling consists of 123.27 grains of gold .916 $\frac{2}{3}$ fine, the equivalent of £1 in United States currency being \$4.86 $\frac{1}{2}$.

There are, in addition to the above, local loan stocks created under authority of Act of Parliament and administered by the Commissioners of the National Debt which amount to £71,058,813.

The 2 $\frac{1}{2}$ per cent. consols were created in 1888 to refund previous issues. They bore 2 $\frac{3}{4}$ per cent. until April, 1903, and 2 $\frac{1}{2}$ per cent. thereafter, but after 1923 may be redeemed at any time at par, as Parliament may decide. Interest is payable quarterly, January (5) April, July and October at the Bank of England. The consols are "inscribed stock," that is, registered, or bonds to bearer.

In April, 1901, £60,000,000 of consols were issued to provide for the cost of the South African war. The issue price was 94 $\frac{1}{2}$, and subscriptions were invited in the United States through J. P. Morgan & Co., New York; Baring, Magoun & Co., New York; Drexel & Co., Philadelphia, and Kidder, Peabody & Co., Boston. The American subscriptions aggregated about half the amount of the loan, and allotments of 35 per cent. were made thereon.

The 2 $\frac{3}{4}$ per cent. annuity stock was issued in 1884 to refund 3 per cent. consols. After January, 1905, it may be redeemed as Parliament shall decide. Interest is payable quarterly, January (5), April, July and October, at the Bank of England. The stock is either "inscribed" or in the form of coupon bonds to bearer.

The 2 $\frac{1}{2}$ per cent. annuity stock was created in 1853, and various amounts have been issued to refund old obligations. The stock matured in 1895, but was extended to January, 1905, after which it may be redeemed on one month's notice, as Parliament decides. Interest is payable quarterly, January (5), April, July and October, at the Bank of England.

The 2 $\frac{3}{4}$ per cent. national war loan ("Kakhi loan") of £30,000,000 was created in 1900 to provide for the expense of the war in South Africa. The stock matures April 5, 1910. Interest is payable January (5), April, July and October, at the Bank of England. The stock is "inscribed" or in the form of coupon bonds to bearer. It was issued in denominations of £100, £200, £500 and £1,000. The loan was offered for subscription in March, 1900, at 98 $\frac{1}{2}$, and considerable allotments were made to American subscribers for the same.

The terminable annuities given in above table represent a description of sinking fund by which a considerable portion of the British national debt is paid off, and, after a certain time, the capitalized sum entirely extinguished. Under various Acts of Parliament, the treasury is empowered to grant annuities for a term of years in exchange for permanent stock. A holder of £1,000 of 2 $\frac{3}{4}$ per cent. consols, for example, can surrender them to the Treasury in return for a fixed payment for a term of twenty years, the consols being canceled by the operation.

Interest upon the various classes of British funded obligations is subject to the regular income tax of 5 per cent., which is deducted from the coupons at the time of payment thereof.

The British Imperial Government guarantees a Transvaal Government 3 per cent. loan of £35,000,000, redeemable 1923-1953, interest May (1) and November, which was created in 1903 to provide the funds required for the carrying out of the pacification of the Transvaal. The loan is redeemable after 1923, and becomes due in 1953.

The Imperial sterling 4 per cent. loan was created in 1900 and is for £10,000,000. It was issued for railways and public works. Interest and principal are payable in London.

The 4½ per cent. sterling bonds were created in March, 1905, and were offered for subscription in London and New York, one-half of the amount being allotted to each city. The bonds are in coupon form in denominations of £100, £200 and £500. Interest and principal are payable in sterling at London at the office of the Yokohama Specie Bank, Limited, or at its agency in New York, at the fixed rate of exchange of \$4.87 per £1. This loan is repayable at par, February 15, 1925, but the Japanese Government reserves the right to redeem at par all or any of the bonds on or at any time after February 15, 1910, on giving six months' previous notice, partial redemption to be effected by drawings at the office of the Yokohama Specie Bank, Limited, London, and the New York agency of the same bank, in the usual manner. The loan is secured both as to principal and interest by a first charge upon the annual net revenues of the Imperial Japanese Government Tobacco Monopoly. The Imperial Japanese Government has the exclusive right to control the cultivation and production of the leaf, and to purchase, import, manufacture and sell tobacco. It thus possesses the entire monopoly of the tobacco trade within the limits of the Japanese Empire. The estimated net revenue for the fiscal year 1905-06 from this source was 32,011,072 yen, which, at the exchange of two shillings and halfpenny per yen, is equal to £3,267,796 18s. 8d.

The 4 per cent. sterling loan of 1905 was offered in November, 1905, for subscription in London, New York, Paris and Berlin, £3,250,000 being allotted to New York; Kuhn, Loeb & Co., New York; the National City Bank, New York, and the National Bank of Commerce, New York, offering the same for subscription in November, 1906, at 87 and interest. The authorized amount of the loan is £50,000,000, the unissued balance of £25,000,000 being reserved to convert or redeem the two series of 6 per cent. sterling bonds. The bonds are in coupon form, in denominations of £10, £20, £100, and £200. Interest is payable in sterling at the office of the Yokohama Specie Bank, Limited, London, or at its agency in New York, at the fixed rate of exchange of \$4.87 per £1. Interest is also payable at Paris, through De Rothschild Freres, and at Berlin, through the Deutsch-Asiatische Bank. The loan is divided into series of £1,000,000 each and is redeemable at par on January 1, 1931, but the Japanese Government reserves the right to redeem at par all or any of the series of bonds on or at any time after January 1, 1921, on giving six months' previous notice; partial redemption to be effected by drawings of complete series in the usual manner at the office of the Yokohama Specie Bank, Limited, London, and notice of the distinctive number or numbers of series drawn will be given by advertisement in two newspapers in each place where the coupons are payable.

The 5 per cent. sterling loan was created in March, 1907, to retire the two series of Imperial Japanese 6 per cent. bonds which under the terms of their issue could be redeemed after April 5, 1907, and were called for redemption Sept. 10, 1907. The new 5 per cent. bonds were offered for subscription under date of March 9, 1907, £11,500,000 being offered in Paris, and £11,500,000 in London and in New York and other American cities at 99¼, payable £8 per cent. on application, £15 per cent. on allotment, £20 per cent. on April 20, 1907, £20 per cent. on May 28, 1907, £20 per cent. on June 20, 1907, and £19 10s. per cent. on July 20, 1907. Subscriptions in full in cash were offered a discount at 3 per cent. per annum. It was announced that holders of the Imperial Japanese 6 per cent. sterling loans who desired to pay in full in such bonds would receive favorable consideration. All subscribers of that class were to receive for each £100 of the 6 per cent. bonds £100 in full paid scrip for the new 5's with a cash payment of £1 10s.

The 5 per cent. bonds are repayable at par March 12, 1947, but the Japanese Government reserved the right to redeem them at par in whole or in part after March 12, 1922, on six months notice. Bonds are in denominations of £20, £100 and £200, divided into 46 series of £500,000 each. Bonds and coupons are payable at the Yokohama Specie Bank, Limited, London, or at its agency in New York. In the latter case such payments are to be in American money at the current rate of exchange in London on the due dates. A full half yearly coupon for £2 10s. was to be attached to the Scrip certificates issued in the first instance.

The 6 per cent. sterling loan, first and second series, each for £10,000,000, which were issued in 1904 and 1905, respectively, and subscribed for at London and New York, were called and retired on September 10, 1907.
